His Honour the Lieutenant Governor entered the Chamber and took his seat upon the Throne.

The Government House Leader said:-

---
"I am commanded by His Honour the Lieutenant Governor to state that he does not see fit to declare the causes of the summoning of the present legislature of this Province until a Speaker of this House shall have been chosen according to law, but tomorrow at 2:00 p.m. His Honour will declare the causes of the calling of this Legislature."

His Honour was then pleased to retire.

The Clerk of the Legislative Assembly addressed the Members as follows:-

"Members of the Legislative Assembly, it is my duty to call upon you to elect one of your numbers to preside over your deliberations as Speaker, therefore, I ask for nominations for the Office of the Speaker."

Mrs McLeod moved, seconded by Mr Laughren, That Mr Morin, member for the Electoral District of Carleton East, do take the Chair of this House as Speaker.

Mr Klees moved, seconded by Ms Lankin, That Mrs Marland, member for the Electoral District of Mississauga South, do take the Chair of this House as Speaker.

There being no further nominations, the Clerk declared the nominations closed.

And the election process having ensued, after some time, it was,

Resolved, That Mr McLean do take the Chair of this House as Speaker.

The Clerk having declared the Honourable Allan McLean duly elected, he was conducted by Mr Jordan and Mr Ruprecht to the dais, where, standing on the upper step of the dais, he returned his humble acknowledgement to the House for the great honour that had been conferred on him by the members choosing him to be their Speaker.

The Speaker assumed the Chair and the Mace was laid upon the Table.

On motion by Mr Eves,

Ordered, That the House adjourn until 2:00 p.m. tomorrow.

The House then adjourned at 4:40 p.m.  

La chambre a ensuite  
ajourné ses travaux à 16 h 40.
SECOND DAY
WEDNESDAY, SEPTEMBER 27, 1995

The members having assembled:-

His Honour the Lieutenant Governor entered the Chamber and took his seat upon the Throne.

The Speaker addressed His Honour as follows:

"May it please Your Honour,

The Legislative Assembly has elected me as their Speaker, though I am but little able to fulfill the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, hereby claim all their undoubted rights and privileges, especially that they have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration."

The Government House Leader said:-

"Speaker, I am commanded by His Honour the Lieutenant Governor to declare to you that he freely confides in the duty and attachment of the Assembly to Her Majesty’s Person and Government and, not doubting that the proceedings will be conducted with wisdom, temperance and prudence, he grants and upon all occasions will recognize and allow the constitutional privileges.

I am commanded also to assure you that the Assembly shall have ready access to His Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction."

His Honour the Lieutenant Governor was pleased to open the First Session of the Thirty-sixth Parliament by making the following gracious speech:-

Mr. Speaker, members of the Legislative Assembly, ladies and gentlemen:

I have the honour of welcoming you to the opening of the first session of the Thirty-Sixth Parliament of the Province of Ontario.

Today’s speech could have been among the shortest in Ontario history. The agenda is already clear, and it might suffice to say simply, "Your government is doing what it said it would do, and it will continue."

It will continue, because...
People want jobs — for this generation and the next.

Ontarians want value for their tax dollars and an end to government waste.

Families want safe communities.

We all want a sound health care system.

Parents want schools where children learn.

We want every Ontarian to have a fair chance at a productive, independent life.

June 8, the people of Ontario voted for major change. The new government accepts that responsibility, and will deliver.

It does so, mindful of the enormous and difficult task ahead.

Over the past decade, Ontario has lost its way. Workers fear for their jobs; the jobless despair for the future. Public debt and deficits sap the strength and vitality of our economy, and threaten the legacy we leave to our children. Taxes are too high — government spending too great — yet services have deteriorated.

This administration is charting a new course. Setting priorities and sticking to them. Restructuring to ensure we can live within our means. And making major change, fundamental change, in the way government works.

Through these actions, spelled out in the Common Sense Revolution, the new government will restore prosperity, free the private sector to create jobs, and meet the challenge of renewing Ontario.

A Prosperous Province

The foundation of prosperity is jobs. Economists know it. Business knows it. People know it.

A good paycheque allows every person to provide for his or her family, and to save for the future. Consumer spending creates more jobs. Saving provides capital for new, job-creating enterprises.

Job creation requires dual action — cutting taxes, and unshackling business, especially small business that creates most new jobs in Ontario.

Your government will encourage private-sector job creation by honouring its pledge to cut provincial income tax rates, starting with its first budget. Every dollar of reduced taxes is one more dollar the factory worker in Oshawa and the forestry worker in Cochrane can spend on their families... and in doing so they are reinvesting in Ontario’s economy.

Working Ontarians share many of the same concerns — like Lindsay Mason, who is here today in the chamber, and Greg and Cathy Hart. These people work hard to keep a roof over their heads, place food on the table, and put something away for the future. And like most Ontarians, they’ve tightened their belts, but wonder when government will start to do the same.
Ms. Mason and the Harts already have plans for the dollars the tax cut will return to them. For Ms. Mason, it’s home improvements; for the Harts, it’s replacing an appliance, or new clothes for their children. Their spending and saving, multiplied by that of millions of Ontarians, will provide a direct boost to private-sector job creation this province very much needs.

Another boost to job creation will be reducing payroll taxes on business — making it easier for companies to create new jobs and hire more people.

Your government will stimulate job creation by eliminating the Employer Health Tax on the first $400,000 dollars of payroll, reducing Workers’ Compensation Board premiums by five per cent, and abolishing the annual corporate filing fee.

Ontario’s economy will also benefit from the new government’s commitment to freeze the average rates charged by Ontario Hydro for five years.

During this session, your government will initiate a "red-tape review" of regulations affecting business. Restrictions that cannot be justified will be eliminated within 12 months of the review.

These measures will stimulate job creation across Ontario and bring renewal and growth to all regions of the province. While many keys to prosperity are the same province-wide, your government recognizes the distinct character and needs of each region.

The government will work to ensure the needs of all Ontarians — urban and rural, east and west, north and south — are accommodated in the delivery of services, and that all Ontarians share in renewed economic opportunity and jobs.

To demonstrate its commitment to northern Ontario, your government will give northerners a greater voice by refocusing the mandate of the Ministry of Northern Development and Mines to reflect more local input.

A Climate for Job Creation

Prosperity depends on a cooperative environment that encourages job creation and new investment. To trigger economic growth in Ontario, your government will introduce legislation to repeal the previous government’s labour legislation, Bill 40.

Gradual evolution over a half-century established labour laws that struck a careful balance between the legitimate rights of employees, trade unions and employers.

Bill 40 upset that balance, replacing it with uncertainty and tension between labour and management. Bill 40 drove jobs out of Ontario, stifled expansion, and discouraged employers and investors from locating here in the first place. To ensure strong economic growth, that delicate legislative balance must be restored.

As part of the process, the new government will introduce legislation to empower individual workers by ensuring their democratic right to a secret ballot vote prior to certification, contract ratification, or strikes.

Recognizing agriculture’s importance to the provincial economy, the legislation will also protect family farms by repealing the Agricultural Labour Relations Act, Bill 91.
These steps come as no surprise. The new government’s intentions were announced during debate on Bill 40 in November 1992, again when the Common Sense Revolution was released in May 1994, and again during this year’s election campaign.

The people have spoken, and this government will deliver. Business and labour must respect the will of the electorate, and work cooperatively to ensure stability and labour relations harmony. Only in this way will everyone benefit. Only in this way will Ontario’s economy be strengthened and grow.

Your government will also reform the Workers’ Compensation Board. The Board was created to protect injured workers, but as a result of poor organization, inefficiency and an unfunded liability of over $11 billion, these original objectives have been lost or forgotten.

Ensuring safety in the workplace is a key priority of your government. A reorganized and solvent board will better protect Ontario’s workers. At the same time, it will allow the government to reduce WCB payroll taxes, in order to encourage job creation.

These measures, and others, will send a positive message across the province, through the nation, and around the globe: Ontario is open for business again.

**Value For Taxes**

Prosperity also depends on a healthy economy offering confidence to the investor and encouragement to the business owner considering expansion.

Each year, interest payments on the accumulated provincial debt consume billions of dollars of taxpayers’ money. Public debt interest has grown, on average, more than $1 billion a year for the last five years — diverting billions of dollars that otherwise could be spent on programs. The burden of debt has damaged Ontario’s credit rating, and threatens the province’s ability to attract investment and stimulate the economy.

People know that it does not make sense to borrow more money just to pay the interest on money they already owe. Yet that is what Ontario is doing.

Parents know that growing government debt endangers the security of their children’s future.

We must get government spending under control. We cannot ignore the threat to our children’s future, to our province’s future. To balance our books, Ontario must continue the spending cuts begun in July.

Your government’s expenditure control will enable it to balance the provincial budget by fiscal year 2000-2001, and put Ontario back on the road to sound financial management.

When families are short of money, they make hard choices so they can pay the rent and keep food on the table. They live within their means. Now government must do the same.

To rescue this province from the trap of debt — to renew confidence in the economy — government must make hard decisions about what lies at the core of its responsibilities.
For example, government must ask whether Ontario taxpayers really need to own and operate their own TV broadcast network.

Government has no business using your tax dollars to lead the seventh-inning stretch at major league baseball games.

This government will not spend millions of taxpayers’ dollars funding groups whose only purpose is to lobby for the expenditure of even more borrowed dollars on narrow vested interests.

Already, your government is assessing which of its activities are unnecessary, and which others are best left to individuals, communities, or business.

It will pursue alternatives such as partnerships between government and private businesses, and opening government operations to outside competition.

Two-thirds of our provincial budget consists of transfer payments. A large part of these transfers fund services delivered by institutions other than the Ontario government. These organizations, which spend more provincial tax dollars than Queen’s Park — have the ability and the responsibility to restructure, to control their own spending, and to reduce costs. This is the only way Ontario can get its finances in order.

The new government invites its partners in the broader public sector to identify the tools they will need to increase flexibility, improve efficiency, and reduce costs.

Your government is committed to introducing a new Municipal Act, and this session will launch consultations with municipalities. It also intends to dismantle Bill 163, the Planning and Development Reform Act, eliminating red tape, expediting the planning process, empowering municipalities, and balancing economic and environmental interests.

Your government is serious about reducing its own size and cost. This year $1.9 billion will be saved, but even after these savings, the province’s deficit for 1995-96 will be $8.7 billion. The new administration has only begun to meet the challenge of reducing the size and cost of government; much more remains to be done.

As it reduces costs, the government will move to reduce internal duplication, offer one-stop access to services, and improve delivery.

During this session, the new government will also launch a review of public agencies, boards and commissions. Agencies will be put to the test: bodies that no longer provide value for tax dollars or whose mandate is obsolete will be eliminated.

Working people have seen the value of their paycheques dwindle over the past decade, and know that politicians should not be exempt from sacrifices. Your government agrees, and will lead by example.

Starting here in this chamber, the new government intends to reduce the number of politicians in Ontario. It will introduce legislation so that, in the next general election, voters will elect a much smaller legislature. Your government’s goal: to reduce the number of seats from 130 to Ontario’s representation in the House of Commons, currently 99. This session, the government will initiate talks with the federal government about common boundaries.
Your government will also introduce legislation based on the recommendations of the recently-announced commission on MPP compensation. This reform will scrap the gold-plated MPP pension plan, eliminate tax-fee allowances, and take responsibility for setting MPPs’ pay away from politicians.

As it restructures and reduces costs, your government acknowledges that Ontario is not alone in this exercise. Canadians everywhere recognize that the status quo is not working for them any more. Canadians everywhere seek major change.

To our fellow Canadians in all parts of the country: Ontarians want to be part of a national solution to the current economic and fiscal challenge.

To our fellow Canadians who are also Quebeckers, citizens of our sister province: We appeal with an open heart and with generosity of spirit to remain within Confederation so that we might continue to work together for prosperity and equality of opportunity for all.

Safe Communities

A "justice system" that forgets victims of crime is unworthy of the name.

Feeling unsafe in our homes and on our streets makes victims of us all. There are too many stories like that of Mr. Pat Haghgoo, who is here today. Mr. Haghgoo is a Toronto convenience store owner who has been robbed more than a dozen times.

He puts in long hours and works hard to serve his customers and succeed in his business. He asks little of government, but he does expect government to make sure that the streets are safe and the punishment for lawless behaviour fits the crime.

The new government is committed to shifting the justice system’s focus away from concern only for the criminal, to include concern for the victim. It will ensure that our justice system is up-to-date, is more efficient, and concentrates on serious crime.

As the first step in righting the balance between those who live outside the law and those who depend on the law for protection, this session your government will introduce a Victims’ Bill of Rights.

A Sound Health Care System

To the office worker, the pensioner, the single parent, the farmer — to all Ontarians — a sound health care system is fundamental to the quality of our lives.

Everyone knows that simply throwing more money at health care is not the answer. The public and professionals who work in the system agree that the government does not need to spend more on health care; it needs to spend dollars far more effectively.

Within the health care budget are the potential for savings and opportunities for reinvestment. We will continue to redirect savings in ways that maximise outcomes and provide the greatest benefit to people.
Already, this government has reinvested in improved dialysis treatments for kidney patients. We will improve access to care for northern and rural Ontarians who have faced the reduction or loss of hospital emergency room coverage. We will take the lead in coordinating, streamlining and better integrating the delivery of cancer care services in Ontario.

Your government will reinvest in targeted public health measures, such as immunization of children against early childhood diseases, that will keep people healthy and out of hospitals and doctors’ offices.

To achieve savings and permit reinvestment, government, hospitals, providers and private sector partners must work together to manage the system efficiently, work within resources, prevent duplication, eliminate waste and combat fraud.

A Fair Chance

In the past ten years, the number of people trapped in the welfare system has nearly tripled, while welfare expenses have quintupled. Businesses continue to receive government handouts, though businesses say they don’t want them. And employment equity legislation enforces discrimination and hiring quotas in the workplace.

Previous governments spent billions of taxed and borrowed dollars on these programs, and sank deeper into debt, while jobs disappeared and the economy dragged.

Ontarians know this is wrong. They want a welfare system that doesn’t create dependency, but ends it. They want businesses to grow through hard work and creativity, not tax-funded freebies. And they want equal opportunity in the workplace, not legislated quotas.

Your government has already initiated changes designed to give all Ontarians a fair chance at a productive, independent life.

In July it announced that social assistance rates will be adjusted so that on average they are 10 percent higher than the average of the other nine provinces. To encourage initiative, current recipients will be able earn back the difference between the old and new rates without having this income clawed back.

Your government promised to support the most vulnerable in our society; welfare benefits for seniors, persons with disabilities, and their families have not been reduced.

The new government is implementing waste and fraud control measures, including tighter requirements for eligibility. Welfare eligibility for 16- and 17-year olds has been curtailed and will be phased out.

The centrepiece of this government’s strategy to convert welfare from a hand-out to a hand up is mandatory workfare and learnfare — a reform to which your government remains as committed today as ever.

During this session, the new government will begin to require able-bodied welfare recipients, except single parents with young children, to perform community service or enrol in work or training programs in exchange for their benefits. Those who refuse to participate will lose their benefits.
Condemned to a life of hopelessness, the children of welfare are the greatest casualties of the system. To ensure a brighter future, your government will establish programs, including a school nutrition initiative, to provide children the support and encouragement they need.

To restore fairness in hiring, in this session the legislature will be asked to repeal legislated quotas, including the Employment Equity Act. To help employers maintain discrimination-free workplaces, the new government will implement a non-legislative equal opportunity plan that supports education and training, the elimination of barriers to equal opportunity, and sharing expertise and experience among workplace partners.

In the longer term, your government will reform the Ontario Human Rights Commission to ensure the Commission fulfils its mandate to help victims of discrimination effectively and efficiently.

A fair society protects the interests and autonomy of vulnerable people, and treats them with dignity. This must be done without unduly burdening service providers and families, or creating a costly, complex bureaucracy.

Your government will introduce legislation to repeal the Advocacy Act and to streamline the Substitute Decisions Act and the Consent to Treatment Act. A new and better system will support the interests of vulnerable people.

Ontarians are a generous people. Today, thousands of volunteers, from Cornwall to Kenora, work to make their communities better places to live. The Parliamentary Assistant to the Premier will lead a government initiative to promote and encourage this volunteerism in our province. Neighbours helping shut-in seniors, corporations sponsoring nutrition programs for children, service clubs funding community projects, private sector employees and executives volunteering for public service — this is the spirit of Ontario. Your government will support and nurture that spirit. All members of the legislature are invited to participate.

Excellence in Education and Training

Ontario taxpayers annually spend more than $14 billion on elementary and secondary schools. But the quality of our education system ranks behind countries such as Japan, Ireland and Germany.

We have too many children who can’t read, too many children who can’t use a computer, too many children who don’t have the skills required for today’s jobs.

Recognizing the importance of education to Ontario’s future, your government is committed to providing value for parents and taxpayers, while ensuring excellence in teaching.

As promised, the new government will honour its commitment to classroom education. However, funding this priority means school boards must make responsible choices in allocating their resources.

By restructuring, working cooperatively at local levels, streamlining top-heavy administration and bureaucracy, reducing the number of politicians, and removing waste and inefficiency, school boards will be able to reduce overall costs while maintaining high-quality classroom education for students.
For its part, your government will give communities the flexibility they need to make these choices and improve efficiency. This session it will introduce legislation to restore junior kindergarten as a local option, starting in the 1996-97 school year.

Within the classroom, the Harris government will ensure a demanding core curriculum, regular testing of students, and standardized report cards.

Renewing Our Pride

The decisions made by your government since the election have not been easy, or taken lightly. But action will continue as long as necessary to restore prosperity through a balanced budget and job-creating tax cuts.

The new government has been open about its intentions. It wants to work cooperatively with all Ontarians to build a better future. Greyhound bus mechanic Earl Smith, who is here today, spoke for many voters when — two days after the election — he reminded Mike Harris that people expect this government to live up to its promises, and will be watching.

Your government acknowledges this, and invites everyone to become a partner in the agenda for change. To obtain a copy of this speech outlining the new Government’s direction, Ontarians can call 1-800-668-9938.

Your government’s goal is to make Ontario a place in which we can once again take pride.

Ontarians won’t get there by clinging to the status quo. We stand at a decisive moment in the province’s history. Major change points the course to a better future.

The path to a renewed province is difficult and demanding. But this government is prepared.

Prepared to work hard.

Prepared to give total commitment.

Prepared to set priorities and stick to them.

Prepared to lead by example.

Today, your new government rededicates itself to the restoration of hope and prosperity to Ontario — rededicates itself to the Common Sense Revolution.

May Divine Providence attend your deliberations. In our Sovereign’s name, I thank you. God bless the Queen and Canada.

Monsieur le Président, Mesdames et Messieurs les membres de l’Assemblée législative, Mesdames et Messieurs,

J’ai l’honneur de vous souhaiter la bienvenue à l’ouverture de la première session de la trente-sixième législature de la province d’Ontario.
Le discours d’aujourd’hui aurait pu être l’un des plus courts dans l’histoire de l’Ontario. Le programme est déjà bien connu, et il aurait suffi de dire que «votre gouvernement fait ce qu’il a dit qu’il ferait, et continuera de le faire».

Il continuera de le faire parce que l’on veut du travail pour la présente génération et pour celle qui suivra.

Les Ontariennes et Ontariens en veulent pour leur argent et ils veulent aussi que le gouvernement mette fin au gaspillage.

Les familles veulent être en sécurité là où elles vivent.

Nous voulons tous un système de santé qui fonctionne bien.

Les parents veulent des écoles où leurs enfants apprennent.

Nous voulons que tous les Ontariens et Ontariennes aient des chances égales de mener une vie productive et autonome.

Le 8 juin, la population ontarienne a voté pour un changement majeur. Le nouveau gouvernement accepte cette responsabilité et s’en acquittera.

Cela dit, il est bien conscient de la tâche gigantesque et ardue qui l’attend.

Depuis une dizaine d’années, l’Ontario est déséparé. Les personnes qui travaillent craignent de perdre leur emploi, et celles qui ne travaillent pas craignent l’avenir. La dette publique et les déficits épuisent les forces dynamiques de notre économie et menacent l’héritage que nous voulons laisser à nos enfants. Les impôts sont trop élevés, les dépenses publiques aussi, et pourtant les services se sont détériorés.

Le présent gouvernement change de cap. Il se donne des priorités et y adhère. Il procède à une restructuration dans le but de s’assurer que nous vivons selon nos moyens. Et il apporte des changements importants, voire fondamentaux, dans le fonctionnement du gouvernement.

Par ces mesures, énoncées dans La Révolution du bon sens, le nouveau gouvernement rétablira la prospérité, desserrera son étreinte sur le secteur privé afin que ce dernier puisse créer des emplois et relévera le défi de renouveler l’Ontario.

Une province prospère

Les emplois sont les assises de la prospérité. Les économistes le savent bien. Les chefs d’entreprise le savent bien. Le reste de la population le sait bien aussi.

Grâce à un bon chèque de paie, chacun peut subvenir aux besoins de sa famille et mettre un peu d’argent de côté pour l’avenir. Les dépenses de consommation créent d’autres emplois. Les épargnes mettent des capitaux à la disposition de nouvelles entreprises créatrices d’emplois.

La création d’emplois exige une action en deux volets : la réduction des impôts et l’affranchissement des entreprises, surtout des petites entreprises, celles-là mêmes qui créent la plupart des nouveaux emplois en Ontario.
Votre gouvernement encouragera la création d'emplois dans le secteur privé en tenant son
engagement de réduire les taux d'impôt provincial, et ce, dès son premier budget. Chaque dollar
d'impôt de moins est un dollar qu'une travailleuse d'usine d'Oshawa ou un ouvrier forestier de
Cochrane peut consacrer à sa famille, et ainsi réinvestir dans l'économie ontarienne.

Les préoccupations sont les mêmes pour bien des travailleurs et travailleuses de l'Ontario, dont
Madame Lindsay Mason, qui est ici cet après-midi, ainsi que Greg et Cathy Hart. Ces personnes
travaillent fort pour se loger, se nourrir et prévoir pour l'avenir. Et, comme la plupart des Ontariens
et Ontariennes, elles se serrent la ceinture mais se demandent quand le gouvernement le fera lui aussi.

Madame Mason et les Hart ont déjà décidé de ce qu'ils vont faire avec l'argent que la réduction des
impôts leur rendra. Madame Mason a décidé de rénoyer sa maison, tandis que les Hart ont opté pour
le remplacement d'un appareil électroménager ou l'achat de nouveaux vêtements pour leurs enfants.
Leurs dépenses et leurs épargnes, ajoutées à celles de millions d'autres Ontariens et Ontariennes,
alimenteront la création d'emplois par le secteur privé, ce dont la province a grandement besoin.

La réduction des impôts sur la masse salariale injectera elle aussi du sang neuf dans les entreprises,
ce qui leur permettra de créer des emplois et d'embaucher de nouveaux employés.

Votre gouvernement favorisera la création d'emplois en éliminant l'impôt-santé des employeurs sur
la première tranche de 400 000 dollars de leur masse salariale, en réduisant de cinq pour cent les
cotisations versées à la Commission des accidents du travail et en abolissant les droits de dépôt
annuels des sociétés.

L'économie ontarienne bénéficiera également de l'engagement du nouveau gouvernement à bloquer
pendant cinq ans les tarifs moyens imposés par Ontario Hydro.

Au cours de la session, votre gouvernement entreprendra une analyse de la réglementation touchant
les entreprises. Les restrictions non justifiées seront éliminées dans les douze mois de cette analyse.

Ces mesures favoriseront la création d'emplois dans tout l'Ontario et apporteront renouveau et
croissance à toutes les régions de la province. De nombreux éléments clés de la prospérité sont les
mêmes partout en Ontario, mais votre gouvernement reconnaît le caractère et les besoins distincts de
ehaque région.

Le gouvernement veillera à ce que l'on réponde aux besoins de tous les Ontariens et Ontariennes —
dans les régions urbaines et rurales de l'Est, de l'Ouest, du Nord et du Sud de la province — sur le
plan de la prestation des services, et à ce que toute la population de l'Ontario bénéficie de nouveaux
débouchés économiques et de nouveaux emplois.

Par suite de son engagement à l'égard des populations du Nord de l'Ontario, votre gouvernement leur
donnera voix au chapitre en modifiant le mandat du ministère du Développement du Nord et des
Mines de façon à prévoir une participation locale accrue.
Un climat propice à la création d’emplois

La prospérité est tributaire d’un climat de coopération qui favorise la création d’emplois et l’investissement. Pour déclencher la croissance économique en Ontario, votre gouvernement présentera un projet de loi abrogeant la loi sur les relations de travail adoptée par le gouvernement précédent, la loi 40.

Une évolution graduelle échelonnée sur un demi-siècle a mené à l’adoption de lois sur le travail qui établissaient un équilibre raisonnable entre les droits légitimes des employés et ceux des syndicats et des employeurs.

La loi 40 a troublé cet équilibre, le remplaçant par une incertitude et une tension entre les syndicats et le patronat. Elle a chassé les emplois de l’Ontario, a entravé l’expansion et a découragé les employeurs et les investisseurs de venir s’installer ici. Si l’on veut assurer une forte croissance économique, il faut rétablir ce juste équilibre.

Dans le cadre de ce processus, le nouveau gouvernement déposera un projet de loi habilitant les travailleurs en faisant respecter leur droit démocratique à un scrutin secret avant toute accréditation, ratification d’un contrat de travail ou grève.

En reconnaissance du rôle important de l’agriculture dans l’économie de la province, la loi protégera aussi les exploitations agricoles familiales grâce à l’abrogation de la Loi sur les relations de travail dans l’agriculture, la loi 91.

La population a exprimé ses volontés, et le gouvernement les respectera. Les entreprises et les syndicats doivent aussi respecter la volonté de l’électorat et collaborer afin d’assurer la stabilité ainsi que des relations de travail harmonieuses. Ce n’est que de cette façon que tous trouveront leur profit et que l’économie ontarienne reprendra son essor.

Votre gouvernement réformerait aussi la Commission des accidents du travail. La Commission avait été créée pour protéger les travailleurs blessés, mais par suite d’une mauvaise organisation, d’inefficacités et d’un passif non capitalisé de plus de onze milliards de dollars, on a perdu de vue cet objectif principal.

La sécurité au travail constitue une grande priorité pour votre gouvernement. Une commission réorganisée et solvable protégera mieux les travailleurs et travailleuses de l’Ontario. Cette réorganisation permettra également au gouvernement de réduire les cotisations devant être versées à la Commission, ce qui favorisera la création d’emplois.

