B. Pense, Esquire, whose election had been declared void, Edward J. B. Pense, Esquire, has been returned as elected accordingly, as appears by the Return to the said Writ of Election, dated the sixth day of February, 1906, which is now lodged of record in my office.

CHARLES CLARKE,
Clerk, L. A.

Toronto, February 12th, 1906.

The Honourable Frank Cochrane, Member for the East Riding of the District of Nipissing, having taken the Oaths and subscribed the Roll, took his Seat.

The House then adjourned during pleasure.

And after some time the House resumed.

His Honour William Mortimer Clark, K.C., Lieutenant-Governor, then entered the House, and being seated in the Chair on the Throne, was pleased to open the Session by the following gracious Speech to the House:—
Mr. Speaker and Gentlemen of the Legislative Assembly:—

I take great pleasure in meeting you again as representatives of the Province in Parliament assembled.

Our very earnest thanks are once more due to Almighty God for the bountiful harvest of the year that has passed, which even excels the one that called for our gratitude last year. With this harvest, the market conditions have been such as to maintain the prosperity which our farmers have enjoyed in recent years. This has been noticeable in the dairying industry, the output of which has been very large. The evidences of steadily increasing enterprise and activity on the part of our people, which have been apparent for several years past, are to be seen on all sides at the present time, and afford good reason for congratulation and thankfulness.

The past year has been the most successful in the history of the Agricultural College from the standpoint of the number of students, the number of farm visitors and the amount of work done. For the first time in its career, the total number of students of all classes exceeded one thousand. The MacDonald Institute has apparently taken firm hold on the appreciation of the public, and farmers' daughters have come to its halls in numbers that promise a very bright future for the institution. You will be asked to provide funds for increasing the teaching facilities of the College in various departments.

The past year has shown a large increase over previous years in the number of immigrants settling in Ontario. Preparations are being made to receive and settle a larger number during the present year, who will be directed to the farms of the Province. With increased facilities and an improved system, it is confidently expected that the immigration and colonization work of this Government will reach the highest mark yet attained. The funds appropriated are being used solely to assist in providing farm and domestic help.

Since the last meeting of the Legislature, His Excellency, Earl Grey, Governor General of Canada, accompanied by Countess Grey and their estimable family, have visited several sections of the Province, and the Seat of Government has been honoured by their presence on two occasions. The people of the Province have noted with satisfaction the great interest taken by His Excellency in all matters affecting their welfare and happiness. The extensive experience gained by His Excellency in the various public positions which he has occupied renders his opinions on such questions of the greatest possible value; while the interest manifested by the Countess Grey in all movements of a philanthropic and social nature, has been a source of great satisfaction.

You will be pleased to learn that the operation of the first section of the Temiskaming and Northern Ontario Railway for the past year has been very
satisfactory,—the income being largely in excess of the expense of operation,—
and that the construction of the extension of this road has been proceeded with
in the most energetic manner.

The growing importance and value of the mineral interests of the Province
call for the most careful consideration and management, and necessary amend-
ments to the Mining law will be submitted to you for your consideration.

Since the last Session, an agreement has been arrived at with the Dominion
Government for the negotiation, on equitable terms, of a Treaty with the
Indians who occupy large portions of the Province not now under Treaty.

Among the measures to be submitted to you for your consideration, in
addition to the amendments of the Mining law above mentioned, will be;
Bills, respecting County Councils; respecting the Department of Lands and
Mines; amending and consolidating the Liquor License Act; amending the
Volunteer Land Grants Act; revising and amending the Railway Act, the Street
Railway Act, and the Electric Railway Act; amending the Agricultural and
Arts Act; amending and consolidating the several Acts relating to Companies:
revising and amending the Acts relating to Public Schools, and the Act respect-
ing the Department of Education; respecting the University of Toronto; and
amending the Supplementary Revenue Act, 1899, providing for the taxation of
Railways.

The extraordinary possibilities which the future may have in store with
reference to Electric Power, are still attracting increased attention on the part
of scientific and practical men. It is expected that the report of the Commiss-
ioners appointed to enquire into and report upon Hydraulic and Electric Power
in the Province, will be laid before you before the close of the Session. A mass
of information has been collected, which will, no doubt, be of great value in the
future consideration of this very important question.

