85. Mr. McGuinty – That the Legislative Assembly of Ontario calls upon all federal party leaders and Ontario candidates in the upcoming federal election to outline their plan to ensure Ontario is treated fairly so that our province has the same opportunities to succeed as the rest of Canada, including:
- fairness for unemployed workers who currently receive \$4,630 less in benefits and supports than Canadians in other provinces;
  - fairness for Ontario’s public health care system which is receiving \$773 million less in per capita funding this year than the rest of Canada;
  - fairness for our economy in southern Ontario, the only region in Canada with no federal economic development programs;
  - fairness in Ontario’s infrastructure funding that is being short-changed by \$970 million in per capita funding compared to the rest of Canada;
  - fairness in equalization payments with a commitment that if Ontario qualifies for payments under the Equalization program, that we will receive our full share of funding as the program exists today, and;
  - a commitment to reduce the drain on Ontario that is now caused by annual transfers of more than \$20 billion from this province for programs and services in the rest of Canada.

87. Mr. McGuinty – That the Legislative Assembly of Ontario acknowledges our province faces economic challenges created by the high dollar, high international oil prices, the US economic slowdown, international economic turmoil, and increased global manufacturing competition from China and India especially;

That just as Ontario families do when finances get tight at home, the Ontario government should make adjustments as necessary to its finances while protecting our shared priorities, such as health care, education, the environment and public safety;

That the investments made over the last five years in vital public services and Ontarians' key priorities like skills training, infrastructure, education, and health care will help Ontario weather the economic challenges in the short term and emerge stronger than ever;

And affirms our strongest possible support for Ontario workers, and families, and for a healthy, growing economy by continuing to implement the five-point economic plan that includes: investing in the skills of our people, making targeted tax cuts, investing in research and innovation, investing in infrastructure, and partnering with businesses, while also expanding trade ties within Canada and internationally and seeking fairness from the federal government for Ontarians.

Mr. Runciman moved:-

M. Runciman propose:-

That the motion be amended as follows:-

Striking out all of the text after “That the Legislative Assembly of Ontario acknowledges” and replacing it with the following:

That, instead of seeking legislative approval to run a deficit and/or raise taxes, the government of Ontario take real action to address the province's economic crisis;

That the taxpayers of Ontario deserve an immediate and comprehensive financial statement that fully opens up the public books, revealing the true state of everything from government revenues to reserve funds, what savings the government has found, and how it plans to handle any financial shortfalls;

That people who have lost their jobs or are worried about their futures deserve a comprehensive and realistic economic action plan designed to save existing jobs, attract new jobs and investment, and help the unemployed find new work here in Ontario;

That businesses struggling to stay afloat deserve competitive taxes, less red tape, sensible apprenticeship ratios, and a genuine customer service approach that welcomes new investment;

That families working to make ends meet deserve to see their government do what they are doing in tough times – discipline their spending and look for value for money – and that this should be reflected in sensible public sector restraint on hiring and wage increases, especially at the top;

That all Ontarians deserve to see their government provide leadership in this crisis, partnership with other levels of government, and accountability for the areas where it has control; and

That, putting partisan politics aside, all parties in the Ontario legislature should work cooperatively to implement these steps and others that will protect people's jobs and investments, restore Ontario's competitiveness, and put our province back on the path to prosperity.

Mr. Prue moved:-

M. Prue propose:-

That the amendment to the motion be amended by adding the following:-

That the government needs to immediately respond to current economic instability, the 230,000 jobs lost in the manufacturing sector, and the 40,000 direct and indirect jobs lost in the forest products industry by implementing a strategy that includes:

- An industrial hydro rate so that Ontario's manufacturing and resource companies can count on stable, competitive hydro policies at a time when many competing jurisdictions have far lower industrial rates.
- A Jobs Protection Commissioner to help at-risk companies overcome financial difficulties – and save jobs.
- A Buy Ontario policy that would ensure that streetcars, subways, and buses continue to be made right here in Ontario resulting in the protection of thousands of good-paying jobs.
- Tougher plant closure legislation that would ensure that everything is done to prevent a profitable plant or mill from closing and enhanced, mandated severance.
- Expansion of severance eligibility and an increase in advance notice in mass layoff situations.
- Pension and wage protection that would make sure that workers get every penny they are owed from their employer when their company becomes insolvent or goes into bankruptcy.
- And finally, a refundable manufacturing and resource investment tax credit that would provide a real incentive for manufacturers and processors to invest in the building, equipment and machinery that leads to high paying, good quality jobs.