Ces mesures, comme bien d’autres, transmettront un message positif partout dans la province, partout au pays et partout dans le monde : l’Ontario est de nouveau prêt à faire des affaires.
Une juste contrepartie en échange des impôts

La prospérité repose également sur une économie saine qui suscite la confiance chez les investisseurs et encourage les propriétaires d’entreprises à prendre de l’expansion.

Chaque année, le paiement des intérêts sur la dette provinciale accumulée coûte des milliards de dollars aux contribuables. L’intérêt sur la dette publique s’est accru en moyenne de plus de un milliard de dollars par an ces cinq dernières années. Ce sont des milliards de dollars que l’on aurait pu consacrer aux programmes. Le fardeau de la dette a porté atteinte à la cote de crédit de l’Ontario et menace la capacité de la province d’attirer les investissements et de stimuler l’économie.

On sait qu’il est insensé d’emprunter davantage pour payer l’intérêt sur ce que l’on doit déjà. C’est pourtant ce que fait l’Ontario.

Les parents savent que la dette croissante du gouvernement compromet l’avenir de leurs enfants.

Nous devons limiter les dépenses du gouvernement. Nous ne pouvons plus ignorer cette menace qui plane sur l’avenir de nos enfants et de notre province. Pour équilibrer ses finances, l’Ontario doit poursuivre les compressions budgétaires entreprises en juillet.

Lorsqu’une famille manque d’argent, elle doit faire des choix difficiles pour pouvoir payer le loyer et se nourrir. Elle vit selon ses moyens. C’est au tour du gouvernement d’en faire autant.

Pour sortir la province du bourbier de la dette et pour renouveler la confiance dans l’économie, le gouvernement doit prendre des décisions difficiles au sujet de ce qui constitue l’essentiel de ses responsabilités.

Par exemple, le gouvernement doit se demander s’il est vraiment nécessaire que les contribuables ontariens soient propriétaires et exploitants de leur propre réseau de télévision.

Ce n’est pas au gouvernement de financer, à même les deniers publics, la séance d’exercice de la septième manche durant les matchs de base-ball des ligues majeures.

Le nouveau gouvernement ne dépensera pas non plus des millions de dollars versés par les contribuables pour financer des groupes dont le seul but est d’exercer des pressions pour que l’on emprunte davantage afin de défendre des intérêts restreints.

Votre gouvernement est déjà en train de déterminer lesquelles de ses activités sont superflues et lesquelles il vaudrait mieux laisser entre les mains de particuliers, de localités ou d’entreprises.

Il cherchera des solutions de rechange telles que l’établissement de partenariats entre le gouvernement et l’entreprise privée, et il ouvrira les activités gouvernementales à la concurrence extérieure.
Les deux tiers du budget de la province consistent en des paiements de transfert. Une grande partie de ces paiements servent à financer des services fournis par des organisations autrices que le gouvernement de l'Ontario. Ces organisations, qui dépensent plus de fonds publics que le gouvernement lui-même, ont la capacité et la responsabilité de se donner une nouvelle structure, de contrôler leurs dépenses et de réduire leurs frais. Ce n'est que de cette façon que l'Ontario pourra mettre de l'ordre dans ses finances.

Le nouveau gouvernement invite ses partenaires du secteur parapublic à déterminer les outils dont ils auront besoin pour accroître leur flexibilité, améliorer leur efficacité et réduire leurs frais.

Votre gouvernement s'est engagé à présenter un nouveau projet de loi sur les municipalités et il entreprendra, au cours de cette session, des consultations auprès des municipalités. Il entend aussi abroger la loi 163, une loi révisant la Loi sur la planification et l'aménagement du territoire, afin d'éliminer les tracasseries administratives, d'accélérer le processus de planification, d'habiliter les municipalités et d'établir un équilibre entre les intérêts économiques et écologiques.

Votre gouvernement tient réellement à réduire ses effectifs et ses frais de fonctionnement. Cette année, on économisera 1,9 milliard de dollars, mais malgré ces économies, le déficit de la province en 1995-1996 sera de 8,7 milliards de dollars. La nouvelle administration commence à peine à relever le défi que pose la réduction des effectifs et des dépenses du gouvernement. Il reste encore beaucoup à faire.

À mesure qu'il réduira ses frais, le gouvernement prendra des dispositions pour réduire le double emploi dans son administration, offrira des guichets uniques pour certains services et améliorera la prestation des services.

Au cours de la session, le nouveau gouvernement entreprendra aussi un examen des organismes, commissions et conseils publics. Les organismes seront mis à l'épreuve : ceux dont le mandat est désuet ou qui n'offrent plus une valeur optimale en contrepartie des ressources qui y sont affectées seront abolis.

Les travailleurs et travailleuses ont vu la valeur de leurs chèques de paie diminuer au cours de la dernière décennie. Ils savent que les politiciens doivent faire leur part de sacrifices. Votre gouvernement le reconnaît et prêcherà par l'exemple.

Ainsi, ici même dans cette assemblée, le nouveau gouvernement entend réduire le nombre de députés. Il présentera donc un projet de loi qui fera en sorte qu'à la suite des prochaines élections provinciales, il y ait moins d'élus. En effet, l'objectif de votre gouvernement est de ramener de 130 à 99 le nombre de sièges à l'Assemblée législative, soit l'équivalent de la représentation de l'Ontario à la Chambre des communes. Au cours de la session, le gouvernement entamera des pourparlers avec le gouvernement fédéral au sujet de circonscriptions communes.

Votre gouvernement déposera également un projet de loi fondé sur les recommandations de la commission récemment constituée pour étudier la rémunération des députés. Cette réforme mettra au rancart le luxueux régime de retraite des députés, éliminera les allocations exemptes d'impôt et enlèvera aux députés la charge d'établir leur propre salaire.

Alors qu'il procède à une restructuration et qu'il réduit ses dépenses, le gouvernement constate qu'il n'est pas seul à s'adonner à cet exercice. La population de tout le pays reconnaît que le statu quo ne lui est plus acceptable, et elle veut des changements importants.
À tous nos compatriotes canadiens, d’où qu’ils soient, nous disons que les Ontariennes et Ontariens veulent trouver avec eux une solution qui réglera les problèmes économiques et financiers qui touchent actuellement tout le pays.

À nos compatriotes canadiens qui sont aussi des Québécois et Québécoises et qui habitent notre province sœur, nous ouvrons notre cœur et demandons, avec toute notre générosité d’esprit, de demeurer au sein de la Confédération afin que nous puissions continuer de travailler ensemble pour assurer à tous la prospérité et des chances égales.

**La sécurité dans nos villes**

Un système judiciaire qui néglige les victimes d’actes criminels n’est pas digne de ce nom.

Si nous ne nous sentons pas en sécurité chez nous ou dans nos rues, nous sommes tous des victimes. On voit de trop nombreux cas comme celui de M. Pat Haghgoo, qui est ici aujourd’hui. M. Haghgoo est propriétaire d’une épicerie de dépannage qui a été cambriolée plus d’une douzaine de fois.

Il travaille fort et fait de longues journées pour satisfaire ses clients et réussir en affaires. Il demande peu au gouvernement, mais il attend de ce dernier des mesures visant à assurer la sécurité dans les rues et à punir le crime.

Le nouveau gouvernement est déterminé à défendre les intérêts des victimes au lieu de se soucier uniquement des criminels. Il fera en sorte que le système judiciaire soit plus adapté aux besoins d’aujourd’hui, qu’il soit plus efficace et qu’il se concentre sur les crimes graves.

Comme première démarche en vue d’établir un équilibre entre la protection de ceux que la loi vise à protéger et la nécessité de punir les contrevenants, le gouvernement déposera au cours de la session un projet de déclaration des droits des victimes.

**Un système de santé solide**

Pour les employés de bureau, les retraités, les chefs de famille monoparentale, les agriculteurs — pour tous les Ontariennes et Ontariens — un système de santé solide constitue un élément fondamental de la qualité de la vie.

Tout le monde sait qu’il est inutile de consacrer de plus en plus d’argent au système de santé. Le public et les professionnels de la santé conviennent que le gouvernement n’a pas besoin de dépenser davantage à ce chapitre; il s’agit plutôt de dépenser de façon plus judicieuse.

Dans les limites du budget affecté à la santé, il existe des possibilités d’économiser et de réinvestir. Nous continuerons à viser des économies maximales tout en fournissant à la population les meilleurs services qui soient.

Le gouvernement a déjà réinvesti en faisant l’acquisition de meilleurs appareils de dialyse à l’intention des personnes souffrant d’insuffisance rénale. Par ailleurs, nous faciliterons l’accès aux soins médicaux pour les populations rurales et du Nord de la province qui ont vu leurs services d’urgence réduits ou éliminés. Nous prendrons la tête des initiatives de coordination, de rationalisation et d’intégration en matière de traitement du cancer en Ontario.
Votre gouvernement réinvestira dans des mesures sélectives de santé publique, telle l’immunisation des enfants contre les maladies infectieuses, mesures qui contribueront à garder la population en bonne santé et à lui épargner des séjours à l’hôpital et des visites chez le médecin.

Si l’on veut réaliser des économies et permettre le réinvestissement, le gouvernement, les hôpitaux, les fournisseurs de services et les partenaires du secteur privé doivent collaborer afin d’assurer l’efficacité du système; ils doivent composer avec les ressources disponibles, empêcher le double emploi, éliminer le gaspillage et lutter contre la fraude.

Une juste chance

Ces dix dernières années, le nombre de personnes coincées dans le système d’aide sociale a presque triplé, tandis que les sommes consacrées à ce chapitre ont quintuplé. Les entreprises continuent à recevoir des faveurs du gouvernement, bien qu’elles n’en veuillent pas. Dans les milieux de travail, une loi sur l’équité en matière d’emploi donne lieu à la discrimination et à des quotas en matière d’embauche.

Les gouvernements précédents ont affecté à ces programmes des milliards de dollars provenant des impôts et d’emprunts, s’endettant ainsi plus profondément, tandis que les emplois disparaissaient et que l’économie déprérissait.

La population ontarienne sait que l’on fait fausse route en agissant de cette façon. Elle veut un système d’aide sociale qui, eu lieu de créer une dépendance, favorise l’autonomie. Elle veut des entreprises qui soient florissantes grâce à une créativité et à un travail soutenus, et non grâce à des cadeaux subventionnés par les deniers publics. Et elle veut des chances égales sur le marché du travail, et non des quotas imposés par des lois.

Votre gouvernement a déjà amorcé des changements dans le but de donner à tous les Ontariens et Ontariennes la possibilité de mener une vie productive et autonome.

Nous avons annoncé en juillet que les taux d’aide sociale seraient modifiés pour représenter, en moyenne, 10 pour 100 de plus que la moyenne des neuf autres provinces. Afin d’encourager l’initiative chez les bénéficiaires de l’aide sociale, nous leur donnerons la possibilité de gagner la différence entre les anciens et les nouveaux taux sans que ce revenu ne soit récupéré par le gouvernement.

Votre gouvernement a promis de venir en aide aux membres les plus vulnérables de notre société; en conséquence, les prestations d’aide sociale à l’intention des personnes âgées, des personnes ayant un handicap et de leurs familles n’ont pas été réduites.

Le nouveau gouvernement est en train de mettre en place des mesures de contrôle du gaspillage et de la fraude, notamment des exigences plus strictes en matière d’admissibilité. Ainsi, l’accès à l’aide sociale pour les personnes âgées de 16 ou 17 ans a été réduit et sera graduellement supprimé.

Le travail et la formation obligatoires se situent au coeur de notre stratégie visant à transformer le régime d’aide sociale pour en faire un instrument de progrès durable plutôt qu’un mécanisme d’aide provisoire. C’est là une réforme que le gouvernement est toujours déterminé à accomplir.
Au cours de cette session, le nouveau gouvernement commencera à exiger des personnes non handicapées qui reçoivent de l'aide sociale, à l'exception des chefs de famille monoparentaux ayant des enfants en bas âge, qu'elles offrent des services communautaires ou qu'elles participent à des programmes de formation ou de travail en échange des prestations qui leur sont versées. Les personnes qui refuseront de le faire se verront privées de leurs prestations.

Ce sont les enfants des familles tributaires de l'aide sociale qui souffrent le plus du système, car ils sont condamnés à une vie sans espoir. Dans le but de leur assurer un avenir plus prometteur, votre gouvernement établira des programmes, notamment une initiative en matière d'alimentation dans les écoles, afin de fournir aux enfants l'appui et l'encouragement dont ils ont besoin.

Afin de rétablir l'équité dans l'embauche, nous demanderons à l'Assemblée législative, au cours de la présente session, d'abroger les mesures imposant des quotas, notamment la Loi sur l'équité en matière d'emploi. Pour aider les employeurs à maintenir des lieux de travail exempts de discrimination, le nouveau gouvernement mettra en place un plan non législatif d'égalité des chances qui appuiera l'éducation et la formation, l'élimination des obstacles à l'égalité, ainsi que le partage des connaissances et de l'expérience parmi les collègues en milieu de travail.

À plus long terme, le gouvernement effectuera une réforme de la Commission ontarienne des droits de la personne afin de veiller à ce que la Commission remplisse son mandat qui est de venir en aide aux victimes de discrimination de façon efficace et efficiente.

Une société juste veille aux intérêts et à l'autonomie des personnes vulnérables et les traite avec dignité. Cela doit se faire sans qu'il ne soit nécessaire d'imposer un fardeau trop lourd aux fournisseurs de services et aux familles, ou de mettre sur pied une bureaucratie coûteuse et complexe.

Votre gouvernement déposera des mesures législatives abrogeant la Loi sur l'intervention et simplifiant la Loi sur la prise de décisions au nom d'autrui ainsi que la Loi sur le consentement au traitement. Un meilleur système sera mis au point afin de défendre les intérêts des personnes vulnérables.

La population ontarienne est généreuse. Aujourd'hui, de Cornwall à Kenora, des milliers de bénévoles travaillent ferme pour faire de leur localité un endroit où il fait bon vivre. L'adjointe parlementaire du premier ministre dirigera une initiative visant à encourager le bénévolat dans notre province. Des voisins qui prétendent main forte à des personnes âgées confinées à la maison, des entreprises qui parrainent des programmes d'alimentation pour les enfants, des clubs philanthropiques qui subventionnent des projets communautaires, des employés et des cadres du secteur privé qui travaillent comme bénévoles dans les services publics, voilà l'esprit qui anime l'Ontario. Votre gouvernement favorisera et entretiendra cet esprit. Les membres de l'Assemblée législative sont invités à collaborer.

L'excellence dans l'éducation et la formation

Les contribuables ontariens consacrent chaque année plus de 14 milliards de dollars aux écoles élémentaires et secondaires. Cependant, la qualité de notre système scolaire est inférieure à celle de pays comme le Japon, l'Irlande et l'Allemagne.
Un trop grand nombre de nos enfants sont incapables de lire, un trop grand nombre sont incapables de se servir d'un ordinateur, un trop grand nombre ne possèdent pas les compétences qu'exigent les emplois d'aujourd'hui.

Votre gouvernement reconnaît l'importance de l'éducation pour l'avenir de l'Ontario, et il a la ferme intention d'offrir aux parents et aux contribuables une contrepartie satisfaisante en échange de leur argent tout en assurant l'excellence de l'enseignement.

Comme il l'a promis, le nouveau gouvernement respectera son engagement à l'égard de l'enseignement en classe. Toutefois, pour arriver à financer cette priorité, les conseils scolaires devront prendre des décisions responsables quant à l'affectation de leurs ressources.

S'ils se réorganisent, s'ils collaborent à l'échelon local, s'ils rationalisent une administration et une bureaucratie trop hiérarchisées, s'ils réduisent le nombre de politiciens, et s'ils éliminent le gaspillage et l'inefficacité, les conseils scolaires pourront réduire leurs frais généraux tout en continuant d'offrir à leurs élèves un enseignement d'excellente qualité.

Pour sa part, le gouvernement donnera aux localités la latitude voulue pour faire leurs propres choix et améliorer l'efficacité de leurs services. Durant cette session, des mesures législatives seront déposées en vue de rendre la maternelle facultative de nouveau à compter de l'année scolaire 1996-1997.

Dans les écoles, le gouvernement Harris veillera à ce que le programme d'études soit plus exigeant, à ce que les élèves soient régulièrement soumis à des examens et à ce qu'ils reçoivent un bulletin uniformisé.

Une fierté renouvelée

Les décisions que nous avons prises depuis les élections n'ont pas été faciles à prendre; nous ne les avons pas non plus prises à la légère. Nous allons néanmoins poursuivre nos démarches en vue de rétablir la prospérité grâce à un budget équilibré et à des réductions d'impôt qui favoriseront la création d'emplois.

Le nouveau gouvernement a exprimé ouvertement ses intentions. Il veut collaborer avec tous les Ontariens et Ontariennes en vue d'un avenir meilleur. M. Earl Smith, un mécanicien au service des autobus Greyhound qui est parmi nous aujourd'hui, s'est fait le porte-parole de bien des électeurs lorsque, deux jours après les élections, il a rappelé à Mike Harris que l'on s'attendait à ce que le gouvernement remplisse ses promesses, et qu'on l'observerait.

Votre gouvernement en est conscient, et il invite chacun et chacune d'entre vous à participer à la réalisation de son programme. Pour obtenir le texte du présent discours, qui fait état de l'orientation du gouvernement, composez le 1 800 668-9938.

L'objectif du gouvernement est de faire de l'Ontario un endroit dont nous soyons fiers de nouveau.
Ce n’est pas en maintenant le statu quo que nous y arriverons. La province se trouve à un moment décisif de son histoire. Il faut changer de cap si nous voulons nous assurer des jours meilleurs.

La route qui mène au renouveau est difficile à parcourir, mais le gouvernement est prêt à s’y engager.

Il est prêt à travailler ferme.
À y consacrer tous ses efforts.
À établir des priorités et à y rester fidèle.
À donner l’exemple.

Aujourd’hui, votre gouvernement réaffirme sa volonté de ramener l’espoir et la prospérité en Ontario — il réaffirme son engagement à l’égard d’une révolution du bon sens.

Puissé la divine Providence guider vos délibérations.

Au nom de notre souveraine, je vous remercie.

Dieu bénisse la reine et le Canada.

His Honour was then pleased to retire.

Debate was resumed on the Amendment to the Amendment to the Motion for an Address in Reply to the Speech of His Honour the Lieutenant Governor at the Opening of the Session.

The House then adjourned at 6:00 p.m.

ORDRE DU JOUR

Le débat reprend sur le sous-amendement à la motion portant l'Adresse en réponse au discours prononcé par Son Honneur le lieutenant-gouverneur à l'ouverture de la session.

Après quelque temps, conformément à l'article 9(a) du Règlement, la motion d'ajournement du débat est réputée avoir été proposée et adoptée.

À 18 h, la chambre a ensuite adjourné ses travaux.
The House expressed its condolence on the death of Bernt Gilbertson, member for the Electoral District of Algoma from October 17, 1967 to August 11, 1975.

The Speaker delivered the following rulings:

Yesterday, the Leader of the Official Opposition (Mrs McLeod) rose on a point of order with respect to the failure of the Minister of Community and Social Services to provide her and other members with certain documentation. The member will know that the Speaker has no authority to compel the Minister to provide such materials. However, the member may wish to make an enquiry on the subject during Oral Question Period.

On Wednesday and Thursday of last week, the member for Renfrew North (Mr Conway) raised some concerns respecting the events of Wednesday, September 27 as well as other matters relating to the security of the legislative precinct. Several members spoke to this on that same day and on successive days, namely, the member for Windsor-Riverside (Mr Cooke), the member for St. Catharines (Mr Bradley), the member for Wilson Heights (Mr Kwinter), and the Government House Leader (Mr Eves).

I have now had an opportunity to review the circumstances of the day in question, and I must say that some of the occurrences cause me grave concern. In reviewing the situation, I have found that indeed, the Honourable member for Renfrew North and other members were, for a time, denied access to the Legislative Building. This was a very serious incident and not one which should be repeated.

The issue of security in this place is a challenging one. The events of last week did not develop out of a deliberate intent to obstruct any member in the performance of his or her duty but rather out of caution and a desire to ensure the safety of members, staff and public. It may be that it should have been handled differently and it is this issue that I would like to address.

Members will know that under section 103(2) of the Legislative Assembly Act the Speaker is responsible for establishing security guidelines for the legislative precinct. This is an onerous responsibility and not one which can be fulfilled in the absence of full consultation with you, the members of this House.

In order to ensure that consultation, pursuant to Standing Order 106(i), I intend to refer the matter of security in the Parliamentary Precinct to the Standing Committee on the Legislative Assembly. It is my hope that consideration of the relevant security issues by this committee will assist me to meet my obligation to establish clear guidelines that will ensure the safety of the occupants of this precinct without impeding the access of members to this Chamber.
I thank the member for Renfrew North and other members for bringing these very important concerns to my attention.

MOTIONS

ORDRE DU JOUR

With unanimous consent, the House agreed to defer any division, if required, following debate on Mrs McLeod's Opposition Day Motion Number 1 until Monday, October 16, 1995, immediately following the deferred votes on the Throne Speech debate.

Opposition Day

Mrs McLeod moved, Mme McLeod propose,

Whereas the Common Sense Revolution states that a Conservative government "will not cut health care"; and

Whereas, during the 1995 election campaign, the Conservatives clearly promised to defend the health care system by protecting ministry funding, stating in a campaign backgrounder, "there will be no cuts to health care funding by a Harris government", and calling this their first, and most important commitment; and

Whereas the Premier repeated this promise throughout the campaign; and

Whereas the Public Accounts for 1994/95 show the Ministry of Health budget at $17.8 billion; and

Whereas the Conservative government has said that it is committed to funding health care only to the level of $17.4 billion; and

Whereas this represents a cut to the health care budget of more than $400 million; and

Whereas the Conservative government has already cut $132 million from the budget of the Ministry of Health when, on July 21, 1995, the Finance Minister announced a series of spending cuts designed to reduce the deficit; and

Whereas the Common Sense Revolution clearly states "every dollar we save by cutting overhead or by bringing in the best new management techniques and thinking will be reinvested in health care to improve services to patients"; and

Whereas the $132 million in funding has gone directly to reduce the deficit and therefore cannot be reallocated within the health care system; and

Whereas this government is considering introducing user fees to the Ontario Drug Benefit Program; and
Whereas there have been suggestions that hospitals will face a reduction in funding from this
government when it cuts its support to all transfer partners next year; and

Whereas, according to media reports on the Premiers’ Conference in St. John’s, the Premier of
Ontario "wouldn’t rule out user fees"; and

Whereas the Premier has stated that "a signal has gone out to the (health) ministry that there are no
sacred cows", suggesting that further cuts may be planned to health care funding; and

Whereas the recent actions taken by this government contradict election promises and have confused
a concerned public still coping with the negative impact of the previous NDP government’s
mismanagement of the Ministry of Health; and

Whereas the NDP government was the first government in the history of the province of Ontario to
reduce the budget of the Ministry of Health in real dollars; and

Whereas the NDP government inflicted chaos upon the health care system with the introduction of
the Social Contract, which resulted in a deterioration in the quality of care provided in Ontario; and

Whereas the NDP government attempted to introduce user fees to the Ontario Drug Benefit Program
and then removed more than 230 drugs from the Ontario Drug Benefit Program without first
consulting with those affected by this change; and

Whereas the NDP government reneged on its funding promises for hospitals in the province of
Ontario and reduced the budgets of provincial psychiatric hospitals; and

Whereas, faced with the detrimental effects of the NDP government’s assault on the health care
system and the threats being made by this Conservative government to continue the attack through
cuts in funding and the introduction of user fees, the province requires real leadership for the
protection of the health care system and a commitment to maintain stable funding for the health
ministry at $17.8 billion;

Therefore, this House calls on the Minister of Health to restore the $132 million that was cut on July
21, 1995, in order to maintain the promise made by this government to protect health care funding
and not cut health care; to reaffirm this government’s commitment to no new user fees; and to ensure
that the health care budget will stand at $17.8 billion dollars for every day of the life of this
government.

A debate arose and, after some time the
question having been put, the Speaker declared
his opinion that the Nays had it, and a
recorded vote having been demanded,

The Speaker informed the House that pursuant
to unanimous consent given by the House
earlier today, the vote be deferred until
Monday, October 16, 1995 immediately
following the deferred votes on the Throne
Speech debate.

The House then adjourned
at 6:00 p.m.

Il s’élève un débat et après quelque temps, la
motion mise aux voix, le Président déclare
qu’à son avis les voix opposées l’emportent
et un vote inscrit a été exigé.

Le Président informe l’Assemblée que
conformément au consentement unanime
donné plus tôt aujourd’hui par l’Assemblée, le
vote sera différé jusqu’au lundi 16 octobre
1995 immédiatement après les votes différés
du débat sur le discours du Trône.

À 18 h, la chambre a ensuite
ajourné ses travaux.
The Speaker informed the House that he has today laid upon the Table the Twentieth Annual Report of the Commission on Election Finances for the year 1994 / Vingtième rapport annuel de la Commission sur le financement des élections pour l’année 1994 (Sessional Paper No. 17) (Tabled October 16, 1995).

The Speaker addressed the House as follows:

Before beginning our deliberations today, I would like to address the House on the subject of Question Period and decorum in general.

We have now had seven Question Periods in this Parliament and I feel it is important that I take a few moments at this point to convey my views and expectations with respect to that proceeding for the coming weeks.

Prior to my election as your Speaker, I heard an overwhelming wish on your part and also from the public, for a more efficient use of time in Question Period and for improved order and decorum in this House. Since accepting the honour you bestowed upon me, I have been striving to this end, however, it is only with the co-operation of Members, that a Speaker can ensure the orderly conduct of business in this House.

Today I seek your help in two areas.

The first has to do with interjections. While I am certainly aware of the fact that to a certain degree, interjections are to be expected, my concern is that on occasion, heckling rises to a point where the person who has the floor is unable to clearly express himself or herself and the Speaker and other Members cannot hear what is being said. If I, as Speaker, am unable to hear what is said, I cannot maintain order in this place. Members who persist in interjecting to this extent will be asked to leave and if they do not, they will be named.

I hasten to add that I have been a Member for a number of years and I undertake, as my side of the bargain, to do this in an impartial manner, taking into account the mood of the House.

