FIRST DAY

WEDNESDAY, JANUARY 20TH, 1965

PROCLAMATION

(Great Seal of Ontario)

W. EARL ROWE

PROVINCE OF ONTARIO

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom, Canada and Her other Realms and Territories Queen, Head of the Commonwealth, Defender of the Faith.

To Our Faithful the Members elected to serve in the Legislative Assembly of Our Province of Ontario and to every of you,—

GREETINGS

A. A. WISHART, }
Attorney General } **W**HEREAS is expedient for certain causes and
of Our Province of Ontario, WE DO WILL that you and each of you and all
others in this behalf interested, on Wednesday, the twentieth day of January
now next, at Our City of Toronto, personally be and appear for the actual

Despatch of Business, to treat, act, do and conclude upon those things which, in Our Legislature for the Province of Ontario, by the Common Council of Our said Province, may by the favour of God be ordained.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent and the GREAT SEAL of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE WILLIAM EARL ROWE, A Member of Our Privy Council for Canada, Doctor of Laws, Doctor of Social Science,

LIEUTENANT GOVERNOR OF OUR PROVINCE OF ONTARIO,

at Our City of Toronto in Our said Province this third day of December in the year of Our Lord one thousand nine hundred and sixty-four and in the thirteenth year of Our Reign.

BY COMMAND

JOHN YAREMKO,
Provincial Secretary.

Wednesday, the twentieth day of January, 1965, being the first day of the Third Session of the Twenty-seventh Parliament of the Province of Ontario for the Despatch of Business pursuant to a Proclamation of the Honourable W. Earl Rowe, P.C.(C), LL.D., D.Sc. Soc., Lieutenant Governor of the Province.

3 O'CLOCK P.M.

And the House having met,

The Honourable the Lieutenant Governor then entered the House and, being seated on the Throne, was pleased to open the Session by the following gracious speech:

Mr. Speaker and Members of The Legislative Assembly of Ontario:

It gives me great pleasure to welcome you to the opening of the Third Session of the 27th Parliament of Ontario.

During the course of this Session, you will be given the opportunity to examine and to consider a comprehensive program for social and economic development that has been evolved by my Government, including the Budget, the departmental Estimates and new legislation. Your responsibility and objec-

tive must be to ensure that the 'Province of Opportunity' continues to lead the way in the development of programs designed to assist the people of Ontario to adjust to economic and social change and to constantly improve our standard of living.

Honourable Members are well aware of the changes that we have experienced in Ontario over the past decade. These changes have permeated the fabric of our society and have altered the nature and extent of the demands placed on the Government for additional services necessary to ensure equality of opportunity for the people of Ontario.

During 1964, two significant events occurred which will affect the future of Ontario. The first of these was the agreement reached on a formula to amend the British North America Act. During the course of this Session, you will have an opportunity of discussing this agreement. If the Legislatures of the Provinces and the Federal Government approve, we shall have, for the first time, a formula by which we can make those changes in the British North America Act that we, as Canadians, may deem advisable.

The other event, resulting from the Federal-Provincial Conference in Ottawa, deals with the establishment of the Tax Structure Committee. This Committee will review taxation, debt and related matters at all levels of government and make recommendations upon which will be based the federal-provincial fiscal arrangements that must be established to take effect in 1967.

Honourable Members will appreciate that these steps hold out the promise of basic adjustments in the Canadian federal system. Whether or not we adapt the structure of our government, it can still be said, with justification, that we are entering a period of nation building that is given to very few. The lives of generations of Canadians yet unborn will be influenced profoundly by the decisions that will be made over the course of the next few years.

Whatever the future holds, this is a challenge that must be met now. Your task will not be easy. The decisions you make will vitally influence the future course, and indeed, the very existence of Canada as a nation.

To assist in formulating Ontario's position, an Ontario Advisory Committee on Confederation will be established with broad terms of reference. It will be empowered to advise the Government with respect to all matters in relation to and arising out of the position of Ontario in Confederation. It will be a non-partisan committee which will draw upon the knowledge and experience of persons widely versed in the intricacies of our Canadian system of government and the history and development of our country.

While we are concerned with the broad sphere of federal-provincial relations, this in no way detracts from the primary responsibility of my Government to evolve and introduce in this Legislature a program for the social and economic development of Ontario.

In our complex society the individual has turned to government for assistance and government has responded by introducing broad social, welfare and economic measures which provide basic services to the population. In the past twenty

years there has been a steady shift in the nature of the demand for government services. While we still must provide such services as roads, water, power, schools, hospitals, more and more are we concerned with such measures as medical insurance, municipal planning, pensions, pollution control, post-secondary school education, welfare, hospital insurance and many other programs in the field of human capital and human betterment.

We must ensure that any program adopted is effective, integrated with existing programs, responsive to the real and legitimate needs of the people, and within our financial capacity.

Another important consideration is the necessity of securing the co-operation and understanding of the various individuals, groups and associations the programs are designed to assist. Only by such means can the Government attain its goals.

The day has long since passed when government exercised only a restraint on society. We now accept the concept that government is a positive social and economic force in our society.

My Government's objective is to provide every facility for the education of our people, to develop and conserve our material resources, to improve and extend social, health and welfare services, to enhance our physical environment, and to ensure that the legislative and administrative policies adopted are adequately co-ordinated and sufficiently comprehensive to achieve these ends.

Education

Education is the key to future progress. We must make every effort to provide the people of this Province with an educational system that will allow each individual to develop his personality and abilities to the fullest, so that he can adjust to changes in his social environment and find rewarding employment.

From this broad point of view, we see that our responsibility extends far beyond the provision of a basic school system. We must concern ourselves with the training and re-training of the unemployed, with apprenticeship, with safety education, with language and citizenship instruction for immigrants, with the special problems facing our senior citizens and the handicapped, and with the many thousands of Ontario residents who have ended their formal schooling but who want to improve themselves.

In recognition of the immense task that lies ahead, my Government has adopted a series of progressive and far-reaching changes in our educational system. We have entered a new phase in education in Ontario. We have launched a massive program to overhaul our total educational effort and the year 1965 will see a continuation of our progress.

To this end, the Department of Education has been completely reorganized. An Advisory Council for planning and development is being established to study educational trends and developments. The implementation of the Report on Grade 13 is being studied by one major committee, while another is examining a study of the preparation of teachers for elementary schools. The Curriculum

Branch of the Department of Education is undertaking the most extensive revision of the courses of study for Kindergarten and Grades 1 to 6 that has ever been attempted.

New teacher training institutions will be built on or adjacent to campuses of universities. The Department will construct Teachers' Colleges at Laurentian University in Sudbury and at Brock University in St. Catharines. An Ontario College of Education is being constructed in London to operate in affiliation with the University of Western Ontario. A new Ontario College of Education will be established in Kingston in affiliation with Queen's University.

The same imaginative action is being carried out in post-secondary education. Ryerson Polytechnical Institute will introduce a tri-semester system this year. An institute of technology and a vocational centre will be established in Hamilton on a common campus and will be designated as an Ontario Education Centre.

My Government continues to recognize the important role of the Province's universities. Acting on the advice of the Advisory Committee on University Affairs, the Department of University Affairs will make special grants to the University of Western Ontario, Queen's University, McMaster University and the University of Toronto to expand facilities for the education of doctors and dentists. The membership of the Advisory Committee has been enlarged to 11 members and it will continue its studies of areas of particular need and will make recommendations to my Government.

During this Session, a Bill will be introduced in the Legislature for the Lakehead College of Arts, Science and Technology so that its administrative organization as well as its name may be changed to reflect its status as an independent, degree-granting institution.

The Department of Labour will assume new responsibility for the widest possible range of employment-oriented training programs, including apprenticeship, that develop trade or occupational skills. These programs will concentrate on training workers on the job in a normal work setting. This program marks a new emphasis that is being placed on training and skill development by the Department of Labour and will complement the work of our vocational and technical schools.

Resource Development

Just as education is the key to progress, our natural resources are the basis upon which we have developed our economy and achieved our standard of living. To prosper, we must create policies that will ensure the proper utilization and conservation of these resources.

In this field, government shares responsibility with the people, for our economic system depends for its vitality and growth on the initiative and enterprise of individuals. To this end, our programs are designed to assist or supplement individual effort. Our objective must be, therefore, to create a legislative and administrative framework within which our diversified economy can flourish and grow.

Over the past three years, we have enjoyed a favourable rate of economic growth. Almost every sector of the economy has recorded substantial gains in output and there has been a general increase in income. The prospects for the future remain bright and our economy will continue to grow in 1965.

It is our objective to stimulate economic expansion by intensifying the efforts of the several departments concerned with the various sectors of the economy.

The Department of Agriculture will make a concerted effort to work closely with the Federal Government to determine the best means possible to obtain and provide satisfactory farm labour both on a seasonal and permanent basis for Ontario's agricultural industry.

The expected report of the Ontario Milk Enquiry Committee will be presented to the Legislature for consideration. My Government will introduce amendments to The Milk Industry Act which will strengthen and improve the milk marketing system in Ontario.

In view of the fact that the Provinces of Ontario and Quebec account for more than two-thirds of all the milk produced in Canada, the marketing of milk and dairy products would be greatly enhanced by close co-ordination of marketing procedures between the two provinces. In this regard meetings are currently being held between the interested dairy groups of the two provinces under joint sponsorship of the two provincial governments involved.

Amendments to The Farm Products Marketing Act will include provision for official status being accorded Industry Advisory Committees for commodity marketing plans and for conciliation procedures in farm marketing price negotiations prior to arbitration proceedings.

The Department of Economics and Development will intensify its efforts to expand export markets for Ontario secondary industries by doubling the number of sales missions, by expanding the engineering services program and launching an extensive international advertising program.

The Department of Tourism and Information will completely redesign its advertising program and information brochures to further stimulate travel to Ontario from the other provinces and the United States.

The Department of Lands and Forests, to accommodate the growing demand for recreation facilities, will improve the ninety existing Provincial Parks and will continue to develop new parks. Renovations and improvements will be carried out at several hatcheries and trout rearing stations, and a new hatchery is planned near Sault Ste. Marie. Our objective is to improve fishing in the Province's lakes, rivers and streams.

The value of our geological surveys was dramatically demonstrated by the recent major discoveries of ore bodies in the Timmins area. The Department of Mines will expand its geological survey work, including an airborne magnetometer survey of 121,500 square miles of Northern Ontario, and increase the staff of both the Geology and Cartography Branches in order to provide a better service to the mining industry.

In the field of energy, The Hydro-Electric Power Commission of Ontario will continue its developmental work with nuclear energy to supplement the hydro and thermal plants now in operation or under construction in various areas of the Province. A new nuclear power plant is under construction in Pickering Township and will, when completed, provide an additional one million kilowatts per year.

Under the direction of the Department of Energy and Resources Management, the Ontario Water Resources Commission will continue its comprehensive program for the extension and development of water supplies and for the abatement of pollution.

The work of the Conservation Authorities has progressed at a very rapid pace and, in recognition of the developments that have taken place in recent years, there will be a review of the operation of Conservation Authorities to determine what administrative or legislative improvements may be needed to meet current and future requirements.

In recognition of the trend of today that industry will follow research, the Province of Ontario has established the Sheridan Park Corporation. This organization, already representing seven private research establishments and the Ontario Research Foundation, comprises the largest industrial research centre in Canada. It is expected that at least twenty-five companies will participate and, upon completion, more than 6,000 highly trained research scientists and technical personnel will be employed in this undertaking.

Social, Health and Welfare Services

Honourable Members will be asked during this Session to consider changes in the area of social, health and welfare services.

My Government will introduce in the Legislature a Medical Services Insurance Act based on the recommendations of the Medical Services Insurance Committee, whose report will be tabled in the House as soon as possible.

Under the provisions of The Homes for Special Care Act, an extensive program has been undertaken to place those who do not require mental hospital care in suitable, licensed homes in the community.

The provision of adequate general hospital accommodation and facilities continues to go forward. A complete report of the current status, particularly with reference to Metropolitan Toronto, will be put before the Legislature.

When the Government of Ontario offered generous grants to general hospitals for the construction of psychiatric units, these hospitals showed immediate interest. As a consequence of this policy many additional beds for this type of accommodation have been provided during the past few years. Seventeen additional general hospitals have had plans approved for such facilities and eight other hospitals have projects under consideration and negotiation. This will provide a further seven hundred and fifty beds.

A full statement will be made to the Legislature on Ontario's position and the policy of my Government respecting the Canada Pension Plan.

New Child Welfare legislation will be introduced.

My Government is concerned with the rehabilitation of the handicapped, and plans for the improvement and extension of the services of the Rehabilitation Services Branch of the Department of Public Welfare will be announced in the Legislature. To further assist local Retarded Children's Education Authorities the Department of Education will make grants to these Authorities up to 80 per cent of their costs.

Because of the legislation passed at the last Session, and this further action, Ontario is proud to be in the forefront in providing for the special education and training needs of handicapped children.

The Department of Reform Institutions will embark on a most advanced program of penal reform. As part of this program, a new Training Schools Act will be introduced. This will be a major step forward in the fight against juvenile delinquency. Legislation to permit the establishment of Regional Detention and Classification Centres will also be brought forward during this Session.

The Construction Safety and Trench Excavators Protection Acts, The Elevators and Lifts Act, and The Operating Engineers Act will be amended to keep them in line with the significant expansion and re-organization of the Department of Labour in the field of industrial safety.

The Human Rights Code will be amended to provide strengthened guarantees against discrimination in employment, housing and public accommodation.

The report containing the recommendations of the Royal Commission on arbitration of disputes affecting hospitals will be tabled in the House for consideration.