Immediately direct the Provincial Auditor to conduct an audit of the flawed "Experience Rating" program;

Recognize the fact that tens of millions of dollars have been drained out of the WSIB's accident fund each year by employers who have learned how to play the game of "Experience Rating";

Recognize the fact that Experience Rating reduces employer claims – not worker injuries;

Recognize the fact that the practice of experience rating actually encourages employers to mis-report or under-report injuries and occupational diseases, force injured workers back to work before they are medically ready, and pay workers sick pay rather than have them receive compensation benefits;

Recognize that this hides the true extent of workplace injuries and illnesses in Ontario;

Recognize that employers actually receive rebates after they have been penalized for workplace injuries and occupational diseases and deaths; and

Recognize that the rebates flowing to employers under the program often exceed the cost of the original fine. Addressed to the Premier of Ontario.

4. Mr. Runciman – Whereas, Ontario's rural schools are the hub and heart of their communities; and

Whereas, in September 2007, the McGuinty Liberals promised they would keep rural schools open because, in the words of Premier McGuinty, "For rural kids, few things are more important than being able to go to school in your own community, with your own friends. Rural schools help keep communities strong, which is why we're not only committed to keeping them open – but strengthening them"; and

Whereas, in less than nine months after the Premier made this promise, over 50 rural schools are slated for closure;

The Legislative Assembly of Ontario calls upon Premier McGuinty to suspend any and all board-recommended rural school closures until both the funding formula review and a thorough assessment of alternate uses for rural schools have been completed. Addressed to the Premier of Ontario.

5. Mrs. Witmer – That, the Legislative Assembly of Ontario calls upon the McGuinty government to restore public confidence in Ontario's healthcare system, by immediately initiating an independent investigation into the sad and tragic deaths caused by outbreaks of C. difficile in Ontario hospitals and report back to the Legislature in 90 days; and the Legislative Assembly of Ontario calls upon the Government of Ontario to hold a public inquiry to determine what steps can be taken to reduce the risks of outbreaks and prevent further deaths related to C. difficile. Addressed to the Premier of Ontario.

1. Mr. Runciman – That the Legislative Assembly of Ontario calls on the Premier of Ontario to support much-needed changes to the Youth Criminal Justice Act, including:
  - Expanding publication of names of young offenders convicted of violent crimes;
  - Ensuring that persons aged 14 and older convicted of violent crimes face sentences proportionate to the severity of the crime, including life for 1st - or 2nd - degree murder; and
  - Making it easier to detain young offenders, prior to trial, who are charged with violent offences, or a pattern of offences. Addressed to the Premier of Ontario.

2. Mr. Runciman – That the Legislative Assembly of Ontario calls upon the Ontario government to establish a Select Committee on the Ontario Economy to consider and report on options to address the challenges faced by Ontario families and businesses in the province's current weakened economy.

The Terms of Reference for this Select Committee shall be as follows:

- The committee shall, among other matters, review the government's current five-point economic plan and the proposals raised by members of this House during debate on the Government Motion on the economy tabled October 7, 2008. It shall make recommendations on specific measures to be undertaken by the government in the short term to address Ontario's most immediate and pressing challenges, as well as recommendations for a long range multi-year economic recovery plan.
- The committee shall be empowered to invite witnesses to appear before it as it deems necessary.
- The committee shall be non-partisan in makeup, being composed of five (5) Government members, three (3) members of the Official Opposition, and two (2) members of the Third Party. It shall be chaired by a Government member, and a member of the Official Opposition shall serve as Vice-Chair. The membership of the committee, including the identification of the Chair and Vice-Chair, shall be filed with the Clerk of the Assembly by the Whips of the recognized parties no later than October 31, 2008.
- The committee shall have the authority to meet concurrently with the House and during any adjournment of the House, notwithstanding prorogation.
- The committee shall have the authority to commission reports relevant to the terms of reference, and to travel within Ontario, if the committee deems travel to be necessary.
- The committee shall present an interim report with recommendations on immediate measures to be undertaken by the government no later than December 11, 2008, and the committee shall present its final report to the Legislative Assembly no later than March 15, 2009. If the House is not sitting, the committee has the authority to release any report by depositing a copy of it with the Clerk of the Assembly, and, upon resumption of the sittings of the House, the Chair of the committee shall present such report to the House in accordance with the Standing Orders. Addressed to the Premier of Ontario.