The Chair certainly does not wish to hinder the expression of good humour and I know from experience that emotions can sometimes run high on certain issues. I undertake to bring some perspective to these situations but I would ask honourable members to help me in this regard.

The second matter on which your co-operation is requested has to do with addressing your comments in the House to the Chair. This is not a difficult technique to master but one that would bring a great improvement to decorum. Remarks should be made by addressing the Speaker directly, while referring to other Members in the third person. This technique is a tradition in British-style Parliaments throughout the Commonwealth and has the benefit of depersonalizing the comments made, thereby keeping the level of direct emotional involvement down.
Question Periods to date have been successful in providing the opportunity for thirteen to fifteen questions. This is an improvement over the past, mainly because preambles have been shorter, as have been the answers. I will continue to monitor the situation daily and will meet again with the Whips if that was deemed to be useful.

I thank you for your attention.

During "Oral Questions", the Speaker requested the member for Hamilton East (Mr Agostino) to withdraw unparliamentary language.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day’s sitting.

The amendment to the motion as follows:

That the motion be amended by adding the following thereto:

"This House profoundly regrets that the new government has put forward an agenda that is a breach of trust for Ontarians who were promised jobs and a brighter future and that therefore this House condemns the government:

1. For its litany of broken campaign promises.
2. For its failure to reaffirm its plan to see the creation of 725,000 jobs.
3. For its failure to reaffirm its commitment not to cut health care funding.
4. For proceeding hastily to cut welfare benefits while the promise to help people get off welfare and into the workforce goes unfulfilled.
5. For its failure to put forward a constructive agenda and for instead practising the politics of punishment and intolerance.
6. For its overwhelming and clear commitment to put Ontario on a path toward higher unemployment, a widening gap between the rich and poor, a health care system faced with cutbacks and threatened with user fees, reduced access to education and policies that benefit the wealthy most at the expense of the most vulnerable in society."

The House then adjourned at 6:00 p.m.
The Speaker informed the House that he has today laid upon the Table the Individual Members' Expenditures for the fiscal year 1994/95 (Sessional Paper No. 18) (Tabled October 17, 1995).

The Speaker delivered the following rulings:-

Yesterday, the member for Windsor-Riverside (Mr Cooke) rose on a question of order to seek my advice concerning another member's connection with a lottery that was held in that member's constituency.

If the member for Windsor-Riverside is indicating or has been informed that the situation raises a criminal matter, I have to say that I cannot advise the member as to what course of action he should take. Our precedents indicate that the Speaker is not in a position to render legal advice or an opinion. I refer the member to rulings at page 4,257 of the Hansard for June 13, 1988, page 692 of the Hansard for April 23, 1990, and page 213 of the Hansard for April 22, 1993.

Nevertheless, I thank the member for his concern.

Yesterday, the member for Algoma (Mr Wildman) rose in the House on a question of privilege before Question Period. The member requested that the Speaker determine whether or not the Minister of Community and Social Services (Mr Tsubouchi) was "deliberately misleading the members of this House" when he indicated in last Tuesday's Question Period that the government had made no decision on a matter concerning his portfolio. The member also requested that the Speaker determine whether or not "the Premier did counsel the minister to make misleading statements..."

The Leader of the Third Party (Mr Rae), the Leader of the Official Opposition (Mrs McLeod), and the Premier (Mr Harris) spoke to the question of privilege.

Later the same day, the member for Beaches-Woodbine (Ms Lankin) rose on a question of privilege that was separate from but related to the question of privilege raised by the member for Algoma. The member requested that the Speaker review the record concerning a document that the Minister of Community and Social Services had indicated earlier he would be willing to make available.

I have had an opportunity to review the Hansard, our precedents and the relevant authorities concerning the issues raised in these various submissions.

Let me say several things at the outset. First, because members -- all members -- are presumed to be honourable, no member should suggest otherwise.
Second, it is not the responsibility of the Speaker to determine the veracity of statements that are made in the House. In this regard, let me refer members to 2 precedents. On June 7, 1988 a member rose in this House on a question of privilege concerning an alleged inconsistency in a minister’s response to an oral question. The member requested that the matter be referred to a committee “to determine whether the minister intentionally or whether the minister inadvertently lied to the House.” Speaker Edighoffer responded by making the following remarks (at page 4,101 of that day’s Hansard):

It is not the Speaker’s duty to judge the validity of the words used. I cannot make a judgement on whether any member has stated the facts correctly.

In a similar vein, Speaker Warner made the following remarks on November 18, 1993 (at page 4,140 of the Hansard for that day) in response to a member’s claim that a minister was misleading the House:

The veracity of statements is not to be tested by the Speaker. Those are matters to be dealt with by members of the House in orderly debate.

Let me now turn to the extract from page 119 of the 21st edition of Erskine May that was mentioned by the member for Algoma. The authority for the proposition in Erskine May that making a deliberately misleading statement in the House may be grounds for contempt is a 1963 resolution of the House of Commons at Westminster. That resolution found a member guilty of a grave contempt for making a personal statement in the House that he later admitted was not true. The circumstances raised by the member for Algoma -- and the similar set of circumstances raised by the member for Beaches-Woodbine -- cannot compare with the very serious circumstances associated with that incident.

That 1963 resolution is the only authority in Erskine May for the proposition that the making of a deliberately misleading statement may be treated as a contempt. The circumstances surrounding that resolution are explained in greater detail at pages 704 and 705 of the 2nd edition of the House of Representatives Practice. This authority indicates that although many claims have been raised -- as a matter of privilege or contempt -- that a member has deliberately misled the House, no Speaker has ever accepted such a claim.

These statistics suggest an obvious point, namely, that it will be a rare situation indeed in which there can be a finding of contempt. The incidents that were brought to my attention yesterday are not suggestive of contempt.

On a separate but related matter, the member for Mississauga South (Mrs Marland) rose on question of order concerning the way in which the member for Algoma had framed his question of privilege. My review of Hansard indicates that when the member for Algoma used the words “deliberately misleading” and “misleading”, he did so in the context of a request that the Speaker review the circumstances. As the member for Algoma himself indicated, he was not suggesting that the minister had misled members.

I thank the various members who made submissions on the matters addressed in this ruling for their contributions.
On Monday, October 16, the member for Dufferin-Peel (Mr Tilson) introduced a bill entitled, "An Act respecting the rounding of the Penny in Cash Transactions". It has been brought to my attention that this bill is in unilingual format only, which is contrary to Section 3(2) of the French Language Services Act, 1986. I must, therefore, advise the House that this bill contravenes Standing Order 38(d) and must be removed from the Order Paper.

INTRODUCTION OF BILLS

The following Bill was introduced and read the first time:-

Le projet de loi suivant est présenté et lu une première fois:-

ORDERS OF THE DAY

Opposition Day

Mr Rae moved,

Whereas the Common Sense Revolution states that "our obligation to those in need is even greater in the case of our children"; and

Whereas the Common Sense Revolution also notes that "children living in poverty suffer from significantly higher infant mortality rates, lower life expectancies and tend to receive poor nutrition and education"; and

Whereas Mike Harris's government is hurting kids who live on welfare through cuts in welfare benefits, because 41% of the people living on welfare are children; and

Whereas the 22% cut in welfare benefits hurts children most of all - children who will have to do without the food, clothing or adequate housing they need, children who have no way to fight back against the cuts; and

Whereas, Mike Harris's government is hurting kids who need day care by cutting the funding for day care provided through jobsOntario Training, so parents can't look for work or take job training; and

Whereas, this punishes families trying to help themselves and makes safe and dependable day care for their kids less accessible; and

Whereas Mike Harris's government is hurting kids who need extra help - abused children, children with disabilities, children from troubled homes - by cutting the budget for services like Children's Aid Societies, children's mental health centres and second-stage housing for women and children seeking refuge from domestic violence and abuse; and

Whereas Mike Harris's government is hurting kids and their families by eliminating jobs, by making it harder for them to make ends meet and harder to get training to get back to work; and

Whereas Mike Harris's government is cancelling early childhood education pilot projects and making junior kindergarten less accessible for children across the province, despite a generation's evidence that education supports in the early years pay huge positive dividends later in children's lives;

Therefore, this House calls on the Mike Harris government to stop hurting Ontario's children, primarily by restoring the benefits it has seized by means of welfare rate cuts, but also by restoring the funding cuts it has made to child care provision, to training, and to social service agencies.
A debate arising, after some time, the motion was lost on the following division:-

Debate was resumed on the motion for Second Reading of Bill 7, An Act to restore balance and stability to labour relations and to promote economic prosperity and to make consequential changes to statutes concerning labour relations.

À 18 h, la chambre a ensuite adjourné ses travaux.
The Speaker delivered the following rulings:-

Yesterday, several members raised the issue of security. I would like to respond by reiterating that security of the Legislative precinct is the responsibility of the Speaker. I share many of the concerns over security matters that have been raised and I understand the need to consult fully with the members of this House. It is for this reason that I am anxious to have the membership of the Standing Committee on the Legislative Assembly struck, and hopeful that when it is, it will make the consideration of the issue of security a priority.

Yesterday, the member for Windsor-Riverside (Mr Cooke) rose on a point of order with respect to the committee membership motion.

This matter was raised on October 18, 1995 and I refer members to my ruling of that same date. Let me clarify by saying that the Speaker does not have any authority to compel this House to consider a certain item at Orders of the Day.

I again urge the Acting Government House Leader to discuss this matter with the members opposite to come to a quick resolution of the problem.

Yesterday, the member for Mississauga South (Mrs Marland) rose on a point of privilege with respect to the television cameras in the gallery. I find that the member does not have a prima facie point of privilege, however the member may wish to bring this matter to the attention of the Standing Committee on the Legislative Assembly for its consideration.

THE AFTERNOON SITTING
1:30 P.M.

With unanimous consent,

Mr Harris moved, seconded by Mrs McLeod and Mr Rae,

That this Legislature and the people of Ontario affirm that we value and cherish Canada, and Quebec’s distinctive character within our country. In partnership, Canadians have built a country that many people regard as the very best in the world. We have social, cultural and economic strengths that are the envy of virtually all nations.

Ontarians seek change in the federal system. We have demonstrated this commitment to change in the past and continue to do so. The Status Quo is not acceptable. Ontario will be a strong ally for change within the Canadian federation. We agree that we need a more functional, harmonious country, and a more flexible and decentralized federation.
This legislature and the people of Ontario appeal to the people of Quebec, with an open heart and generosity of spirit, to remain a part of this country and to work together for change and progress within Canada.

Following remarks by Mr Harris, Mrs McLeod and Mr Rae, the motion was adopted unanimously by the House.

The House then adjourned at 6:00 p.m.

PRAYERS 10:00 A.M.
Mr Christopherson moved, M. Christopherson propose,

Whereas it is important for the provincial government to work in partnership with communities across Ontario to provide the infrastructure and economic opportunities necessary for job creation, and

Whereas the previous New Democratic Government invested in the economic future of Hamilton by committing $5 million for the creation of a cultural industry strategy, and a further $5 million for the Revitalization of Barton Street; both of which would have created jobs and supported the expansion of Hamilton’s important culture and arts industry, and

Whereas the saving and rehabilitation of the 71 year old landmark “Lister Block” building would have saved an important part of Hamilton’s heritage, created jobs and injected much needed economic stimulation into our downtown core, and

Whereas Hamilton’s McMaster University would have become the home to North America’s first United Nations University for the Environment, with a $5 million dollar provincial investment matched by Federal funds, and

Whereas Hamilton was scheduled to receive more than 1,000 units of non-profit housing, which would have created jobs and provided affordable housing for Hamilton’s most vulnerable citizens, and

Whereas these economic initiatives were identified as priorities by local government and the community itself,

Therefore be it resolved that the Progressive Conservative Government admit the serious damage it has caused to Hamilton’s economic future by cancelling these critical economic initiatives and that full funding be restored immediately.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu’à midi.
Mr Barrett then moved,

Second Reading of Bill 11, An Act to amend the Expropriations Act and the Human Rights Code with respect to property rights.

TWENTY-SEVENTH DAY
TUESDAY, NOVEMBER 21, 1995

PRAYERS
1:30 P.M.

The Speaker delivered the following ruling:-

Yesterday, the member for Windsor-Riverside (Mr Cooke) rose on a point of order about our practice respecting the referral of supplementary questions. The point of order arose out of some confusion that occurred during Question Period. In the first instance, the member for Riverdale (Ms Churley) asked a question of the Premier, who gave an answer. When the supplementary was asked, the Premier chose to redirect it to the Minister of Community and Social Services. Members will recall that I allowed the referral at the time and subsequently agreed to check our practice.

In doing so, I noted that on February 9, 1987 Speaker Edighoffer delivered a clear ruling on this very matter. Speaker Edighoffer indicated at that time that he had examined the past practices of this House and went on to say;

"Having done so, it appears to me very clear that redirecting a supplementary question is an accepted practice in this Chamber and it seems to me to be well within the bounds of logic which guides our Question Period. The right to redirect belongs to the minister and not to the questioner. This has been borne out in reviewing Speaker Turner’s rulings from 1981 to 1984".
I want to emphasize this last point because I believe it may be the source of yesterday’s confusion. Our practice and indeed, as Speaker Edighoffer noted, “the logic which guides our Question Period”, support the principle that the minister has the right to redirect a supplementary question, however, our practice is equally clear that the member asking the question does not have the same prerogative.

ORDRES DU JOUR

Mr Rae moved, M. Rae propose,

Whereas the Common Sense Revolution commits the Mike Harris government to creating 725,000 new jobs; and

Whereas the Common Sense Revolution states that "Ontario needs jobs today, and jobs tomorrow"; and
Whereas the Mike Harris government has cut public investments and programs eliminating tens of thousands of jobs in Ontario; and

Whereas unemployment currently stands at 8.5% in Ontario and the current instability in employment in Ontario is of concern to all members of this House; and

Whereas the Mike Harris government has condemned children and their parents relying on social assistance to a less than survival existence; and

Whereas the Mike Harris government has told families who rely on welfare "to work and to get jobs to supplement their income"; and

Whereas the Mike Harris government has done nothing to promote job creation in Ontario; and

Whereas the Mike Harris government has ended an era where partnerships between business, labour and government promoted economic development; and

Whereas the Mike Harris government is following a fiscal plan aimed at further cuts, increasing economic drag and a tax hand-out to the wealthy; and

Whereas the Mike Harris government's fiscal plan will do nothing to create jobs today or tomorrow;

Therefore, this House calls on the Mike Harris government to take the unemployment situation in this province seriously by restoring job creation programs and job support programs and to follow a balanced and responsible approach to economic development and deficit reduction, rather than pursue a policy of irresponsible cuts to program funding and economic investment in order to pay for tax breaks for the rich.

THIRTIETH DAY
MONDAY, NOVEMBER 27, 1995

PRAYERS
1:30 P.M.

The Speaker delivered the following ruling:-

On Thursday, the member for Dovercourt, (Mr Silipo) raised a point of order with respect to a question which sought additional information to a previously asked question.

I would say to the member for Dovercourt, that while the Minister may certainly have used another proceeding by which to deliver additional information, there is nothing in our rules or practice which prevents any member from asking a question that seeks to follow up on information provided in previous answers. Indeed, in reviewing Hansard, I find that this is a very common occurrence.

In response to the additional point raised by the member for Windsor-Riverside, (Mr Cooke) I would like to quote from Speaker Warner's ruling of June 3, 1992 in which he said:
"Members will appreciate that our rules have changed since 1970 and one of the effects of these many changes is that the Speaker must now give more latitude to members in the subject matter of their questions for the very simple reason that he has no occasion to vet these questions in advance. I must say that this applies to both sides of the House, and therefore I can only repeat that while I try to be vigilant, I cannot apply standards of questioning to the government members that I do not apply to the opposition members..."

INTRODUCTION OF BILLS

The following Bill was introduced and read the first time:-

Bill 25, An Act to provide for the Observance of Remembrance Day. Mr D. Boushy.

ORDERS OF THE DAY

Opposition Day

Ms Castrilli moved, Ms Castrilli propose,

Whereas the Conservative policy document "New Directions II, A Blueprint for Learning in Ontario" reports that tuition fees should represent 25 per cent of the operating costs of a post secondary education; and

Whereas a recent Statistic Canada report shows that university tuition fees already represent more than 26 per cent of the cost of education; and

Whereas the former NDP government was responsible for a 42 percent increase in tuition fees and the elimination of the grant portion of the Ontario Student Assistant Program; and

Whereas Ontario ranks second-last when it comes to per student expenditure on post secondary education; and

Whereas the Conservative government has failed to act on their promise to establish an income contingent loan repayment plan; and

Whereas it is immoral to force students to pay the price of Mike Harris' income tax cut to the wealthy through higher tuition fees;

Therefore this House calls on the Mike Harris government not to impose or allow any tuition increase without first: demonstrating that students are not paying their fair share of education costs, which according to New Directions II, was set by the Conservatives at 25 per cent of operating expenditure; ensuring that no student is denied access to a post-secondary institution as a result of their ability to pay; significantly expanding existing student aid programs; consulting with all stakeholders; and establishing an income contingent loan repayment plan as promised.

THIRTY-FIFTH DAY
TUESDAY, DECEMBER 5, 1995

PRAYERS
1:30 P.M.

The Speaker delivered the following ruling:-

Last Thursday, several members rose on questions of privilege and questions of order relating to Bill 26, An Act to achieve Fiscal Savings and to promote Economic Prosperity through Public Sector Restructuring, Streamlining and Efficiency and to implement other aspects of the Government's Economic Agenda and the circumstances surrounding its introduction for first reading on the previous
day. The following members made submissions on that occasion: the Leader of the Official Opposition (Mrs McLeod), the member for Windsor-Riverside (Mr Cooke), the member for Renfrew North (Mr Conway), the member for York South (Mr Rae), the member for St. Catharines (Mr Bradley), the member for Beaches-Woodbine (Ms Larkin), and the Government House Leader (Mr Eves).

The facts giving rise to their submissions are as follows. On Tuesday, November 28, the House passed the following order:

That, on Wednesday, November 29th the House shall recess immediately after Routine Proceedings; and, that the House shall reconvene at 4:00 p.m. for an Economic Statement by the Minister of Finance; and, that the House shall adjourn immediately following the Minister of Finance’s statement that day; and, that on Thursday, November 30th and Monday, December 4th under Orders of the Day, the House shall consider replies to the Economic Statement.

On the Wednesday indicated in this order -- a day on which there was a media lock-up until 4 o’clock with respect to the Economic Statement mentioned in the order -- the government introduced Bill 26 for first reading in the course of the item of Routine Proceedings known as "Introduction of Bills". On division, the House gave first reading to the bill, after which the House recessed until 4 o’clock pursuant to the previous day’s order. When the House resumed meeting at 4 o’clock, the Minister of Finance (Mr Eves) read the Economic Statement, after which the House adjourned pursuant to that same order.

That is what transpired from a procedural point of view. I have carefully reviewed the arguments and concerns raised; these include: the ability of members to raise points of order or privilege at certain proceedings of this House, the introduction of Bill 26 without notice, the fact that some members were in the financial statement lock-up at the time of introduction and at the start of the presentation of the statement, the contents of the compendium on Bill 26 and the admissibility of Bill 26 because of its omnibus nature. I want to deal with each of these points, and I ask the indulgence of the House as the number of issues raised and the importance of them have made for a lengthy ruling.

First, let me deal with the right of members to raise points of order and privilege and in particular the fact that I declined to hear points of order at the time Bill 26 was introduced and again following the Financial Statement. Let me begin by referring to the Twenty First edition of Erskine May, at page 396, where it states and I quote;

"Speakers have exercised discretion over the taking of points of order and have indicated at what point in the proceedings they are prepared to hear them."

In this House, we have precedents which confirm the Speaker’s discretion in this regard and specifically discretion to decline to hear a point of order during certain proceedings. I want to advise all members that it is not the intention of the Chair to prevent any member from raising points of order or privilege as long as these matters are raised at the proper time in the proceedings. At first reading of a bill, the Speaker is required to put the question without amendment or debate. That is what I did on Wednesday last. Also that day, the House was operating under a motion which stated that the House would recess immediately following Routine Proceedings until 4:00 p.m. that same day to hear the Economic Statement of the Minister of Finance. This was done. The motion went on to state that the House was to adjourn immediately following the Economic Statement until the next day. This was done. I would submit to you that for your Speaker to have proceeded otherwise would have been out of order.
I would also like to take this opportunity to explain that points of privilege differ from points of order both in form and process. It is not necessary to bring a matter of privilege to the attention of the Speaker immediately upon its occurrence or to have it decided upon immediately. The member for Windsor-Riverside (Mr Cooke) referred to Standing Order 21(b) which provides that "whenever a matter of privilege arises, it shall be taken into consideration immediately." In response, I would explain that Standing Order 21(b) refers to immediate consideration once a prima facie case of privilege has been found by the Speaker. At that point, a motion may be moved and would have to be taken into consideration immediately.

I will deal now with the issues raised concerning the introduction of Bill 26 without notice and prior to the presentation of the related financial statement. While it is true that there are several parliamentary jurisdictions, most notably the House of Commons, where notice is required before bills may be introduced, we have no such requirement in this House. Quite the contrary, Standing Order 38(a) says:

Every bill shall be introduced upon a motion for leave for introduction and first reading, specifying the title of the bill, no notice being required.

Likewise, there is nothing in our rules that compels a Minister to deliver a statement in advance of introducing a bill. Any agreement members have to the contrary is not one to which the Speaker is a party and therefore cannot be taken into consideration on this matter. There have been instances of legislation, even budget legislation introduced without any prior statement having been presented. On April 25, 1988 for example, the budget bills were introduced before the budget speech was given.

On the point raised that the compendium of background information did not contain all of the relevant material required I would refer members to the 21st Edition of Erskine May at page 383 where it states in part:

"It is the responsibility of the Government and not of the Chair to see that documents which may be relevant to debates are laid before the House and are available to Members. It is not for the Chair to decide what documents are relevant. Only when the Speaker himself has control of a document can he be involved in making it available to the House or a Committee."

In 1979, Speaker Stokes made a ruling on this very matter. In it, he stated and I quote:

"...I fail to see how I can be expected to know what was, or what was not, the background information considered by a Minister and his staff when preparing legislation. The minister tables what he considers to be the compendium required by the standing order, and there is no way that I can look behind his decision."

Subsequent rulings on this question have been consistent with Speaker Stokes.

As to the concerns raised with respect to the fact that many members were in the financial statement lock-up and were therefore unable to attend the House for Introduction of Bills and subsequently for the beginning of the Financial Statement. I must point out to the members who were involved that the rules and guidelines for this event are the prerogative of the government and any person who enters the lock-up must be governed by those rules. Members are not, nor should they be, forced to enter a lock up. It is not a question of privilege since I must assume that the members agreed to attend the lock-up even though they were aware that it would cover at least a portion of the time that the House would be sitting.
However, I do have grave concerns if the allegations that some members were allowed to leave the lock-up before others are correct, though I am not in a position to determine if they are. If one set of rules governed the caucus of the government and another set of rules governed the caucus of the two opposition parties with respect to the lock-up, I would find that to be offensive. All members of this House should be treated equally in this regard and no one group should have an advantage that the other group does not enjoy.

Finally, I will turn to the arguments put forward last Thursday respecting the omnibus nature of Bill 26 and a request on the part of some that I intervene either by ruling Bill 26 out of order or by splitting it into several parts. It is this issue which has caused me the greatest concern.

In addition to reviewing the arguments set out by the members of this House, I have examined our precedents with respect to omnibus legislation and I have sought information on the experiences of other jurisdictions. I have also reviewed the relevant Parliamentary authorities. I will say at the outset that, while I am sympathetic to the complaints many members have outlined over this type of legislation, my role is limited to consideration of the procedural issues before us.

In reviewing the precedents of this House, it is clear that we have dealt with omnibus legislation on several occasions. Often, the introduction of such legislation gave rise to points of order on its admissibility. The arguments put forward on those occasions were not unlike those we heard here last Thursday. In each case, the Speaker ruled that the legislation was in order and that it was not within the Speaker’s authority to find otherwise. On at least one occasion, presumably after some discussion among the House Leaders, legislation was in fact split. This split however was effected by agreement of the House and not by a decision of the Speaker. This was referred to in a ruling by the Deputy Speaker on October 31, 1994, when he said and I quote:

"...in the past when omnibus legislation has been split, it always has been as a result of an agreement between the House Leaders."

The experiences of the House of Commons in Ottawa seem to be most helpful to the consideration of the orderliness of omnibus legislation. In a 1971 ruling, cited by several members of this House in the course of their arguments on this matter, Speaker Lamoureux reflected that there may be a point at which an omnibus bill might go too far and not be accepted from a procedural standpoint. The difficulty which Speaker Lamoureux had in 1971 and which Speakers since that time have had is that there are no clear procedural guidelines which define what is or is not acceptable.

Citation 626 of Beauchesne referring to the relevancy of the contents of a bill reads in part, and I quote:

"Although there is no specific set of rules or guidelines governing the content of a bill, there should be a theme of relevancy amongst the contents of a bill. They must be relevant to and subject to the umbrella which is raised by the terminology of the long title of the bill"

It is clear that the long title of a bill could be broad enough to encompass a wide variety of subjects and statutes as is the case at hand, thus allowing wide parameters within the bill itself.

In her 1982 ruling Speaker Sauvé suggested that:
"It may be that the House should accept rules or guidelines as to the form and content of omnibus bills, but in that case the House, and not the Speaker, must make those rules."

With Speaker Sauvé I concur: it is for the House, not the Speaker to develop clear and definitive guidelines respecting omnibus legislation. Indeed, even Speaker Lamoureux noted that while he feared that the bill before him had gone too far, the government had not contravened any rule or practice and he had no choice but to allow it. To date, as far as I am aware, no Speaker in Canada has found an alternative.

Bill 26 amends several existing acts. It seeks to enact by my count 3 new statutes. There is no doubt that this is a complex and very broad piece of legislation. However, omnibus legislation is accepted in many parliamentary jurisdictions in this country and it is something to which this Assembly is no stranger. I share the concerns raised by many members here and caution that the use of omnibus legislation should be considered carefully and exercised judiciously. I also urge this House to break ground in this area and develop guidelines and policy as to the acceptable form and content of omnibus legislation.

At present there are no rules or precedents in this House or in other jurisdictions that give me the authority to rule Bill 26 out of order or to divide it. I can find no major difference between Bill 26 and omnibus bills that have confronted previous Speakers of the House of Commons or this place and although the House is presently faced with a serious disagreement, I must be guided by what I perceive was the wise direction in my learned predecessors' rulings and encourage the parties to meet and find solutions to the problem of the omnibus nature of this bill.