My Government has carefully reviewed the special problems facing agricultural workers in Ontario and has decided to make provision to extend the benefits of Workmen's Compensation to all persons employed in agriculture.

The Department of Transport will give special attention to child safety and safety education for the elderly in the coming year.

A Board of Appeal will be established to which persons whose drivers' licences have been suspended may appeal against suspensions, other than those applied by the courts or which are mandatory under The Highway Traffic Act.

The Physical Environment

In the past years, my Government has launched the most comprehensive review of our municipal structure and transportation requirements ever undertaken. This program includes the Royal Commission on Metropolitan Toronto, the Ottawa, Eastview and Carleton County Local Government Review, the Select Committee on The Municipal Act and Related Acts, the Metropolitan Toronto and Region Transportation Study and the Ontario Committee on Taxation. Many of these studies are still under way and final reports will be dealt with as part of this overall research program.

In recognition of the importance of planning on a regional development basis, my Government will hold a three-day conference on regional development in February. Studies will also commence on the creation of effective methods to co-ordinate the regional development activities now being carried out by several different departments and agencies.

Amendments to The Community Centres Act will extend the benefits of the Act to provide grants for community halls constructed by school boards in un-organized areas.

The Department of Highways will continue to press ahead with its highway building program, including the "Roads to Resources" program. On the Macdonald-Cartier Freeway, the accelerated program to complete this major traffic artery will be carried through without interruption, including the work of widening the Toronto By-pass to twelve lanes. New mileage will be placed in service on Highway 403 in Hamilton and work will continue on the Brantford By-pass section of this freeway. This initial section of Highway 406, linking Welland with the Queen Elizabeth Way, will be opened this year.

Plans will be carried forward on the new tunnels at St. Catharines, Thorold and Welland which are required as a result of the twinning of the Welland Canal. Construction of the new high-level bridge to carry Highway 41 across the Bay of Quinte was commenced in December of last year and will be carried forward in 1965.

Significant progress will be made on several King's Highway projects in Northern Ontario. Upon completion of the bridge over the Seine River, Highway 11 between Atikokan and Fort Frances will be open to the travelling public in June, 1965. Work will also be undertaken on Highway 101 between Chapleau and Wawa, Highway 631 between Hornepayne and Highway 17, and a new highway between Timmins and Sudbury.

Administration of Justice and Other Matters

My Government will introduce legislation to amend several statutes dealing with many phases of the administration of justice. The objective of the proposed amendments is to meet the changing needs of our society. The Ontario Law Reform Commission, established last year, is now functioning. Some of the legislative proposals which will be introduced in this House have been referred to the Commission for its opinion.

The final report of the Joint Committee on Legal Aid will be received during the Session and this House will be requested to consider legislative proposals arising out of the findings of this Committee.

Legislation respecting personal property as security will be introduced for your consideration.

This House was advised at its last Session that a Special Committee had been appointed to review our securities legislation, especially as it affects take-over bids, insider information, disclosure to shareholders and other specialized matters. Subsequently, the Honourable Mr. Justice Arthur Kelly was appointed a Commissioner to inquire into certain matters involving mineral discoveries and related stock transactions.

The reports and recommendations which will be received from the Commissioner, and the Committee, will be considered in detail as a basis for amending legislation.

The provisions of The Expropriation Procedures Act, 1962-63 have resulted in improvements in the procedural aspects of the acquisition of land by various public authorities. In order to expedite the amicable settlement of claims, an amendment will be introduced to establish an informal and inexpensive preliminary arbitration procedure.

Ten years ago, a Select Committee of the Legislature undertook an extensive review of The Corporations Act. My Government feels that it is desirable and timely to review this important legislation with a view to adapting it to the changes that have occurred in commerce and industry. Accordingly, the House will be asked to approve the appointment of a Select Committee to make the relevant studies of The Corporations Act and other related Acts, including The Corporations Information Act and The Mortmain and Charitable Uses Act.

The legislative and budgetary program to be placed before you this Session will promote the expansion of our Province and extend our economic, social and welfare services. The program covers all Departments of the Government and has been formulated with due regard to the needs of our people and the extent of our financial resources.

May Divine Providence bless you and guide you in the course of the deliberations which lie ahead.

His Honour was then pleased to retire.

That he had received, during the recess of the House, notification of a vacancy which had occurred in the Membership of the House by reason of the resignation of Robert William Macaulay, Member for the Electoral District of Riverdale.

Mr. Speaker informed the House,

That the Clerk had received from the Chief Election Officer and laid upon the Table the following certificate of a by-election held since the last Session of the House:

ELECTORAL DISTRICT OF RIVERDALE—James Alexander Renwick.

PROVINCE OF ONTARIO

This is to certify that, in view of a Writ of Election dated the Thirtieth day of July, 1964, issued by the Honourable Lieutenant Governor of the Province of Ontario, and addressed to John Priest, Esquire, Returning Officer for the Electoral District of Riverdale, for the election of a Member to represent the said Electoral District of Riverdale in the Legislative Assembly of this Province in the room of Robert William Macaulay, Esquire, who, since his election as representative of the said Electoral District of Riverdale, has resigned his seat, James Alexander Renwick, Esquire, has been returned as duly elected as appears by the Return of the said Writ of Election, dated the Fifteenth day of January, 1965, which is now lodged of record in my office.

RODERICK LEWIS,
Chief Election Officer.

Toronto, January 21st, 1965.

James Alexander Renwick, Esquire, Member for the Electoral District of Riverdale, having taken the Oaths and subscribed the Roll, took his seat.

Mr. Speaker informed the House,

That the Clerk had received from the Chief Election Officer and laid upon the Table the following certificate of a by-election held since the last Session of the House:

ELECTORAL DISTRICT OF WINDSOR-SANDWICH—Ivan William Thrasher.

PROVINCE OF ONTARIO

This is to certify that, in view of a Writ of Election dated the Thirtieth day of July, 1964, issued by the Honourable Lieutenant Governor of the Province of Ontario, and addressed to Mrs. Ann McGladdery, Returning Officer for the Electoral District of Windsor-Sandwich, for the election of a Member to represent the said Electoral District of Windsor-Sandwich in the Legislative Assembly of this Province in the room of Maurice Belanger, Esquire, who, since his election as representative of the said Electoral District of Windsor-Sandwich, hath departed this life, Ivan William Thrasher, Esquire, has been returned as duly elected as appears by the Return of the said Writ of Election, dated the Twenty-first day of September, 1964, which is now lodged of record in my office.

RODERICK LEWIS,
Chief Election Officer.

Toronto, January 21st, 1965.

Ivan William Thrasher, Esquire, Member for the Electoral District of Windsor-Sandwich, having taken the Oaths and subscribed the Roll, took his seat.

On motion by Mr. Robarts, seconded by Mr. Allan,

Ordered, That during the present Session of the Legislative Assembly provision be made for the taking and printing of reports of debates and speeches and to that end that Mr. Speaker be authorized to employ an editor of debates and speeches and the necessary stenographers at such rates of compensation as may be agreed to by him; also, that Mr. Speaker be authorized to arrange for the printing of the reports in the amount of eighteen hundred copies daily, copies of such printed reports to be supplied to the Honourable the Lieutenant Governor, to Mr. Speaker, to the Clerk of the Legislative Assembly, to the Legislative Library, to each Member of the Assembly, to the Reference Libraries of the Province, to the Press Gallery, to the newspapers of the Province as approved by Mr. Speaker, and the balance to be distributed by the Clerk of the Assembly as directed by Mr. Speaker.

On motion by Mr. Robarts, seconded by Mr. Allan,

Ordered, That tomorrow, Friday, and each succeeding Friday for the present Session, this House will meet at ten-thirty o'clock a.m. and that Rule 2 of the Assembly be suspended so far as it might apply to this motion.

On motion by Mr. White, seconded by Mr. Harris,

Ordered, That a Select Committee of fifteen Members be appointed to prepare and report with all convenient despatch lists of the members to compose the Standing Committees ordered by the House, such Committee to be composed as follows:

Mr. Letherby (Chairman), Messrs. Edwards, Ewen, Farquhar, Gisborn, Harris, Lawrence (Russell), Mackenzie, McNeil, Rollins, Wells, Whicher, White, Whitney and Yakabuski.

The Quorum of the said Committee to consist of four members.

On motion by Mr. White, seconded by Mr. Harris,

Ordered, That Standing Committees of this House for the present Session be appointed for the following purposes: 1. On Agriculture; 2. On Education, Health and Welfare; 3. On Government Commissions; 4. On Highways and Tourism; 5. On Labour, Legal and Municipal Bills; 6. On Natural Resources, Wildlife and Mining; 7. On Private Bills; 8. On Privileges and Elections; 9. On Public Accounts; 10. On Standing Orders and Printing.

Which said Committees shall severally be empowered to examine and enquire into all such matters and things as shall be referred to them by the House, and to report from time to time their observations and opinions thereon, with power to send for persons, papers and records.

Mr. MacDonald sought to move,

That the House do now adjourn to discuss a definite matter of urgent public importance, namely, the failure of the Government to take any constructive action with regard to the prolonged strike of printers in the City of Toronto, which is causing severe hardship to many families in this area.

Mr. Speaker ruled as follows:—

Rule 38(a) states that a motion of this nature must relate to a definite matter of urgent public importance. Lewis' Parliamentary Procedure in Ontario, at page 40, quoting May's Parliamentary Practice, states that a motion for adjournment under this rule must be restricted to a single, specific matter of recent occurrence.

There is no doubt that the matter related to in this motion is of great public importance. However, in view of the pending negotiations I do not agree that a debate today is urgent, nor can I agree that it relates to a single, specific matter of recent occurrence in view of the many months that have passed since the start of the strike on July 9th, 1964.

For the information of the Honourable Member, I may say also that I feel there will be ample time during this Session, in the not too distant future, to discuss this matter and, as this rule is in effect so restrictive, that, if permission for adjournment were granted at this time to discuss the matter, then the subject could not be discussed again during the same Session [Lewis, p. 40], which I am sure the Honourable Member would agree not to be a good thing.

For these reasons I cannot give my approval to this motion as required by Rule 38(a).

The House then adjourned at 4.45 p.m.

THIRD DAY

FRIDAY, JANUARY 22ND, 1965

Resolved:

That the members of this House express to Lady Churchill and her family their deep sympathy and keen sense of personal loss on the death of Sir Winston Leonard Spencer Churchill.

In extending these condolences we affirm our deep and abiding affection for this great patriot and dynamic world leader. On his passing there is grief in every nation but more so, understandably, in those countries which comprise the British Commonwealth.

Sir Winston was trusted as no other man of his generation by the peoples of the world who placed their faith in him as the foe of tyranny and the champion of liberty and freedom.

His resolute will and courageous personality were the inspiration and the morale-builder which brought about the victory and made possible the liberty and privileges which free people the world over enjoy today.

His journey has come to an end as that of all mortals must, but in assessing the absolute mastery he exercised in the onerous tasks which he bore, we say with united voice: "Well done, thou good and faithful servant, go with blessings from our grateful hearts to your eternal rest."

After observing a minute's silence out of respect to Sir Winston, the House then adjourned at 3.30 p.m.

The Debate was resumed, and, after some time,

Mr. Thompson moved, seconded by Mr. Worton,

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant Governor now before the House be amended by adding thereto the following words:—

“But this House regrets that the Speech from the Throne, while dwelling on alleged and controversial past accomplishments of the Government, and identifying briefly problems that have existed for a long period of time and of which the Government has been made aware on numerous occasions, utterly fails to indicate the implementation of an imaginative, positive, and constructive programme to deal with such problems.

And this House further deplores that there is an absence of a declaration of a positive policy of dynamic and forward-looking activity to ensure the fostering and growth of economic developments in areas of the province which have been and are afflicted with economic stagnation largely because of the failure of the Government to engage itself in an appropriate and co-ordinated programme to initiate and promote industrial and business activity in such areas.

And this House further regrets the failure of the Government during the opportunity given it in the Speech from the Throne to declare unequivocally its support for a comprehensive Government-sponsored programme of medical care for all the citizens of Ontario."

And the Debate continued, and after some time it was,

On motion by Mr. MacDonald,

Ordered, That the Debate be adjourned.

The Debate was resumed and, after some time,

Mr. MacDonald moved, seconded by Mr. Freeman,

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant Governor now before the House be amended by adding thereto the following:—

"And, to be specific, this House affirms that, in place of platitudes and half-measures, Ontario urgently needs a far-reaching and co-ordinated program to meet the challenges and take full advantage of the opportunities of the profound scientific and technological revolution now taking place throughout the world, which will include:

1. Government leadership, in co-operation with business, labour, agriculture and consumers, in developing comprehensive economic and social planning—including planning for regional development.
2. Continuous study of the impact of rapid technological change on the economic and social structure of the province and action to facilitate, with a minimum of dislocation, the profound adjustments such change will require.
3. Enormous expansion of education facilities, particularly at the advanced level and in the re-training of those threatened with displacement by technological change.
4. Imaginative reform of our institutions of government, especially at the municipal level.
5. A large-scale housing and re-development program.
6. Universal, government-operated medical care and automobile accident insurance.
7. Dramatic expansion of cultural and recreational facilities.
8. A complete re-orientation of our programs for the treatment of the mentally ill, alcoholics and offenders against the law, as well as a large expansion of general hospital facilities.
9. Genuine and whole-hearted acceptance and recognition of the trade union movement as the only sound basis of labour-management relations.
10. Co-ordinated policies to enable farmers to obtain a fair return on their contribution to the wealth of the province.
11. A comprehensive program of consumer protection.
12. A far-reaching, integrated attack on the widespread poverty that continues to exist in the midst of what has been called our 'affluent society'."

And, on motion by Mr. Olde, it was,

Ordered, That the Debate be further adjourned.