- Mr. Runciman – Whereas Mr. Nathaniel O’Brien, a convicted violent offender, linked by DNA evidence to two alleged violent sexual assaults, was released on bail and subsequently charged with the senseless murders of Susan John and her mother Saramma Varughese in the sanctity of their home; and

Whereas the Crown failed to appeal the bail decision to the Superior Court, despite DNA evidence and police concerns related to Mr. O’Brien’s release; and

Whereas the Crown compounded its failure to appeal by not requesting electronic monitoring of Mr. O’Brien; and

Whereas Mr. O’Brien was released on a \$10,000 bond, with no deposit;

The Legislature of Ontario calls upon the McGuinty government to stand on the side of victims and their families and immediately call a public inquiry, under the Public Inquiries Act, into the circumstances surrounding Mr. O’Brien’s bail release. Addressed to the Premier of Ontario.

**Ruled out of order on October 27, 2008. With unanimous consent, the following motion was substituted in its place and designated as Opposition Day Number 3.**

3. Mr. Runciman – Whereas the alarming number of murders and other violent crimes allegedly committed by violent criminals who were out on bail for other alleged violent crimes in Ontario raises Ontarians’ fears for their safety and shakes the public’s confidence in the administration of justice in Ontario; and

Whereas the issue of violent crimes alleged to have been committed by people out on bail when they should have been behind bars based on their past criminal behaviour is a serious public safety problem that the McGuinty government has failed to address since being first elected in 2003;

The Legislature of Ontario calls on the McGuinty government to call a public inquiry into Ontario’s bail system. Addressed to the Premier of Ontario.

**Debated and lost on division October 28, 2008.**

4. Mr. Hampton – Whereas adult caregivers such as grandparents and other custodians do their best to provide stability for children placed in their care due to often unforeseen and unfortunate circumstances; and

Whereas the duration of custody often extends for an indeterminate length of time and previous regulations recognized the realities of these custodial relationships; and

Whereas most seniors are ineligible for Ontario Works assistance on the basis of their eligibility for seniors’ income assistance programs that have no provisions to address the custodial responsibilities of these individuals; and

Whereas grandparents are ineligible for foster parents supports and the Ministry of Community and Social Services’ Temporary Care Assistance provision was the only program available to these custodial grandparents before the McGuinty government eliminated this assistance by changing the provisions in July 2008;

The Legislative Assembly of Ontario calls on the McGuinty government to undo its punitive revisions to the Ministry of Community and Social Services’ Temporary Care Assistance directive and support Ontario’s grandparents and other temporary caregivers as they seek

to work in the best interests of some of Ontario's most vulnerable children. Addressed to the Premier of Ontario.

5. Mr. Runciman – Whereas Bill 119, An Act to amend the Workplace Safety and Insurance Act, 1997, will impose an oppressive \$11,000 new tax on small construction companies in Ontario; and

Whereas the notion that the bill will improve workplace safety is questionable, as it includes thousands of office workers who never set foot on a construction site; and

Whereas there are still serious and alarming concerns about the wisdom of the McGuinty Liberals imposing this additional tax burden on business, especially during a severe economic downturn in this province; and

Whereas the changes proposed under the bill will not come into effect until 2012, giving the McGuinty Liberals more than adequate time to allow a much more democratic process before they push the bill through using their majority;

The Legislature of Ontario calls on the McGuinty government to extend public hearings on the bill to communities across Ontario in early 2009 and allow all Members to speak to the bill before it becomes law. Addressed to the Premier of Ontario.

### **SPRING PERIOD 2009**

1. Mr. Runciman – Whereas, under the McGuinty government's watch, the province's total debt has grown by a whopping \$62 billion to \$173 billion; and

Whereas, our total debt load has already escalated to \$13,515 for every man, woman and child in Ontario; and

Whereas, the McGuinty government has increased government spending by an unmanageable 40 percent; and

Whereas, despite difficult economic times, the McGuinty Liberals intend to continue squandering Ontarians' hard-earned tax dollars by spending beyond their means with a deficit of at least \$18 billion over 2 years;

The Legislative Assembly calls upon the Premier and his government to publicly announce a detailed deficit reduction plan with specific measures and timelines to eliminate, in the very least, the McGuinty deficit of \$18 billion. Addressed to the Premier of Ontario.