I want to thank all members who contributed to the discussion of these matters. The arguments put forward were insightful and of a great deal of assistance to me. I also thank all members for their attention during this extended ruling.

ORDERS OF THE DAY

A debate arose on the motion for Second Reading of Bill 26, An Act to achieve Fiscal Savings and to promote Economic Prosperity through Public Sector Restructuring, Streamlining and Efficiency and to implement other aspects of the Government’s Economic Agenda.

During the debate the House was recessed on a number of occasions for grave disorder pursuant to Standing Order 16.

After some time, pursuant to the Order of the House of November 23, 1995, the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 12:00 midnight.

THIRTY-SIXTH DAY
WEDNESDAY, DECEMBER 6, 1995

PRAIRS
1:30 P.M.

Following remarks by Mrs Pupatello, Ms Churley and Mrs Cunningham, with unanimous consent, the House observed a moment of silence in remembrance of the tragic events at the University of Montreal, Quebec on December 6, 1989.

MOTIONS

Mr Eves moved,

That the House do now proceed to Orders of the Day.

And a division having been demanded, during the division, the members of the Opposition refused to vote as required under Standing Order 28(c) when directed to do so by the Speaker.

The Speaker then named the member for Ottawa East (Mr Grandmaitre) for refusing to obey his direction to vote and directed him to withdraw from the service of the House for the balance of the day’s sitting.

The Speaker then named the member for Scarborough North (Mr Curling) for refusing to obey his direction to vote and directed him to withdraw from the service of the House for the balance of the day’s sitting.
The member having refused, the Sergeant-at-Arms reported to the Speaker that force would be necessary to remove the member for Scarborough North (Mr Curling).

At 4:10 p.m., grave disorder having arisen, the Speaker recessed the House until the offending member was removed.

And the House, having continued to sit until Twelve of the Clock Midnight,

- Thursday, December 7, 1995 -

At 10:15 a.m., Mr Curling was removed from the Chamber, the Speaker resumed the Chair and the motion was carried on the following division:

AYES - 55  NAYS - 30

The House then adjourned at 10:20 a.m.

THIRTY-SEVENTH DAY
MONDAY, DECEMBER 11, 1995

PRAYERS
1:30 P.M.

The Speaker addressed the House as follows:

With the forbearance of the House, I would like to take a few minutes to contemplate the events of last week. The refusal of certain members to vote on Wednesday last and the subsequent disregard for the authority of the Chair caused this House to be in deadlock for several hours. I would urge all members to reflect on these events, not in terms of what ends they may have achieved but rather in terms of their effect on the institution of Parliament. Certainly, there have been occasions in the past when the business of this House has been impeded by the actions of one or more members. However, the circumstances in which we found ourselves last week are unprecedented.

There have been a number of comments and reports with respect to what the Speaker may or may not have done in this particular situation and I must admit there were times when I myself was tempted to pursue another course of action. However, any action that a Speaker takes in these kinds of circumstances must be considered carefully and mindful of the rules by which this House is governed. Standing Order 28(c) is clear. During a division in this Assembly, every member present must vote. While we do have two precedents in this House that suggest a Speaker might cast a vote in the name of the offending member, they conflict in their application. We have more recent and consistent precedents that define a course of action for the Speaker to take. Members will know that course of action to be to name the member who refuses to vote.

The authority of a Speaker to name members of this House for disorderly or unparliamentary conduct is time honoured. It is a tool that the Speaker may use to facilitate the function of Parliament. The use of force to ensure compliance to a decision of the Speaker has never before been required in this House. It is my fervent hope that it is never required again.
The degree of force to be used to remove a member from this House is a decision for the Speaker to make. Any such decision must be considered with great care. The consequences of any further action on my part last week would in my view have had devastating consequences for the future of this House.

The Speaker has a responsibility to facilitate the work of Parliament, but circumstances such as we saw here last week are beyond the control of the Speaker. On March 18, 1982, upon the conclusion of 2 weeks of bell ringing in the House of Commons in Ottawa, Speaker Sauvé had this to say:

"The authority of the Chair is no greater than the House wants it to be. When the rules are clear and offer precise guidance to the Speaker, the authority of the Chair is absolute and unquestioned, for this is the will of the House. On the other hand, when there are no rules to fall back on, the Speaker must proceed very cautiously indeed. The most the Chair can do is to lay the matter before the House which can then itself create a new precedent."

It is my hope that we never again see a situation such as we saw last week. If we do, the Speaker will have a responsibility to consider the new circumstance with great care, keeping uppermost in his or her mind the future of this great institution that we serve.

THE AFTERNOON SITTING
1:30 P.M.

SÉANCE DE L'APRÈS-MIDI
13 H 30

The Speaker delivered the following rulings:-

On November 22, and again on December 5, the member for Timiskaming (Mr Ramsay) rose on a question of privilege. According to the member, a ministry plan to monitor the activities of civil servants near members’ offices and to monitor their complaints to members impinging on his privilege to freely associate with his constituents. On December 12, the member for Hamilton East (Mr Agostino) rose on a question of privilege to say that a ministry was requiring a constituent’s written consent before it would allow a member to make inquiries to the ministry on behalf of that constituent. According to the member, such an administrative requirement prevented members from properly and effectively representing their constituents.

Since the concerns of both members are related, I will deal with them together. Let me begin by making a few remarks on the nature of privilege. As Speaker Edighoffer stated (at page 147 of our Journals for December 10, 1985), “it is only in very extreme circumstances that there can come to the House a legitimate case of privilege on the basis of the real and accepted and traditional definition of parliamentary privilege.” In a similar vein, citation 24 of the 6th edition of Beauchesne states that “[t]he privileges of Parliament are rights which are ‘absolutely necessary for the due execution of its powers.’”

There are many precedents dealing with the extent to which parliamentary privilege applies to members’ activities outside this House. For example, in a February 20, 1975 ruling, Speaker Jerome of the House of Commons at Ottawa stated the following (at page 308 of the Journals for that day):
The consequences of extending the definition of privilege to innumerable areas outside this Chamber into which the work of a Member of Parliament might carry him, and particularly to the greater number of grievances he might encounter in the course of that work would, in terms of that definition, run contrary to the basic concept of privilege.

In our own Assembly, a ruling (at page 8,339 of our Hansard for December 7, 1994) states that "the parameters of parliamentary privilege are very narrow and were only intended to protect the activities of members while carrying out their legislative duties in the chamber and in its committees."

Let me also say that previous Speakers of this Assembly have also ruled that a member's complaint that a ministry's administrative procedure was impeding members' ability to assist their constituents was not a matter of privilege. In this regard, I refer to rulings at page 256 of our Hansard for March 27, 1991 and page 6,479 of our Hansard for May 30, 1994.

Based on these authorities and precedents, I find that a prima facie case of privilege has not been established with respect to the concerns raised by the member for Timiskaming and by the member for Hamilton East. Nevertheless, I thank those members for raising their concerns.

On a separate but related matter, on December 12 the member for Ottawa Centre (Mr Patten) rose on a question of privilege to express his disagreement with part of a reply that a minister had made in a previous Question Period. The member also requested that the minister correct the record.

In response, let me say that my review of the parliamentary authorities and our precedents indicates that a difference of opinion or a disagreement as to the facts is not a matter of privilege. In this regard, rulings at page 115 of our Journals for July 17, 1989 and page 227 of our Journals for June 9, 1988 approved the following statement in citation 31 of Beauchesne:

A dispute arising between two Members, as to allegations of facts, does not fulfill the conditions of parliamentary privilege.

To this, let me add that a member is entitled to rise on a point of personal explanation in order to correct his or her own record. In this regard, I refer members to rulings at page 716 of our Hansard for December 1, 1987 and page 1,964 of our Hansard for February 10, 1988. It is not for the Speaker or a member to require another member to correct his or her record.

In closing, I find that the concerns of the member for Ottawa Centre amount to an expression of disagreement rather than a matter of privilege. Nevertheless, I thank him for his interest.

During "Oral Questions" the Speaker repeatedly requested the member for Windsor-Walkerville (Mr Duncan) to come to order.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day's sitting.

DÉPOT DES PROJETS DE LOI

Le projet de loi suivant est présenté, lu une première fois et déféré au Comité permanent des règlements et des projets de loi privés:-

ORDRE DU JOUR

Le débat reprend sur les ordres d’adoption des budgets des dépenses des ministères suivants:-

Budget des dépenses du ministère de l’Éducation et de la Formation (supplémentaires inclus).

Budget des dépenses du ministère des Services sociaux et communautaires.

Budget des dépenses du ministère du Logement.

Budget des dépenses du ministère des Transports (supplémentaires inclus).

Budget des dépenses du ministère de la Santé (supplémentaires inclus).

Budget des dépenses du ministère du Développement économique et du Commerce.
The Speaker delivered the following ruling:-

The events of Monday, March 18 in and around the legislative precincts were extremely disturbing to me and should be to all members of this House. The actions on all sides that I viewed on the news and indeed outside my window have troubled me greatly.

If I might beg the indulgence of the House for a few moments, I would like to respond to security concerns raised yesterday. I would ask that the members bear with me since I find it necessary to first outline the sequence of events, make certain observations and conclude with my own recommendations. This makes for a rather lengthy statement.

On Monday, March 18, the member for Welland-Thorold (Mr Kormos) raised a point of privilege with respect to the actions of the police in and around the Parliamentary Precincts earlier in the day. Yesterday, the member for Windsor-Riverside (Mr Cooke) rose on a point of order on the same matter. The members for Durham West (Mrs Ecker); Sudbury (Mr Bartolucci); Algoma (Mr Wildman); Ottawa West (Mr Chiarelli); Etobicoke West (Mr Stockwell); Hamilton East (Mr Agostino); Welland-Thorold (Mr Kormos); Yorkview (Mr Sergio); Lake Nipigon (Mr Pouliot) and St Catharines (Mr Bradley) also spoke to the point raised.

Let me begin by clarifying the procedural issues. The issues raised with respect to the actions of the police on Monday cannot be considered to be points of order since those must deal with the procedure that is followed inside this chamber and in the legislative committees. Neither can I find that a prima facie case of privilege has been established. In his ruling of October 23, 1991, Speaker Warner summarized the intent of privilege as follows:

"(Parliamentary privileges of the members of the Assembly) were intended to give members and others certain special rights and immunities considered essential for the operation of the Assembly. These rights and immunities allow the Assembly to meet and carry out its proper constitutional role. They also permit members to discharge their parliamentary responsibilities, and permit others properly involved in the parliamentary process to carry out their duties and responsibilities."

The actions of the police in and around the Legislative precincts on Monday do not by definition, constitute a breach of any collective or individual privilege. While it may be argued that the restriction or denial of access of the members of this House could be considered a contempt of Parliament, this is not precisely the issue we are dealing with today.
However, while a 
prima facie 
case of privilege has not been established, this does not end the matter.

Many members will know that I have had a longstanding preoccupation with the security of the Legislative precincts. I have on previous occasions shared these concerns with members of this House and in an effort to resolve them, I requested that the Standing Committee on the Legislative Assembly conduct a security review. I have met with that committee, and I anticipate a report from it soon. It is my hope that we can set in place a permanent consultative process whereby the Speaker can seek advice and share information on security issues.

The security review and report of the Standing Committee on the Legislative Assembly will be of a great deal of assistance to me and to future Speakers. However, the Committee has not yet completed its deliberations and security decisions had to be made in anticipation of the attendance of significant numbers of demonstrators at the Legislative precincts on Monday. I believe that it would have been negligent not to have considered security arrangements in preparation for that. As a result, the usual steps were followed and precautions taken in accordance with the 1993 Memorandum of Understanding between the Ministry of the Solicitor General and the Legislative Assembly.

As the member for Ottawa West correctly indicated yesterday, under the terms of that Memorandum of Understanding, the Ministry of the Solicitor General may recommend that a special event or situation requires a greater than normal level of security and that a security plan is prepared by the Legislative Security Service, that is to say, the Ontario Provincial Police. The plan is then reviewed by the Sergeant-at-Arms, after which it is presented to the Speaker. From the time the Memorandum of Understanding came in to being, this has constituted "notice to the assembly". Assuming the Speaker is in agreement, the plan is signed by the Sergeant-at-Arms and released to the O.P.P. and the Ontario Government Protective Service for implementation.

Since 1993 there have been approximately 15 such plans. In the case at hand, the plan was one prepared for the event of the strike as a whole by O.P.S.E.U. and made reference to varying degrees of threat. In general, it can be said that the Sergeant-at-Arms and the Speaker are guided by the advice they receive from the O.P.P.

Before the signing of the 1993 Memorandum of Understanding, such plans were prepared, however, they were never discussed with either the Speaker or the Sergeant-at-Arms.

This procedure was followed in advance of Monday's demonstration. I am sure that the members will understand that this is not a document that should be distributed widely before an event takes place, however, it seems to me that if the Standing Committee on the Legislative Assembly were to create a security sub-committee or some other consultative body, the plan could be shared with them in the advance of its being signed.

I have received a report from the Legislative Security Service in response to concerns raised by the member for Welland-Thorold the contents of which I will make available to the Legislative Assembly Committee.

I would now like to briefly discuss the matter of the Court Order. Prior to the commencement of the strike action taken by the Ontario Public Service Employees Union, my primary concern was and continues to be that the members of this House and those staff necessary to its operation are assured access to these precincts. For that reason, acting on behalf of the members of this Assembly, I sought legal advice and took steps to prepare an application for a Court Injunction. Let me be clear that it was never my intent to prevent lawful pickets from occurring on the grounds of the precincts. It was my intent however to ensure that the House would not be prevented from meeting.
In my opinion, on Monday, March 18 there were attempts to restrict, delay and in some cases obstruct access to this place. I found this sufficient cause to proceed with the application for an injunction. As has been reported in the press, the injunction was granted by The Honourable Mr Justice Winkler. I intend to table a copy of that court order. The order reads as follows:

This Court orders that Defendants, and any one having notice of this Order, shall not impede, obstruct, restrict or delay free access or egress into or from the East Door of the Main Legislative Building and the North Door of the Whitney Building, of Members of the Provincial Parliament and essential staff of the Legislative Assembly.

I might add here that the decision of the court on this matter has made the issue of access to the Legislative Precincts a matter not just of privilege but of common law.

There was a suggestion made yesterday that I should have somehow delayed the commencement of the meeting of the House on Monday pending the court decision. In response I say firstly that the Speaker does not have the power to alter the commencement time of the House even if the House Leaders had first been consulted and had agreed. In addition, by delaying or preventing the House from meeting even for only a day would have been to do the very thing I was trying to prevent. The members were here, necessary staff was here, there was no reason for the House not to proceed and to continue to meet regardless of the outcome of the court decision.

Several members indicated yesterday that they believe that a public inquiry should be ordered to investigate the police action of Monday March 18. I am certain that the members know that the Speaker has no authority to order a public inquiry. A public inquiry under the Public Inquiries Act can only be ordered by the Lieutenant Governor in Council.

I find though that the events of Monday were of such a grave nature that I as Speaker must take whatever action is within my authority. In this regard, in the strongest terms possible, I urge that the matters raised yesterday be fully investigated by this Legislature. I have heard arguments that suggest that there are members who do not believe that a Legislative Committee is the appropriate investigative body for this matter. To them I would say that Legislative Committees are the means that we as legislators have at hand and the only means that I as Speaker have authority to consider. I therefore urgently recommend that the House Leaders meet and come to an agreement for an order of reference to be formally referred by motion of the House to a standing committee of this legislature. I further recommend that such an order of reference allow for a full investigation including public hearings and I am confident that the Committee in question will ensure that they hear representation from all parties involved. In addition, since it is my belief that consideration of this issue cannot be delayed and will require some time to complete, I recommend that the House Leaders allow the Committee additional time to meet over and above its regularly scheduled meeting times.

Finally, while it is absolutely within the authority of the House Leaders to determine which committee should consider this matter, I would recommend that it be referred to the Standing Committee on the Legislative Assembly. My reasons for this are threefold. First, it has traditionally been the responsibility of this committee to consider matters of this nature and should continue to be. Second, the Standing Committee on the Legislative Assembly, is less likely than some others to be interrupted by a referral of legislation. Third, and to my mind most importantly, this committee has already embarked on a general security review and this background would be helpful to its deliberations.
I want to reiterate that I find this issue to be of utmost importance and urgency and I cannot convey strongly enough to the three House Leaders my fervent wish that they meet immediately to draft an order of reference.

FORTY-EIGHTH DAY

QUARANTE-HUITIÈME JOUR
MERCREDI 27 MARS 1996

PRIÈRES
13 H 30

Yesterday, several members rose on points of order with respect to language used and comments made during question period. I have reviewed the Hansard for yesterday, and I must say to the members that in terms of temperate language and tone, it was not one of our finer days.

To the Solicitor General, I would caution that the remarks made yesterday were inappropriate, intemperate and ill advised. I believe that, upon reflection, the Honourable Minister came to be of that same opinion as he saw fit to withdraw the comments and later to apologize to the member for London Centre.
Erskine May advises at page 380 that "Good temper and moderation are the characteristics of parliamentary language." It would I think be beneficial to this House if members on both sides carefully consider that advice and address this House with dignity and respect.

For my part, and with your cooperation, I will be vigilant in enforcing your rules that require civil discourse and decorum on the part of all members in this House.

PRAYERS
10:00 A.M.

Ms Lankin moved,

That in the opinion of this House, since the evidence placed before the Standing Committee on Finance and Economic Affairs illustrates that the stated fiscal plan of the government will not work and that the government’s commitment to deliver 725,000 jobs over the next four years is unattainable, given the current state of the Ontario economy combined with the government’s plan to deliver a 30% reduction in personal income taxes at the same time as eliminating the deficit and that the evidence presented to the Committee illustrates the contradictions within the government’s fiscal and economic agenda as well as the damage it will cause in every community in Ontario, therefore this House calls on the government to recognize its responsibility to working men and women in this Province and abandon its plan to introduce a 30% reduction in personal income taxes and instead the government should concentrate on the creation of jobs so that the economy will grow, the deficit can be eliminated and the accumulated debt reduced.

Conformément à l'article 106(g)(11), le rapport est réputé avoir été adopté par l'Assemblée.

ORDERS OF THE DAY

Want of Confidence Motion pursuant to Standing Order 43(a)

Mrs McLeod moved,

Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than $1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add $225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government.

FIFTY-THIRD DAY
THURSDAY, APRIL 4, 1996

PRAYERS
10:00 A.M.

Mr Brown (Algoma-Manitoulin) moved,

That in the opinion of this House, since the Northern Ontario Heritage Fund belongs to Northern Ontario, and represents a small share of the resource revenues to the Province from the resource sector, and is an important tool for improving economic, social, and health conditions in the North, and since the former New Democratic Party Government transferred the legacy of Northerners to the consolidated revenue fund of the Province of Ontario, and that Premier Harris has expressed his deep concern about the disappearance of the funds from the trust account; therefore, the Government of Ontario should return the funds with interest to the Trust; update the mandate; and put the funds to valuable use for the people of Northern Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Marchese then moved,

That in the opinion of this House, since it is in the public interest that public utilities and banks be more accountable to the citizens, ratepayers and consumers they serve; and that cutbacks in government funding are forcing non-governmental consumer organizations and government ministries alike to make drastic reductions in their watchdog and consumer support activities, with detrimental effects on accountability; and since some of Ontario’s public utilities may be privatized, making the need to ensure accountability all the greater; and that Citizens’ Utility Boards can be established that would further the goals of public input and involvement and be operated without public funds or additional regulation; and that public utilities can be required to facilitate the operation of Citizens’ Utility Boards without adding to their own costs of doing business; therefore (a) the Government of Ontario should move promptly to introduce legislation creating Citizens’ Utility Boards and requiring public utilities to facilitate their operation; and (b) the Government of Ontario should urge the federal government to take similar action with respect to banks.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Brown’s Resolution Number 10, the question having been put, was carried on the following division:

INTRODUCTION OF BILLS

The following Bill was introduced and read the first time:-

Bill 41, An Act to protect the Rights of Persons receiving Health Services in Ontario. Mrs E. Caplan.
ORDERS OF THE DAY

Want of Confidence Motion pursuant to Standing Order 43(a)

Mr Wildman moved,

Whereas the government has reaffirmed its commitment to both balance the budget and implement a 30% reduction in personal income taxes; and

Whereas economic growth in Ontario is predicted to continue to be weak at 2.3%, much lower than the government’s assumptions in the Common Sense Revolution; and

Whereas the current unemployment rate for the province stands at 8.9% and the employment outlook given the low growth rate is expected to continue to weaken over the next year; and

Whereas the cuts to government spending were cited by the witnesses at the Pre-Budget hearings of the Standing Committee on Finance and Economic Affairs as the major contributor to the poor economic performance and loss of jobs; and

Whereas by cutting personal income taxes to capture the tax savings published in the Common Sense Revolution, the government will lose $27.8 billion in revenue by the year 2000; and

Whereas in order to balance the budget as promised in the Common Sense Revolution the government will have to implement further spending cuts, which will affect children, senior citizens, and other vulnerable Ontarians; and

Whereas the cost of such a tax cut, which is to reduce the percentage of basic federal tax by 20 points, will add an extra $16.5 billion to the accumulated debt of the province; and

Whereas fully two-thirds of the value of the tax cut will go to the top 10% of income earners and will do nothing to increase consumer spending; and

Whereas witnesses at the Pre-Budget Committee hearings agreed that the Common Sense Revolution’s promise of 725,000 new jobs is unrealistic and unattainable; and

Whereas the government has refused to listen to expert witnesses, the people of the province and has refused to pay attention to the reality of Ontario’s economic situation;

Therefore, pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government.

INTRODUCTION OF BILLS

ORDERS OF THE DAY

Debate was resumed on the motion for Second Reading of Bill 34, An Act to amend the Education Act.

After some time, pursuant to Standing Order 9(a), the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 6:00 p.m.
That in the opinion of this House, since cancer is one of the leading causes of premature death in Ontario, claiming more than 20,000 lives annually, and since Ontario currently spends in excess of one billion dollars a year on cancer treatment, and since the previous New Democratic Party Government recognized this dire threat and commissioned a task force to advise on ways to effectively stem the rising incidence of this disease, and since the Ontario Task Force on the Primary Prevention of Cancer tabled its report in March 1995, advising the government on an action-based plan for the primary prevention of cancer and the present Conservative government has yet to respond; therefore in order to protect human health, prevent cancer and benefit natural ecosystems; this House calls upon the Government of Ontario to (a) immediately appoint a working Committee consisting of environmental, health, labour, industry, women's, aboriginal and other interested groups; and (b) work with the Committee to establish realistic and measurable timetables for sunsetting persistent, bio-accumulative toxic chemicals that are known or suspected carcinogens as outlined in the report of the Task Force.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Tilson then moved, 

That in the opinion of this House, since the Federal Liberal Government introduced Section 745 to the Criminal Code in 1976; and

since a person convicted of first degree murder is not eligible to apply for parole for 25 years at the time of sentencing; and

since Section 745 says that where an offender has a parole ineligibility period of more than 15 years and the offender has served at least 15 years, or only 60% of their sentence, the offender can apply to the court for a reduction of the parole ineligibility period; and

since CAVEAT, Victims of Violence, the Canadian Association of Chiefs of Police, the Canadian Police Association, and the Police Association of Ontario have all called on the Federal Government to immediately repeal Section 745 from the Criminal Code; and

since holding hearings under Section 745 uses precious resources which could be redirected elsewhere to prosecute serious crime; and

since the Federal Government has failed to pass a Private Member's Bill that Liberal backbench Member, John Nunziata of Ontario tabled in the Federal House of Commons in 1991, 1994 and 1995, that calls for the repeal of Section 745; and
since Federal Justice Minister Allan Rock has failed to state definitively that the Federal Government will repeal Section 745 to keep convicted murderers off the streets of our communities;

therefore the Government of Ontario should urge the Government of Canada to repeal Section 745 to ensure that convicted murderers serve their entire sentences and to protect victims, their families and the community.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Ms Churley's Resolution Number 13, the question having been put, was carried on the following division:-

**SIXTY-FIRST DAY**
**MONDAY, APRIL 22, 1996**

**PRAYERS**
1:30 P.M.

The Speaker delivered the following ruling:-

On Wednesday, April 17, 1996 the member for Dovercourt (Mr Silipo) rose on a point of order respecting the use of Question Period by Ministers to make statements.
The member is quite correct when he asserts that "question period should not be used as the place in which ministers make statements about government policy". I am in full agreement and would caution Ministers that a statement of government policy, of which the House should be informed, should be announced during Statements by the Ministry and not during Question Period.

However, as Speaker Warner states in his ruling of October 9, 1991:

"that is not to say that the Speaker is in a position to make judgements on the contents of answers in order to determine whether or not they constitute announcements of public policy."

In conclusion, I wish to thank the Member for Dovercourt (Mr Silipo) for bringing this matter to the attention of the House and to repeat, that Question Period is not the appropriate time for Ministers to make statements that should be made during the proceeding reserved for that purpose.

During "Oral Questions" the Speaker requested the member for Welland-Thorold (Mr Kormos) to come to order repeatedly.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day’s sitting.

SIXTY-FOURTH DAY
THURSDAY, APRIL 25, 1996

PRAYERS
10:00 A.M.

Mrs Caplan moved,

Second Reading of Bill 41, An Act to protect the Rights of Persons receiving Health Services in Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Silipo then moved,

That in the opinion of this House, since there is a significant and growing sense of cynicism and alienation toward the political process of Ontario and it is to the benefit of all to restore the relevance of government in people’s lives; and

since the present system does little to address the growing cynicism among the electorate towards the political process; and

since the fairest and most democratic system of election is one which results in the composition of the Legislature reflecting as closely as possible the preferences of the electorate; and

Conformément à l’article 106(g)(11), le rapport est réputé avoir été adopté par l’Assemblée.

ORDRE DU JOUR

Il s’élève un débat sur la motion portant deuxième lecture du projet de loi 39, Loi modifiant la Loi sur la Commission des transports routiers de l’Ontario et la Loi sur les véhicules de transport en commun et apportant des modifications corrélatives à certaines autres lois.

SIXY-FOURTH DAY
THURSDAY, APRIL 25, 1996

SOIXANTE-QUATRIÈME JOUR
JEUDI 25 AVRIL 1996

PRIÈRES
10 H

Mme Caplan propose,

Deuxième lecture du projet de loi 41, Loi visant à protéger les droits des personnes qui reçoivent des services de santé en Ontario.