In the month of October last, a Commission was appointed to report upon
a scheme for the management and government of the University of Toronto in
the room and stead of the one under which the said University is now governed
and for other purposes. The report of the Commission is expected shortly.

You will be glad to learn that the revenues of the Province are largely in
excess of the Estimates and more than sufficient to meet the Provincial expendi-
ture during the year.

The Public Accounts will be laid before you for your consideration at the
earliest moment, and the Estimates for the coming year will also be submitted
for your approval at an early date.

His Honour the Lieutenant-Governor was then pleased to retire.
Mr. Speaker then reported, That to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

On motion of Mr. Whitney, seconded by Mr. Foy, a Bill was introduced intituled "An Act respecting the Administration of Oaths of Office to persons appointed as Justices of the Peace," and the same was read the first time.

On motion of Mr. Whitney, seconded by Mr. Foy,

Ordered, That the Speech of His Honour the Lieutenant-Governor, to this House, be taken into consideration To-morrow.

On motion of Mr. Whitney, seconded by Mr. Foy,

Resolved, That Select Standing Committees of this House, for the present Session, be appointed for the following purposes:—1. On Privileges and Elections; 2. On Railways; 3. On Miscellaneous Private Bills; 4. On Standing Orders; 5. On Public Accounts; 6. On Printing; 7. On Municipal Law; 8 On Legal Bills; 9. Mr. Harcourt asked the following Question:

Was any offer made to the Government, or any Member thereof, during the year, 1905, for the purchase of the Temiskaming Railway Construction Bonds, or other securities, or for any portion of them. If so, what was the offer and by whom was it made.

To which the Treasurer replied in the words following:

During the year 1905, the Government received seven definite proposals for the purchase of securities to be issued by the Province. Several of the parties offering to purchase asked that their offers be considered confidential unless a sale was completed. As the sale of a permanent issue of stock or bonds has not yet been completed it is deemed not to be in the interest of the Province that the details of these offers should be made public at the present time. During the present year, a proposal has been received from responsible parties which would secure to the Province a higher net rate than any previous offer.

The Government is considering the subject.

Mr. Sutherland asked the following Question:

1. What has been the average milk production per year of the Dairy Herd kept at the Ontario Agricultural College Farm from and including the years 1895
to 1896. 2. Has the record published in the above years included all the cows in the herd, and if not, what percentage. 3. Is the milk from the Dairy Herd credited to, or charged up to the Experimental Dairy, or the Dairy School and what amount and at what price, during the years 1895 to 1906. 4. What amount is charged up to the Experimental Dairy for hay, grain, pasture, silage, roots, straw, etc., supplied from the Experimental Farm in each of the years from 1895 to 1906. 5. What is the price paid per 100 pounds, per year for milk supplied to the Experimental Dairy and Dairy School at the said College and what amount, per year, to patrons not connected with the College, in each year, from 1900 to 1906. 6. What has been the cost per pound, for the gain in weight, in the experiment in fattening, long keep and short keep steers, at Farm, in connection with College, from the years 1901 to 1906.

And the Minister of Agriculture replied in the words and figures following:

1. 128,200 lbs. Average number of cows, 19.9.

2. The published record includes all cows which have been in the herd for the full year.

Since 1902 the milk from the Herd has nearly all been sent to the College. No cash charge is made to the Experimental Dairy, at any time, for herd milk.

4. No charge is made.

5. Milk is not purchased by the 100 pounds but at the rate of so much per pound fat in the milk, which rate varies from 18 to 25 cents per pound fat. The price paid per 100 lbs. milk, therefore, varies according to the test and a definite answer cannot be given.

The Committee have carefully examined the Petition of the City Council of Toronto, praying that an Act may pass to enable the Municipality to take over the property, rights and franchises of the Toronto Railway Company, upon the terms and conditions which the agreement with the Company provides for the City taking over the railway at the termination of the Company’s franchise; to interpret a certain agreement with the Company and for other purposes, and find that a notice, setting out most of the matters prayed for in the Petition, was published in the “Ontario Gazette” and in the “Mail and Empire” for a period of six weeks as required by the Rules of this Honourable House.