The House then adjourned at 1.00 p.m.

Re : Bill Pr13,
13-14 Elizabeth II, 1965

Dear Sir:

The undersigned as Commissioners of Estate Bills as provided by The Legislative Assembly Act, R.S.O. 1960, chap. 208, sec. 57, having had the above-noted Bill referred to us as Commissioners, now beg to report thereon.

The United Church of Canada acquired by devise under the Will of the late Annie E. Galloway her house at 15 Hazelton Avenue in the City of Toronto in the County of York, for the purpose of its being used as a home for missionaries on furlough.

A certified copy of the Probate of the Last Will and Testament of the late Mrs. Galloway was produced to us and the pertinent clause of her Will is as follows:

"I GIVE to the United Church of Canada, to be used as a home for missionaries on furlough, my home at 15 Hazelton Avenue, Toronto, Ontario, together with the furnishings in the house other than those otherwise donated elsewhere in my will."

A Registrar's abstract from the Registrar's Office for the Registry Division of Toronto was produced before us and it shows a grant dated on the 5th June, 1956 and registered on the 26th June, 1956 as No. 50912-E.M. from the executors of the Last Will and Testament of the late Mrs. Galloway.

The difficulty encountered by The United Church of Canada is that the area on Hazelton Avenue, where this house is situated, is changing from a residential area to a commercial area. The value of the property has apparently increased and they are desirous of being allowed to sell it and to use the purchase moneys for the purchase of a house in a more suitable residential area where missionaries may be housed while home in Toronto on furlough.

We are of the opinion that the intent of the Bill is a reasonable one and that the terms of it are proper for carrying into effect its purposes and that it is reasonable that the said Bill should pass into law.

The Bill duly signed by the Commissioners and a copy of the Petition for the same are accordingly returned herewith.

Yours truly,

D. C. WELLS, J.A.,
F. G. MACKEY, J.A.,
Commissioners of Estate Bills.

Ordered, That the Bill, together with the report of the Commissioners of Estate Bills thereon, be referred to the Standing Committee on Private Bills.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1966, the following sums:—

1401.	To defray the expenses of the Main Office, Department of Prime Minister.....	\$	146,000
1402.	To defray the expenses of the Cabinet Office.....		91,000
2301.	To defray the expenses of the Main Office, Department of University Affairs.....		332,000

Mr. Speaker resumed the Chair; and the Chairman reported, That the Committee had come to certain Resolutions; also, That the Committee had directed him to ask for leave to sit again.

Ordered, That the Report be received.

Resolved, That the Committee have leave to sit again.

PRAYERS

3.00 O'CLOCK P.M.

Mr. Reuter, from the Standing Committee on Private Bills, presented the Committee's Fifth Report which was read as follows and adopted:

Your Committee begs to report the following Bill without amendment:—

Bill Pr25, An Act respecting the County of Peel.

Your Committee begs to report the following Bills with certain amendments:—

Bill Pr18, An Act respecting United Co-operatives of Ontario.

Bill Pr19, An Act respecting the City of Toronto.

As the following Bill has been withdrawn, your Committee would recommend that the fees less the penalties and the actual cost of printing be remitted:

Bill Pr15, An Act respecting The Salvation Army.

The Order of the Day for resuming the Adjourned Debate on the amendment to the amendment to the motion for an Address in Reply to the Speech of the Honourable the Lieutenant Governor at the opening of the Session, having again been read,

The Debate was resumed and, after some time, the amendment to the amendment, as follows:—

That the amendment to the motion for an Address in Reply to the Speech of the Honourable the Lieutenant Governor now before the House be amended by adding thereto the following:—

“And, to be specific, this House affirms that, in place of platitudes and half-measures, Ontario urgently needs a far-reaching and co-ordinated program to meet the challenges and take full advantage of the opportunities of the profound scientific and technological revolution now taking place throughout the world, which will include:

1. Government leadership, in co-operation with business, labour, agriculture and consumers, in developing comprehensive economic and social planning—including planning for regional development.
2. Continuous study of the impact of rapid technological change on the economic and social structure of the province and action to facilitate, with a minimum of dislocation, the profound adjustments such change will require.
3. Enormous expansion of education facilities, particularly at the advanced level and in the re-training of those threatened with displacement by technological change.
4. Imaginative reform of our institutions of government, especially at the municipal level.
5. A large-scale housing and re-development program.
6. Universal, government-operated medical care and automobile accident insurance.
7. Dramatic expansion of cultural and recreational facilities.
8. A complete re-orientation of our programs for the treatment of the mentally ill, alcoholics and offenders against the law, as well as a large expansion of general hospital facilities.
9. Genuine and whole-hearted acceptance and recognition of the trade union movement as the only sound basis of labour-management relations.
10. Co-ordinated policies to enable farmers to obtain a fair return on their contribution to the wealth of the province.
11. A comprehensive program of consumer protection.

12. A far-reaching, integrated attack on the widespread poverty that continues to exist in the midst of what has been called our 'affluent society'.

having been put, was lost on the following Division:—

That the motion for an Address in Reply to the Speech of the Honourable the Lieutenant Governor now before the House be amended by adding thereto the following words:—

"But this House regrets that the Speech from the Throne, while dwelling on alleged and controversial past accomplishments of the Government, and identifying briefly problems that have existed for a long period of time and of which the Government has been made aware on numerous occasions, utterly fails to indicate the implementation of an imaginative, positive, and constructive programme to deal with such problems.

And this House further deplores that there is an absence of a declaration of a positive policy of dynamic and forward-looking activity to ensure the fostering and growth of economic developments in areas of the province which have been and are afflicted with economic stagnation largely because of the failure of the Government to engage itself in an appropriate and co-ordinated programme to initiate and promote industrial and business activity in such areas.

And this House further regrets the failure of the Government during the opportunity given it in the Speech from the Throne to declare unequivocally its support for a comprehensive Government-sponsored programme of medical care for all the citizens of Ontario."

having been put, was lost on the same Division.

The main motion, having then been put, was carried on the same vote reversed—65 to 25,

And it was,

Resolved, That an humble Address be presented to the Honourable the Lieutenant Governor of the Province of Ontario, as follows:—

*To the Honourable W. Earl Rowe, P.C.(C), LL.D., D.Sc.Soc.,
Lieutenant Governor of Ontario.*

We, Her Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious Speech Your Honour has addressed to us.

Ordered, That the Address be engrossed and presented to the Honourable the Lieutenant Governor by those Members of this House who are Members of the Executive Council.

Re : Private Bill Pr26,
13-14 Elizabeth II, 1965,
An Act respecting the City of St. Thomas.

Dear Sir,

The undersigned as Commissioners of Estate Bills as provided by The Legislative Assembly Act, R.S.O. 1960, Chapter 208, Section 57, having had the above-noted Bill referred to us as Commissioners, now beg to report thereon.

The City of St. Thomas has now become the possessor of a new hospital known as the St. Thomas-Elgin General Hospital. This hospital is taking over and replacing Amasa Wood Memorial Hospital and what was known as the Elgin Memorial Hospital or The Memorial Hospital Trust, and it is desirous of taking over all previous donations, trusts and bequests heretofore or hereafter made to the other named hospitals, together with any unexpected income therefrom and any future bequests made to the previously named hospitals of The Memorial Hospital Trust. Certain of these trusts are still in the hands of the Trustees of the Estates administering them, and many others have been paid over previously to the institutions we have mentioned.

The Bill, as previously drafted, would free the Trustees of the new St. Thomas-Elgin General Hospital of any of the provisions or conditions under which earlier gifts were made. It would appear to us that this is unnecessary and undesirable. A mere transfer of the various trust funds to them subject to

the trusts and conditions attached thereto would, in our view, be just and reasonable. Council for the City agree with this view and have agreed to an amendment to Section 2 of the proposed Bill striking out the words at the end of the section:

“free of existing trusts but in trust to be used for hospital purposes.”

Subject to this amendment, we are of the opinion that the intent of the Bill is a reasonable one, and that the remaining terms of it are proper for carrying into effect its purposes, and that it is reasonable that the said Bill, as amended, should pass into law.

The Bill duly signed by the Commissioners and a copy of the Petition for the same are accordingly returned herewith.

Yours truly,

Re : Private Bill Pr43,
An Act respecting the City of Chatham.

Dear Sir:

The undersigned as Commissioners of Estate Bills as provided by The Legislative Assembly Act, R.S.O. 1960, Chapter 208, Section 57, having had the above-noted Bill referred to us as Commissioners, now beg to report thereon.

The Bill is in respect of five parcels of land formerly in the Townships of Chatham, Dover and the City of Chatham, as set out in Section 1 of the Act.

The first lot referred to in the Section, a lot marked “Park” on registered plan 487, was dedicated for park purposes. In respect of this lot, the original owner who conveyed to the Township has entered into an agreement with the City of Chatham, a photostatic copy of which is enclosed, whereby he consents to the sale of this lot by the City on the terms set out in the agreement.

Lot 7, Plan 543, formerly in the Township of Chatham, was conveyed by deed in consideration of One Dollar to the Township and is shown on the plan as a park.

Lot 6, Plan 510, formerly in the Township of Dover, is shown on the plan as a school site, and was conveyed to the Township by deed in consideration of One Dollar.

Block A on Plan 526, formerly in the Township of Dover, is shown on the plan as Balmoral Park, and was conveyed to the Township in consideration of One Dollar.

Lot 35 and the northeast half of Lot 36, Plan 481, in the City of Chatham, was conveyed to the City in consideration of One Dollar on terms that the lands be used for park purposes only.

The City of Chatham has made representations that the lands referred to and now being held for park purposes are not suitable for these purposes, and Lot 6 on Plan 510, shown on the plan as a school site, is not suitable or required for that purpose, and the Bill proposed gives the City the power to sell all of these lands free from the trusts that now encumber them as set out in Section 2 of the Bill.

Your Commissioners think it reasonable and just that moneys received from the sale of these lands should be held in trust by the City to be used for the purpose of acquiring other park lands in the City of Chatham, and the solicitor for the City of Chatham has agreed, and we recommend that the Bill be amended by adding thereto Section 5 as follows:

“Section 5.

Notwithstanding the provisions of Section 2 hereof, the proceeds of the sale of any of the lands described in Section 1 hereof shall, subject to the provisions of any agreement bearing date January 20th, 1965, between the Corporation of the City of Chatham and one Earl R. Baker relating to the lands shown as ‘Park’ on registered plan 487 firstly referred to in Section 1, be held in trust for the purpose of acquiring park lands in the City of Chatham.”

Paragraphs 5 and 6 in the present Bill should be renumbered 6 and 7.

We are of the opinion that, subject to the amendment above referred to, the intent of the Bill is a reasonable one and that the terms of it are proper for carrying into effect its purposes, and that if amended as suggested it is reasonable that the said Bill should pass into law.

The Bill duly signed by the Commissioners and a copy of the Petition for the same are accordingly returned herewith.

Yours truly,

D. C. WELLS,
F. G. MACKAY,
Commissioners of Estate Bills.

Ordered, That the Bills, together with the reports of the Commissioners of Estate Bills thereon, be referred to the Standing Committee on Private Bills.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Mr. Wishart moved, seconded by Mr. Roberts, That this House approves and supports the Addresses of the Senate and House of Commons of Canada to Her Majesty the Queen praying that Her Majesty may graciously be pleased to cause a Bill to be laid before the Parliament of the United Kingdom in the following terms:

AN ACT TO PROVIDE FOR THE AMENDMENT
IN CANADA OF THE CONSTITUTION OF CANADA

WHEREAS the Senate and House of Commons of Canada in Parliament assembled have submitted Addresses to Her Majesty praying that Her Majesty may graciously be pleased to cause a measure to be laid before the Parliament of the United Kingdom for the enactment of the provisions hereinafter set forth:

BE IT THEREFORE ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

PART I

POWER TO AMEND THE CONSTITUTION OF CANADA

1. Subject to this Part, the Parliament of Canada may make laws repealing, amending or re-enacting any provision of the Constitution of Canada.

2. No law made under the authority of this Part affecting any provision of this Act or section 51A of the *British North America Act, 1867*, or affecting any provision of the Constitution of Canada relating to,

- (a) the powers of the legislature of a province to make laws;
- (b) the rights or privileges granted or secured by the Constitution of Canada to the legislature or the government of a province;
- (c) the assets or property of a province;
- (d) the use of the English or French language,

shall come into force unless it is concurred in by the legislatures of all the provinces.

3.—(1) No law made under the authority of this Part, affecting any provision of the Constitution of Canada that refers to one or more, but not all, of the provinces, shall come into force unless it is concurred in by the legislature of every province to which the provision refers.

(2) Section 2 of this Act does not extend to any provision of the Constitution of Canada referred to in subsection 1 of this section.

4.—(1) No law made under the authority of this Part affecting any provision of the Constitution of Canada relating to education in any province other than Newfoundland shall come into force unless it is concurred in by the legislatures of all the provinces other than Newfoundland.

(2) No law made under the authority of this Part affecting any provision of the Constitution of Canada relating to education in the province of Newfoundland shall come into force unless it is concurred in by the legislature of the province of Newfoundland.

(3) Sections 2 and 3 of this Act do not extend to any provision of the Constitution of Canada referred to in subsection 1 or 2 of this section.

5. No law made under the authority of this Part affecting any provision of the Constitution of Canada not coming within section 2, 3 or 4 of this Act shall come into force unless it is concurred in by the legislatures of at least two-thirds of the provinces representing at least fifty per cent of the population of Canada according to the latest general census.