**Debated and lost on division April 1, 2009.**

2. Mr. Runciman – Whereas, the budget introduced on March 26, 2009 would give the McGuinty government the authority to spend an extraordinary and unprecedented amount of taxpayer money;

Whereas, since 2005, the Auditor General has been highly critical of the McGuinty government's lack of accountability, controls and transparency with respect to transfers of taxpayer money, particularly at the end of the fiscal year;

That the Legislative Assembly call on the McGuinty government to amend Bill 162 to provide that the McGuinty government table reports in this House no later than 5 sitting days before the end of each of the sitting periods of the 2009-2010 fiscal year:

- a. to provide on-going economic and fiscal updates;
- b. to detail the actual implementation of the budget;
- c. to itemize the actual effects of the budget with respect to the minimizing of existing job losses, the creation of new private sector jobs, the provision of economic stimulus in a manner fair to all regions of Ontario, the assurance that the government's deficit is not a burden to future generations;
- d. to disclose the name of the project to which the infrastructure funding is being provided, the nature of the project and what it is intended to achieve in fighting the recession, its location (including the provincial electoral district in which it is located), the amount of provincial funding involved, any other funding partners and the amounts of their contributions, the department and program under which the provincial funding is being provided; and

That each such report shall automatically and immediately be posted on an accessible and interactive government website, and be referred to the Standing Committee on Estimates and to the Auditor General. Addressed to the Premier of Ontario.

**Debated and lost on division April 8, 2009.**

3. Mrs. Witmer – Whereas, the McGuinty government has no plan to address hospital deficits and protect patients' services; and

Whereas, the health policies of the McGuinty government are responsible for the elimination of out-patient services, bed closures, the layoff of hospital staff such as nurses and the potential loss of hospital services and emergency rooms in communities such as Ottawa, Cornwall, Belleville, Kingston, Kitchener, Cambridge, Guelph, Hamilton, Burlington, Fort Erie, Welland, Port Colborne, St. Catharines, Simcoe, Alliston, Strathroy, Petrolia, Wallaceburg, Chatham, Sudbury, Burk's Falls, Pickering, Ajax, Oshawa and Toronto; and

Whereas these decisions are being made unilaterally by Local Health Integration Networks (LHINs) without full consultation and consideration of the concerns of the residents in these affected communities;

The Legislative Assembly calls on the McGuinty government to acknowledge the needs of Ontario's growing communities and our aging population and develop a plan to address growing hospital volumes, protect patients' services, prevent nurses from being fired and address growing hospital deficits. Addressed to the Premier of Ontario.

**Debated and lost on division April 29, 2009.**

4. Mr. Runciman – Whereas on March 26, 2009, Dalton McGuinty once again broke his solemn promise to Ontarians and announced a massive McGuinty sales tax; and

Whereas the McGuinty sales tax increase will force homebuyers and sellers to pay more tax on services associated with real estate transactions, including but not limited to: legal fees, moving expenses, real estate commissions, development charges, home inspection fees and other closing costs; and

Whereas the McGuinty sales tax will cause home renovators and builders a massive McGuinty-driven cost increase through increased McGuinty sales tax charges; and

Whereas the McGuinty sales tax will cause vulnerable citizens, including seniors and renters, significant cost increases due to McGuinty sales tax charges; and

Whereas under Dalton McGuinty, Ontario homeowners have already been faced with a barrage of increased costs including skyrocketing property assessments and land transfer taxes; and

Whereas an economic recession is the worst time for Dalton McGuinty to increase taxes and erect further barriers to home ownership; and

Whereas the housing renovation, construction, sale and resale industries are a pillar of the economy in Ontario:

The Legislative Assembly of Ontario calls upon Premier McGuinty to acknowledge that, due to the current economic downturn, this is the wrong time to move forward with his ill-advised plan to yet again increase taxes on all people of this province. Addressed to the Premier of Ontario.

**Debated and lost on division May 4, 2009.**

5. Ms. Horwath – Whereas over 65% of working Ontarians have no workplace pension coverage;

Whereas the current economic and financial crisis has highlighted the weaknesses in the Ontario pension system;

Whereas the stock market meltdown has highlighted the negative impact on individuals near retirement saving solely on their own;

Whereas legislation currently under debate clearly states that the province has no obligation to ensure that the Pension Benefits Guarantee Fund (PBGF) can meet its commitments, potentially leaving tens of thousands of workers and retirees in the lurch and without a secure retirement; and

Whereas the under-funding of the PBGF means that members of under-funded plans may not even receive the \$1,000 per month minimum amount guaranteed, something that has never happened before in Ontario:

That, in the opinion of this House, the Ontario government should ensure that all Ontarians who currently lack a workplace pension have access to a decent retirement income by:

1. Providing a universally accessible province-wide pension plan;
2. Fully backing the province's Pension Benefit Guarantee Fund so that all current Ontario pensions are fully protected. This would require an increase in the monthly

benefit guarantee to at least \$2,500 as recommended in the Arthurs pension report; and

3. Ensuring that all pensions are fully portable and that plan members receive all monies paid into their plans including all monies contributed by employers. Addressed to the Premier of Ontario.