The Committee also find that another notice setting forth the remaining objects prayed for by the said Petition, viz., the construction of lines of standard gauge upon independent routes within the limits of the City of Toronto, for the use of radial electric railways, and to raise money to defray the cost thereof, and to empower the City to make agreements with electric railways for the use of the said lines, was published in the “Ontario Gazette” on the 10th, 17th and 24th days of February last, and on the 3rd and 10th days of March instant, and the Committee are credibly informed that the said notice will also appear in the “Ontario Gazette” in its issue of the 17th day of March instant; a Declaration

The Committee are also credibly informed that since the appearance of the before mentioned notices, the Corporation of the City have found certain additional legislation to be necessary, and a Supplementary Petition has been presented to this Honourable House and laid before the Committee, praying that an Act may pass to authorize the City Council to pass By-laws from time to time to raise the sum of $50,000 towards the establishment of a Sanatarium; the Committee find that notice of the proposed Legislation has appeared in the following publications on the days severally named, in the "Ontario Gazette" on the 3rd and 10th days of March instant. "The Toronto World" on the 3rd and 7th days of March instant, in the "Mail and Empire" on the 7th and 10th days of March instant, in "The Globe" on the 7th and 10th days of March instant, and in "The Star," "The News" and "The Evening Telegram" on the 7th day of March, instant.

The Committee also find that the Petition asks for power to purchase Parks and Play grounds and to issue debentures, not exceeding $220,500, for certain permanent works and improvements, and have had fyled before them a Declaration shewing that a notice setting forth the intention of the Corporation to apply for legislation in connection with these matters has been published in "The World," "The Mail and Empire," "The Globe," "The News," "The Star" and "The Evening Telegram" on the 9th and 10th days of March instant.

Mr. Jessop asked the following Question:

Has the Government taken any action in order to stop, or limit the exportation of Natural Gas from Ontario into the United States of America, and if not, is it the intention of the Government so to do.

And the President of the Council replied that

The matter is under the consideration of the Government.

Mr. McCoig asked the following Question:

1. Has application been made to the Government for recompense for loss of fruit trees, ordered to be destroyed, by officials, with the view of freeing orchards from the San Jose Scale, or to assist, as was formerly done, or in any other way, those who desired to get rid of the pest, and if so, what reply has been made.  2. Does the Government contemplate granting any aid in either case.

To which the Minister of Agriculture replied as follows:

Application has not been made to the present Government for compensation for the destruction of fruit trees infested with San Jose Scale.

In 1905, the Department of Agriculture conducted, for the benefit of the fruit growers, experiments in the use of spraying materials, and carried on demonstrations at certain points in methods of spraying. The continuation of this work is now under consideration.

In 1905, the Department also supplied applicants with spraying materials at wholesale rates and paid transportation charges thereon. Because of the cheapness of the materials now used in the treatment of the Scale, and the ease with which a few farmers can combine and secure same at wholesale rates, it is no longer deemed necessary that this assistance should be given by the Department, and in reply to enquiries it has been stated that this form of assistance would not be continued.
Mr. May asked the following Question:

1. What steps, if any, have been taken to protect the business men of Ontario from the effect of the Quebec Statute, requiring Commercial Travellers and others, whose principals have not a fixed place of business in the Province of Quebec, to take out a license and pay a heavy tax. 2. Is it the intention of the Government to take any steps in the matter, with a view to the Disallowance or repeal of the said Act. 3. Is it the intention of the Government to introduce similar Legislation in Ontario

And the Treasurer replied that,

1. The Government have been in correspondence with the Government of Quebec, as to this tax, in consequence of which, it is believed that the incidence of the tax has been considerably modified as to travellers from Ontario.

2. The matter has not been considered by the Government.

3. It is not the present intention of the Government to introduce similar legislation.

Mr. Harcourt asked the following Question:

1. Does the Province claim the proprietary interest in the waters of the International Streams in Ontario, and if so, will any steps be taken to safeguard the interest of the Province to the waters of the Niagara River on the Canadian side of the Boundary Line. 2. Is the Government aware that a communication has been sent by the Government of the United States of America to the British Government, asking the intervention of the latter in preserving the scenic effects at Niagara Falls, and if so, is the Government taking any action to have the Province represented during the negotiations between those Governments, should any arise. 3. Has any correspondence taken place between the Government of Ontario and the Government of Canada on this subject, and if so, will it be laid upon the Table of the House.