6. Notwithstanding anything in the Constitution of Canada, the Parliament of Canada may exclusively make laws from time to time amending the Constitution of Canada in relation to the executive Government of Canada, and the Senate and House of Commons, except as regards,

- (a) the functions of the Queen and the Governor General in relation to the Parliament or Government of Canada;
- (b) the requirements of the Constitution of Canada respecting a yearly session of Parliament;
- (c) the maximum period fixed by the Constitution of Canada for the duration of the House of Commons, except that the Parliament of Canada may, in time of real or apprehended war, invasion or insurrection, continue a House of Commons beyond such maximum period, if such continuation is not opposed by the votes of more than one-third of the members of such House;
- (d) the number of members by which a province is entitled to be represented in the Senate;
- (e) the residence qualifications of Senators, and the requirements of the Constitution of Canada for the summoning of persons to the Senate by the Governor General in the Queen's name;
- (f) the right of a province to a number of members in the House of Commons not less than the number of Senators representing such province;

- (g) the principles of proportionate representation of the provinces in the House of Commons prescribed by the Constitution of Canada; and
- (h) the use of the English or French language.

7. Notwithstanding anything in the Constitution of Canada, in each province the legislature may exclusively make laws in relation to the amendment from time to time of the Constitution of the province, except as regards the office of Lieutenant Governor.

8. Any law to repeal, amend or re-enact any provision of the Constitution of Canada that is not authorized to be made either by the Parliament of Canada under the authority of section 6 of this Act or by the legislature of a province under the authority of section 7 of this Act is subject to the provisions of sections 1 to 5 of this Act.

9. Nothing in this Part diminishes any power of the Parliament of Canada or of the legislature of a province, existing at the coming into force of this Act, to make laws in relation to any matter.

10. No Act of the Parliament of the United Kingdom passed after the coming into force of this Act shall extend or be deemed to extend to Canada or to any province or territory of Canada as part of the law thereof.

11. Without limiting the meaning of the expression "Constitution of Canada", in this Part that expression includes the following enactments and any order, rule or regulation thereunder, namely,

- (a) the *British North America Acts, 1867 to 1964*;
- (b) the *Manitoba Act, 1870*;
- (c) the *Parliament of Canada Act, 1875*;
- (d) the *Canadian Speaker (Appointment of Deputy) Act, 1895*;
- (e) the *Alberta Act*;
- (f) the *Saskatchewan Act*;
- (g) the *Statute of Westminster, 1931*, in so far as it is part of the law of Canada; and
- (h) this Act.

PART II

BRITISH NORTH AMERICA ACT, 1867, AMENDED

12. Class 1 of section 91 of the *British North America Act, 1867*, as enacted by the *British North America (No. 2) Act, 1949* and class 1 of section 92 of the *British North America Act, 1867*, are repealed.

13. The *British North America Act, 1867* is amended by re-numbering section 94A thereof as 94B and by adding thereto, immediately after section 94 thereof, the following heading and section:

DELEGATION OF LEGISLATIVE AUTHORITY

"94A—(1) Notwithstanding anything in this or in any other Act, the Parliament of Canada may make laws in relation to any matters coming within the classes of subjects enumerated in classes 6, 10, 13 and 16 of section 92 of this Act, but no statute enacted under the authority of this subsection shall have effect in any province unless the legislature of that province has consented to the operation of such a statute in that province.

(2) The Parliament of Canada shall not have authority to enact a statute under subsection 1 of this section unless,

- (a) prior to the enactment thereof, the legislatures of at least four of the provinces have consented to the operation of such a statute as provided in that subsection;
- or

- (b) it is declared by the Parliament of Canada that the Government of Canada has consulted with the governments of all the provinces, and that the enactment of the statute is of concern to fewer than four of the provinces and the provinces so declared by the Parliament of Canada to be concerned have under the authority of their legislatures consented to the enactment of such a statute.
- (3) Notwithstanding anything in this or in any other Act, the legislature of a province may make laws in the province in relation to any matter coming within the legislative jurisdiction of the Parliament of Canada.
- (4) No statute enacted by a province under the authority of subsection 3 of this section shall have effect unless,
- (a) prior to the enactment thereof, the Parliament of Canada has consented to the enactment of such a statute by the legislature of that province; and
- (b) a similar statute has under the authority of subsection 3 of this section been enacted by the legislatures of at least three other provinces.
- (5) The Parliament of Canada or the legislature of a province may make laws for the imposition of punishment by fine, penalty or imprisonment for enforcing any law made by it under the authority of this section.
- (6) A consent given under this section may at any time be revoked, and,
- (a) if a consent given under subsection 1 or 2 of this section is revoked, any law made by the Parliament of Canada to which such consent relates that is operative in the province in which the consent is revoked shall thereupon cease to have effect in that province, but the revocation of the consent does not affect the operation of that law in any other province; and
- (b) if a consent given under subsection 4 of this section is revoked, any law made by the legislature of a province to which the consent relates shall thereupon cease to have effect.
- (7) The Parliament of Canada may repeal any law made by it under the authority of this section, in so far as it is part of the law of one or more provinces, but, if any repeal under the authority of this subsection does not relate to all of the provinces in which that law is operative, the repeal does not affect the operation of that law in any province to which the repeal does not relate.
- (8) The legislature of a province may repeal any law made by it under the authority of this section, but the repeal under the authority of this subsection of any law does not affect the operation in any other province of any law enacted by that province under the authority of this section."

PART III

FRENCH VERSION

14. The French version of this Act (set forth in the Schedule to this Act) shall form part of this Act.

NINETIETH DAY

MONDAY, JUNE 7TH, 1965

PRAYERS

2.00 O'CLOCK P.M.

On motion by Mr. Robarts,

Ordered, That in addition to the present hours of sitting, this House will sit from 10.30 a.m. to 12.30 p.m. on Tuesdays, Wednesdays and Thursdays for the balance of the present Session.

The Order of the Day for the House to resolve itself into the Committee of the Whole House having been read,

Mr. Lewis (Scarborough West) moved, seconded by Mr. MacDonald,

That instruction be given to the Committee that it has power to consider and make recommendations to amend Bill No. 136 to provide:

1. That a fund be established into which shall be paid all money necessary to provide fully comprehensive medical insurance contracts to persons designated in sections 6 and 7 of the Bill and in this motion, and that the said contracts be issued and the said fund administered by the Hospital Services Commission of Ontario.

2. That government support according to an appropriate sliding scale be made available to provide comprehensive contracts to those whose taxable income does not exceed \$3,000 per year.
3. That all residents of the province, whether or not referred to in paragraph 2, be entitled to receive comprehensive contracts from the Commission upon voluntary payment by them into the fund of appropriate contributions as determined by the Commission, and that issuance of such contracts and payment of such contributions be required in respect of those for whom coverage is mandatory under The Hospital Services Commission Act and regulations.
4. That provision be made to cover prescribed drugs at least for pensioners, persons for whom continuing drug therapy is required after discharge from hospital, and persons for whom long-term drug therapy is necessary.

Mr. Speaker delivered the following ruling:—

I wish to inform the Honourable Member for Scarborough West that I have taken note of the Notice of Motion of this Instruction to the Committee of the Whole House which the Honourable Member has now moved.

I wish to advise the Honourable Member and the House that I have read very carefully pages 536 and following of May's 17th Edition respecting procedure for instructions to a committee, including the Committee of the Whole House. As a result I have no doubt that such a procedure, though rare, is a recognized procedure of Parliament.

However, while agreeing with the procedure I find that the precedents make it quite clear that the proposed instruction is out of order. Under the heading Inadmissible Instructions at pages 539 and 540 of May it states that such an instruction is out of order, and I quote "if its objects are inconsistent with the decision of the House taken on second reading, or seek to traverse that decision by an alternative scheme or postponement." Cases in support of this principle are cited on page 540.

From the debate on second reading it is my understanding that one of the main principles of Bill 136 is its voluntary feature, and I have no doubt in my mind that the provision in the proposed instruction that contracts and payments of contribution be required in respect of those for whom coverage is mandatory under The Hospital Services Commission Act and regulations is in direct conflict with the decision of the House taken on second reading. In fact, it appears obvious to me that the whole purport of the proposed instruction is to propose an alternative scheme which is expressly out of order.

I therefore must declare the proposed instruction out of order.

On appeal, Mr. Speaker's ruling was sustained on the following division:—

PRAYERS

10.30 O'CLOCK A.M.

The House resolved itself into a Committee to consider Bill 136, An Act respecting Medical Services Insurance.

After some time Mr. Speaker resumed the Chair, and the Chairman reported progress and asked for leave to sit again.

Ordered, That the Report be now received and adopted.

The Order of the Day for Second Reading of Bill 167, An Act respecting a Certain Dispute between The Toronto Electric Commissioners and Local No. 1, Canadian Union of Public Employees, having been read,

Mr. Robarts moved, That the Bill be now read a second time, and a Debate arising, after some time,

Mr. MacDonald moved, seconded by Mr. Freeman,

That the motion be amended by striking out all the words after the word "That" and substituting the following:

“in the opinion of this House, the proposal submitted to the government today by Local No. 1, Canadian Union of Public Employees, represented a fair and reasonable method of settling the dispute without a stoppage of work, which would have safeguarded adequately both the public interest and the interests of the parties, and thus represented an alternative preferable to the harsh, restrictive and undemocratic provisions of Bill 167.”

The Debate continued, and after some time the amendment was lost on the following division:—

2.00 O'CLOCK P.M.

The House resolved itself into a Committee to consider Bill 136, An Act respecting Medical Services Insurance.

After some time Mr. Speaker resumed the Chair, and the Chairman reported the Bill with certain amendments and asked for leave to sit again.

Mr. MacDonald moved, seconded by Mr. Bryden,

That the motion, "That the report of the Committee of the Whole House be adopted" be amended by adding thereto the following words:

"but that Bill No. 136 be referred back to the Committee with instructions that it has the power to consider and make recommendations to further amend the Bill to provide:

1. That government support according to an appropriate sliding scale be made available to provide standard contracts to those whose taxable income does not exceed \$3,000 per year.
2. That all residents of the province be entitled to receive standard contracts from the Minister of Health upon voluntary payment by them of appropriate contributions as determined by the Minister."

Mr. Speaker expressed doubt as to whether the amendment was proper without notice but decided to permit it, and, after some time, the amendment was lost on the following division:—

That discussions be initiated with the Federal Government to institute changes in the laws of divorce for the Province of Ontario to alleviate the hardships presently caused by such matters as the deserted wife, the difficulties caused on certain occasions by the law of domicile, long-term imprisonment, confinement to mental institutions, and related matters,

And a Debate arising, after some time it was, on motion by Mr. Eagleson,

Ordered, That the Debate be adjourned.

The House then adjourned at 11.00 p.m.

NINETY-NINTH DAY

FRIDAY, JUNE 18TH, 1965

PRAYERS

10.30 O'CLOCK A.M.

The following Bills were read the second time and referred to the Committee of the Whole House:—

Bill 164, An Act to amend The Assessment Act.

Bill 165, An Act to amend The Ontario Municipal Employees Retirement System Act, 1961-62.

Bill 166, An Act to amend The Emergency Measures Act, 1962-63.

The House resolved itself into a Committee to consider a certain Resolution and certain Bills.

After some time Mr. Speaker resumed the Chair, and the Chairman reported that the Committee had come to a certain Resolution as recommended by the Honourable the Lieutenant Governor as follows:—

That,

where an emergency exists in Ontario or any part thereof, the President of the Executive Council or a member of the Executive Council designated by him may require any municipality in Ontario to provide such assistance as is deemed necessary to the emergency area or any part thereof, and may authorize the payment of the cost of such assistance out of the Consolidated Revenue Fund,

as provided in Bill 166, An Act to amend The Emergency Measures Act, 1962-63.

Also, that the Committee had directed him to report the following Bills without amendment:—

Bill 138, An Act to amend The Meat Inspection Act (Ontario), 1962-63.

Bill 139, An Act to amend The Seed Potatoes Act.

Bill 166, An Act to amend The Emergency Measures Act, 1962-63.

Also, that the Committee had directed him to report the following Bills with certain amendments:—

Bill 135, The Milk Act, 1965.

Bill 140, An Act to amend The Farm Products Marketing Act.

Bill 146, An Act to amend The Municipal Act.

Bill 164, An Act to amend The Assessment Act.

Bill 165, An Act to amend The Ontario Municipal Employees Retirement System Act, 1961-62.

Ordered, That the Report be now received and adopted and that the Bills reported be read the third time on Monday next.

The House, according to Order, resolved itself into the Committee of Supply, and after some time,

Mr. Speaker resumed the Chair; and the Chairman reported progress; also, That the Committee had directed him to ask for leave to sit again.

Ordered, That the Report be received.

Resolved, That the Committee have leave to sit again.

The House then adjourned at 1.00 p.m.

ONE HUNDREDTH DAY

MONDAY, JUNE 21ST, 1965

PRAYERS

2.00 O'CLOCK P.M.

Before the Orders of the Day Mr. Speaker addressed the House as follows:—

Several times during the life of this Parliament, procedural difficulties have arisen with respect to the effect of the defeat of an amendment to the motion for second reading of a Bill. This difficulty has resulted from a failure to strictly observe the provisions of Rule 56 which provides that "If on an amendment to the question that a Bill be now read a second time or the third time, it is decided that the word 'now' or any words proposed to be left out stand part of the question, Mr. Speaker shall forthwith declare the Bill to be read a second or the third time, as the case may be." Probably by oversight or inadvertence on a number of occasions over the years, a vote was taken on the motion for second reading even after the defeat of such an amendment so that in the course of time this procedure gained the force of precedent, with the result that I specifically ruled, both during the 1964 Session and again in the current Session, that this was now a recognized

procedure in this Legislature and that Rule 56 was reduced in its application to hoist motions. In view of the difficulties that have arisen as a result of these decisions and after serious consideration of the problem and of the authorities, I have come to the conclusion that, if the House approves, we should return to the strict application of Rule 56 in future, even though this means the reversal of two rulings previously made by myself, as well as several rulings by former Speakers of the House.