**FALL PERIOD 2009**

1. Mr. Hudak – That, in respect of the Auditor General’s forthcoming report on eHealth Ontario, the Legislative Assembly of Ontario authorize the Standing Committee on Public Accounts as follows:

That the Subcommittee of the Committee shall have the authority to call before the Committee any witnesses it deems necessary to conduct a review of the report, including, but not limited to, Premier McGuinty, Minister Smitherman, Minister Caplan, current and former members of the eHealth Ontario Board of Directors and current and former employees of eHealth Ontario;

That the Standing Committee on Public Accounts has priority over all other Committees with respect to its sitting time;

That the Committee shall complete its review and file its report on this matter no later than 60 days after the release of the Auditor General’s report;

That the Committee be authorized to meet at the call of the Chair and notwithstanding prorogation; and

That the Committee may, if requested, permit any portion of its proceedings to occur in camera. Addressed to the Premier of Ontario.

**Debated and lost on division September 30, 2009.**

2. Mr. Hudak – That the Legislative Assembly of Ontario call upon the Premier of Ontario to appoint a Commission of Inquiry with a mandate to identify, examine and report on:

- a. whether there was any deliberate price-fixing and bid-rigging of contracts at eHealth Ontario and the eHealth program at the Ministry of Health and Long Term Care;
- b. untendered contracts awarded by Management Board of Cabinet;
- c. whether Ministry officials were ordered to obstruct the Auditor General from accessing offices and records of the Ministry of Health and Long-Term Care; and
- d. whether there were affiliations between the Liberal Party of Ontario and persons involved in the eHealth scandal, including but not limited to former political staff in the offices of Premier McGuinty and Minister Smitherman. Addressed to the Premier of Ontario.

**Debated and lost on division October 28, 2009.**

3. Ms. Horwath – Whereas the Ministry of Health and Long-Term Care has an annual budget of almost \$43-billion, the largest of any Ministry;

Whereas the Auditor General in his report on the Electronic Health Initiative explicitly said, “Throughout the years, oversight of the EHR initiative has not been effective”;

Whereas the MOHLTC transfers more than \$14-billion to hospitals and almost \$3-billion to long-term care facilities;

Whereas neither hospitals nor long-term care facilities are subject to Ombudsman oversight nor are they covered by the Freedom of Information and Protection of Privacy Act; and

Whereas in a number of other provinces, hospitals and long-term care facilities are subject to Ombudsman oversight and are covered by Freedom of Information legislation;

That, in the opinion of this House, the Government of Ontario should act immediately to ensure that all MOHLTC transfer payment agencies, LHINs and all MOHLTC-funded agencies, boards and commissions are subject to Ombudsman oversight and are covered by the Freedom of Information and Protection of Privacy Act. Addressed to the Premier of Ontario.

**Debated and lost on division November 3, 2009.**

4. Mr. Hudak – That the Legislative Assembly of Ontario direct the Standing Committee on Public Accounts to call Sarah Kramer and Dr. Alan Hudson before it to give evidence with respect to the Auditor General’s special report on Ontario’s Electronic Health Records Initiative. **Debated and lost on division November 17, 2009.**

5. Ms. MacLeod – That the Legislative Assembly of Ontario call on the Premier and the Minister of Finance to hold extensive public hearings on Bill 218, An Act to implement 2009 Budget measures and to enact, amend or repeal various Acts, with such hearings taking place over a minimum of three weeks and in a minimum of ten communities across the Province of Ontario. Addressed to the Premier of Ontario.

**WANT OF CONFIDENCE**

**CENSURE**

Mrs. Witmer – Whereas, the McGuinty government is unwilling to acknowledge the severity of the deadly outbreak of C. difficile in Ontario, in spite of 300 known deaths in only 7 hospitals which have reported to date; and

Whereas, the McGuinty government has ignored a recommendation from the Canadian Medical Association to take immediate action on C. difficile, in light of deaths related to C. difficile several years ago in Quebec; and

Whereas, the McGuinty government, despite repeated calls by the Official Opposition, has failed to appoint an independent investigator to look into the tragic and preventable deaths caused by C. difficile in Ontario and has also refused to allow the Ombudsman to investigate the outbreak; and

Whereas, the McGuinty government, despite repeated calls by the Official Opposition, has failed to call a public inquiry, so that the public would know why these preventable deaths occurred and steps could be taken to prevent further deaths related to C. difficile in hospitals throughout Ontario; and

Whereas, the McGuinty government has failed to reassure the public by providing a comprehensive plan to combat C. difficile, putting the public at further risk of contracting C. difficile in Ontario hospitals; The government no longer has the confidence of this House.