To which the President of the Council replied that

All questions relating to the proprietary, or other interest, of the Province in International Streams and the newspaper reports of correspondence between the Government of the United States and the British Government, relating to the waters of Niagara Falls, have been receiving the attention of the Government. No correspondence has passed between the Government of Canada and the Government of Ontario on the subject.
On motion of Mr. Pense, Seconded by Mr. Preston (Brant),

Ordered, That the Clerk of the Crown in Chancery be directed to lay upon the Table of the House, facsimiles of the Ballot papers furnished to the Returning Officer and Deputy Returning Officers, and used in the recent Bye Elections in the City of Kingston and in the North Riding of the City of Toronto.

Mr. Speaker communicated to the House:

Report of the Librarian on the state of the Library. (Sessional Papers No. 47.)

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Eleventh Report, which was read as follows and adopted.
The Committee have carefully examined the following Petitions and find the Notices as published in each case sufficient.

Of the South Western Traction Company, praying that an Act may pass to amend the Act of Incorporation; to extend the time for completion; to confirm certain by-laws and for power to extend line.

Of William Walter Pope, praying that an Act may pass to amend Cap. 101, 52 Victoria, providing for his admission to practice in the Courts.

Of the Young Men's Christian Association, of St. Catharines, and others, praying that an Act may pass to ratify and confirm By-law No. 1,781 of the City of St. Catharines re certain Assessments.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Twelfth Report, which was read as follows and adopted.

The Committee have carefully examined the Petition of the City Council of Ottawa, praying that an Act may pass to ratify and confirm certain Local Improvement By-laws; By-law No. 2,519, regulating the mode of construction of certain buildings; to authorize certain expenditures, and for other purposes, and find that notices covering a portion of the matters sought for by the Petition appeared for the period of six weeks in “The Ontario Gazette” and also in “The Citizen,” “The Free Press,” “Le Temps” and “The Ottawa Evening Journal,” these last four named newspapers being published in the City of Ottawa.

The Committee have had a Declaration filed before them setting forth that another notice covering certain other matters sought for by the Petition has been published for three weeks in the “Ontario Gazette,” and in the before-mentioned newspapers, and is now current;

The Committee have also examined another Petition of the City Council of Ottawa, praying that an Act may pass to ratify and confirm By-laws Numbers 2,532 and 2,537, with reference to “The Electric Department,” and find that notice of the proposed legislation duly appeared in the “Ontario Gazette” and in “The Citizen,” “The Free Press,” “Le Temps” and the “Evening Journal” for a period of two weeks, and a Declaration has been filed before the Committee, shewing that the advertisement is now current, and that the same will be continued for the period of six weeks, as required by the Rules of this Honourable House.

The Committee find that the first-mentioned Petition prays, among other things, for the creation of a new Ward in the City of Ottawa, and of this no mention is made in any of the notices published, but the Committee are credibly
informed that it is not the intention of the Corporation to apply for legislation in this direction.

With reference to all the other matters mentioned in the Petitions, the Committee are of the opinion that sufficient publicity has been given, and that all parties interested have had an opportunity of becoming acquainted with the proposed legislation, and they would therefore recommend the suspension of the Rule in this case.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Thirteenth Report, which was read as follows and adopted.

The Committee have carefully examined the Petition of the Town Council of Fort Frances, praying that an Act may pass to consolidate the debt of the municipality and for other purposes, and find that notice of the proposed application has appeared once in the "Ontario Gazette" and is now current;

The Committee are credibly informed that the whole Petition has been advertised in the local newspaper and that hand bills, a copy of which has been fyled before the Committee, and which contain the whole Petition, have been distributed to all the ratepayers.

The Committee consider the foregoing publication to have been sufficient notice to all parties interested and would therefore recommend the suspension of the Rule in this case.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Fourteenth Report, which was read as follows and adopted.

The Committee have carefully examined the Petition of the Town Council of Fort William, praying that an Act may pass to ratify and confirm certain By-laws, and have had Declarations produced before them shewing that notice of the proposed application to this Legislature has been published once in the "Ontario Gazette" and twice in the "Fort William Times-Journal," and that instructions have been given to the publishers of these papers to continue the insertion of the notice until the period of six weeks has expired;

The Committee have also had fyled before them a Declaration, shewing that fifty posters have been put up in the most public and conspicuous places in the Town of Fort William, the posters stating that it was the intention of the Corporation to apply at the present Session of the Legislature for the legalization of the By-laws;

The Committee are of the opinion that by the publication aforesaid, all parties interested have had full opportunity of becoming aware of the proposed
legislation and would therefore recommend that the Rule be suspended and the notices held sufficient in this case.