À 11 heures, la suite du débat est réservé jusqu’à midi.

Ensuite, M. Silipo propose,

That in the opinion of this House, since there is a significant and growing sense of cynicism and alienation toward the political process of Ontario and it is to the benefit of all to restore the relevance of government in people’s lives; and

since the present system does little to address the growing cynicism among the electorate towards the political process; and

since the fairest and most democratic system of election is one which results in the composition of the Legislature reflecting as closely as possible the preferences of the electorate; and
since the present "first past the post" system of electing members to the Legislative Assembly of Ontario does not mirror the voters' preferences adequately, usually resulting in majority governments being formed by a party receiving a minority of voter support; and

since the present legislative system grants little constructive role to the opposition parties although they usually represent a majority of voters' preferences; and

since the Mike Harris government is committed to introducing legislation to change the electoral system by reducing the number of MPPs in the Legislative Assembly and this will provide an opportunity to review the entire electoral system to make it more democratic;

therefore, as one major part of reforming the electoral system of Ontario,

a) members of the Legislative Assembly of Ontario should be elected by a system of proportional representation which would better reflect the wishes of the voters and promote better representation of women and the diversity of Ontario in the Legislature; and

b) this system should be applied on a regional basis to maintain the appropriate balances between urban and rural Ontario; and

c) the Legislative Assembly Committee should examine the various possible models of proportional representation which could be applied to Ontario; and

d) the Legislative Assembly Committee should report back to the Legislative Assembly with one or more models of proportional representation for Ontario which could be incorporated by the government into the legislative changes required to reform the electoral system.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on the motion for Second Reading of Bill 41, An Act to protect the Rights of Persons receiving Health Services in Ontario the question having been put, was carried on the following division:-

SIXTY-SEVENTH DAY
WEDNESDAY, MAY 1, 1996

PRAYERS
1:30 P.M.

The Speaker addressed the House as follows:-

I would like to beg the indulgence of the House to make a short statement today on order and decorum.

This statement arises out of my increasing concern over the last several weeks for the dignity of this Chamber and its Parliamentary traditions. I find that the use of unparliamentary language is becoming commonplace. This is unacceptable. Members should refer to each other with respect and in a manner in which they themselves would like to be addressed. All members of this House are Honourable and should be treated as such.
This Chamber is the focal point for parliamentary debate and should not be used for actions that do not support that function. Demonstrations in this House by the public or by members themselves are out of order. I would ask all members to take this into consideration the next time they consider making their point by unparliamentary action rather than parliamentary words.

Other Speakers have made statements similar to this one. I myself have addressed this House before on such issues and I again ask members on all sides of this House to conduct themselves honourably and to co-operate in imposing on themselves the order and decorum that they expect of others in this Chamber.

Let me conclude by repeating what I have said before, the efforts of all members are required to maintain order and decorum in this Chamber. Your Speaker cannot do it alone. However, I can and will enforce the rules rigorously and I have confidence in your capacity as members to behave with dignity.

The House then adjourned at 6:00 p.m.  

À 18 h, la chambre a ensuite adjourné ses travaux.
Mr Clement moved,

That in the opinion of this House, since Ontarians are entitled to high levels of service from the public sector; and

since Ontarians sent a clear message in the June election that the status quo is not acceptable and called for a government committed to driving substantive reforms in the delivery of public services; and

since the Progressive Conservative government has already taken steps to respond to this message by reviewing all public expenditures; and

since it is important that this process does not neglect the needs of Ontarians and should include the establishment of guiding principles within the public service that will ensure that it is responsive to the public’s expectations;

therefore, in order to provide Ontarians with a better, more accountable and more responsive public service, the Chair of the Management Board should investigate the establishment of a mechanism to ensure that the following principles and standards are adopted by the government of Ontario:

a) measurable standards need to be established whereby the public as consumers of public services can assess how services are delivered on a regular basis;

b) information needs to be readily available to the public that will allow them to understand what services cost, who is in charge and how they can benefit from the service;

c) the public must be consulted on a regular basis to ensure that the service is still achieving its desired objectives and continues to be a service which the public sector should be providing;

d) the public’s needs must be paramount in determining how to deliver a service;

e) the public must be treated equally and with dignity and respect;

f) the public must have access to a system of redress whereby the government must accept the responsibility for the delivery of services in an appropriate manner; and

g) the taxpayer must be protected by ensuring that government services are delivered in an efficient and economic manner within the context of the existing fiscal environment.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu’à midi.
Mr Colle then moved, Ensuite, M. Colle propose,

That in the opinion of this House, since the roads in this province constitute a $100 billion asset; and that the Ministry of Transportation is responsible for the construction and maintenance of the provincial highway system which consists of about 22,000 kilometres of roadway; and

since the 1995 Annual Report the Provincial Auditor has concluded that 60% of highways are currently considered to be in poor or substandard condition; and that if immediate actions are not taken to repair highways the condition of the infrastructure will continue to deteriorate to the point that a massive and costly reconstruction effort will become necessary; and

since the average cost of rehabilitation is estimated at $80,000 per kilometre lane but if not implemented immediately the reconstruction cost per kilometre lane escalates to $250,000 per kilometre lane; and that poorly maintained roads jeopardize the safety of motorists and increase the number of accidents resulting in higher repair and insurance costs; and

since representatives for the Ontario Road Builders’ Association who appeared before the Finance Committee earlier this year told committee members that since this government came into power no money has been spent on the roads and highways in the province thus increasing the deterioration of roads; and that provincial cuts to the road maintenance and repair budget mean increased costs for future road reconstruction; and

since the Provincial Government is transferring thousands of kilometres of provincial roads to municipalities which in addition have had their provincial operating grants drastically cut; and that a comprehensive long-term government investment strategy in road maintenance and repair will maintain and encourage economic growth and commerce in communities across Ontario and can readily be undertaken by a highly trained and highly skilled local workforce;

therefore, the Government of Ontario should immediately establish a Road Maintenance and Reconstruction Fund whereby the government guarantees that a fixed portion of the gas tax along with other government revenues be designated to go directly toward the Road Maintenance and Reconstruction Fund for road maintenance, repair and reconstruction in order to systematically eradicate the existing substandard condition of 60% of provincial roads.

The Acting Speaker (Mr Morin) addressed the House as follows:-

Before we proceed with the voting today, I would like to address the members that on Thursday last, there seemed to be some confusion as to the procedure we were following on the deferred votes for both items of private members’ public business.

I want to assure all members that the procedure followed, was completely in accordance with Standing Order 96(f) and, was the procedure we have followed in this House for many years. When a vote is requested on the first item of business, the calling in of the members by the Chair is deferred until we determine if there is to be a vote on the second item. The members are then called to the House once with one five-minute bell and both votes are then taken in succession.
We have tried to accommodate those members in the past who have wished to vote on the first item, but not the second, by pausing between the questions to allow those members to leave the Chamber before voting on the second item. This also allows other members who may be waiting in the lobbies to enter the House to record their vote on the second item. This procedure, I admit, is cumbersome at best, however we have to follow the Standing Order that requires the votes to be taken in succession. If it is the wish of the members, I will cause the doors to be opened for 30 seconds of the clock after the first vote rather than an unspecified pause as we have done in the past.

In the Third Session of the previous Parliament, this House operated under a special order dated April 20, 1993, wherein the votes on Thursday mornings were taken individually. In that case, there were two five-minute bells which seemed to work much better than the current procedure, however until a similar order is passed, we have to proceed with our present procedure.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Clement’s Resolution Number 16, the question having been put, was carried on the following division:-

Conformément à l’article 96(e) du Règlement, la motion portant sur la résolution numéro 16 de M. Clement n’a pas fait l’objet d’opposition et la motion, mise aux voix, est adoptée par le vote suivant:-

And it was,

Resolved, That in the opinion of this House, since Ontarians are entitled to high levels of service from the public sector; and

since Ontarians sent a clear message in the June election that the status quo is not acceptable and called for a government committed to driving substantive reforms in the delivery of public services; and

since the Progressive Conservative government has already taken steps to respond to this message by reviewing all public expenditures; and

since it is important that this process does not neglect the needs of Ontarians and should include the establishment of guiding principles within the public service that will ensure that it is responsive to the public’s expectations;

therefore, in order to provide Ontarians with a better, more accountable and more responsive public service, the Chair of the Management Board should investigate the establishment of a mechanism to ensure that the following principles and standards are adopted by the government of Ontario:

a) measurable standards need to be established whereby the public as consumers of public services can assess how services are delivered on a regular basis;

b) information needs to be readily available to the public that will allow them to understand what services cost, who is in charge and how they can benefit from the service;

c) the public must be consulted on a regular basis to ensure that the service is still achieving its desired objectives and continues to be a service which the public sector should be providing;

d) the public’s needs must be paramount in determining how to deliver a service;

e) the public must be treated equally and with dignity and respect;

f) the public must have access to a system of redress whereby the government must accept the responsibility for the delivery of services in an appropriate manner; and

g) the taxpayer must be protected by ensuring that government services are delivered in an efficient and economic manner within the context of the existing fiscal environment.

ORDERS OF THE DAY

Debate was resumed on the motion that this House approves in general the Budgetary Policy of the Government.

After some time,

Mrs McLeod moved that the motion moved by the Minister of Finance on May 7 "that this House approves in general the Budgetary Policy of the Government" be amended by deleting the words following the words "that this House" and adding thereto the following:

RAPPORTS DES COMITÉS

Conformément à l'article 106(g)(11), le rapport est réputé avoir été adopté par l'Assemblée.

DÉPOT DES PROJETS DE LOI

Le projet de loi suivant est présenté et lu une première fois:-

ORDRE DU JOUR

Le débat reprend sur la motion portant que la présente Assemblée adopte les grands principes de la politique budgétaire du gouvernement.

Après quelque temps,
"Recognizing that the budgetary policy put forward by the Minister of Finance comprises little more than a shell game, in which all but the wealthiest Ontarians will see their tax cut eaten up by new user fees and local taxes; and

That while the Conservative government is giving taxpayers a 15% tax cut, it is taking the tax cut away from the lower and middle income earners piece by piece in new and higher user fees, higher tuition fees and licence fees; and

That according to the government's own figures, the unemployment rate will actually increase over the next two years; and

That despite the Conservatives' claim that the tax cut will create 725,000 jobs, the budget predicts that there will be 6,000 more people unemployed in 1998 than the day the Conservative government took office; and

That the massive cuts to government services, including education, justice, health, and transportation required to pay for the tax cut are unacceptable and will transform Ontario into a province of winners and losers;

Therefore this House has lost confidence in this government."

On motion by Mr Laughren, Sur la motion de M. Laughren,

Ordered, That the debate be adjourned. Il est ordonné que le débat soit ajourné.

Mr Hodgson moved, That the House do now adjourn. M. Hodgson propose que l'Assemblée ajourne les débats maintenant.

The question, having been put on the motion, was declared carried. Cette motion, mise aux voix, est déclarée adoptée.

The House then adjourned at 4:30 p.m. À 16 h 30, la chambre a ensuite adjourné ses travaux.

SEVENTY-SECOND DAY THURSDAY, MAY 9, 1996

PRAYERS 10:00 A.M.

Mr Wildman moved, M. Wildman propose,

Second Reading of Bill 24, An Act to amend the Environmental Protection Act, the Ontario Water Resources Act and the Pesticides Act.

Deuxième lecture du projet de loi 24, Loi modifiant la Loi sur la protection de l'environnement, la Loi sur les ressources en eau de l'Ontario et la Loi sur les pesticides.
A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon. Mr Stewart then moved,

That in the opinion of this House, since the expression of spirituality in public schools is currently limited only to the reading of prayers and other spiritual texts, and that the multi-faith character of Canadian society has never implied that particular expressions of, as well as education about, diverse spiritual traditions are to be suppressed, but openly celebrated and respected by students and all Canadians as part of the intrinsic fabric of our country, and

since spiritual expression and reflection is an important part of the overall development of values and the communication of the varied role of spirituality in our lives, and that open spiritual expression is practiced within the publicly-funded separate school system,

therefore, the Ministry of Education and Training should recognize the important role of spirituality and spiritual expression among students of multi-faith traditions in Ontario's public school system by allowing local Public Boards across Ontario the right to determine for themselves how such spiritual expressions should be included in the daily activities of their schools.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on the motion for Second Reading of Bill 24, An Act to amend the Environmental Protection Act, the Ontario Water Resources Act and the Pesticides Act the question having been put, was declared carried and the Bill was accordingly read the second time and Ordered referred to the Standing Committee on Resources Development.

ORDERS OF THE DAY

Debate was resumed on the Amendment to the motion that this House approves in general the Budgetary Policy of the Government.

After some time,

Ms Lankin moved that the Amendment to the motion be amended by adding after the word "losers", the following:

"and

That the economic projections announced by the Minister of Finance reveal that the tax cut will not deliver the promised economic growth and will only serve to add to the accumulated debt of the province; and

That since the government plans to take another $22 billion out of the revenue base it must cut expenditures further in order to balance the budget; and

That more cuts will result in further erosion of Ontario's economic growth potential and a further decline in revenues; and

That the result of the budgetary policy tabled by the Minister of Finance is contradictory to the government's stated objectives of providing for economic growth and an increase of 725,000 jobs;

Therefore, this House no longer has confidence in the government."

The debate continued and, after some time,

Pursuant to Standing Order 9(a), the motion for the adjournment of the debate was deemed to have been made and carried.

The Administrator of the Government transmits Estimates of certain sums required for the services of the Province for the year ending 31st March 1997 and recommends them to the Legislative Assembly.

Toronto, 15th May 1996

(Document parlementaire no 3, Agriculture, alimentation et affaires rurales; Procureur général; Bureau du Conseil des ministres; Affaires civiques, Culture et Loisirs; Services sociaux et communautaires; Consommation et commerce; Développement économique, du Commerce et du Tourisme; Éducation et formation; Environnement et énergie; Finances; Office des affaires francophones; Santé; Affaires intergouvernementales; Travail; Bureau du Lieutenant-gouverneur; Secrétariat du Conseil de gestion; Affaires municipales et du Logement; Secrétariat des affaires autochtones de l’Ontario; Richesses naturelles; Développement du nord et mines; Cabinet du Premier ministre; Solliciteur général et services correctionnels; Transports; Bureau de la ministre déléguée à la condition féminine.)
Ordered, That the message of the Administrator together with the Estimates accompanying same be deemed to be referred to the Standing Committee on Estimates pursuant to Standing Order 58.

The Speaker addressed the House as follows:

I would like to deal briefly with the point of order raised Monday by the Opposition House Leader as to whether a Minister who makes reference to a document during a speech is required to table that document in the House.

It is my understanding that the question before us is not whether the Minister has made reference to a document, but whether the Minister has cited or quoted from the document. I would submit to you that Ministers may make reference to any document they please, as do other Members in the House, however, if the Minister has cited or quoted from a public document then the Minister should, as a courtesy, table that public document in the House, so that all Members may have access to it.

It should be mentioned here that since this House deals only with public documents in its proceedings this ruling applies only to those documents and not to any private documents or correspondence. This does not preclude the Minister from tabling such private documents but does not obligate the Minister to do so.

I would also like to address the concerns raised yesterday by the Member for Windsor-Riverside and the Member for St. Catharines on the subject matter of decorum in general and in particular, the remarks made by the Premier during the question period and directed to the Leader of the Opposition.

Upon review, I would caution the Premier, that the remarks made yesterday were not in keeping within the spirit of our Standing Orders and make it difficult to maintain order and decorum in this House. Yesterday was not one of our better days and while interjections are to be expected, they were particularly loud which prevented me from hearing the answer given by the Premier. I would submit to you, that had I heard the words spoken, I would have directed the Premier to reconsider his comments and I am certain that he would have complied.

I would ask for the co-operation of all Members to tone down the intemperate remarks that have dominated Question Period over these last few weeks and to ask for their assistance in a particularly noisy House, that if they perceive any unparliamentary language to be spoken then they have a duty to bring it to the attention of the Chair so that the Chair may take the appropriate action to have the offending words withdrawn immediately. The Speaker cannot be expected to review Hansard and reflect upon the words spoken. The words have to be heard in the particular context in which they were spoken, to determine if they were unparliamentary or not.

Members may wish to know that I have named more Members in this House in my short term of office than any other Speaker. This is a record of which I am not proud, however, if the Members on all sides continue to abuse their privilege to speak using unparliamentary language then I will continue to name them as a commitment on my part to bring order and decorum to this House and to restore the dignity with which it deserves.

SEVENTY-SIXTH DAY
THURSDAY, MAY 16, 1996

PRAYERS
10:00 A.M.

Mr Curling moved,

That in the opinion of this House, since the Minister of Municipal Affairs and Housing has caused considerable confusion by publicly telling landlords and builders that he will introduce legislation that will end rent control, but on the other hand, tells tenants they will be protected without any explanation; and

since this government has cancelled over 390 non-profit housing projects that would have provided needed and decent shelter to lower income Ontarians, but has made known no plan to make up for this short-fall in affordable accommodation; and

since the Minister intends to drastically change six pieces of housing legislation, including rent control, that will wipe out tenant protection in Ontario; and

since rent control legislation was first introduced in 1975 and improved on by subsequent governments over the past 20 years; and

since this government continues to attack the most vulnerable in our society;

therefore, the Government of Ontario should stop its plans to gut rent control, and work with tenants to ensure that tenant protection and rent control be maintained in the province of Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

since all Ontarians will benefit from the removal of these barriers, thereby enabling these persons to enjoy equal opportunity and full participation in the life of the province;

therefore, the Government of Ontario should keep its promise as set out in the letter from Michael D. Harris to the Ontarians with Disabilities Act Committee dated May 24, 1995 to:

ORDERS OF THE DAY

Opposition Day

Mrs McLeod moved,

Whereas the Progressive Conservative campaign document promises to ensure that any actions by the Mike Harris government will not result in increases to local property taxes; and

Whereas Mike Harris and his government have repeatedly said that there is only one tax payer; and

Whereas Mike Harris has repeatedly said that a fee hike is the same as a tax hike; and

Whereas Mike Harris and his government have either introduced new fees or hiked existing fees in the Ministries of Citizenship, Culture and Recreation; Consumer and Commercial Relations; Economic Development, Trade and Tourism; Education and Training; Environment and Energy; Management Board Secretariat; Municipal Affairs and Housing; Natural Resources; and the Solicitor General; and

Whereas Bill 26 gave municipalities the power to impose new and increased user fees despite the overwhelming opposition from the electorate; and

Whereas Mike Harris and his government have reduced transfer payments to municipalities by 42%; and

DÉPOT DES PROJETS DE LOI

Le projet de loi suivant est présenté et lu une première fois:-

Projet de loi 56, Loi modifiant la Loi sur la protection de l’environnement et la Loi de 1992 sur la gestion des déchets en ce qui a trait au transfert de déchets d’une municipalité à une autre. M. D. Ramsay.

---

ORDRE DU JOUR

Jour de l’opposition

Mme McLeod propose,
Whereas this reduction has led to property tax increases in various municipalities; and

Whereas transfer payments to school boards, colleges and universities, social service agencies and other transfer partners have also been significantly reduced; and

Whereas these reductions have led to a 20% tuition fee increase; and

Whereas these reductions have forced municipalities to introduce hundreds of new user fees; and

Whereas these reductions will negatively affect the province of Ontario and its citizens; and

Whereas Mike Harris and his government’s approach to deficit reduction has led to Ontario now being known as "Home of the User Fee"; and

Whereas the spending cuts leading to all these new fees and fee hikes will ultimately fund the tax cut to the wealthy in Ontario; and

Whereas for the average Ontarian any tax cut will be eaten up by new user fees;

Therefore this House calls on the Mike Harris government to stop any further actions that will lead to new or increased fees at the provincial or municipal level; do a complete inventory of new and increased user fees at the provincial and municipal level; acknowledge the impact of Bill 26 on user fees in Ontario; and present to this House a more balanced approach to deficit reduction.

ORDERS OF THE DAY

Opposition Day

Mrs McLeod moved,

Whereas the actions taken by Mike Harris and his government have reduced the excellence and accessibility of our education system; and

Whereas Mike Harris promised in the Common Sense Revolution that any funding cuts to education would not come from the classroom; and

Whereas Mike Harris and his government have in fact affected classroom funding with an initial cut of $400 million, which annualized will equal $800 million, and which has resulted in the elimination of the classroom for many young Ontarians and adult students; and

Whereas Mike Harris and his government have acknowledged that the current drop-out rate will cost the country $23 billion in lost productivity, $9.9 billion in lost taxes and $1.4 billion in welfare and unemployment benefits; and

Whereas many adult learners are high school drop-outs who realize the need to complete their high school education; and

Whereas Mike Harris' actions through Bill 34 will make adult education unaffordable for many; and

Whereas Mike Harris has closed the doors of education and opportunities for these individuals by a reduction of funding for adult education with the intended passage of Bill 34; and

Whereas the government's own studies have shown that junior kindergarten has a positive impact on children; and

Whereas the Royal Commission on Learning recommended that schooling begin at age three to maximize the benefit of early childhood education for each child; and

Whereas Mike Harris also promised to present a tool kit to the education sector to help them reduce their costs and failed to provide an adequate set of tools; and

Whereas, for many Ontarians the cost of the tax cut promised by Mike Harris will be a poorer education system;

Therefore this House calls on the Mike Harris government to fulfil its promise not to affect classroom spending; to refocus its priorities on the quality of our education system rather than simply cutting and slashing programs; and to promise no further cuts to the education system.

INTRODUCTION OF BILLS

The following Bills were introduced and read the first time:

Bill 62, An Act to revise the Endangered Species Act and to protect Threatened and Vulnerable Species. Mr B. Wildman.

Bill 64, An Act to simplify government processes and to improve efficiency in the Ministry of Consumer and Commercial Relations. Hon. N. Sterling.

DÉPOT DES PROJETS DE LOI

Les projets de loi suivants sont présentés et lus une première fois:

Projet de loi 61, Loi visant à simplifier les processus gouvernementaux et à améliorer l’efficience au ministère du Procureur général. L’hon. C. Harnick.

Projet de loi 62, Loi révisant la Loi sur les espèces en voie de disparition et visant à protéger les espèces vulnérables et les espèces menacées. M. B. Wildman.

Projet de loi 64, Loi visant à simplifier les processus gouvernementaux et à améliorer l’efficience au ministère de la Consommation et du Commerce. L’hon. N. Sterling.

ORDERS OF THE DAY

Notwithstanding Standing Order 42(k), the following Opposition Day motion was debated with unanimous consent.

Opposition Day

Mr Wildman moved, M. Wildman propose,

Whereas the NDP Government's Rent Control Act protects tenants from high rent increases; and

Whereas the 1992 Rent Control Act was the result of extensive consultation with tenants, landlords and other groups; and

Whereas tenants deserve rents that are predictable and fair; and

Whereas gutting rent control will do nothing to stimulate new private sector housing construction or solve maintenance problems; and

Whereas the Mike Harris Conservative Government has cancelled more than 15,000 units of co-op and non-profit housing and has embarked on a plan to privatize public housing; and

Whereas the Mike Harris Conservative Government now wants to gut rent control; and

Whereas the previous Conservative and Liberal governments failed to protect tenants from high rent increases;

Therefore this House calls on the Conservative Government to keep the existing system of rent control, which protects tenants from high rent increases through a cap on rents, and ensures that landlords whose buildings are not properly maintained cannot increase rents; and to ensure that tenants still have security of tenure and access to the courts under the Landlord and Tenant Act.

NINETY-SECOND DAY
THURSDAY, JUNE 20, 1996

PRAYERS
10:00 A.M.

Mrs Ecker moved,

That in the opinion of this House, the income tax system unfairly favours political over charitable donations of $200 or less; and

since charitable organizations and the work of volunteers are a vital part of Ontario's communities that serve the needs of many individuals and enrich the quality of life we enjoy in Ontario; and

since promoting the spirit of volunteerism and the work of charitable community organizations is a high priority for the Government of Ontario; and

since the Canadian Centre for Philanthropy has submitted to the federal government that there should be an increase in credits for charitable donations; and
since studies indicate that increasing the tax credit can increase the amount donated by those who file for credits; and

since tax credits for charitable donations are the responsibility of the Government of Canada;

Therefore the Government of Ontario should pursue discussions with the Government of Canada to explore the feasibility of increasing charitable credits on contributions of $200 or less so that they are equivalent to credits for political donations.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

PRAYERS
1:30 P.M.

On several points of order having been raised on the same matter, the Speaker recessed the House for 15 minutes.

On his return, the Speaker delivered the following ruling:-

Matters that arise out of the administration of the Office of the Assembly and that are decided by the Board of Internal Economy are not matters that can be the subject of Question Period.

The principal reason for this is that no member of the Cabinet is responsible for these matters.

These matters are the responsibility of the Board of Internal Economy and members from all parties sit on that Board.

As Speaker Warner indicated in his ruling of December 12, 1991:

"all questions on such matters should be raised with the Board or with the Speaker, instead of in the House".

Therefore I would invite honourable members who have questions to come and see me or make representations to Board members.

However, according to the traditions of this House, I cannot allow such questions during Question Period.

The Speaker requested the member for Welland-Thorold (Mr Kormos) to resume his seat.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day’s sitting.

The Speaker then requested the member for Cochrane South (Mr Bisson) to come to order.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day’s sitting.

Pursuant to Standing Order 16, the Speaker suspended the proceedings for 10 minutes for grave disorder.
Following Question Period, at 3:55 p.m., the deferred vote on the motion for Second Reading of Bill 75, An Act to regulate alcohol and gaming in the public interest, to fund charities through the responsible management of video lotteries and to amend certain statutes related to liquor and gaming was carried on the following division:-

NINETY-SEVENTH DAY
TUESDAY, SEPTEMBER 24, 1996

PRAYERS

The Clerk of the Legislative Assembly informed the House of the unavoidable absence of the Speaker.

The House expressed its condolence on the death of John White, member for the Electoral District of London South from June 11, 1959 to August 11, 1975.

MOTIONS
Mr Johnson (Don Mills) moved,

That, notwithstanding Standing Orders 8(a) and 96(a), the House will not meet on the morning of Thursday, September 26, 1996 to consider private members’ public business; and, that notwithstanding Standing Order 96(h), the requirement for notice be waived with respect to ballot items 39, 40, 41 and 42; and, that Mr Ouellette and Mrs Marland exchange places in the order of precedence for private members’ public business.