So that all members of the House may clearly understand the correct procedure, I feel it desirable to outline it in detail.

When on a motion for second or third reading of a Bill a member moves either a reasoned amendment or a hoist motion which seeks to strike out the word "now" or any other words from the motion for second or third reading, the general debate continues on that proposed amendment until its conclusion. On the conclusion of the general debate the Speaker does not put the amendment as a whole but first puts the question "Shall the words sought to be struck out stand part of the question (*or* Shall the word 'now' stand part of the question)?" If this question is decided in the affirmative that ends the matter. The Bill is forthwith declared to be read a second or a third time, and no further debate or amendment is in order.

On the other hand, if that question is decided in the negative so that the House has decided to strike out words from the motion for second or third reading, then the Speaker puts the question "Shall the words sought to be substituted stand part of the question?" and the debate may then continue on that question and an amendment may be proposed to those words as in the case of any other motion. The important point is that no such amendment can be offered to the proposed substitutional words unless and until the House has decided to strike out the original words. This applies to any type of motion and an amendment to strike out words and substitute others.

Precedents may be referred to at page 526 and following of May's 17th Edition, as Standing Order No. 39 of the U.K. House of Commons is identical, word for word, with the Ontario Rule 56.

Of course, Rule 56 applies only to motions for second or third reading of Bills. It has no application to substantive motions where a vote on the main question must be taken either in its original form or as amended.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

Resolved, That there be granted to Her Majesty, for the services of the fiscal year ending March 31st, 1966, the following sums:—

1705.	To defray the expenses of the Finance and Administration Branch.....	\$	337,000

PRAYERS

10.30 O'CLOCK A.M.

On motion by Mr. Robarts, seconded by Mr. Allan,

Ordered, That the Select Committees on Youth, Aging and Mining appointed at the Session of 1964 be respectively re-appointed with the same powers and duties as heretofore.

That changes in the membership of the said Committees be as follows:—

YOUTH—Mr. Edwards and Mr. Rowe substituted for Mr. McKeough and Mr. Welch.

AGING—Mr. Whitney substituted for Mr. Carton.

MINING—Mr. Beckett and Mr. Letherby substituted for Mr. Eagleson and Mr. Henderson.

On motion by Mr. Robarts, seconded by Mr. Yaremko,

Ordered, That a Select Committee of this House be appointed to inquire into and review The Corporations Act of the Province of Ontario and related Acts and regulations, including The Corporations Information Act and The Mortmain and Charitable Uses Act, and to consider the principles of the incorporation, operation, management and dissolution of corporations, including co-operatives, together with the legislation of other jurisdictions relating to the same matters.

And that the Select Committee have authority to sit during the interval between Sessions and have full power and authority to employ counsel and such other personnel as may be deemed advisable and to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

And the said Committee to consist of ten members to be composed as follows:—

Mr. Lawrence (St. George) (Chairman), Messrs. Carton, Eagleson, Henderson, Reilly, Renwick, Singer, Sopha, Thrasher and Welch.

On motion by Mr. Robarts, seconded by Mr. Simonett,

Ordered, That a Select Committee of this House be appointed to inquire into and review the provisions of The Conservation Authorities Act and such other Acts of this Legislature relevant to the powers exercised by conservation authorities as the Committee may deem appropriate

And that without limiting the generality of the foregoing to inquire into and review the following matters:

- (a) the constitution and powers of conservation authorities including the number and method of appointment of members;
- (b) the system of financing the work of conservation authorities and the ability of local municipalities to pay for their share of conservation schemes;
- (c) the power of conservation authorities to acquire or expropriate lands and the methods used therefor;
- (d) the administrative practices and methods of conservation authorities in carrying out their responsibilities under The Conservation Authorities Act.

And that the Select Committee have authority to sit during the interval between Sessions and have full power and authority to employ counsel and such other personnel as may be deemed advisable and to call for persons, papers and things and to examine witnesses under oath, and the Assembly doth command and compel attendance before the said Select Committee of such persons and the production of such papers and things as the Committee may deem necessary for any of its proceedings and deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

And the said Committee to consist of thirteen members to be composed as follows:—

Mr. Evans (Chairman), *Messrs. Hamilton, Harris, Hodgson* (Scarborough East), *Kerr, MacDonald, McKeough, Nixon, Olde, Oliver, Paterson, Pittock* and *Reuter*.

The Order of the Day for resuming the adjourned Debate on the amendment to the motion that Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee on Ways and Means, having been read,

The Debate was resumed and, after some time, the amendment,

That the Motion "that Mr. Speaker do now leave the Chair and the House resolve itself into the Committee on Ways and Means" be amended by adding thereto the following words:

"But this House regrets that the budget has failed to make adequate provision for the proper use of Ontario's financial resources as well as its human resources in that it has neglected to include action upon the following:

1. The encouragement, fostering and development of new industry throughout the province.
2. Provision of proper educational facilities for training and retraining of workers in view of the challenge of automation.
3. The assurance of prosperity to those who derive their income from our agricultural industry.
4. The problems faced by local governments in 1965.
5. A comprehensive program of development of the vast resources in the northern part of our province and fair and reasonable payments to mining municipalities.
6. The elimination of the serious dangers arising from air pollution and water pollution in Ontario.
7. The provision of leadership in the field of labour relations, the lack of which has resulted in harmful dislocation in the industrial sphere."

having been put, was lost on the following Division:—

The main Motion having then been put, was declared to be carried on the same Division reversed.

The House, according to Order, resolved itself into the Committee on Ways and Means.

(In the Committee)

Resolved, That there be granted out of The Consolidated Revenue Fund of this Province a sum not exceeding one billion, four hundred and sixty-eight million, four hundred and ten thousand, two hundred dollars to meet the supply to that extent granted to Her Majesty.

Mr. Speaker resumed the Chair; and the Chairman reported, That the Committee had come to a certain Resolution.

Ordered, That the Report be received forthwith and adopted.

The following Bill was then introduced and read the first time:—

Bill 168, An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal years ending the 31st day of March, 1965, and the 31st day of March, 1966. *Mr. Allan*.

Ordered, That the Bill be read the second time forthwith.

The Bill was then read the second time.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time and passed.

The Prime Minister Tabled Returns to Questions Nos. 7 and 37 (*Sessional Papers Nos. 87 and 88*).

The Honourable the Lieutenant Governor of the Province entered the Chamber of the Legislative Assembly and took his seat upon the Throne.

Mr. Speaker addressed His Honour in the following words:—

“May it please Your Honour:

The Legislative Assembly of the Province has at its present Sittings thereof passed several Bills to which, in the name and on behalf of the said Legislative Assembly, I respectfully request Your Honour’s Assent.”

The Clerk Assistant then read the titles of the Bills that had passed as follows:—

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"In Her Majesty's name, the Honourable the Lieutenant Governor doth assent to these Bills."

Mr. Speaker then said:—

MAY IT PLEASE YOUR HONOUR:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal years ending the 31st day of March, 1965, and the 31st day of March, 1966."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of The Legislative Assembly of Ontario:

During this Third Session of the 27th Parliament, Honourable Members have diligently and conscientiously discharged their duties as the elected representatives of the people of Ontario.

In your deliberations you have considered 168 public Bills and 43 private Bills. Of these, 177 Bills have now received Royal Assent.

In the Speech from the Throne, a very extensive legislative program was outlined, encompassing education, resource development, social, health and welfare services, municipal development and the administration of justice. I am very pleased to note that Honourable Members have dealt with every item mentioned in that document and have also considered and passed several major Acts which were subsequently introduced to complete the comprehensive legislative program submitted to the Legislative Assembly.

In the field of education, your recognition of this most vital responsibility of the Province of Ontario is reflected in the estimates passed for both the Department of Education and the Department of University Affairs, and in the amendments to several Acts. In particular, I should like to mention the establishment of Colleges of Applied Arts and Technology and The Ontario Institute for Studies in Education. The Bills respecting Lakehead University and the University of Ottawa represent important milestones in the development of our institutions of higher learning.

There have been presented to you economic goals for the Province of Ontario, and on the realization of those goals all of the aggressive programs now under way in the Departments of Economics and Development, Agriculture, Lands and Forests, Energy and Resources Management, Mines, and Tourism and Information will benefit industry and the people of Ontario as a whole. Of major significance was the passing of The Milk Act, which pioneers in a new approach to the marketing of milk in Canada.

Honourable Members have been concerned with the challenge of providing progressive social, health and welfare services to the people of this Province, commensurate with the tax revenues of the Province and the existing financial arrangements with the Federal Government. During this Session you have broken new ground in the legislation respecting penal reform, child welfare, industrial safety legislation, workmen's compensation, and medical services insurance. I congratulate Honourable Members on their continuing concern for the furthering of human rights in the Province of Ontario as expressed in the amendment to The Ontario Human Rights Code introduced by my Government.

The creation of an effective municipal system was fully examined by Honourable Members. You had occasion to study and debate the final report of the Select Committee on The Municipal Act and related Acts. You have considered and passed several amendments to legislation respecting our municipalities. Honourable Members also took a significant step forward, in the field of efficient transportation services, by passing an Act to establish a rail commuter service in the heavily congested areas between Burlington and Dunbarton. Highway and municipal road construction, together with extensive research studies, will be facilitated by the record gross appropriations for the Department of Highways approved by the Legislature.

Honourable Members devoted considerable time to matters relating to the administration of justice. In addition to the fullest opportunities accorded for extensive and detailed discussion of the Estimates of the Department of the Attorney General, you passed amendments to a large number of Bills including, among others, The Expropriation Procedures Act and The University Expropriation Powers Act. Four major reports—the Report of the Joint Committee on Legal Aid, the first Report of the Ontario Law Reform Commission, the Report of the Committee on Securities Legislation, and the final Report of the Select Committee on Consumer Credit—were received by the Attorney General and tabled in the House for the information of and review by Honourable Members.

This Third Session of the 27th Provincial Parliament has been a lengthy one during which my Government has provided every facility to Honourable Members to discharge their responsibilities and to fulfill their duties to their constituents. I congratulate all of you on the manner in which the debates on the legislation were conducted in the Assembly and in Committee. You have accomplished a great deal and I am sure that your dedication of purpose will be fully appreciated by the people whom you serve.

This Session has been highlighted by several lengthy discussions of the highest quality on matters of public concern. I wish to commend the Honourable Members who, in taking part in these debates, expressed the varied views and sentiments of the people of this Province to the end that legislative enactments, proposed by my Government and passed by Honourable Members, will prove to be of inestimable benefit to the people of Ontario as a whole.

With a well-ordered economy, and revenues which result from that commendable condition of provincial affairs, you have been enabled to approve of a record budget for Ontario. In doing so, you have had every opportunity to scrutinize thoroughly, and have passed, the estimates of the several Departments of Government, providing for the requirements of the Province whose people are served by an able and conscientious civil service which will continue to discharge its functions in the usual capable and efficient manner.

May Divine Providence guide you in the days to come.

The Provincial Secretary then said:—

Mr. Speaker and Members of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

1. THREE-DAY NON-RESIDENT ANGLING LICENCE:

Whereas the 3-day Non-Resident Angling Licence often encourages tourist and tourist establishment guests to leave the province sooner than they might if they could still fish; and

Whereas the legal provisions governing the use of the 3-day licences are all but unenforceable; and

Whereas these 3-day angling licences are being purchased for children under 17 years of age solely for the purpose of taking extra limits of fish; and

Whereas the cost of \$6.50 for a regular angling licence would not deter most people who now purchase a 3-day licence from fishing in Ontario; and

Whereas while a short-term non-resident angling licence is perhaps desirable, a licence of only 3 days duration is not sufficient.

Therefore be it resolved that the Department of Lands and Forests be requested to abolish the present 3-day non-resident angling licence, and that the thoughts of the Ontario Tourist Industry and other jurisdictions be ascertained concerning the subject before a possible new short-term angling licence is brought out.

Three-day licences have been issued for only two seasons. In the past four years, licence sales have increased by about 15,000 per year, but a major increase* was recorded on introduction of the 3-day licence.

	Non-Res. Angling	Org. Camp	3-Day	Total
1960	396,213	4,893	401,106
1961	409,873	6,202	416,075
1962	426,775	6,533	433,308
1963	405,162	4,168	69,401	478,736*

An estimated 25-30 thousand extra people purchased licences in 1963 as a result of the 3-day licence. Before any change, the interests of all groups concerned would be considered.

2. REMOVAL OF GILL NETS — LAKE OF THE WOODS:

Whereas angling in the Lake of the Woods waters has been the foundation of our very valuable visitor industry and continues to be the main attraction, thereby providing the largest portion of our visitor dollar; and

Whereas the opening of new roads in Ontario and other provinces has opened areas that can provide more attractive angling conditions and results; and

Whereas there has been a definite worsening of the Lake of the Woods reputation as angling waters, primarily because of the unusually small fish taken in recent years; and

Whereas it is generally agreed on by those catering to the angling visitor that the presence or knowledge of the fact that gill nets are permitted in the waters is sufficient proof to the angler that the poorer fishing conditions are caused by the gill net operations, and that the small fish he is catching is of the size that passes through such nets; and

Whereas a reduction in income from our angling visitors results in economic hardship on the camp operator, the merchant he does business with and, still more drastically, on the Indian people who derive a substantial income from the industry.