Mr. Carscallen, from the Standing Committee on Private Bills, presented their Tenth Report, which was read as follows and adopted.

Bill (No. 55), To authorize the Town of Trenton to issue Debentures to redeem outstanding Debentures.

The Committee have carefully examined the Petition of the Township Council of Eastnor, praying that an Act may pass to ratify and confirm certain By-laws, and find that no notice of the proposed application to the Legislature has been published in the “Ontario Gazette,” but that such notice has appeared for a period of two weeks in “The Wiarton Echo” and “The Wiarton Canadian,” being the two nearest newspapers to the locality affected and having a general circulation throughout the Township, and the Committee have had a Declaration filed before them to this effect and are also credibly informed that the publication will be continued for the period of six weeks as required by the Rules of this Honourable House, and further that the Petitioners were not aware, until a very recent date, that legislation in this direction was necessary.

The Committee are of the opinion that by publication as aforesaid, all parties interested have had an opportunity of becoming aware of the proposed legislation, and would therefore recommend the suspension of the Rule in this case and that the notices be held sufficient.

Mr. Ross moved in Amendment, seconded by Mr. Harcourt,

That all the words of the Motion after the word "That" be struck out and the following substituted: "this House regrets that the Provincial Treasurer,
by selling the securities of the Province at 96 *per cent.* of their par value, lost to the Province the sum of at least $240,000, and at the same time impaired the credit of the Province by making it more difficult to raise such further sums as may be required for the Public Service, without loss to the Treasury Department."

Mr. Matheson at this point, laid upon the Table of the House:—

**3 O'Clock P.M.**

The following Petitions were read and received:—

Of the Presbytery of Guelph, praying legislation in the direction of restoring to wage-earners one day of the week in which they should not be called upon to work.

Of D. N. McCamus and others, of Listowel, praying that grants may be withheld from those Agricultural Societies which encourage horse-racing within their grounds.

Mr. Hoyle, from the Standing Committee on Standing Orders, presented their Nineteenth Report, which was read as follows and adopted.

The Committee have carefully examined the Petition of Hilyard Scott Milne and others of Scarboro', praying that an Act may pass to incorporate them under the name of the Independent Long Distance Telephone Company Limited, and have had a Declaration fyled before them shewing that notice of the proposed application to this Legislature appeared in the issues of "The World" on the 25th and 30th March, instant, in "The Globe" and "The Mail and Empire," on the 30th day of March, instant, and in "The News," "Daily Star" and "Evening Telegram" on the 29th day of March, instant; the Decla-
ation also states that instructions have been given for the publication of the notice in "The World" on the 31st March, instant, and on the 2nd, 3rd and 4th days of April next, and in "The Mail and Empire," and "The Globe" on the 31st day of March, instant, and on the 2nd, 3rd, 4th and 5th days of April next.

The Committee are informed that it was originally the intention of the Petitioners to seek for incorporation under "The Ontario Companies Act" but found that under that Act, they would be unable to acquire the necessary powers for the proper carrying out of the proposed undertaking, and that the necessity for procuring a Private Bill only became evident so recently, that they have been unable to comply with the Rule of this Honorable House requiring six weeks notice.

The Committee are of the opinion that by the publication of the notice as aforesaid, all parties interested have had an opportunity of becoming aware of the proposed legislation and would therefore recommend the suspension of the Rule in this case and that the notice, as published, be held sufficient.

Mr. Harcourt asked the following Question:

What steps, if any, have been taken by the Government for the purpose of having Ontario Securities, placed by the Imperial authorities on the Trustee Securities List.

To which the Treasurer replied in the words and figures following:—

On the 15th September, 1905, there was forwarded to the Secretary of State, for Canada, a Despatch of His Honour the Lieutenant-Governor, covering a Memorial of the Government of Ontario, asking for the assistance of the Dominion Government in having the Province of Ontario Inscribed Stock included in the securities in which a Trustee may invest under the provisions of the Imperial Colonial Stock Acts 1877 to 1900.