A debate arose and, after some time,

On a point of privilege having been raised by the member for Rainy River (Mr Hampton), the Deputy Speaker recessed the House for 10 minutes.

On his return the Deputy Speaker delivered the following ruling:-

Part of your privilege as a member is undoubtedly a right to unfettered free speech in this House. Let me repeat for emphasis - in this House.

If a member were to make comments in this House about the report in question and subsequent to those comments, a legal action was commenced, this would unquestionably constitute contempt of this House. In giving this ruling I must caution the House that this situation has not yet arisen.

Therefore, I rule that there does not exist today a prima facie case of privilege, nor a contempt of Parliament.
The debate continued and, after some time,

The Deputy Speaker named the member for Lake Nipigon (Mr Pouliot) for refusing to come to order and directed the member to withdraw from the service of the House for the balance of the day’s sitting.

The debate continued and, after some time,

Ms Lankin moved the adjournment of the debate, which motion was lost on the following division:-

PRAYERS

1:30 P.M.

The Deputy Speaker informed the House that the Clerk of the Legislative Assembly had received a letter from the Speaker.

The Clerk of the Legislative Assembly then read the letter as follows:-

September 25, 1996

Mr. Claude DesRosiers
Clerk of The Legislative Assembly of Ontario,
Room 104
Legislative Building
Toronto, Ontario
M7A 1A2

Dear Mr. DesRosiers:

Today, I have requested the Clerk, Mr. Claude DesRosiers to convey my alarm and concern for the well being of my colleagues on both sides of the house. They collectively represent the wishes of the people of Ontario and they should not be prevented nor distracted from carrying out their duties.
Unfortunately, the allegations made against my person are still far from reaching a proper hearing. I am convinced, after this matter has received proper arbitration, the presumption of wrong doing will have been eliminated.

Because of my deep respect for the responsibilities of the office I hold and the absolute necessity that the affairs of the Legislature not be delayed, I have reluctantly concluded, my resignation is the only reasonable alternative.

I regret to inform the members of the Provincial Legislature of my decision to step down as your Speaker. My resignation becomes effective Thursday, September 26, 1996.

Sincerely

The Honourable Allan K. McLean, M.P.P.
Speaker
Ontario Legislature

Whereas the Conservative party promised voters in the last election through the Common Sense Revolution that "Aid for seniors and the disabled will not be cut."; and

Whereas the Common Sense Revolution states that "our obligation to those in need is even greater in the case of our children"; and

Whereas the Harris government's actions have resulted in Special Services at Home funding and other individualized funding to families of people with disabilities to be cut by an average of 30%; and
Whereas many of these families were only receiving 10 to 12 hours of funding support before the Harris cuts; and

Whereas Mike Harris has broken his promise to protect the most vulnerable in our society; and

Whereas many of these individuals and their families have also been affected by the Harris cuts to municipalities which have consequently reduced transportation services such as Wheel Trans and access to affordable housing; and

Whereas the Harris government broke its promise not to cut aid to seniors and persons with disabilities when it introduced a new user fee on the drugs that persons with disabilities are prescribed by their doctors; and

Whereas many of these children and their families will also be negatively affected by the $800 million cut to education as school boards eliminate teachers aids for children with special needs; and

Whereas the cuts to individual families will place increased financial and emotional stress on families that are already under a tremendous amount of stress; and

Whereas people with disabilities who are on welfare or families on welfare with children who have special needs have been unfairly hurt by the treatment they have received from the Harris government; and

Whereas the government has acknowledged publicly that only a small portion of the funds currently allocated for people with disabilities living in those institutions targeted for closure will be reinvested in the community;

Therefore this House calls on the Mike Harris government; to admit that their failure to meet the increased need for funding has resulted in reductions to individuals and their families; to do what Mike Harris promised when in opposition and allocate additional funding to people with disabilities and their families; to redress the current funding inequity that exists between disabled individuals who are cared for by their families in their homes, and those who are in the care of an institution; and to re-evaluate the priorities and budgets of the various programs that assist people with disabilities and their families to ensure that the services they need are readily available.

ORDERS OF THE DAY

Opposition Day

Mrs McLeod moved,

Whereas Mike Harris promised Ontarians in the last election that there would be "no cuts to health care funding"; and

Whereas hospital funding has been slashed by $1.3 billion; and

Whereas the Big Blue Bulldozer -- the so-called "arms length" Health Service Restructuring Commission -- has begun to plough through communities across the province; and
Whereas this non-elected and unaccountable body wields dictatorial power over the fate of Ontarians’ health care; and

Whereas all the work of the Commission has been conducted in secret; and

Whereas this government’s hospital restructuring has nothing to do with improving the quality of patient care in Ontario and everything to do with funding the Tories’ 30% tax cut promise; and

Whereas decisions of the Health Service Restructuring Commission to date will result in Thunder Bay and Sudbury losing 50% and 37% of their acute care hospital beds, respectively; and

Whereas the Common Sense Revolution promised that "local health care communities will share in any savings identified locally for reinvestment in community priorities"; and

Whereas of the $41 million cut from the operating budgets of Thunder Bay hospitals only $10 million has been committed to reinvestment and of the $41 million cut from the operating budgets of Sudbury hospitals only $13 million has been committed for reinvestment; and

Whereas the Minister of Health has reduced the amount the government is required to fund for capital projects from 2/3 of the capital required to 1/2; and

Whereas thousands of Ontarians in communities across the province, such as Thunder Bay, Sudbury, Kitchener, Wiarton and Kincardine have pleaded with the Minister to stop the destruction of health care in the province of Ontario and save their local hospitals; and

Whereas there is no regard for community input in the restructuring process; and

Whereas Jim Wilson has stated repeatedly that "bricks and mortar do not cure people, people cure people", and

Whereas the $1.3 billion cut to hospital funding over three years will result in 15,000 nurses losing their jobs; and

Whereas this loss of health care providers translates into patients losing 13 million hours of nursing care; and

Whereas the actions of the Harris government will result in the erosion of quality and accessible health care in the province of Ontario; and

Whereas Ontarians are frightened and angry that because of the actions of the Harris Conservatives they will be unable to access quality health care in their own communities; and

Whereas the Minister of Health is clearly in control of this process despite his attempts to deny it;

Therefore, this House calls on the Mike Harris government to admit that the so-called "arms length" Restructuring Commission is a sham; to dismantle the unaccountable and dictatorial Health Services Restructuring Commission; to restore the $1.3 billion it has stripped from Ontario’s hospitals; and to live up to the promise it made to voters in the last election that access to quality health care will be protected.

Second Reading of Bill 83, An Act to amend the Consumer Protection Act.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Ms Martel then moved,

That in the opinion of this House, the Minister of Health should reject the current Sudbury Health Services Restructuring Report as it imposes a solution not reflective of the local solution agreed to by the Manitoulin Sudbury & District Health Council; cuts over 200 acute care beds from the Sudbury hospital system; puts Sudbury’s ability to act as a Regional medical referral centre at risk; will result in significant job losses of front-line health care staff which will negatively affect hospital services; and does not guarantee 100% reinvestment of savings in the Sudbury community as promised by the previous Minister of Health.

ORDERS OF THE DAY

Opposition Day

Mr Hampton moved, M. Hampton propose,

Whereas the struggles of working families in Ontario for the past fifty years have led to safer workplaces, improvements to working conditions and standards, greater economic justice for pensioners and injured workers, pay equity for women and a more prosperous Ontario; and
Whereas this year marks the 50th anniversary of such milestones as the historic strike by steelworkers at Stelco in Hamilton and the landmark strike by auto workers at Ford in Windsor; and

Whereas the Ontario Workers Arts and Heritage Centre, opening this year in Hamilton, is focusing much needed attention on the history of working people; and

Whereas the Mike Harris government has launched a sustained attack on workers' rights; and

Whereas the Mike Harris government has stripped rights from workers in the Labour Relations Act while encouraging employers to force strikes, incite violence and hire scabs, causing more days lost to strikes already this year in Ontario than at any time since the passage of Bill 40; and

Whereas striking workers - at S.A. Armstrong, General Motors, Niagara Region and elsewhere - are under attack from their employers as a direct result of the Mike Harris government's actions; and

Whereas the Mike Harris government is preparing to take $15 billion from injured workers and give $6 billion to Ontario employers, undermining the longstanding compromise that guarantees full and fair Workers' Compensation in return for protecting employers from lawsuits; and

Whereas the Mike Harris government is threatening to close the Occupational Disease Panel and the Occupational Health Clinics for Ontario Workers, while setting the stage for attacking the right to refuse unsafe work; and

Whereas the Mike Harris government has pushed through amendments to the Employment Standards Act, under the guise of "housekeeping", that make it more difficult for vulnerable workers to defend their rights; and

Whereas the Mike Harris government has begun the gutting of pay equity protection for women, while making plans for further attacks on pay equity in the current session; and

Whereas the Mike Harris government has laid off hundreds of workers at the Ministry of Labour, including key staff in enforcement of employment standards and health and safety laws; and

Whereas the Mike Harris government has frozen Ontario's minimum wage, forcing down the standard of living of Ontario's most vulnerable workers while the U.S. Congress has passed legislation raising the U.S. minimum wage to a level higher than Ontario's; and

Whereas the Mike Harris government is driving down the standard of living of working families, while putting more money in the pockets of wealthy corporations and individuals, sharpening the divide between haves and have-nots; and

Whereas the Minister of Labour is, under the guise of creating "balance", taking power from unorganized and organized workers and putting more power in the hands of employers; and

Whereas the Minister of Labour rewrote the Ontario Labour Relations Act without a single day of public hearings, tried to roll back rights under the Employment Standards Act without public hearings and refuses to commit to full, province-wide public hearings on the drastic changes proposed to the Workers' Compensation Act and the Occupational Health and Safety Act;
Therefore this House calls on the government to withdraw its proposed changes to the Employment Standards Act, scrap its proposed amendments to the Workers' Compensation Act, commit to full funding of the Occupational Disease Panel and the Occupational Health Clinics for Ontario Workers, increase the Ontario minimum wage immediately and reinstate the ban on replacement workers in strikes and lockouts.

ORDERS OF THE DAY

Opposition Day

Mrs McLeod moved, Mme McLeod propose,

Whereas the Common Sense Revolution promises not to cut education spending in the classroom; and

Whereas the millions of dollars in cuts to education brought in by Mike Harris and his Minister of Education and Training, John Snobelen have in fact hurt children and affected the classroom; and
Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have cut nearly $1 billion out of our elementary and secondary education system through reductions in GLGs, social contract reductions, and expenditure control plan reductions; and

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have forced thousands of Ontario children to sit in overcrowded classrooms; and

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have forced many children with special needs to lose their resource teachers; and

Whereas thousands of Ontarians will no longer have the opportunity to attend junior kindergarten and adult education programs due to poor policy decisions by the Minister of Education and Training; and

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have forced thousands of Ontario teachers to lose their jobs; and

Whereas parents no longer have confidence in Mike Harris and his Minister of Education and Training, John Snobelen to make decisions with the best interest of children in mind; and

Whereas parents and other taxpayers have clearly said that the government is cutting too much too quickly especially where education is concerned; and

Whereas parents feel that the Minister of Education and Training has not heard their concerns to date; and

Whereas the only thing guiding the Harris government is the tax cut;

Therefore this House calls on the Mike Harris government to stop any further reductions in the funding of our elementary and secondary schools; start listening to parents, students, and teachers on issues of education reform; and bring forward policies and initiatives that are guided by the best interest of children.

ORDERS OF THE DAY

Opposition Day
Mr Hampton moved,

Whereas Mike Harris and Charles Hannick promised to improve the Family Support Program; and

Whereas Mike Harris promised in the Common Sense Revolution that "Government should concentrate its efforts on tracking down "deadbeat" parents and enforcing payment orders"; and

Whereas the Ministry of the Attorney General closed all the family support plan regional offices and laid off 290 staff, in order to fund the government's tax give away to the wealthiest Ontarians; and

Whereas the closure of the family support plan's regional offices have caused hardship and suffering for women and children who were previously receiving regular payments; and

Whereas the cuts to the family support plan have eliminated community based services; and

Whereas the loss of experienced staff and closing of the regional offices has thrown the family support plan into chaos; and

Whereas Mike Harris has clearly broken his promise to provide better enforcement of support orders; and

Whereas the government has introduced legislation which will allow the Director of family support to refuse to register an order or to close a file and will enable voluntary withdrawal from the family support plan;

Therefore this House calls upon the government to withdraw Bill 82 and guarantee that women and children who are entitled to family support payments promptly receive them and that all court ordered family support payments be enforced by the province of Ontario.

A debate arising, after some time, the motion was declared lost.

The House then adjourned at 6:00 p.m.

PRAYERS
1:30 P.M.

The Speaker delivered the following ruling:—

On Tuesday, January 14 and Wednesday, January 15, 1997, the member for Algoma (Mr. Wildman) and the member for Oakwood (Mr. Colle) rose on separate questions of privilege to express concerns about the government’s recent use of electronic and print media to communicate its agenda, and about its use of public funds to do so. In addition, I received submissions from the Government House Leader.

Specifically, the member for Algoma expressed concerns about a television commercial in which the Premier spoke to the government’s forthcoming reform agenda. The member for Oakwood was concerned about a pamphlet issued by the Minister of Municipal Affairs and Housing. The pamphlet dealt with the government’s programme for reforming municipal governance in metropolitan Toronto.

Both members indicated that the advertising occurred in advance of the consideration by the House of the legislative measures that would be necessary to implement the reform agenda and in advance of public hearings on these measures. They asked the Speaker to determine whether this advertising affected members’ privileges and whether it was a contempt.

Further, on Monday, January 20, 1997, the member for Algoma brought to my attention a separate but related concern. According to the member, the Minister of Municipal Affairs and Housing had issued a press release on the previous Monday announcing the government’s intention to realign the responsibilities of provincial and municipal governments. The member submitted that the wording of the press release had the effect of relating the television advertisements to the legislation that the minister was introducing.

Let me begin my response to these concerns by referring to the relevant parliamentary authorities on privilege. Standing Order 21(a) provides that "[p]rivileges are the rights enjoyed by the House collectively and by the members of the House individually conferred by the Legislative Assembly Act and other statutes, or by practice, precedent, usage and custom." Examples of individual privileges are: freedom of speech, freedom from arrest in civil actions, exemption from jury duty, exemption from attendance as a witness, and freedom from molestation.
Although it is not clear from the submissions made by the member for Algoma and the member for Oakwood which specific head of privilege they felt was being breached, I indicated last week that I would look into the matter. In my researches, I found an October 29, 1980 ruling by Speaker Sauvé of the Canadian House of Commons, a ruling that dealt with concerns about the propriety of an advertising campaign initiated by the government of Canada. In ruling that there was no *prima facie* case of privilege, Speaker Sauvé stated the following (at pages 4213 and 4214 of the House of Commons *Hansard*):

[T]here must ... be some connection between the material alleged to contain the interference and the parliamentary proceeding. In this regard, there is little, if any, evidence before me relating either the documents or the advertising campaign to a parliamentary proceeding.

In light of Speaker Sauvé's ruling, and after examining all the circumstances, I find that a *prima facie* case of privilege has not been made out with respect to the concerns raised by the member for Algoma and the member for Oakwood. The television commercials, the Ministry pamphlet, and the Ministry press release do not attempt by improper means to influence members in their parliamentary conduct, and do not impede freedom of speech in this place, nor do they relate to a parliamentary proceeding.

The member for Algoma and the member for Oakwood also asked the Speaker to determine whether the same circumstances amounted to contempt. *Erskine May* explains the concept of contempt in the following terms (at pages 115, 121, 124 and 125):

Generally speaking, any act or omission which obstructs or impedes either House of Parliament in the performance of its functions, or which obstructs or impedes any Member or officer of such House in the discharge of his duty, or which has a tendency, directly or indirectly, to produce such results may be treated as a contempt even though there is no precedent of the offence. It is therefore impossible to list every act which might be considered to amount to a contempt, the power to punish for such an offence being of its nature discretionary....

Indignities offered to the House by words spoken or writings published reflecting on its character or proceedings have been constantly punished by both the Lords and the Commons upon the principle that such acts tend to obstruct the Houses in the performance of their functions by diminishing the respect due to them.

Other acts besides words spoken or writings published reflecting upon either House or its proceedings which, though they do not tend directly to obstruct or impede either House in the performance of its functions, yet have a tendency to produce this result indirectly by bringing such House into odium, contempt or ridicule or by lowering its authority may constitute contempts.

That is what *Erskine May* says on contempt.

I want to say to members that I have also reviewed the two important rulings mentioned by the member for Algoma last week. The first was a ruling by Speaker Fraser in the Canadian House of Commons on October 10, 1989.
The situation that Speaker Fraser was faced with was as follows. The Department of Finance had caused to be published an advertisement that stated that "[o]n January 1, 1991, Canada's Federal Sales Tax System will change" and that a goods and services tax "will replace the existing federal sales tax." The advertisement then outlined specific proposed changes. After assessing the situation from the perspective of privilege, Speaker Fraser proceeded to assess it from the perspective of contempt. In the course of ruling that there was no prima facie case for breach of privilege or for contempt, he identified the difference between the two in the following terms:

[All] breaches of privileges are contempts of the House, but not all contempts are necessarily breaches of privilege. A contempt may be an act or an omission; it does not have to actually obstruct or impede the House or a member[,] it merely has to have the tendency to produce such results. Matters ranging from minor breaches of decorum to grave attacks against the authority of Parliament may be considered as contempts.

In ruling that there was no case for contempt, Speaker Fraser appears to have accepted the submissions of government ministers that the government had never intended the advertisements in question to be anything other than "informational" and that it had never been "the government's intention to suggest that legislation would not be submitted to Parliament for debate." Members will find this important ruling at pages 4457 to 4461 of the House of Commons Hansard for October 10, 1989.

The member for Algoma also referred to a March 28, 1994 ruling of Speaker Warner in our own House. In that case, the government had caused an open letter to be published in newspapers in the Ottawa-Carleton area. The letter, which appeared under the signature of the then Minister of Municipal Affairs, could be interpreted as suggesting that a bill that had only received first reading would become law by a specified time. After reviewing Speaker Fraser's ruling and two precedents from our own House, Speaker Warner indicated that a prima facie case had not been established.

Let me now turn to the application of these authorities to the impugned advertising. With respect to the television commercial and the Ministry press release mentioned by the member for Algoma, I am of the view that they do not raise a prima facie case of contempt. On the contrary, the commercial does nothing more than explain in a simple and general way the government's philosophy and its broad reform agenda. As for the press release, it is worded in an innocuous way.

However, I am very concerned by the Ministry pamphlet, which is worded more definitively than the commercial and the press release. To name but a few examples, the brochure claims that "new city wards will be created", that "work on building the new city will start in 1997", and that "[t]he new City of Toronto will reduce the number of municipal politicians."

How is one to interpret such unqualified claims? In my opinion, they convey the impression that the passage of the requisite legislation was not necessary or was a foregone conclusion, or that the Assembly and the Legislature had a pro forma, tangential, even inferior role in the legislative and law-making process, and in doing so, they appear to diminish the respect that is due to the House. I would not have come to this view had these claims or proposals -- and that is all that they are -- been qualified by a statement that they would only become law if and when the Legislature gave its stamp of approval to them.
In the two rulings I have already referred to, Speaker Fraser in Ottawa and Speaker Warner in our own House had some strong words for ministers or the government of the day on the subject of government advertising. Speaker Fraser stated that he would not be as generous in future in a similar situation, and that "we are a parliamentary democracy, not a so-called executive democracy, nor a so-called administrative democracy." Speaker Warner stated "that this action has come very close to contempt and in the future, the Minister should exercise more caution and exhibit greater respect for the proprieties of this House."

Considering the fact that Speaker Warner issued this very stern warning to the very Ministry that I am dealing with today, I would consider this Ministry to have been given fair warning.

It is not enough for yet another Speaker to issue yet another warning or caution in circumstances where the wording and circulation of the pamphlet appear on their face to cross the line. I say in all candour that a reader of that document could be left with an incorrect impression about how parliamentary democracy works in Ontario, an impression that undermines respect for our parliamentary institutions.

For these reasons then, I find that a *prima facie* case of contempt has been established. At the end of this ruling, I will entertain a motion with respect to the matter of the Ministry pamphlet raised by the member for Oakwood.

On a separate but related matter, the member for St Catharines (Mr Bradley) expressed concerns on Tuesday of last week about the unequal access to advertising resources as between the government and the opposition. He asked whether the Speaker had any jurisdiction to restrict the government from disseminating allegedly self-serving, partisan advertising.

At this point in my ruling, I want to express some personal concerns about the propriety of public funds being used to advocate, through advertising, a particular position on a matter that is before the House. Let me be clear: I am not speaking here about politically paid for advertising, but rather about funds that are contributed to by every Ontarian regardless of his or her political view. Personally, I would find it offensive if taxpayer dollars were being used to convey a political or partisan message. There is nothing wrong with members debating an issue and influencing public opinion; in fact, it is part of our parliamentary tradition to do so. But I feel that it is wrong for a government to attempt to influence public opinion through advertising that is paid for with public funds -- which, I might add, are not available to the opposition -- instead of through debate in the House.

As I say, those are my personal views. While I sympathize with the member for St Catharines, I do not have the jurisdiction to examine the propriety of such campaigns unless they raise a matter of privilege or contempt, a subject I have already addressed.

In his submission, the member for St Catharines also made mention of the Board of Internal Economy. If the member wishes to place some kind of request before the Board, he is free to do so, and the Board can address such of his concerns as fall within its jurisdiction.

In closing, I thank the member for Algoma, the member for Oakwood, the member for St Catharines, and the Government House Leader for bringing their various concerns to my attention.

Mr Colle then moved, Ensuite M. Colle propose,

That the Government be censured by the House for its contemptible advertising campaign and that the matter be sent to the Standing Committee on the Legislative Assembly for its consideration.
A debate arising, after some time,
On several points of order being raised, the Speaker recessed the House for 30 minutes.
On his return the Speaker ruled that the motion before the House was in order and directed the debate to continue.
The debate continued and, after some time,
Mr Johnson (Don Mills) moved,
That the motion be amended by deleting after the words "That the" the words "Government be censured by the House for its contemptible advertising campaign and that the matter" and that the following be substituted therefor:
"Speaker's finding of a prima facie case of contempt in the matter of one pamphlet issued by the Ministry of Municipal Affairs referenced in his ruling of January 22, 1997".
Points of order having arisen, Mr Johnson (Don Mills) withdrew his amendment and the debate continued.
After some time, pursuant to Standing Order 9(a), the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 6:00 p.m.

PRAYERS
11:00 A.M.

Mr Cleary moved,
That in the opinion of this House, the reopening of several parks formerly operated by the St. Lawrence Parks Commission in Eastern Ontario, an agency of the Government of Ontario would translate into enhanced tourism, new job opportunities, including employment for students, spin-off benefits for area businesses and an overall boost to the local economy and since several potential operators have submitted proposals to the government to lease or purchase these parks; this House calls on the Government of Ontario to finalize tendering and announce as soon as possible a private-sector operator for the closed parks and campgrounds of the St. Lawrence Parks Commission in order that the parks may be open for the spring/summer of 1997.
Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Cleary’s Resolution Number 35, the question having been put, was declared carried:-

ORDERS OF THE DAY

Opposition Day

Mr McGuinty moved,

Whereas the Harris government is dumping over $6.4 billion in service costs to municipalities, including $2.7 billion in social assistance, $1.6 billion in public health and seniors long term health care and $270 million in child care services; and

Whereas the transfer of these services will add over $1 billion in net new costs to property taxpayers; and

Whereas moving social services to the property tax base contradicts past municipal reform reviews including the 1991 Committee on the Provincial-Municipal Financial Relationship, The Ontario Fair Tax Commission, and the 1996 GTA Task Force Report; and

Whereas Duncan Sinclair, the chair of the government’s Health Services Restructuring Commission, said that dumping senior’s long term health care on municipalities was "stupid" and "180 degrees out of phase with the (prevailing) philosophy"; and

Whereas the government’s own "Who Does What" panel unanimously recommended against moving social services to the property tax base; and

Whereas the Metro Board of Trade and the GTA mayors oppose the government’s plan to move social services to the property tax base because it will increase property taxes; and

ORDRE DU JOUR

Jour de l’opposition

Mr. McGuinty propose,
Whereas the United Way and other service agencies say the government’s reforms will reduce services or raise property taxes; and

Whereas the Canadian Taxpayers’ Federation has called the government scheme a "shell game" which will result in higher property taxes; and

Whereas David Crombie has said "the only way they (municipalities) can deal with any increasing (welfare) caseload or any long term care is to either cut services or raise taxes. Which either means you’re going to hit the poor or drive out business"; and

Whereas property taxes are considered one of the most regressive forms of taxation;

Therefore this House calls on the government to reconsider its decision to transfer over $6.4 billion in service costs to municipalities and work on developing alternatives which: 1) do not add extra costs to municipalities; 2) follow the principles of disentanglement in moving hard service costs to municipalities and soft service costs to the province; and 3) which are developed in true consultation with municipalities and agencies to ensure that local property taxes do not increase as the result provincial downloading.

A debate arising, after some time, the motion was lost on the following division:-
The Speaker addressed the House as follows:-

I beg to inform the House that a vacancy has occurred in the membership of the House by reason of the resignation of Dave Cooke, member for the Electoral District of Windsor-Riverside effective January 31, 1997. Accordingly, my warrant has been issued to the Chief Election Officer for the issue of a writ for a by-election.

PRAYERS
10:00 A.M.

Mr Conway moved.

Whereas the Harris government is closing hospitals in communities across Ontario, and thereby threatening patients’ access to care when and where they need it; and

Whereas the new hospital bed standard that is being imposed by the government’s Restructuring Commission is overly aggressive and unrealistic, especially in rural and northern Ontario; and

Whereas the downloading of responsibility for long-term care onto municipalities will put additional pressure on the hospital sector;

Therefore, be it resolved that in the opinion of this House, the Ontario Ministry of Health must develop a hospital restructuring policy that properly addresses such factors as the need for core hospital services, the availability of non-hospital alternative care, and the geographic realities of rural and northern Ontario.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Rollins then moved.

That in the opinion of this House, the Government of Ontario should urge the Government of Canada to ensure that the powers of the federal Competition Act are exercised to their fullest in eliminating anti-competitive practices in the retail gasoline marketplace and that the Competition Bureau place the highest priority possible on investigations that may affect the survival of small, independent gasoline retailers in the marketplace.