Therefore be it resolved that the Department of Lands and Forests be petitioned to establish a policy of removal of gill nets from the Lake of the Woods and that

(Mr. Dick Watson)

We are investigating the use of impounding gear in a number of areas of the Province. In some places such gear, which involves extensive capital outlays by the fishermen, is not as yet effective. Tests will be conducted to establish the applicability of various kinds of gear in Lake of the Woods this summer. It is not desirable to exclude the harvest of commercial fish in these important waters, which harvest is an important part of the management of the total fishery.

<p>in their place impounding gear be used that will permit the return of game fish to the water and that such operation be supported by the Federal Department of Indian Affairs and the Ontario Department of Tourism and Information.</p>		
<p>3. BUSH SURVIVAL INSTRUCTION 7-64: Whereas the number of hunters lost each year is increasing and is mainly due to lack of bush education; and Whereas the tremendous expenses involved trying to locate these hunters creates a tax burden which could be minimized through better bush instruction.</p>	<p>Northern Ontario Tourist Outfitters' Association. (Mr. Dick Watson)</p>	<p>Some survival instructions are already included in the Department's educational program. Consideration could be given to providing additional emphasis.</p>
<p>Therefore be it resolved that survival instructions be printed on the back of all hunting licences.</p>		
<p>4. LICENSED GUIDES FOR NON-RESIDENT DEER HUNTERS 8-64: Whereas in the Rainy River District hunting regulations require that non-resident deer hunters must be accompanied by licensed guides; and Whereas in the adjacent hunting area of Kenora District licensed guides are no longer required, and guides, where used, do not have licences; and Whereas many times, while hunting, the District line is crossed unknowingly; and</p>	<p>Northern Ontario Tourist Outfitters' Association. (Mr. Dick Watson)</p>	<p>The statutory provisions respecting guides were removed from the Act in 1962 but were reinstated at the request of the people of Rainy River District. It has since been found advisable to make regulations requiring guides at Moosonee and Lake St. Clair to have guide licences. In all other areas no licence is required.</p>

Whereas during the deer hunting season in the Rainy River District there are not enough guides available to provide a guide for each two non-resident hunters; and

Whereas the same regulations should apply to the entire area opening on October 1st.

Therefore be it resolved that guide licences and the necessity of having a guide to each two non-resident deer hunters in any part of the hunting area opening on October 1st be abolished.

5. PULPWOOD DRIVES IN RIVERS AND LAKES AFFECTING TOURIST OPERATORS:

Whereas in the Province of Ontario, rivers, streams and lakes are the property of all citizens of Ontario; and

Whereas rivers, streams and lakes are navigable waters covered by the Navigable Waters Act; and

Whereas tourist resort operators, cottage owners, local residents and thousand of tourists every year use these waters for their relaxation and enjoyment; and

Whereas a few pulpwood companies monopolize on their strength and bigness by driving their pulpwood in these waters and blocking them for great distances thereby depriving all the above-mentioned people of the use of these waters, contrary to the Navigable Waters Act.

Therefore be it resolved that the Federal Government be made to enforce the Navigable Waters Act all over the Province of Ontario, wherever similar conditions occur.

Northern Ontario
Tourist Outfitters'
Association.
(Mr. Dick Watson)

The Department endeavours to resolve conflicting interests by meeting with companies, using rivers or lakes for the flotation of logs, and with tourist operators who claim to be affected.

Agreements are usually reached between tourist operators and the lumbering interests on the use of the resource. One case, in particular, is that of driving on the Mississagi River, and an agreement was reached this year on the scheduling of pulpwood drives and the booming and storage of logs on Red Rock Lake.

<p>6. PUBLIC ACCESS AND RECOGNIZED STREAM IMPROVEMENT TECHNIQUES:</p> <p>Whereas the amount of stream trout fishing waters that are available to the general public in Southern Ontario have decreased substantially and are continually decreasing due to lease, purchase or other agreements by individuals or groups of individuals who have on many streams, completely or almost completely, barred the general public from the use of such streams; and</p> <p>Whereas most streams in Southern Ontario are in need of recognized stream improvement techniques which would greatly improve their production capacity.</p> <p>Therefore let it be resolved that the Department of Energy and Resources Management provide adequate public access to streams and undertake stream improvement programs on streams on which the Department or its agencies carry out watershed improvement programs with public funds.</p>	<p>Ontario Federation of Anglers and Hunters. <p>7. ONTARIO FISHERY REGULATIONS — RECIPROcity OF ANGLING IN THE OTTAWA RIVER:</p> <p>Whereas on page 4 of the Summary of the Fishing Laws 1963 for the Province of Quebec it is stated: "In co-operation with the Province of Ontario, arrangements have been made for reciprocity of angling in the Ottawa River, from and including Lake Temiskaming. That privilege is extended to bona-fide residents of the Provinces of Quebec and Ontario and also to non-</p>	<p>Ontario Federation of Anglers and Hunters. residents of each province who are licensed by either province to fish in the waters of that province. Special seasons and bag limits are in force for Quebec and Ontario (see Summary of Limits)"; and

Whereas it appears we have the privilege of reciprocity but, because of lack of formal information in this connection, we hesitate to take advantage of it.

Therefore let it be resolved that the Ontario Federation of Anglers and Hunters request the Ontario Government to place a section in the Ontario Fishery Regulations similar to that contained in the Quebec laws and clearly define therein as to whether transportation of fishing gear by a non-resident is permitted over land and that a uniform interpretation be placed on the agreement between the two provinces.

8. DEFINING DOGS FOR HUNTING PURPOSES: (Resolution No. 65-5-H1)

Whereas the new Game and Fish Act (Statutes of Ontario, 1961-62, Chapter 48, as amended by 1962-63 Chapter 32) deletes the definition of types of dogs not to be used for hunting deer, caribou and moose; and

Whereas the use of the dog commonly known as "police dog" (Alsatian) or crossbreed thereof, or Greyhound or crossbreed thereof, is known for its killer instinct and speed respectively.

Ontario Federation of
Anglers and Hunters.
(Mr. Ted Yeates)

Police dogs or crossbreeds have seldom been used for hunting deer. Greyhounds are extremely rare and not used for hunting commonly. No complaints have been received of any ill-effects from the removal of the restriction on dog numbers for deer hunting, and most hunting parties do not use more than two or three dogs for a drive. No field observations are presented to support the resolution.

RESOLUTIONS	BY WHOM	COMMENTS
<p>Therefore be it resolved that the Ontario Federation of Anglers and Hunters petition the Department of Lands and Forests to revert to Section 33, Subsection 2, and Section 34, Subsection 2, Chapter 153, as amended by Chapter 40, 1960.</p> <p>NOTE: Section 33, Subsection 2: Subject to subsection 3, while hunting caribou, deer or moose, no party of two or three, four or five, six or seven, or eight or more shall use or be accompanied by more than one, two, three, or four dogs respectively and no such dog shall be of the breed commonly known as "police dog" or any crossbreed thereof.</p> <p>Section 34, Subsection 2: No owner of a dog commonly known as a Greyhound, or any crossbreed thereof, shall allow it to pursue game or run at large on Sunday in any area which game usually inhabits or in which game is usually found.</p> <p>9. SHIPPING COUPONS AND SEALS: (Resolution No. 65-5-H3)</p> <p>Whereas the new Game and Fish Act (Statutes of Ontario, 1961-62, Chapter 48, as amended by 1962-63, Chapter 32) does not call for the tagging of game prior to transportation; and</p> <p>Whereas this allows a person to take more than the legal limit of game by transporting their game at different times; and</p>		<p>It is known that hounds and mongrels are serious enemies of deer especially in the late winter and early spring. However, it is an offence to let such dogs run at large.</p>
	<p>Ontario Federation of Anglers and Hunters. (Mr. Ted Yeates)</p>	<p>The taking of more than the legal limit of deer applies only to small local areas and even here this is based often on suspicion and not on fact. Few infractions occurred when seals were in use. With respect to big game, "limit hunting" is not achieved very frequently.</p>

Whereas if there was a seal it would automatically cancel their licence as far as transportation is concerned.

Therefore let it be resolved that the Ontario Federation of Anglers and Hunters petition the Department of Lands and Forests to reinstate Clause 69, Subsection 1 of The Game and Fish Act, 1961 (Revised Statutes of Ontario, 1960, Chapter 158, as amended by 1960-61, Chapter 32).

NOTE: Section 69, Subsection 1:

Therefore shall be issued with every hunting licence one or more shipping coupons or seals with which game taken under the licence may be shipped during the open season for the game or within four days thereafter, except that game birds may be shipped at any time within the current calendar year.

Be it further resolved that the Ontario Federation of Anglers and Hunters petition the Department of Lands and Forests to revert to the steel band seal.

10. PROHIBITED PERIOD FOR KEEPING GAME:

Whereas the new Game and Fish Act (Statutes of Ontario, 1961-62, Chapter 48, as amended by 1962-63, Chapter 32) deletes the clause, "Possession of Game in closed season"; and (Resolution No. 65-5-H4)

Regulations have now been passed requiring the sealing of big game before transportation.

The box-car type of seal has a number of disadvantages; a new plastic-type seal is being investigated.

<p>Therefore let it be resolved that the Ontario Federation of Anglers and Hunters petition the Department of Lands and Forests to revert to Section 44, Subsection A of The Game and Fish Act, 1961-62 (Revised Statutes Ontario, 1960, Chapter 158, as amended by 1960-61, Chapter 32).</p>

THE OPEN SEASON ON MOOSE:
(Resolution No. 64-1-H7)

Whereas due to a marked increase in the population of the Province of Ontario and an easing of the restrictive measures in the harvesting of moose, there is now a substantially greater number of resident hunters than in previous years; and

Whereas we are convinced that the Department of Lands and Forests desires to make or amend regulations governing the harvest of our wildlife crop by hunters which will best control and perpetuate the species and which will at the same time safeguard, before all others, the rights and interests of persons residing in the Province; and

Whereas under present regulations, the non-resident hunter may obtain a licence to hunt moose, beginning with the first day of the open season, and frequently is making his kill along highways and access roads at a time when mild weather and the considerable distances travelled combine to create a situation in which meat is most liable to spoilage; and

Ontario Federation of
Anglers and Hunters.
(Mr. Ted Yeates)

During warm weather, hunters, whether resident or non-resident, would have preservation of their game uppermost in their minds. With relatively inexpensive air transportation available and the number of freezing establishments increasing, spoilage of meat can be held to a minimum if reasonable care is exercised.

A Saturday opening for moose which is proposed for the next three years will provide more opportunity for resident hunters on opening day.

Encouragement in realizing the full value of our wildlife in terms of economic as well as recreational aspects is essential to our overall well-being.

Ontario is now the major moose hunting area on the North American Continent.

COMMENTS

This is an important tourist attraction and contributes substantially to the local and general economy. Any measure tending to discourage non-resident hunting would not be in the best interests of the Province.

Whereas we are firmly of the opinion that the right to hunt moose, in that part of the District of Thunder Bay that lies south of the main line of the Canadian National Railway, should be withheld from non-resident hunters for the two weeks of the open season, and that by so doing, much needless waste will be eliminated and the non-resident hunter will be put in the position, and quite rightly so, of having to seek the services of outfitters, lodge operators and guides.

Therefore let it be resolved that Zone 1 of the Ontario Federation of Anglers and Hunters recommend to the Central Executive Committee that the Fish and Wildlife Division of the Ontario Department of Lands and Forests be requested to take under advisement and give earnest consideration to the following recommendations for a change in the present regulations governing the open season on moose:

1. That whatever date be set for the opening of moose season, the right to hunt moose in that part of the District of Thunder Bay that lies south of the main line of the Canadian National Railway, be withheld from non-resident hunters for the first fourteen (14) days of the open season and the Act be amended so as to establish clearly the fact that it shall be unlawful for non-resident hunters to kill or to be in possession of a moose during this period.

2. That such change be implemented as soon as possible.

3. That this be established on a trial basis of, say three (3) years and that the Ontario Department of Lands and Forests and the Ontario Federation of Anglers and Hunters undertake to assess the advantages and disadvantages of such changes. On the basis of these findings, a decision to maintain or rescind such changes may be made.

13. Whereas the results of winter fishing on Temagami Lake will continue to be detrimental to the fish population. Also, the development of the iron mines in the close proximity of Temagami Lake which will encompass and destroy the fish population on five lakes where the natural water drainage flows into Temagami Lake, should be cause for serious consideration on the part of the Department to finally do something to help conserve what fish and wildlife is left in the area.

Whereas it is very doubtful that winter fishing has been of any monetary benefit to the Village of Temagami touristwise. Close investigation has revealed that very few carnival visitors took in the fishing during those three days. The carnival excuse has been used to exploit the winter fishing on Temagami Lake. In view of the fact that hundreds of people will be added to the area in the near future to develop the iron mines, we can look forward to the winter fishing by the miners to be on the same scheduled time, i.e. three shifts daily. These results will not only finally deplete our fish population

(Mr. D. Derosier)

Creel census and other programs are in progress to determine any effect of winter angling on the total harvest of lake trout on Lake Temagami. Netting and sampling lake trout this spring has been planned. The popularity and recreation value of winter angling has reached a point where it can no longer be dismissed on the basis of opinion alone. If evidence indicates that winter angling is harmful in Lake Temagami, suitable controls will be put into effect.

RESOLUTIONS

but will greatly reduce our tourist business and discourage tourists from coming to our area in the summer as this winter fishing gets more publicity.

Therefore be it resolved that all winter fishing on Temagami Lake be closed from October 15th, 1965, to May 1st every year in the future. This closed season would, in our opinion, end all controversy and the bitter feeling it is causing our summer residents who pay all the taxes on Temagami Lake so they can enjoy their vacation. There are a large number of other lakes north and east of Temagami Lake where the summer tourist investment is practically nil which are left open to any winter fishermen. It appears that the vociferous voices of the great minority carry more weight and less trouble for the powers that be, at the expense and injustice of the majority of conservationists and sportsmen in our province. The winter fishermen leave their garbage on the ice, or dump it on private property. They cut our trees for shelter and wood. The owners of the islands have no rights to defend themselves against these winter vandals; winter fishermen by the hundreds use the ice surface as a bathroom.