With the said Memorial there were also forwarded certified copies of the Resolution passed by the Legislative Assembly on 9th May, 1905, and of the Acts, Chapters II and III, of the Statutes of Ontario, passed in the fifth year of the reign of His Majesty King Edward VII.

The said Memorial and accompanying documents were duly transmitted through His Excellency the Governor-General to the Colonial Secretary, and the Secretary of State also requested the High Commissioner for Canada to take up the matter with the Colonial Office, which was done. The Imperial Government considered the matter, but owing to the change in the Imperial Ministry no definite result was attained. The matter will be again pressed on the attention of the Imperial and Dominion authorities and communication was had with the Dominion Government in December last with this object in view.

Several years elapsed before the privilege of the Trustee list was secured for the Dominion securities. The chief difficulties seem to be that the Imperial Government cannot veto Provincial Legislation which might be considered to
interfere with the security given, this power resting with the Dominion authorities; and also, that any privilege given to Ontario might reasonably be asked by other Provinces not in as favorable a financial position as Ontario.

Mr. May asked the following Question:

1. Who was Inspector of Licenses for Windsor and North Essex in 1904 and 1905. 2. When was he appointed. 3. What is the amount paid as salary for the Inspector. 4. When was the Inspectorate of Windsor and North Essex separated. 5. If so, when and why. 6. What is the name of the Inspector of Licenses for Windsor. 7. When was he appointed. 8. What is his salary. 9. What is the name of the License Inspector for the North Riding of Essex. 10. When was he appointed and what is his salary.

And the Provincial Secretary replied as follows:—

2. Appointed for North Essex, which included Windsor, 1892. On Windsor being created a separate district, in 1897, was continued as Inspector for both districts.

3. $975 per annum.

4. December 29th, 1905. The District of Windsor consists of the City of Windsor and the Towns of Walkerville and Sandwich. The District of North Essex consists of all that portion of the electoral district of North Essex not included in the District of Windsor.

5. The two Districts were too large for the supervision of one Inspector. They included six Townships, one incorporated Village, two Towns and the City of Windsor, there being upwards of 90 Licenses in force.

North Essex has now 47 Licenses distributed among seven municipalities. The District of Windsor has 40 Licenses distributed among three municipalities.

7. 29th December, 1905, for Windsor District.

8. $975 per annum.

10. 29th December, 1905. Salary $800 per annum.

The Committee have carefully examined the Petition of Hilyard Scott Milne and others of Scarboro', praying that an Act may pass to incorporate them under the name of the Independent Long Distance Telephone Company Limited, and have had a Declaration filed before them shewing that notice of the proposed application to this Legislature appeared in the issues of "The World" on the 25th and 30th March, instant, in "The Globe" and "The Mail and Empire," on the 30th day of March, instant, and in "The News," "Daily Star" and "Evening Telegram" on the 29th day of March, instant; the Decla—
ation also states that instructions have been given for the publication of the notice in "The World" on the 31st March, instant, and on the 2nd, 3rd and 4th days of April next, and in "The Mail and Empire," and "The Globe" on the 31st day of March, instant, and on the 2nd, 3rd, 4th and 5th days of April next.

The Committee are informed that it was originally the intention of the Petitioners to seek for incorporation under "The Ontario Companies Act" but found that under that Act, they would be unable to acquire the necessary powers for the proper carrying out of the proposed undertaking, and that the necessity for procuring a Private Bill only became evident so recently, that they have been unable to comply with the Rule of this Honorable House requiring six weeks notice.

The Committee are of the opinion that by the publication of the notice as aforesaid, all parties interested have had an opportunity of becoming aware of the proposed legislation and would therefore recommend the suspension of the Rule in this case and that the notice, as published, be held sufficient.

Mr. Harcourt asked the following Question:

What steps, if any, have been taken by the Government for the purpose of having Ontario Securities, placed by the Imperial authorities on the Trustee Securities List.

To which the Treasurer replied in the words and figures following:—

On the 15th September, 1905, there was forwarded to the Secretary of State, for Canada, a Despatch of His Honour the Lieutenant-Governor, covering a Memorial of the Government of Ontario, asking for the assistance of the Dominion Government in having the Province of Ontario Inscribed Stock included in the securities in which a Trustee may invest under the provisions of the Imperial Colonial Stock Acts 1877 to 1900.