ONE HUNDRED AND SIXTY-NINTH DAY
WEDNESDAY, FEBRUARY 26, 1997

PRAYERS
1:30 P.M.

The Speaker delivered the following rulings:
On Thursday, February 20, 1997 the member for Nepean (Mr Baird) rose on a point of privilege concerning the wording of a pamphlet produced by NDP Caucus Services.

The member was concerned about a specific statement in the pamphlet which states that “The Harris Conservatives have downloaded more than five hundred million dollars in costs for services onto Metro. As a result, we will see services cut and property taxes rise dramatically.”

I have to say to the member for Nepean, that I cannot find a relationship between that statement, and any particular Parliamentary proceeding currently before this House. While the member has made an argument that the statement is somehow related to Bill 103, as far as I can determine, it deals with matters that are in fact not contained in that particular piece of legislation.

It is even impossible for me to know whether the policies referred to in this statement would be done through legislation or regulation.

The member himself stated that in his judgment the House has not debated one single bill with respect to the statement in question. In contrast, the subject of my ruling of January 22, clearly related to a proceeding of this House.

Therefore, I find that there is no *prima facie* case of privilege or contempt.

In closing, I want to take this opportunity to advise all members of the House to reflect carefully on the wording used in such documents and to suggest that the Board of Internal Economy may wish to review its policy with respect to publications paid for by caucus services.

Yesterday the member for Oakwood (Mr Colle) raised a point of privilege relating to a recent court decision on Bill 103; the member for Dovercourt (Mr Silipo) and Leader of the Third Party (Mr Hampton) raised similar points.

Before I deal with the specifics of the points raised, I want to address the issue of the jurisdiction of the Speaker.

It must be understood that as Speaker, I am restricted to ruling on matters of a parliamentary or procedural nature and not on questions of legality or constitutionality.

This is a view held by previous Speakers in this House and in other Parliaments throughout the Commonwealth. It is a view shared by the Parliamentary authorities.

Citation 168(5) at page 49 of *Beauchesne* reads as follows:

“The Speaker will not give a decision upon a constitutional question nor decide a question of law, though the same may be raised on a point of order or privilege.”

In full awareness of these restrictions, let me now deal with the concerns raised.

Members contended that the stance of the agent of the Attorney General in the court case respecting Bill 103 may be seen as contemptuous of this House by claiming Royal Prerogative and thereby diminishing the role of this House.
This is not the first time in the History of this House that members have objected to a submission that an Attorney General had made in a court of law. However, I have not found anything in my research that stands as an authority for the proposition that such submissions can raise a matter of order or privilege in this House.

The Attorney General is the Chief Law Officer of the province and is empowered under the Ministry of the Attorney General Act, an act duly passed by this Legislature, and it is not for the Speaker to define the limitations to be placed on the Attorney General's authority.

It would be unusual...to say the least...for a Speaker to in effect pass judgment on such submissions that form part of the core function of the Attorney General.

Now, as to the assertion of some members that the appointment and actions of the Trustees were carried out before passage of Bill 103 and therefore constitute contempt, I will remind members of my January 28 ruling on this issue at which time I stated that "there is a legal issue involved in this course of action, however, and the Speaker cannot rule on the legality of the provisions contained in legislation or the actions of a government. These would be matters for the courts to decide". I think that events have unfolded which have borne that decision out. It does not now, by virtue of a legal decision somehow become a procedural issue.

The member for Dovercourt in his submission yesterday, argued that the Speaker should take certain actions in light of the court decision. I want to respond by saying to the member that his comments might more properly be directed to the Government.

Also yesterday, the member for Fort William (Mrs McLeod) raised a point of order asserting that certain provisions in Bill 104 are similar to the provisions in Bill 103 that were the subject of the recent court ruling and suggesting that the Speaker should therefore take some action. The member for Dovercourt (Mr Silipo), the member for Oriole (Mrs Caplan), the member for Algoma (Mr Wildman) and the Minister of Education all made submissions on this point.

I am going to begin by reiterating what I said yesterday. It is not within the authority of the Speaker to decide on a legal issue. I am not a judge and this is not a courtroom. Regardless of how close a parallel you see between the two pieces of legislation, the question of the legality of Bill 104 is a determination that rests with the courts and the courts alone.

In this regard I want to refer the member to a decision rendered in the House of Commons Canada.

On May 2, 1989 Speaker Fraser delivered a ruling following arguments that provisions of the Financial Administration Act were unconstitutional, and therefore the Bill should be ruled out of order. Arguments that I found to be similar to those raised by the member for Fort William. Speaker Fraser stated the following:

"The Speaker should not sit in judgment on constitutional or legal matters. That role belongs more properly to the courts and the administration of justice."

Speaker Fraser concluded by stating that "the Government has respected all of the procedures required by the House".
The same can be said in the case of Bill 104, the procedures of the House have been followed, there is nothing out of order.

Your Committee begs to report the following Bill as amended:

Bill Pr73, An Act respecting the City of Ottawa.

ORDERS OF THE DAY

A debate arose on the motion for Second Reading of Bill 109, An Act to amend the Public Libraries Act to put authority, responsibility and accountability for providing and effectively managing local library services at the local level.

After some time, pursuant to Standing Order 9(a), the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 6:00 p.m.
Mr Doyle moved,

That in the opinion of this House, the Legislative Assembly of Ontario should demand that union leaders stop their systematic attempt to politicize the classroom and that teachers’ fundamental professionalism be left unfettered so that the trust between teachers, parents and students is not violated.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mrs Pupatello then moved,

That in the opinion of this House, the Government of Ontario should stop cutting base funding of hospitals and allow communities to determine how to restructure their hospital services and find efficiency savings based on their needs;

should ensure that community services are in place before hospitals are closed since the Health Services Restructuring Commission has begun its work of amalgamating, merging and closing many hospitals across Ontario, in both urban and rural communities;

should reinvest savings achieved through the restructuring process into local community services since the withdrawal of millions of dollars of hospital funding from those same communities is occurring without the commitment to reinvest those dollars into community services in that community;

should ensure that hospital funding must be equitable and based on a formula that reflects demographic and regional needs; and

should ensure that health services, including emergency and urgent care services, are available to all Ontarians.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Doyle’s Resolution Number 41, the question having been put, was carried on the following division:-

INTRODUCTION OF BILLS  

The following Bills were introduced, read the first time and referred to the Standing Committee on Regulations and Private Bills:

Bill Pr74, An Act respecting 4588 Bathurst. Ms I. Bassett.

ORDERS OF THE DAY

Opposition Day  

Mr Colle moved,  

Whereas the Harris government is wiping out the existing municipalities of Toronto, the City of York, East York, North York, Scarborough and Etobicoke and replacing them with one enormous Megacity of 2.3 million people;

Whereas Mike Harris and his party platform made no mention of amalgamating the six municipalities composing Metropolitan Toronto prior to the 1995 provincial election and were not elected on that basis;

Whereas the Harris government has no mandate from the people to amalgamate Metropolitan Toronto into a Megacity;

Whereas, as recently as 1994, Mike Harris said, "There is no cost for a municipality to retain its name and identity. Why destroy our roots and pride? I disagree with restructuring because it believes that bigger is better. Services always cost more in larger communities";

Whereas the Harris government is forcing the people of Metropolitan Toronto into a Megacity to hide the $531 million in increased taxes for Metro residents that will be caused by the Harris government’s dumping of provincial costs onto the municipalities of Ontario;

Whereas the ill-conceived plan to create this Megacity is based on a three-week KPMG study carried out behind closed doors and without consultation;
Whereas the KPMG study contradicts the recommendations of every other study carried out on
Greater Toronto Area restructuring over the last 40 years;

Whereas even the author of the KPMG study admitted that "There has been no amalgamation of
which I am aware in the current fiscal environment that would demonstrate the certainty of savings";

Whereas the Harris government has stated that it plans to drive the legislation creating the Megacity
through the Legislature by April, without leaving adequate time for study or consultation;

Whereas the Harris government’s plans to force the people of Metropolitan Toronto into a Megacity
will cause property taxes to soar, will lead to more cuts in services and will make government even
more remote from the people that it is supposed to serve;

Whereas studies have shown that, once a city grows to over 1 million people, economies of scale in
municipal operations disappear and per capita costs for basic services go up;

Whereas Mike Harris and Al Leach have failed to provide the people of Ontario with any numbers
to support their contention that amalgamation will lead to cost savings;

Whereas the Harris government’s own study anticipates transition costs of $150 million to $220
million following amalgamation;

Whereas unprecedented grass-roots opposition to the Megacity plan has sprung up all over
Metropolitan Toronto;

Whereas thousands of Metro residents have spontaneously and vocally expressed their opposition to
the Megacity plan;

Whereas the public hearings on Bill 103 conducted by the Harris government have failed to reveal
any widespread public support for this legislation and instead have revealed deep and consistent
concern about this plan among citizens of all political stripes and affiliations;

Whereas the Harris government has refused to conduct its own referendum on the issue of
amalgamation;

Whereas the Mike Harris government has stated that it plans to proceed with its plan to force the
citizens of Metro Toronto into a Megacity regardless of their wishes;

Whereas the Harris government is consistently ignoring the voice of the people of Metropolitan
Toronto by continuing to plow ahead with its Megacity plan, and is acting undemocratically by
forcing this massive change down the throats of the citizens of Metropolitan Toronto without proper
consultation or a mandate from the people;

Therefore this House calls upon the provincial government to reverse its decision to amalgamate
Metropolitan Toronto into a Megacity, to withdraw Bill 103 and to proceed to consult with the people
and governments of Metropolitan Toronto, to develop a plan to restructure the Greater Toronto Area
for better co-ordination of services and strengthened local government and to make this a better place
for all citizens to live.

ORDERS OF THE DAY

Opposition Day

Mr Hampton moved,

Whereas the Harris Conservative government is refusing to listen to the voices of citizens in East York, Etobicoke, North York, Scarborough, Toronto and York who have clearly rejected the Harris government’s megacity proposal in Bill 103; and

Whereas the Harris Conservative government has ignored the concerns expressed by parents and educators about the grab for central control of schools in Bill 104; and

Whereas the Harris Conservative government, by appointing trustees to oversee actions of elected municipal councils before final passage of Bill 103, has shown no regard for the role of the Legislative Assembly; and

Whereas the Harris Conservative government, by appointing committee vice chairs with powers over elected school boards before final passage of Bill 104, has shown no regard for the authority of the Legislative Assembly; and
Whereas the Harris Conservative government is taking control of schools away from elected local school board members so that it can cut education spending to fund its tax cut scheme; and

Whereas the Harris Conservative government, while slashing $1.3 billion from Ontario hospitals, is ordering hospitals closed before ensuring that community services are in place to meet health needs; and

Whereas the Harris Conservative government is downloading the costs of welfare, long-term care, public health, housing, public transit, libraries, police, child care, ambulance services and other social services to find money to pay for its tax cut scheme;

Whereas the Harris Conservative government, instead of seeking real input for its proposals, has spent millions of taxpayers' dollars on slick advertising campaigns intended to shore up sagging Tory support; and

Whereas the Harris Conservative government set the tone for its bully tactics by passing the anti-worker Bill 7 without a single minute of public hearings, then trying to ram the omnibus Bill 26 though the Legislative Assembly without listening to the province-wide concerns;

Therefore this House calls on the government to withdraw Bill 103 and Bill 104; to make a new start on reforming municipal and education governance in Ontario; to stop cutting base funding of hospitals; allow communities to determine how to restructure their hospital services and ensure that community services are in place before hospitals are closed; to embrace a process that gives all citizens a chance to have their voices heard; and to reverse the decision to download social service costs onto municipal taxpayers.

**ONE HUNDRED AND SEVENTY-SIXTH DAY**

**WEDNESDAY, APRIL 2, 1997**

**PRAYERS**

1:30 P.M.

On a point of order raised by the member for Beaches-Woodbine (Ms Larkin), the Speaker recessed the House for 10 minutes.

On his return, the Speaker delivered the following ruling:-

I want to thank the member for Beaches-Woodbine (Ms Larkin) for providing me with advance notice of her point of order as it has afforded me an opportunity to review our precedents on time allocation motions.

Let me begin by stating that it is important that the House clearly understand the nature of time allocation. *Erskine May* has this to say about time allocation orders:

In many sessions in order to secure the passage of particularly important and controversial legislation, Governments have been confronted with the choice, unless special powers are taken, of cutting down their normal programme to an undesirable extent, or of prolonging the sittings of Parliament, or else of acknowledging the impotence of the majority of the House in the face of the resistance of the minority. In such circumstances resort is had sooner or later to the most drastic method of
curtailing debate known to procedure, namely, the setting of a date by which a committee must report, or the allocation of a specified number of days to the various stages of a bill and of limited amounts of time to particular portions of a bill. Orders made under this procedure are known as “allocation of time” orders, and colloquially as “guillotine” motions. They may be regarded as the extreme limit to which procedure goes in affirming the rights of the majority at the expense of the minorities of the House, and it cannot be denied that they are capable of being used in such a way as to upset the balance, generally so carefully preserved, between the claims of business and the rights of debate.

That quote comes from pages 407 and 408 of the 21st edition of *Erskine May*.

I now want to bring two of our own precedents to the attention of the House.

Firstly, in 1992, the Speaker of the Legislative Assembly of Ontario responded to concerns about the propriety of meeting beyond 6 o’clock to complete the voting process on clause-by-clause on Bill 40 when the time allocation order, which contained a "notwithstanding" clause, specified that voting process would begin before 6 o’clock but did not specify that it could continue beyond 6 o’clock, the normal adjournment hour specified in Standing Order 9. Speaker Warner ruled as follows:

Members must be aware that whenever the House passes a motion of time allocation, that motion in effect is the one that dictates the way in which a bill will be considered at the various stages of the legislative process. The time allocation motion is in effect a standing order on its own merits as regards the piece of legislation to which it is attached. In the matter at hand, therefore, I have no choice but to abide by the terms of that special order.

That ruling can be found at page 2996 of the Hansard for October 28, 1992.

And secondly, in 1993, the Speaker ruled on the orderliness of a time allocation motion that had just been moved on Bill 47. Various members expressed concerns that the proposed motion was at odds with Standing Order 74. Speaker Warner responded to these concerns by stating the following:

Indeed, as the member for Parry Sound has stated, standing order 74 ... would normally be in place. However, I draw his attention to the first line of the resolution, which states, "That pursuant to standing order 46 and notwithstanding any other standing order of the House...." So if this resolution which has now been placed before the House is indeed carried, then in fact the resolution states that whatever is contained in the resolution supersedes any other standing order of the House.

That ruling can be found at page 4047 of the *Hansard* for November 16, 1993.

Turning to the matter at hand, I have carefully reviewed the submissions with respect to Standing Order 77(c). However, the precedents I have just referred to are definitive, and they address the kind of concern she raises. Therefore, I find that there is nothing out of order with respect to the concerns that have been raised.

Nevertheless, I appreciate hearing from the member for Beaches-Woodbine as well as the other members who spoke to this matter.
Mr Johnson (Don Mills) moved that the House do now proceed to "Orders of the Day", which motion was carried on the following division:-

On his return, the Speaker announced a further two hour recess.

On his return, the Speaker announced a further one hour recess.

On his return, the Speaker delivered the following ruling:-
I want to thank all members for their submissions on this issue and in addition for their patience during the extended recess.

I want to begin by explaining procedures with respect to consideration of motions in this House. A motion must first be moved by a member; it is then read from the Chair, for consideration and finally a decision by the House. In the case of clause-by-clause consideration of a bill in Committee, the same procedure applies. A member moves an amendment and the amendment is then read from the Chair. The reason for this is straightforward; it is a safeguard mechanism in the system that helps to prevent errors from being made. Because we do not require that notice be given of all amendments to bills in committee and do not print or, at least in the Committee of the Whole House distribute to all members the text of the proposed amendments, several versions of an amendment may exist. The practice of requiring an amendment to be read provides all members present with the opportunity to hear the proposed amendment. For the Chair, the clerks and those members who have received the printed amendments in advance, it is an opportunity to compare what is being read with the printed text they have before them. The fundamental parliamentary principle behind this procedure is that every member has a right to know what he or she is voting on. Under a time allocation motion such as we are currently operating under the procedure is altered somewhat. The first part of the process is eliminated by virtue of the terms of the motion which state, “the amendments are deemed to have been moved”. This does not however mean that the amendment is also deemed to have been read from the Chair; indeed the reading from the Chair in this circumstance would be the first time the amendment is heard. This is the practice that we have followed in this House. The Chair may only dispense with the reading of the amendment with unanimous consent, even in the face of a time allocation motion such as the one we are operating under. The precedent cited by the member for Beaches-Woodbine with respect to Committee of the Whole consideration of the Social Contract Act, 1993 bears this out. The excerpt from the Standing Committee on General Government Committee provided by the Attorney General in my view does not convey a definitive ruling to the contrary. Therefore, I find that the Chair was absolutely correct in his ruling: our practice and procedures require the amendments to be read.

However, in considering this point of order, I was struck by the principle behind the practice. That is, that every member has a right to know what he or she is voting on. I as the Speaker have a responsibility to preserve that right. But, I believe that the modern definition of Speaker requires that decisions are taken which are also in the best interests of the institution of Parliament. On occasion, in particular when faced with extraordinary circumstances, Speakers may have to intervene in a way which seeks to enable the Parliamentary process to accomplish the business at hand. For example, in 1981 following extended bell ringing in the House of Commons of Canada, Speaker Sauve intimated that in the future she would be more pro-active. In this House, Speaker Warner quoting Speaker Fraser, said on May 27, 1991 that, “the Speaker does have a latitude to act in exceptional instances”.

I believe this House finds itself in an exceptional circumstance. Committee of the Whole is dealing with an extraordinary number of amendments. A substantial number of those amendments are identically worded, with the exception of a street name which is different on each.

Over the last several days, I have searched other jurisdictions for solutions to this conundrum that we find ourselves in. To be frank we have found some solutions that other jurisdictions have developed over the last 20 years because they were faced with similar dilemmas. These jurisdictions had to work their way through these difficulties and subsequently develop rules to resolve them. The problem we have is that those rules are not applicable to this Parliament and these particular circumstances.
Therefore I am proposing to do this. In this instance, for the purpose of the balance of the NDP amendments to section 24(4) a copy of the wording of the amendments minus the street name will be made available to each member. The Chair then will be required to read the street name prior to putting the question on each amendment. Let me be clear, this process will be applied to this series of amendments only and should not be construed to be a precedent for the reading of amendments in the future. This does not mean that I am finding these amendments to be frivolous or tendered in the spirit of mockery.

The members should understand that this decision will only shorten this process up to a point, understand, we are still going to be here for an extended period of time.

In closing, I implore the House Leaders to begin the process of negotiating an agreement that will resolve this impasse for the benefit of the members, the employees, the citizens of this province and this institution.

After some time, the Chair of the Committee of the Whole House requested the member for Sudbury (Mr Bartolucci) to come to order.

The member having failed to come to order was named by the Chair.
Pursuant to Standing Order 15(c), the Chair suspended the proceedings of the Committee and reported the circumstances to the House.

The Speaker, pursuant to Standing Order 15(b), then directed the member for Sudbury (Mr Bartolucci) to withdraw from the service of the House for the balance of the day's sitting.

The House again resolved itself into a Committee and resumed its consideration of the Bill.

After some time, on an appeal of a ruling by the Chair, the Committee rose and requested a ruling of the Speaker.

After hearing arguments from all three parties, the Speaker recessed the House for one hour.

On his return, the Speaker delivered the following ruling:

I have had an opportunity to reflect on members' submissions with respect to the admissibility of the amendments, which seek to create a new section to Bill 103. I have also reviewed the relevant parliamentary authorities and precedents.

Let me begin by indicating the essential nature of an amendment. According to page 336 of the 21st edition of Erskine May, "the object of an amendment may be either to modify a question in such a way as to increase its acceptability or to present to the House a different proposition as an alternative to the original question."

I have also reviewed what various authorities have said about the admissibility of amendments.

For example, Beauchesne states at citation 698(1) of the 6th edition that "[a]n amendment is out of order if it is irrelevant to the bill, beyond its scope or governed by or dependent upon amendments already negatived."

Secondly, Erskine May states at page 491 that "[a]n amendment is out of order if it is irrelevant to the subject matter or beyond the scope of the bill, or if it is irrelevant to the subject matter or beyond the scope of the clause under consideration."

And finally, Australia’s House of Representatives Practice states at page 398 of the 2nd edition that "[a] new clause ... will not be entertained if it is beyond the scope of the bill [or] is in effect a redrafting of a clause which is already in the bill."

I now turn from a recitation of the authorities to a discussion of the nature of Bill 103 and the impugned amendments.

Members will know that the long title of Bill 103 reads as follows: "An Act to replace the seven existing municipal governments of Metropolitan Toronto by incorporating a new municipality to be known as the City of Toronto."

Members will also know that section 1 of the bill defines "old municipalities" as "The Municipality of Metropolitan Toronto and its area municipalities under the Municipality of Metropolitan Toronto Act." That Act, in turn, defines "area municipality" as "the municipality or corporation of the Borough of East York, the City of Etobicoke, the City of North York, the City of Scarborough, the City of Toronto or the City of York...." It seems clear to me that only these seven municipalities are affected by the bill.
In view of this, I have to say that I have some difficulty in comprehending the argument that amendments that essentially say that the bill does not apply to certain municipalities -- in circumstances where the bill ipso facto excludes such municipalities from being subject to the bill -- are not irrelevant. Whereas the bill uses inclusive language to indicate which municipalities are subject to the bill, the amendments use exclusive language to indicate which municipalities are not subject to the bill. My point is this: how can the amendments be relevant if they are saying the same thing that is already mentioned or referenced in the bill. To use an analogy, the glass of water that is on your desk might be variously described as being half full or half empty, but it is still the same glass of water. There is a maxim in the field of statutory construction that conveys a similar concept: the maxim states that "inclusio unius est exclusio alterius", which means that "the mention of one thing is the exclusion of another".

I appreciate hearing from the member for Beaches-Woodbine (Ms Larkin), the member for Fort York (Mr Marchese), and the member for Downsview (Ms Castrilli). I reflected very carefully on the submissions made with respect to the presence in the bill of clauses dealing with not just school boards, but school boards outside of Metropolitan Toronto. However, the plain references to school boards in the bill would seem to provide the rationale for the presence of section 29 in the bill. There is no such connection between the impugned amendments and the bill as it currently stands, and so the school board argument is not really applicable.

Therefore, I am ruling out of order all amendments that seek to create a new section 29.1 by identifying a municipality that is not one of the municipalities already mentioned or referenced in the bill.

I thank members for their thoughtful submissions on the point of order.

The House then resolved itself into a Committee and resumed its consideration of the Bill.

After some time, on a further appeal of a ruling by the Chair, the Committee rose and requested a ruling of the Speaker.

After hearing arguments from all three parties, the Speaker recessed the House for 30 minutes.

On his return, the Speaker delivered the following ruling:-

I have had an opportunity to reflect on the lengthy submissions of members on this point of order.

Let me deal with the issues one at a time.

On the submissions made with respect to conflict, the Speaker is not a drafter or interpreter of legislation. That is for the drafters of legislation and courts respectively. Nor is it within the provenance of the Speaker to provide a legal opinion on how the amendment and the bill that are before me, if passed, are to be reconciled with each other or legislation, or to otherwise interpret the legislation. The resolution of potential conflicts is for those who are charged with that responsibility. For this reason, I cannot give further consideration to the legal or quasi-legal submissions made by various members.

Turning to the submissions on vagueness, I appreciate hearing the thoughtful submissions of the Attorney General and the member for Downsview (Ms Castrilli). The fact that there have been so few rulings on vagueness in this House and in other parliamentary jurisdictions suggests to me an obvious point, namely, it will be a rare situation indeed when an amendment will be ruled out of order for vagueness. No one around this place can recall the last time an amendment has been ruled
out of order on the ground of vagueness. That does not mean that it cannot happen now or in the future, but I have to say that I do not find the amendment to be vague. I really do not have any difficulty in understanding this amendment, and it will be for others to interpret the words of the amendment if the amendment is eventually incorporated into any resulting legislation.

With respect to the submissions dealing with amendments that are beyond the scope of the bill, I find that the amendment is not beyond the scope of the bill. Earlier this sessional day, I found certain government amendments in order that sought to introduce community councils. Similar submissions as to their admissibility were made at that time. For those same reasons, I find the amendment before me is also in order.

With respect to the submission that the amendment amends legislation that is not opened in the bill, I have to say that the amendment does not in fact do this. Members will know that the presence of words like "despite" and "pursuant" that refer to another piece of legislation does not signify that the amendment seeks to amend other legislation.

And finally, I want to respond to submissions that were made with respect to the Speaker's ability to rule out of order a series of similar amendments at the same time. I want to be very clear about this issue. There can be no doubt that, pursuant to the time allocation order, the amendments -- all of the amendments -- are deemed to have been moved. That being the case, there can be no doubt that, in a proper case, the amendments can be ruled out of order as a series.

In closing, then, I find the amendments to be in order. I thank the members who made submissions for their assistance.

I therefore uphold the ruling of the Chair.

The House then resolved itself into a Committee and resumed its consideration of the Bill.

After some time, on an appeal of a ruling by the Chair, the Committee rose and requested a ruling of the Speaker.

After hearing arguments from all three parties, the Speaker recessed the House for one hour.

On his return, the Speaker delivered the following ruling:-

Let me begin by saying that I as much as anyone here would welcome a vehicle by which this process could be expedited. We are in the midst of a procedural impasse of logarithmic proportions. We are faced with an impossible task, but one which falls within the bounds of our procedures.

But, I want to be very clear to all of the members of this House. I cannot and will not by virtue of my rulings on this issue in this very difficult circumstance, create precedent that will impose a future solution that is more properly decided by this House.

In addition, even if I were to entertain the idea of making such rulings, it could not be done with respect to this particular issue. The amendments before us now have variable wording, unlike the proposed NDP amendments to 24(4) which involved a street insertion only. And, in my view, the margin for error increases exponentially and the chance of confusion is greater. The principle that every member has a right to know what he or she is voting on must guide me in this circumstance.
I therefore uphold the Chair's ruling and add that he was absolutely correct in his interpretation of my previous decision on this matter.

The House again resolved itself into a Committee and resumed its consideration of the Bill.