14. Whereas the use of hatcheries for lake trout restocking seems to be decreasing rapidly under the present management program in favour of speckled trout as results of visits to North Bay Hatchery, and others, have revealed. The trouble still seems to be a great shortage of lake trout eggs. Again the impression is gained that the path of least effort by the Department to raise more fish is followed, regardless of value to

COMMENTS

There has been no reduction in the number of lake trout produced in our Provincial hatcheries in recent years. The Department expects to supply 10,000 lake trout yearlings for planting in Lake Temagami in 1965, which is the largest single planting in the North Bay area and one of the largest in this Province.

fishermen who look for a game fish that can be caught from early spring to fall. Speckled trout fishing is enjoyed mostly in the spring by local residents and is not readily available to the regular season of tourist business. The walleye is, everybody must agree, the most important game fish in all Canadian waters. They are highly praised as food and are considered the easiest fish to catch. They are up near the surface from early May through the summer and everybody, including children, can enjoy walleye fishing. It is, therefore, very essential to give this highly prized fish top priority in any future fish management program.

Therefore let it be resolved that a definite program of increased efforts be made to collect more lake trout spawn from the many northern lakes of this area where the spawn can be transported quickly to the proposed new hatchery to be built at North Bay this year.

Be it therefore resolved that the possibilities of stocking walleye fry in small bodies of water near Temagami Lake, where they could be raised to six months and released in the big lake. We would like to be given the opportunity to experiment with this procedure. The writer has not been able to find any evidence of these methods tried or proven unsuccessful. Temagami Lake has several natural waterfalls from small lakes into the big lake that could also be used for the short period of time to hatch walleye eggs. Our Association would be willing and ready to assist actively and financially to make this effort a success. The Department could supply the glass jars — they seem to have plenty in stock for this operation. The Department should, in

The North Bay district staff plans to undertake a study involving the culture of walleye on an experimental basis in co-operation with the Temagami Lakes Association. Although the Department *does not* recognize the need for the restocking of walleye in waters in which they are already established, we are prepared to provide stock for introductions and experimental studies when required.

RESOLUTIONS

our opinion, enlist the active support of all fish and wildlife organizations who are hollering for more fish, to co-operate with the Department in any effort which might increase the population of fish and wildlife in all areas of the province.

15. Whereas the area of Temagami Lake in itself is more than the local game overseer can cover or supervise to enforce the game and fish laws. Also, that to the writer's knowledge of past experience, the forest ranger is not and has not ever answered a call from our Association, when the regular warden was off duty or away on holiday; the excuse being always short of personnel for conservation. The shortage of game overseers and poor salaries is always answered the same in briefs to the Department. They agree whole-heartedly but never do anything about it. The above area covers 1,600 islands and 300 miles of shoreline.

Whereas if there was not the present overlapping of authority between Lands and Forests and Fish and Wildlife, we feel results of problems facing us all in this matter, would bring quicker actions to solve them.

Be it resolved that at least a Deputy Minister be appointed to supervise the Department of Fish and Wildlife with a committee of top biologists to have the final authority to implement and carry out the badly needed and overdue fish and wildlife management pro-

gram in the field as well as office or laboratory. The confusion of overlapping of these two departments was no doubt the result of five lakes in the Temagami Lake area being closed to winter fishing for several years. No one seemed to be up-to-date on fish regulations and these lakes were continually fished in the winter. This is further proof that each department of government should be held responsible for its particular line of responsibility.

16. Whereas the feeling in the northern part of Ontario is that too much effort is being made to restock the Great Lakes at the expense of the northern lakes tourist operators who advertise for tourists; the tourists spend more money the farther north they come. The writer has been to some of our hatcheries and has seen the efforts made to put fish in international waters, mostly for commercial fishermen of both countries.

Be it resolved that this policy should be changed to favour our tourist trade that really brings in the money for our economic survival. The Department of Tourism is checking all tourist operators to see that they treat the tourists right and give them their money's worth. But, we also want some help to provide some recreation for the tourist when he does get here. Northern Ontario's big drawing card is still the fishing. Our Temagami area has nothing else to offer but fishing, swimming and boating. We strongly recommend that all government departments go all out to improve our fishing and hunting recreation, or at least keep it from being wiped out.

Temagami Lakes

(Mr. D. Derosier)

The hatchery fish stocking program is based on demonstrated need. Particular attention has been given in recent years to the lake trout rehabilitation program on Lake Superior where 472,400 fingerlings were planted by Ontario and 2,122,000 were planted by U.S. Departments in 1964. This program has not seriously affected the stocking of inland waters. For example, Lake Temagami has been stocked regularly for the past five years:

1960 —	4,000 lake trout yearlings
1961 —	2,500 lake trout yearlings
1962 —	10,000 lake trout yearlings
1963 —	10,000 lake trout yearlings
1964 —	10,000 lake trout yearlings

Whereas our Association creel census for 1964 summer covering a spot check of fishermen on Temagami Lake showed that it took the efforts of seven hours fishing to get one fish; and many personal complaints of no fish at all. The writer being in the tourist business, where hundreds of people stop in to shop and talk about their poor fishing, is in a good position to assess the discouragement of unsatisfied tourists. Many leave for Northeastern Quebec where they claim they can at least catch northern pike and walleyes.

Be it resolved that more field surveys should be made by qualified fish and wildlife personnel to follow up the complaints of dissatisfied tourists in the north country.

We hope to have the completed figures available to present at the two-day meeting of Fish and Wildlife, March 17-18, 1965.

Whereas for a number of years the States across our international boundary line have established trout fishing ponds for tourist and public fishing; and

Be it further resolved that this pond be established in the immediate area of the Robert Saunders' Power Dam, west of Cornwall, and be adequately stocked by the Department each year.

The existence of a fish sanctuary does not insure that poaching will not take place. The rainbow trout season is closed during

Many of our club worked closely with the local conservation officer during the 1964 spring run of rainbow trout patrolling these rivers in an attempt to cut down on the numbers of fish being taken illegally. The greatest single obstacle hindering success, we found, was the smelt run. During the smelt run, smelt fishermen by the hundreds converged on these rivers. Having no legal bounds, they were free to roam the length of the rivers, carrying lights, and dip nets, two tools that make poaching child's play. Our conservation officer advised having, if possible, two men on each river for as many of the dark hours of each day as possible, but we soon discovered it is impossible for two men to maintain a proper patrol with several hundred smelt fishermen tramping up and down the river banks. It is not our desire to deprive smelt fishermen of the right to fish, but merely to restrict their fishing activities within certain boundaries. For example, we would suggest that a boundary be drawn approximately 100 yards upstream from the river mouth. In any case this would include all or most of the good smelt fishing area. This would keep people out of the trout spawning areas and make the job of conservation officers and deputies much easier.

We feel there are several good substantial reasons for your consideration and action on this portion of the petition, but even the one example we have pointed out is, in our opinions, worthy of your consideration.

29. Our club feels, and we beg your consideration on this matter, that trout spawn should be declared illegal bait. We believe, in fact know, that many rainbow trout are poached for the sole purpose of acquiring

the time of the smelt run, and the difficulty of proving that a person was actually fishing in the sanctuary still exists.

The carrying of a net and a light does not constitute an offence.

spawn for bait and even for sale as bait. Last spring, while patrolling one of the local rivers, two of our members found two rainbow trout lying on the river bank with their bellies cut open and the spawn removed. This is just one instance, there are many more, some much more worthy of mention, but this example we know to be true, while the others are just rumoured. We feel legislation on this clause would be a great boon in the conservation of rainbow trout.

30. Further, our club would like to see the opening of the trout season changed from the usual midnight opening to a daylight hour such as one-half hour before sunrise. Opening night is the poacher's dream when everyone and hisson are on the river with lights blazing, landing nets ready, and a fishing pole close at hand in case the authorities might just happen along. These first five or six hours of the trout season make poaching almost legal. This midnight opening is also akin to the presence of alcohol with the fishermen. I have heard several conservation officers refer to this during conversations, and mention the difficulties they experienced with some of these fishermen. A morning opening, we feel, would almost completely solve this problem and would greatly reduce the number of fish being taken illegally. We ask you to find sufficient merit in all three clauses of this petition, and that your consideration and actions will bring about legislation that will ensure the conservation of the rainbow trout for the angling pleasure of us, our sons and their sons to come.

RESOLUTIONS

Whereas the 1964 hunting season in this area on moose, deer, and bear were October 1st, 1964 to January 3rd, 1965, November 2nd to November 14th, 1964, and September 1st, 1964 to June 30th, 1965, respectively; and

Therefore be it resolved that the hunting seasons for this area on moose, deer and bear for the 1965 season remain unchanged.

the moose season, recommended to run from Saturday, October 2nd, 1965 to January 8th 1966. At present very few moose are harvested after Christmas. The extension of 5 days (net change is 4 days*) was recommended to permit those with motorized winter vehicles such as snow toboggans to take advantage of under-harvested moose populations in relatively inaccessible areas.

*In 1964 the season was October 1st to January 3rd or 95 days. In 1965 the season recommended is October 2nd to January 8th or 99 days.

There are conservation officers in the Department trained in assessing complaints of predation and of undertaking predator control when it is required. This problem will be referred to the Predator Control Officer for this area.

Temagami and District Chamber of Commerce.

Therefore be it resolved that the Department of Lands and Forests be requested to bring into this area a group of professional hunters for a period of one or two weeks to reduce the area's overly large predatory wolf population.

43. WOLF TRAPPING IN ALGONQUIN PARK:

At a very recent meeting of the Almaguin Highlands Tourist Association the following resolution was adopted:

That the Secretary write the Fish and Wildlife Branch of the Department of Lands and Forests, that trappers on the western boundaries of the Algonquin Park be permitted to take wolves a reasonable distance inside that border, during the months of August, September and October and that the trappers so doing be compensated on the bounty system which exists.

It is well known that the deer population, while having recovered somewhat, is still at a low ebb in this area. We do not suggest that the wolf is the only reason for the decline in deer population but we do respectfully suggest that they could impede this recovery.

There are 250 business establishments licensed under the Department of Tourism and Information in the Almaguin area. There are none which do not receive benefit from the stimulating effect of this natural resource. We would hasten to point out, Sir, that your Department is aware of the revenue derived from licensing in this District each fall. We look forward to any step your Department takes to assist the deer population.

Almaguin Highlands
Tourist Association.
(Mr. D. F. Raaflaub)

In conjunction with the wolf research program, eighty-one animals were collected in the study area (southwest portion of Algonquin Park), and it is believed that this reduced the wolf population to almost nil. Subsequent flights have borne out this belief in that few wolves, if any, have been observed. There are very few wolves toward the extreme west side of Algonquin Park.

There does not seem to be any valid reason for permitting the trapping of wolves in Algonquin Park in view of their reduced numbers.

RESOLUTIONS

We do request that you and your Department will give this proposal your serious consideration.

44. A. In the first place, I think that the Department of Lands and Forests has done well (in this district) by better supervision, more deputies and particularly that instruction and training scheme.

45. B. The hunting season could easily be cut a month with the end on January 31st instead of February 28th. We do not have the heavy snows now, and that allows more people to be around in the bush. It might satisfy landowners by cutting off this dead month.

46. C. Keep the ban on Sunday hunting. I notice a weakening of regulations further north, and trust that such will not occur in the southern counties. How come deer hounds are allowed to annoy people on a Sunday? I have just chased one off my place!

47. D. I understood that numbers would appear on hunters' coats. Is this the year?

Noted.

The termination of small game hunting in agricultural Southern Ontario on February 28th is partially so in recognition of the landowner-sportsmen relations problem. If this season were to extend only to January 31st in southern areas hunting opportunities would be decreased considerably.

Sunday hunting is not permitted south of the French and Mattawa Rivers by regulation. Those people who work a six-day week have expressed a desire to have "backwoods" areas opened to Sunday hunting but such is not contemplated at present.

It is an offence to permit dogs of any description to run at large during the closed season for deer in any areas where deer are usually found.

The numbered backpatch was tried experimentally in the fall of 1964 with the issue of regulated township licences. Initial reports

indicate that the system was successful, but there are still some minor problems to be solved before the principle can be applied to all licences. A further trial with the township licence will be conducted this fall.

48. E. We do not need hounds in the three-day deer season; it would be convenient for the hunters but would merely antagonize more farmers.

John Houser,
Sharon, Ontario.

At present, dogs are not permitted in deer hunting in those areas of southern Ontario where short deer seasons exist. There are times, however, when a dog is useful (e.g., tracking wounded animals).

49. F. Vandalism, killing of birds. I think that more education of the urban public by the Department is necessary. Use can be made of Radio, T.V. and school instruction.

Every opportunity is used by Department personnel in furthering the precepts of sportsmanship.

50. BACK PATCHES:

Be it resolved that the Amalgamated Game Commission approve of the back patch and that they served a good purpose, but it felt the patch should be made of stronger material or protected in some way as the material used went soft in wet weather.

Improvement in the quality of back patches is being sought. When these are taken into general use the best quality of material available will be used. It is expected that the use of transparent plastic licence holders will be general.

51. TOWNSHIP LICENCES:

Be it resolved that the township licence should have a place for the signature of the applicant so that it can be compared with the signature on the gun licence, and also a place to write the gun licence number.

RESOLUTIONS

52. TOWNSHIP LICENCES:

Be it resolved that, due to the small number of licences sold to *bone fide* farmers and due to the increased cost of raising pheasants, the Amalgamated Game Commission recommends that the resident township licence be raised to \$2.00.