With the said Memorial there were also forwarded certified copies of the Resolution passed by the Legislative Assembly on 9th May, 1905, and of the Acts, Chapters II and III, of the Statutes of Ontario, passed in the fifth year of the reign of His Majesty King Edward VII.

The said Memorial and accompanying documents were duly transmitted through His Excellency the Governor-General to the Colonial Secretary, and the Secretary of State also requested the High Commissioner for Canada to take up the matter with the Colonial Office, which was done. The Imperial Government considered the matter, but owing to the change in the Imperial Ministry no definite result was attained. The matter will be again pressed on the attention of the Imperial and Dominion authorities and communication was had with the Dominion Government in December last with this object in view.

Several years elapsed before the privilege of the Trustee list was secured for the Dominion securities. The chief difficulties seem to be that the Imperial Government cannot veto Provincial Legislation which might be considered to
interfere with the security given, this power resting with the Dominion author-
ties; and also, that any privilege given to Ontario might reasonably be asked
by other Provinces not in as favorable a financial position as Ontario.

Mr. May asked the following Question:

1. Who was Inspector of Licenses for Windsor and North Essex in 1904
   and 1905. 2. When was he appointed. 3. What is the amount paid as salary
   for the Inspector. 4. When was the Inspectorate of Windsor and North Essex
   separated. 5. If so, when and why. 6. What is the name of the Inspector of
   Licenses for Windsor. 7. When was he appointed. 8. What is his salary. 9.
   What is the name of the License Inspector for the North Riding of Essex. 10.
   When was he appointed and what is his salary.

And the Provincial Secretary replied as follows:—

2. Appointed for North Essex, which included Windsor, 1892. On Windsor
   being created a separate district, in 1897, was continued as Inspector for both
   districts.

3. $975 per annum.

4. December 29th, 1905. The District of Windsor consists of the City of
   Windsor and the Towns of Walkerville and Sandwich. The District of North
   Essex consists of all that portion of the electoral district of North Essex not
   included in the District of Windsor.

5. The two Districts were too large for the supervision of one Inspector
   They included six Townships, one incorporated Village, two Towns and the City
   of Windsor, there being upwards of 90 Licenses in force.

North Essex has now 47 Licenses distributed among seven municipalities.
The District of Windsor has 40 Licenses distributed among three municipalities.

7. 29th December, 1905, for Windsor District.

8. $975 per annum.

10. 29th December, 1905. Salary $800 per annum.

Mr. Speaker then said:

May it please your Honour:

We, His Majesty’s most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to His Majesty’s person and Government, and humbly beg to present for your Honour’s acceptance a Bill intituled “An Act for granting to His Majesty certain further sums of money to defray the expenses of Civil Government for the year 1906, and for other purposes therein mentioned.”
To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words:

"His Honour the Lieutenant-Governor doth thank His Majesty’s dutiful and loyal Subjects, accept their benevolence and assent to this Act in His Majesty’s name."

His Honour was then pleased to deliver the following Speech:

Mr. Speaker and Gentlemen of the Legislative Assembly:

In relieving you from labours of an unusually important and arduous nature, I have to thank you for the close attention you have given to your public duties, as well as for the beneficial legislation that has been enacted. The work undertaken and accomplished is of such extent, variety and value as to make the Session now closing, without a parallel in the history of this Province in that respect.

It is with much gratification I observe that the Legislature has joined with the Parliament of Canada in extending an invitation to Their Majesties the King and Queen to visit this country, and I need hardly remark that the people as a whole enthusiastically second the efforts of their representative bodies in extending this invitation.

We have been favoured since the opening of the Session by a visit from His Royal Highness Prince Arthur of Connaught, who, as a nephew of our Gracious King, has been received with every evidence of loyalty and devotion to the Crown by the people of Ontario, and who, in his individual capacity, made a very favourable impression on all who had the pleasure of coming in contact with him.

Among the Measures that it is my privilege to sanction, I am glad to notice there are several which have in view the interests of Agriculture: the basic industry of this Province. The provision by which the grants to Agricultural Societies will be paid in accordance with the work actually done for Agriculture is calculated to have a helpful effect. The enactment of a law providing for the appointment of Dairy Inspectors should prove of advantage to the butter and cheese industry. The Measure for the protection of bees should likewise be satisfactory to the farmers of Ontario. I notice also that you have taken steps to bring to the Agricultural College the assistance of its graduates by providing that they will be represented on the Advisory Board.

By the repeal of the County Councils’ Act and the re-establishment, with some modification, of the system which formerly prevailed, more equitable and satisfactory conditions have been brought about whereby the continuity of our municipal institutions is restored.
The Bills providing for the establishment of a Railway and Municipal Board, and the Bill respecting Steam, Electric and Street Railways are timely and comprehensive Measures. The proper regulation of Steam and Electric Railways, the limitation of franchises, the control of rates and the enforcement of Agreements, cannot fail to be in the public interest and to meet with general approval. I join with you in the confident hope that the operation of these enactments will tend to beneficial results.

The Bill regarding the taxation of Railways, whereby the former tax is doubled, will assist the Province materially in carrying on its charitable institutions and at the same time yield revenue to the municipalities.

By the enactment of the Bill amending the Liquor License law more effective restrictions have been placed around the liquor traffic. It is gratifying to know that the Province and the municipalities share equally in the increased revenue that this Measure will yield. The clauses of the Bill tending towards the permanence and efficiency of Local Option have met with very general approval from moderate men.

In regard to the very important subject of education, two Measures have been enacted. The Bill respecting the Department of Education provides for the appointment of a Superintendent of Education and also for the establishment of an Advisory Board which will be representative of the matured opinion of the educationists of Ontario. The other Bill affecting Education, viz., the Public School Act, brings about a reform of a deep-seated character by securing to the public the services of teachers of higher qualifications and by securing to the teachers more adequate remuneration.

I notice, with pleasure, the fruition of the efforts of my Ministers to effect the re-organization of the University of Toronto and its establishment on a satisfactory and permanent financial basis. By the able report of the University Commission laid before the House during the present Session, a plan was suggested which has in the main commended itself to your judgment. The re-organization of the University under the control of Governors appointed by my Ministers, who are directly responsible to this Legislature, and the providing for the financial interests of the great institution, are advance steps of the very first importance in regard to Education.

The Measure regarding the great and growing mining development of Ontario is calculated to effect a useful and opportune purpose in simplifying the law, facilitating the work of the prospector and encouraging the investment of capital. An important feature of the mining policy is the decision of my Government to operate for the benefit of the people of Ontario the rich mineral deposits which have been discovered in what is known as the Gillies limit. The expressions of general approval by which this announcement was met, showed in an unmistakeable way the minds of the people on
By providing that the Veterans’ Land grants may be commuted by a money payment, a serious obstacle to the settlement of the unoccupied parts of the Province has been removed. I am glad to learn also that another impediment to settlement has been disposed of by the surrender of 525,000 acres of land or about twenty-two townships granted by this Legislature as a subsidy to the Grand Trunk Pacific Railway.

The two valuable reports on the question of Electrical Power, submitted by the Hydro-Electric Commission for your consideration, have resulted in a Measure which is designed to secure cheap power to all parts of the Province of Ontario, and this without injury to the rights of Bondholders and others who have invested money in the development of electrical energy. It is impossible to overestimate the great advantages that will accrue to all kinds of industries and the development that will ensue from the general application of Electric Power at reasonable rates. On all hands it is agreed that it means to the Province of Ontario an industrial revolution. It is satisfactory to know that in a Session in which so much important work has been undertaken, you have been able to deal carefully and wisely with this most important question.

With pleasure I observe the healthy state of the public finances, which show a substantial surplus for the past year. In this connection the floating of the new loan on very favourable terms might be mentioned as indicating the undoubted credit of the Province. The liquidation of half of the sum borrowed by the Industries at Sault Ste. Marie on the guarantee of the Province, and the extension of part of the guarantee for a further period, point to the eventual removal of this obligation.

I have to thank you for the liberal appropriation you have made for the Public Service, which will be expended with a proper regard to economy and efficiency.

In dismissing you from your duties I desire again to thank you for the great public service you have rendered and to join with you in expressing the hope that the blessing of Almighty God will continue to rest upon our country and our people.

The Minister of Education then said:—

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is His Honour’s will and pleasure that this Legislative Assembly be prorogued, and this Legislative Assembly is accordingly prorogued.
APPENDIX.