It is recommended by the Game Commission to go on record that the Department plant a few Hungarian partridge in these areas due to the fact that they were plentiful in the past.

It was moved and seconded that the pheasant hunt be from October 20th to November 6th, in the Amalgamated Game Reserve.

Recent revisions in the Township licence fee permitted the increase in resident fees to \$1.00 by township by-law. This applies particularly to non-rural township residents. The rural landowners might well continue to enjoy the thirty-cent licence.

The supply of Hungarian partridge for distribution is very limited at present. Areas for release are being explored and assessed in the light of suitable weather and habitat factors but the demand exceeds the supply. Suitable areas are being stocked as fast as stock becomes available.

This recommendation (except for Clarke and Darlington Townships) will likely be followed since the suggested season dates are almost identical to those of 1964.

The Department now has a nucleus of native bobwhite quail for breeding purposes. It is hoped that their progeny will be used for public hunting as well as for distribution

geny of quail developed here for many years and which have become acclimatized and hardened to our Ontario weather. We can see no detrimental effect on existing hardy strains under such a program, as the released birds would perish before breeding season in the spring, were they not hardy enough to survive in our climate.

56. LICENCE FEES:

It is felt that the existing \$5.00 fee on American visitors is too high. The preserve operators provide all the game taken on the preserves, and there is absolutely no game taken which has not been stocked by the operator. Also, the shooting preserve operator is required to pay a fee of \$100.00 plus a propagating fee of \$10.00, plus a 5c. fee for each bird shot and tagged. Also, the licence is valid only on a shooting preserve. Therefore we would ask that the licence fee for American visitors be reduced to \$1.00 to coincide with the resident gun licence, or be eliminated entirely.

57. AWARDING OF PHEASANT CONTRACTS:

Many pheasant propagators feel that in the past Department contracts have been let to certain breeders who were not qualified to fill such contracts with an apparently detrimental effect on further issuance of contracts. We would therefore ask what policies the Department intends to follow in the future in its pheasant-raising program.

to private operators.

There is a risk in general release of non-native strains of quail; some of these, though able to withstand the Ontario climate, could weaken the native wild stock.

Ontario Game Bird Breeders' Association.
(Mrs. B. Remmler,
Stevensville, Ontario)

The \$5.00 licence was created recently when many people objected to the \$21.00 general small game hunting licence for non-residents hunting on Licensed Game Bird Hunting Preserves. At this time, no further change is contemplated, since the \$1.00 licence proposed would not supply enough revenue to cover the cost of issue.

Following recent improvements at both Provincial game bird farms, it is possible to obtain quality birds in sufficient numbers at reasonable cost and with assurance of delivery when the birds are required. At present our requirements are being met from this source. If we find that more are needed than can be produced from the Provincial farms, outside suppliers will be sought.

RESOLUTIONS

58. BACK BADGES:

The St. Catharines and Lincoln County Game and Fish Protective Association is pleased to note the efforts of the Department of Lands and Forests in having the back badge issued with all Township hunting licences in Regulated Game Preserve Areas, as was recommended by this Association in 1964.

At present these back badges are all of one colour, "Yellow". This does not indicate to the landowner, the conservation officer or other hunters that the licence held by the wearer is for the area in which the hunter is hunting.

At the present time in some counties, the township hunting licence is valid for the pheasant shoot in only one township. In other counties, two, three or more townships honour each other's licences for the pheasant hunting. By legislation, the township hunting licence is valid in all townships within the one county for the hunting of rabbit or fox.

It is realized that to have each township back badge of a different colour might be impossible. As the pheasant season is for only two weeks' duration and the rabbit and fox seasons are for four months, it would seem advisable to have all back badges in one county of the same colour. There are sixteen to eighteen counties in the Regulated Game Preserve Areas. A series of any four colours would be all that is needed: i.e., yellow, red,

COMMENTS

The proposed system of using different-coloured licences will be investigated and used if practicable.

green, orange. For example, in the Niagara district, the Counties of Lincoln, Welland, Wentworth and Haldimand would use these colours. Essex, Kent, Lambton and Elgin could use the same colours. East of Toronto, York, Ontario, Durham and Peel could also use the same colours. It would be necessary to see that the counties adjoining each other had a different colour.

In 1964 the Federation of Agriculture, representing many thousands of landowners on whose property the sportsmen hunt, presented a resolution asking for the back badge as a needed protection for the landowner.

The St. Catharines and Lincoln County Association strongly endorses the Regulated Game Preserve Area system, which controls the concentration of hunters in any one area, as most essential to good farmer-sportsman relations. With the present system of all township back badges being one colour, the purpose of the Regulated Game Preserve Areas is defeated, and the landowner is not receiving the protection that is needed for good farmer-sportsman relations.

We recommend that the back badge be issued in different colours to each adjoining county.

We recommend that a further effort be made to educate the sportsman as to his own safety by printing "safety slogans" on Department seasonal regulations.

64. GUNS ENCASED:

Whereas conservation officers have different opinions on the meaning of a rifle or gun being encased; and

Whereas duck hunters, coming in from the marsh at night, having left their cases in the car, have been checked by conservation officers for this offence; and

Whereas if a hunter has dismantled his gun, he is trying to obey the intent of the law.

It has always been difficult to enforce the law with respect to "dismantling guns". The statute as it stands has worked well throughout Ontario, and in most cases conservation officers make reasonable allowance for those coming out of duck marshes. Strict enforcement has been demanded by sportsmen's organizations, and the Department is anxious to discourage late shooting to reduce losses of ducks due to darkness.

When in 1957 live minnow, as bait, was banned in nine lakes of the North Frontenac area, it was thought then, as it is now, that this was sound conservation action. However, since there now appear to be differences of opinion, we are submitting a questionnaire to our full membership and to neighbouring clubs or sportsmen's groups and, rightly or wrongly, we will be influenced by the majority. We will notify our Tweed District forester of the result of this questionnaire immediately the result is known. Now, however, our recommendation is:

A great many lake surveys have been completed during the past 10 years in each of the districts in Ontario. The task of surveying all of the lakes in each district is almost insurmountable because of the large number of lakes in the Province. Nevertheless, the field staff will continue to schedule new lake surveys as money and men become available.

The prohibition against the use of live bait-fish in Frontenac County was revoked in the 1965 regulations. Indications were that the prohibition of this most effective bait resulted in decreased catches in the lakes affected.

The 1965 season will be June 26th to November 30th. The suggestion to extend the season beyond November 30th will be considered, since bass are not normally taken during the winter months.

Adjustments have been made in conservation officer salaries. The Civil Service Commission has revised overtime regulations which are now effective. We are studying means of providing additional officers.

RESOLUTIONS

82. Whereas the weather in the past few years has been inclined to be considerably warm in the first weeks of November; several deer killed, and left hanging in the bush, have spoiled.

Therefore be it resolved that deer hunting season open on the second Monday of November.

83. Whereas in the past few years, as there has been considerable misinterpretation of The Game and Fish Act and of the Department's fishing regulations, operators have been unable to state any definite date fishing season opens.

Therefore be it resolved that the Department's regulations cover pike and pickerel on the same dates and be from the second Saturday in May until February 21st in the Counties of Lanark and Leeds. This would assist the Department in having fishing huts removed from the ice before the spring break-up and would be beneficial to enforcement problems.

84. Carelessness and wilful damage on the part of some hunters have forced some local farmers and residents to post their property. This has arisen from the lack of enforcement and backing of the Department in some cases.

Therefore be it resolved that the Department step up their enforcement regulations in order that the city hunters will not walk through the area and find it completely posted with No Hunting signs. This, in a few years, is most certain to present a serious problem, in that many will give up the sports of hunting and fishing. Should posting be allowed to continue as it is, in a short time several inland lakes, accessible only through private property, will be completely closed. Now is the time to look ahead and eliminate these problems before sporting is seriously marred in our counties.

beaver and mink be reduced.

Therefore be it resolved that the royalty on beaver and mink be reduced from \$1.00 per skin to 50c. per skin and that the royalty on other fur pelts be studied by the Department and brought more in line with current market values.

88. RED FOX AND RACCOON:

Whereas the demand for well-handled, seasonable red fox and raccoon pelts has increased in recent years; and

Whereas the price the trapper receives for these pelts has improved over that received several years ago; and

Whereas these animals are being hunted for food and sport long before their pelts become prime.

Therefore be it resolved that fox and raccoon be again classed as fur-bearers and the open season for taking them by hunting or trapping be from November 1st to February 28th and a royalty of 10c. be collected for each pelt taken.

89. MARKING TOP-QUALITY PELTS WITH A DISTINCTIVE "ONTARIO" STAMP:

Whereas there has been a noticeable drop in the price for raw beaver pelts during the current season; and

Whereas beaver is the most important revenue-producing species for the Ontario trapper; and

Ontario Trappers' Association.

In 1963, only 1,647 fox pelts were reported as taken by trappers. In 1964, this had increased to 2,625. For raccoon, the 1963-take was 9,189 and 11,025 in 1964. There appears to be no real conflict yet between trappers and sportsmen. Should this develop, the taking of foxes and raccoons by trappers only could then be considered. Meanwhile, the trappers can take as many fox and raccoon as they wish without paying any royalty.

The question of providing a standard of quality-grade for furs and its administration by the government in the interests of all trappers would need further study. The Association could establish its own standards if it wished.

RESOLUTIONS

Whereas approximately 65 per cent in dollar-volume to the trapper comes from beaver in Ontario wild fur production; and

Whereas Ontario also produces other species of wild fur that are of top quality in comparison to similar species of fur taken in other provinces and in other countries; and

Whereas the Ontario Trappers' Association feels that top-quality wild fur taken in Ontario should have some distinctive mark on each pelt showing that it originated in Ontario when it reaches world markets; and

Whereas the Ontario Trappers' Association Fur Sales Service is the only agency in Ontario that is capable of grading and marking top-quality pelts.

Therefore be it resolved that the government of Ontario take the necessary steps to ensure that top-quality Ontario pelts will be marked as such and that the O.T.A.F.S.S. be appointed to set up such a wild-pelt marking agency under the direction and supervision of the Ontario government.

NOTE: The importance of beaver for garments should be promoted domestically. Beaver coats made today are very different from the heavy, bulky garments of 30 or 40 years ago. This applies to muskrats which are the second or third revenue-

producers for the trappers. Modern methods and techniques of handling Ontario muskrats can produce a coat so attractive in colour and texture that it is difficult to tell the difference between it and an Alaska fur seal. The former is also lighter in weight and has wearing qualities that are unexcelled. Ontario wild mink from certain localities are made up into most attractive and desirable garments. Ontario otter are well known in the trade for good quality and colour. Inexpensive fisher pelts can be manufactured into very attractive winter hats for men as demonstrated by the Ontario Trappers' Association Fur Sales Service.

90. MARKING WOLF PELTS FOR BOUNTY:

Whereas there is a considerable demand for wolf pelts as trophies and as rugs and throws; and

Whereas there is a constant demand for wolf heads by Cub packs and Scout organizations; and

Whereas the present method of marking wolves by cutting across the top of the head, to show bounty has been paid, destroys their value as trophy pelts or rugs or for use by Boy Scout organizations.

Therefore be it resolved that the method for marking wolves be by cutting across the lower jaw only or by using a prick hammer to show that bounty has been paid.

Ontario Trappers' Association.

This matter will be studied. The pelts are worth \$5 to \$15 each to the trapper.

92. LICENSING OF GUIDES:

Whereas the trapper due to the nature of his trapping activity has a thorough knowledge of his area and its potential as a fishing and hunting area; and

Whereas many trappers are employed as guides during the spring, summer and fall months; and

Whereas there have always been capable guides and inefficient guides; and

Whereas, since the removal of the guides' licence from many sections of Ontario, any person whether capable or not can now act as a guide.

Therefore be it resolved that the Department of Lands and Forests should reinstate the guides' licence and that there should be at least two classes of guides: first, the experienced guide; and second, the not-so-experienced, or "learning guide", each with a distinctive licence and/or badge.

93. RESTRICTION OF HUNTING AND FISHING PRIVILEGES ON TIMBER LIMITS OWNED BY PRIVATE OPERATORS.

Whereas large areas of timber limits are restricted by private operators to fishing by the public; and

Whereas large areas in many cases are used as private game reserves by the operators and their friends; and

Most of the regulations applying to lakes in the District of Timiskaming were revoked this year with respect to the use of live bait.

Whereas Nellie Lake has been a fish sanctuary since 1947; and		

Whereas it has been impossible to receive any co-operation from the Cottage Owners' Association.

Therefore be it resolved that Nellie Lake be opened for lake trout fishing from January 1st to October 15th.

96. PUBLIC DOCK AT TWIN FALLS, CALVERT TOWNSHIP, DISTRICT OF COCHRANE:

Whereas the Abitibi River above Twin Falls is used by a very large number of hunters and fishermen; and

Whereas the river is an access to many hundreds of miles of hunting and fishing areas.

Therefore be it resolved that the Government erect a public dock at Twin Falls as soon as possible.

97. STOCKING OF PICKEREL IN SUITABLE LAKES:

Whereas the stocking of pickerel in suitable lakes has proven very successful in various areas in northern Ontario; and

Whereas fish and game clubs are very keen to assist in such projects; and

Whereas pickerel are very popular game fish.

Therefore be it resolved that the Department of Lands and Forests look into the possibility of stocking suitable lakes with pickerel.

Ontario Northland Conservation Federation.

This matter has been referred to the District Forester at Cochrane and will receive consideration as a possible access point by the Lands and Surveys Branch.

We will investigate the possibility of pickerel introductions in suitable northern Ontario waters.