The House having continued to sit until Twelve of the Clock Midnight,

- Wednesday, April 9, 1997 -

The Committee continued its consideration of the Bill.

After some time, on an appeal of a ruling by the Chair, the Committee rose and requested a ruling of the Speaker.

The Speaker upheld the ruling of the Chair and proceeded to address the House as follows:-

Although this is rather an unusual departure from procedure, in the absence of a dissenting voice, I will presume leave of the House to entertain a request for unanimous consent from the Government House Leader.

With unanimous consent, the Speaker indicated the agreed-upon voting procedure for recorded divisions on Bill 103 as follows:-

**Recess Prior to Commencement of Division**

The Chair shall recess the Committee of the Whole until 8 a.m. on Thursday, April 10, 1997. The Chair shall cause the bells to ring for the recorded division at 5 minutes before 8 a.m..

**Intermittent Recesses**

Voting blocks will be 4 hours long. At 15 minutes before the end of each voting block there will be a recess during which the doors will be opened. At 5 minutes before the end of each recess the bells will ring to call in the members.

**Voting Process**

Following the first division bell and following each recess the members will take their seats. The Sergeant-At-Arms will ensure that the East and West Lobbies are clear of members. The Table Clerks will count the members of each Party and announce that number to the Chair. The House Leader or Whip of each Party will indicate agreement with the announced number.

The Chair will put the question. When the Chair says "Those in favor?" the House Leader/Whip of any party will say "Aye". The Chair will then say "Those opposed?" and the House Leader/Whip of any party will say "Nay". An alternate member may be designated for this purpose if the House Leader/Whip indicates who that member is to the Chair.

The Table Clerks will inform the Chair of the vote numbers and the Chair will announce the results to the House.

For the purposes of this voting process and notwithstanding Standing Order 127, the Standing Committee Chairs will not be required to suspend the proceedings to enable members to attend the vote.
Locked Doors and Movement of Members
Immediately following each bell all doors (including the outer doors to the East and West Lobbies and the access door to the Premier's office) will be locked until the number of members for each Party has been ascertained and announced and the first vote has been taken.

Following the first vote, the Chamber doors to the East and West lobbies at the Throne end of the Chamber will be opened and shall remain open throughout the voting period.

For the balance of the voting period up until each recess members will have access to the East and West Lobbies.

Any member who wishes to exit the Chamber into the East or West lobby must exit via the Speaker's Chair only.

Presiding Officers
The Deputy Speaker and Chairs of Committee of the Whole will rotate every 2 hours. There will be two substitute members for each Chair occupant. These substitute members will be determined by the Speaker. During this process the Chairs will be permitted to vote in their House Dress.

The Speaker shall access the Chamber through the main doors.

Access for Non-Members
House Staff: Access through the main doors throughout voting period.

Media: Usual access.

Political Staff: Access through press gallery and down stairs behind throne.

Public: Restricted to public galleries. Members Galleries will be closed.

Any question or dispute arising out of this agreement shall be determined by the Speaker.

The Speaker further addressed the House as follows:

I have received a request from all three House Leaders indicating that all three parties would have no objections if I agree to lift the suspension affecting the member for Sudbury (Mr Bartolucci).

I am therefore agreeing to lift the suspension.

I do now leave the Chair for the House to go into Committee of the Whole.

The House then resolved itself into a Committee and resumed its consideration of the Bill.

At 11:55 p.m., the Committee was recessed until 8:00 a.m. on Thursday, April 10, 1997.
The Committee resumed its consideration of Bill 103, An Act to replace the seven existing municipal governments of Metropolitan Toronto by incorporating a new municipality to be known as the City of Toronto / Projet de loi 103, Loi visant à remplacer les sept administrations municipales existantes de la communauté urbaine de Toronto en constituant une nouvelle municipalité appelée la cité de Toronto.

After some time, on an appeal of a ruling by the Chair, the Committee rose and requested a ruling of the Speaker.

After hearing arguments from all three parties, the Speaker recessed the House for 30 minutes.

On his return the Speaker delivered the following ruling:

I have had an opportunity to reflect on the submissions by various members. Let me deal first with the issue of the grouping of the amendments.

The situation before me is as follows. The Committee of the Whole House has been giving clause-by-clause consideration to Bill 103 pursuant to the time allocation order. The votes on the clauses and amendments have been stacked pursuant to that order, and the Committee is set to proceed with the actual vote. The Chair of the Committee of the Whole House decided that he could not group the amendments for voting purposes without unanimous consent. The voting process would be shortened considerably if the Chair decided to group the amendments or if the Committee could somehow agree to group the amendments.

Since there is no unanimous consent to group the amendments, the issue before me is whether the Chair has the authority or jurisdiction to group amendments to Bill 103 for voting purposes in the absence of unanimous consent.

In jurisdictions like the House of Commons at Westminster, the Canadian House of Commons, and Quebec’s National Assembly, the Speaker or Chair (as the case may be) has the authority to select amendments that will be considered and to in effect determine which amendments are voted on. However, that authority is spelled out in the Standing Orders of those jurisdictions. There is no such authority in the Standing Orders of the Legislative Assembly of Ontario, and so the practice in those jurisdictions that do have such rules cannot -- as I indicated in a ruling earlier in the sessional day -- bear on how I rule on this issue.

That does not put an end to the matter. The rules -- our Standing Orders -- form only one source of the procedure that is followed in the Assembly. The practice of this House and its committees has long been an important source of parliamentary procedure, and so I have reviewed our practice to determine whether the Chair has the authority to group amendments for voting purposes in circumstances where there is no unanimous consent.

In this regard, I refer members to a situation that faced the First Deputy Chair of the Committee of the Whole House in the 35th Parliament. On that occasion, Bill 91, An Act respecting Labour Relations in the Agriculture Industry, was being given clause-by-clause consideration. It should also be noted that the bill was under time allocation, and that the time allocation order was worded like the time allocation order for Bill 103. At about the same point in time on that bill as the Committee of the Whole House is now on Bill 103, the Government House Leader of the day (Mr Charlton) stood in his place and addressed the following remarks to the Chair:
We're at a stage where all the amendments that have been moved are deemed to have been divided on and stacked for a vote, and we've had one section of the bill divided on and stacked for a vote. In the amendments, there are two packages. There is a package of government amendments and a package of amendments by the Conservative Party.

I would seek the consent of the House to deal with those amendments in three packages: that we deal with the section which has been divided on as one item, that we deal with the government package of amendments as a second item, and that we deal with the Conservative package of amendments as a third item.

Immediately after the Government House Leader of the day made these remarks, the Chair asked whether there was agreement to the proposition put forward by the Government House Leader. The member for Mississauga South (Mrs Marland) indicated that there was no agreement, and so the Chair had to proceed with the usual Committee of the Whole voting process on the bill. I note that on many of the subsequent votes on the individual amendments, there were no divisions; instead, the House agreed to the "same vote" as the vote on the preceding amendment. However, on other amendments, divisions were taken at the insistence of the member for Mississauga South (Mrs Marland), the member for Wellington (Mr Arnott), and the member for Grey-Owen Sound (Mr Murdoch). Still later in the Committee of the Whole voting process on that bill, the Chair found that there was unanimous consent for the original proposal of the Government House Leader, and the bill was eventually reported to the House later the same day. The events of that day can be found at pages 7339 to 7354 of the Hansard for June 22, 1994.

I find that the voting process on that day is reflective of our practice on how votes are to be conducted in Committee of the Whole. Since the early 1970s, Speakers Lamoureux, Sauvé, and Fraser in the House of Commons and Speaker Warner in this House, when faced with requests from one side of the House or the other to effect drastic measures to resolve impasses arrived at in the House, have said that situations might arise in the future where Speakers would have to step in to impose a solution when negotiations between the parties have not been successful and the House has been effectively obstructed in its progress.

In my opinion, the situation facing us does not constitute one where I would be forced to impose a solution. If this House wants to effect a new procedure it should do so in the usual manner. We are in a process where we are moving at a painfully slow pace but we are proceeding.

With respect to the ruling of Speaker Fraser in 1987 I want to say this: Speaker Fraser went only so far as to allow the Government to move a motion of a kind that up to that point had never been moved. In that case, Speaker Fraser was not imposing a new or imported rule on the House. He was simply finding that there was nothing in their rules which would disallow such a motion. I repeat - he was not imposing a procedure that did not exist.

I am upholding the ruling of the Chair that unanimous consent is required for the Chair to group the amendments for voting purposes.

Let me now turn to the issue of the reading of the amendments. The member for Algoma (Mr Wildman) has appealed the ruling of the Chair of the Committee of the Whole House that for the purpose of the actual voting on the so-called "street" amendments, the Chair will read not the entire amendment, but only the name of the street associated with each amendment.
Let me begin this branch of my ruling by saying that members will recall that earlier this sessional day, I had ruled that, with respect to the lead-up to the voting process on the "street" amendments, it was sufficient that the Chair read the names of the streets identified in each amendment as opposed to the entire amendment.

Members will also recall that, later in the sessional day, I ruled that the so-called "heritage" amendments had to be read in their entirety, and that the circumstances associated with these amendments were different than the circumstances associated with the earlier "street" amendments.

In the situation I am now being asked to rule on, the Committee of the Whole House is about to enter into the voting process proper; that is, members are now going to vote on each of the stacked votes.

I must say that I am still of the view that my ruling with respect to the "street" amendments cannot constitute a precedent in the disposition of this appeal. However, that ruling was intended to cover Committee of the Whole stage consideration of these amendments.

The principles referred to in that ruling are intact. I am referring to the related principles that members are entitled to know what they are voting on, and that it is important to prevent errors in the voting process. I am of the view that it must surely be the case that, by now, members are familiar enough with the street amendments that they know what they are voting on, and that errors can be prevented. Therefore, I am ruling that, with respect to the "street" amendments, the Chair can simply read the street names.

I want to emphasize, however, that while the reasoning and the end result of this ruling and of my previous ruling on the "street" amendments may be similar, this ruling is not based on nor is it strengthened by the existence of that earlier ruling. I want to reiterate the point that I would have come to the same view on the current appeal if I would have ruled differently or not ruled at all on that earlier occasion. That earlier ruling should not be construed as a precedent; the same goes for this ruling.

In short, I am upholding the ruling of the Chair of the Committee of the Whole House that only the street names have to be read for all of the 8,000 or so "street" amendments.

A Speaker must strike a very delicate balance. I understand in situations such as this that emotions run high and tempers become short. I believe that over the past eight days I rendered fair and impartial decisions, cognizant of the length of time and the onerous demands placed on all of us. But the fundamental underlying foundation of my decisions must be true to parliamentary democratic traditions because these decisions affect not only us but this parliamentary institution for generations to come.

The House then resolved itself into a Committee and resumed its consideration of the Bill.

After some time, on an appeal of a ruling by the Chair, the Committee rose and requested a ruling of the Speaker.

Upon hearing arguments, the Speaker upheld the ruling of the Chair and the House again resolved itself into a Committee and resumed its consideration of the Bill.

The House having continued to sit until Twelve of the Clock Midnight,
The Committee continued its consideration of the Bill.

After some time, the Committee rose and reported the following Bill as amended:—

ONE HUNDRED AND SEVENTY-SEVENTH DAY
MONDAY, APRIL 21, 1997

PRAYERS
1:30 P.M.

The Speaker addressed the House as follows:

I beg to inform the House that a vacancy has occurred in the membership of the House by reason of the resignation of Elinor Caplan, member for the Electoral District of Oriole effective March 10, 1997. Accordingly, my warrant has been issued to the Chief Election Officer for the issue of a writ for a by-election.

MOTIONS
Mr Johnson (Don Mills) moved that the House do now proceed to "Orders of the Day", which motion was carried on the following division:-

AYES - 70  NAYS - 38

ORDERS OF THE DAY
A debate arose on the motion for Third Reading of Bill 103, An Act to replace the seven existing municipal governments of Metropolitan Toronto by incorporating a new municipality to be known as the City of Toronto.

After some time, Mr McGuinty moved,

That Bill 103, An Act to replace the seven existing municipal governments of Metropolitan Toronto by incorporating a new municipality to be known as the City of Toronto, be NOT now read a third time but be returned to the Standing Committee on General Government to determine the following matters:
The amount of the shift in tax burden from provincial taxes to municipal residential, commercial and industrial property which is occurring as a result of the downloading and offloading of provincial costs onto the municipal tax base;

The impact of the offloading of provincial costs on the taxes, services and the voice of communities across Metro. The government should present evidence to demonstrate how the legislation will reduce taxes in Metro and to show how services will be protected;

The implications of ignoring the Golden and Crombie Task force recommendations to replace the 5 existing regional governments with a GTA-wide council or board made up of representatives from the municipalities within the GTA;

The implications of studies showing that, once a city gets over 1 million people, economies of scale in municipal operations start to disappear. The government’s own studies showing what savings are expected should also be presented at this time.

On motion by Mr Chudleigh,

Ordered, That the debate be adjourned.
INTRODUCTION OF BILLS

The following Bill was introduced and read the first time:-

ORDERS OF THE DAY

Mr Johnson (Don Mills) moved,

That, pursuant to Standing Order 46 and notwithstanding any other Standing Order or the Order of the House dated February 6, 1997 relating to Bill 104, An Act to improve the accountability, effectiveness and quality of Ontario's school system by permitting a reduction in the number of school boards, establishing an Education Improvement Commission to oversee the transition to the new system, providing for certain matters related to elections in 1997 and making other improvements to the Education Act and the Municipal Elections Act, 1996, the Order for Committee of the Whole House be discharged and that the bill be Ordered for Third Reading;

And that one sessional day be allotted to the third reading stage of the bill. At the end of that sessional day, the Speaker shall interrupt the proceedings and shall put every question necessary to dispose of this stage of the bill without further debate or amendment.

In the case of any divisions relating to any proceedings on the bill, the division bell shall be limited to five minutes and no deferral of any division pursuant to Standing Order 28(g) shall be permitted.

On a point of order raised by the member for Algoma (Mr Wildman), the Speaker recessed the House for 20 minutes.

On his return, the Speaker delivered the following ruling:-

I thank all members for their submissions on this point of order.

I want to begin by dealing with the argument that the motion is out of order because it denies members the ability to make amendments to Bill 104 at Committee of the Whole House. In reviewing precedents on this matter, I have found many instances of similar time allocation motions. There were in fact no less than 13 time allocation motions during the 1993/94 Session of this House in which no provision was made for any Committee of the Whole House consideration. Indeed, on July 21, 1992 Speaker Warner ruled in order, a time allocation motion which allowed for no third reading debate. My point is this, time allocation motions by their very nature, sometimes impose severe restrictions on the various stages of the consideration of legislation. Sometimes those restrictions include the elimination of a legislative stage altogether. While this may be regarded as extreme by some, it does not make such a motion out of order. As stated in the 21st edition of Erskine May's Parliamentary Practice,

"[Time allocation motions] may be regarded as the extreme limit to which procedure goes in affirming the rights of the majority at the expense of the minorities of the House, and it cannot be denied that they are capable of being used in such a way as to upset the balance, generally so carefully preserved, between the claims of business and the rights of debate."

DÉPÔT DES PROJETS DE LOI

Le projet de loi suivant est présenté et lu une première fois:-

ORDRE DU JOUR

M. Johnson (Don Mills) propose,
I cannot find then, that the time allocation motion moved by the Government House Leader today is out of order on the basis that it does not provide for any time in Committee of the Whole House. As I said, this is consistent with many similar motions this House has passed previously.

I want to turn now to the second argument put forward, which is that the motion is out of order on the basis that it violates Standing Order 51. I perused with interest the precedent that the member for Algoma referred to. I think that this ruling is of questionable precedential importance and I am not convinced that, faced with the same situation, I would make the same ruling. In most cases where a Speaker has ruled a motion out of order on the basis of Standing Order 51 it has been a substantive motion or resolution that expresses an opinion of the House or is legislation. On the other hand, I also found numerous examples of motions that order the business of the House and its Committees which were subsequently superseded by a new motion. As an example, this House often passes motions that set out the days and times of meetings of the Standing Committees. While passage of such motions results in an Order of the House, the House has never felt bound that such an Order is final and unchangeable. It is in the nature of a housekeeping Order relating to the timetabling of House business in the Committees. Notwithstanding the provisions of the original motions, our precedents abound with examples of revisions to the ordering of business at a later date. To cite two such examples, on May 18, 1993 the House, by motion and without unanimous consent, rescinded a previous order and changed the Committee referral; and on April 11, 1994 the House passed a motion which authorized the Standing Committee on Resources Development to meet at times other than those specified in a previous order of the House. The House must surely retain the right to order its business as its sees fit, and indeed these examples illustrate that the House always has.

Standing Order 51 was meant to cover substantive motions that express the opinion of the House, not substantive motions dealing with how the House orders or re-orders its business. Were it otherwise, members can surely appreciate that it would not have been possible for this House to from time to time pass "notwithstanding" motions that change a pre-existing arrangement to the scheduling of House business. To look at it another way: the House adopts its Standing Orders by motion. If such a decision of the House were final and unchangeable, then the House would be powerless to revise its own Standing Orders in the future. I don't believe Standing Order 51 contemplates that the House should bind itself in its own housekeeping decisions. I find then, that the motion is in order.

A debate arose and, after some time, the question having been put was carried on the following division:-

**THE AFTERNOON SITTING**
1:30 P.M.

The Speaker informed the House that, in the name of Her Majesty the Queen, His Honour the Administrator had been pleased to assent to the following Bill:

**SÉANCE DE L’APRÈS-MIDI**
13 H 30

Le Président avise l’Assemblée qu’au nom de Sa Majesté la Reine, Son Honneur l’administrateur a eu le plaisir de sanctionner le projet de loi suivant:
Bill 104, An Act to improve the accountability, effectiveness and quality of Ontario's school system by permitting a reduction in the number of school boards, establishing an Education Improvement Commission to oversee the transition to the new system, providing for certain matters related to elections in 1997 and making other improvements to the Education Act and the Municipal Elections Act, 1996.

The Speaker delivered the following ruling:-

On Wednesday, April 2, 1997 the member for Algoma (Mr Wildman) asked me to consider whether the contents of a memo allegedly prepared by Ministry of Education staff constitute a prima facie case of contempt.

I want to begin by apologizing for the delayed ruling, but I also note that it has in fact only been 4 sessional days since the point was raised.

I have reviewed the representation made to me that day and the contents of the memo carefully and I must come to the conclusion that it does not constitute contempt for this House. If it did originate from Ministry staff, and there is nothing on the memo to indicate that it did, it is nothing more than diligent preparation based on a bill that is in the legislative process and may become law. I find this quite different than the wide public distribution of a document which implies by its wording that a bill is already law.

On December 20, 1989 when presented with a similar matter, Speaker Edighoffer had this to say:

"It is perfectly valid for the Public Service to proceed with plans based on a bill that is already in the system in order to be able to act swiftly, once that bill becomes law. It goes without saying that if the bill is amended during the legislative process, then the Public Service must take note and act accordingly."

I concur with Speaker Edighoffer's view and find no prima facie case of contempt. However, I do thank the member for bringing this to my attention.

During "Oral Questions", the Speaker requested the member for Welland-Thorold (Mr Kormos) to withdraw unparliamentary language.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day's sitting.

PRAYERS PRIÈRES

The Speaker delivered the following ruling:-

Yesterday, the member for Dovercourt (Mr Silipo), raised a point of order with respect to Standing Order 106(g), concerning the referral of intended appointments to the Standing Committee on Government Agencies. The member suggested that certificates of intended appointments to the Transition Team and the Financial Advisory Board, provided for in the City of Toronto Act, 1997, should have been referred to the Government Agencies Committee.

The member for Dovercourt may in fact be correct. It may be that these two bodies are defined as agencies, boards or commissions and that intended appointments to them are subject to committee review. However, there is no way that I as Speaker can make that determination. As the Minister of Municipal Affairs, and the Government House Leader stated yesterday, there are numerous examples on the record of appointments made without referral to the Government Agencies Committee. The fact is, the Government defines what is an agency, board or commission and it is the Government that knows of its own intent to make an appointment. The starting place for the Government Agencies Committee is the certificate it receives from the Public Appointments Secretariat. It does not ferret out appointments that should have been referred but weren't. Likewise, there is no way that a Speaker could possibly be in a position to determine which intended appointments should or should not be referred to the Committee. I therefore find that the member doesn't have a point of order.
MOTIONS

With unanimous consent,

Mr Johnson (Don Mills) moved,

And it was,
Ordered, That the Minister of Finance be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of supply for the period commencing May 1, 1997 and ending October 31, 1997, such payments to be charged to the proper appropriation following the voting of supply.

ONE HUNDRED AND EIGHTY-FOURTH DAY
THURSDAY, MAY 1, 1997

PRAYERS
10:00 A.M.

Mr Kennedy moved, That in the opinion of this House, the Government of Ontario should produce a concrete plan for the development of better health care in this province. Such plan must:

Ensure a high standard of health services are available to all Ontarians,

Include appropriate policies to reflect regional and demographic needs, including:

small and rural communities,
northern communities,
large urban communities,
medium sized urban communities,
high growth communities,
women’s health,
francophone health issues,
seniors health,
Recognize that local communities must be allowed to determine their particular needs.

Link improvements in primary care, community health, home care, long term care, mental health, drug benefits, public health and emergency services such as ambulance to decisions concerning hospitals and other elements in an "integrated" health plan.

Identify and ensure equivalent community-based services are set up and funded in advance of any changes to hospital services.

Include a human resources plan which reflects the high value Ontarians place on their nurses, doctors and other health professionals.

Guarantee any tally of government "reinvestment" includes money which is actually being spent rather than simply announced, so as not to confuse the public.

Further, that until this plan is produced, subject to public input and approved by a Committee of this House, the Ontario Government should:

- restore cuts made to hospitals, which are causing a reduction in the quality of patient care across the province;
- stop the use of experimental formulas for patient care which are sending sick Ontarians out of hospital quicker and sicker;
- stop its misguided closure of hospitals in the province through the Health Services Restructuring Commission.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon. À 11 heures, la suite du débat est réservée jusqu’à midi.

Mr Tascona then moved, Ensuite, M. Tascona propose,

Whereas the province of Ontario's justice system is founded on the principles of fairness and equality; and

Whereas police have the right to take fingerprints and photo-images of persons accused of crime; and

Whereas there may be inconsistencies of policy among Ontario police services, where some will destroy an innocent person's information upon request while others wish to retain it; and

Whereas there is no legal requirement that a police service destroy the photo-image and fingerprints when a charge against a person is withdrawn or dismissed; and

Whereas the province of Ontario has an obligation to be fair to its citizens and does not intend to keep the fingerprints and photo-images of all Ontarians on file;

Therefore, in the opinion of this House, the Legislative Assembly of Ontario should ensure that the rights of innocent persons are protected by establishing guidelines for fair and consistent policies throughout the province for police services, regarding the fingerprints and photo-images of innocent persons.
At 11:45 a.m., there being no further debate, the Deputy Speaker (Mr Morin) suspended the proceedings until 12:00 noon.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Kennedy’s Resolution Number 52, the question having been put, was lost on the following division:-

THE AFTERNOON SITTING
1:30 P.M.  

SEANCE DE L'APRÈS-MIDI
13 H 30

The Speaker delivered the following ruling:-

Yesterday, the member for St. Catharines raised a point of privilege with respect to a memorandum issued by the Secretary to the Management Board of Cabinet relating to a motion for Interim Supply, which was in fact passed by this House yesterday.

I wish to thank the member for St. Catharines for raising this matter and the Government House Leader for his submissions.

I have carefully reviewed the memorandum and have observed that it is addressed to Deputy Ministers, and would therefore appear to have a very limited intended audience. Whatever distribution it might have had beyond that would be impossible to determine. It does appear to me, however, that its contents would be primarily of interest to senior managers in the Civil Service, because most of it deals with issues that would appropriately have to be addressed by them in the event that Interim Supply were not approved by the end of the month of April.

The issue that has arisen surrounds the choice of wording in certain portions of the memo that is subject to variable interpretations. This is the essential element that I believe gave rise to the point of privilege and it is what I wish to address here.

Those whose vocation is the impartial service of the people of Ontario, through the government or the Legislature of the province, must always bear in mind their professional responsibility and obligation to reflect upon the proceedings of the Legislature in a manner which conveys no judgment, either on the proceedings themselves, or on the possible outcomes of those proceedings. Such reflections must be temperate and balanced.

I would like to say that it is the subjective, equivocal nature of terms such as "regrettable", used in the memo in reference to a controversial political situation in this House, and which has provoked this statement, that makes my point on the need for such communications to be worded in a way that carefully and pointedly obviates such possible misunderstanding. The unfortunate wording leaves the author open to the accusation of being critical of the legislative process which, especially given her position, would not be acceptable to me.

However, my interpretation of the memorandum in question is that it represents a prudent effort on the part of a responsible manager to ensure that appropriate arrangements are put in place to respond to and deal with a possible, and imminent, legislative outcome.

While the use of certain words or phrases may reflect a judgment that might be questioned, and has been, it is because of my interpretation of the good-faith nature of the memo that I accord the benefit of the doubt to the author.
While a reputation for impartiality and neutrality in the civil service is assumed, it must also be earned every day. As a result, again I want to caution the civil service to be aware of the foregoing and to exercise care in such written communications as the one before us.

Because, in my view, the memorandum before us did not have among its purposes the attempt to persuade members to, or to dissuade members from, a particular course of action in the House relating to the Interim Supply motion, I find that the member for St. Catharines has not made out a *prima facie* case of privilege.

After some time,

"Recognizing that the budgetary policy put forward by the Minister of Finance continues to implement a tax cut at the expense of the people of Ontario; and

That, in a mad rush to give a tax cut, the Minister of Finance has created a human deficit which all Ontarians will be forced to pay for years to come; and

That this budget confirms another $500 million will be cut for hospitals on top of existing cuts; and

That the only new money for health care in this budget is for nurses' severance and the closing of hospitals; and

That this budget includes $300 million new cuts to education instead of returning cuts to programs such as junior kindergarten, special education and adult education; and
That this budget does nothing for quality classroom education or children in classrooms; and

That this budget completely disregards the one in five children in Ontario living in poverty; and

That the $17 million this government cut from Children's Aid Societies is not replaced; and

That this government is falling far short of the 725,000 jobs they promised Ontarians in the last election; and

That, while the rest of Canada gained jobs over the last seven months, Ontario lost 11,000 jobs; and

That because the people of Ontario would not choose a tax cut at the expense of quality health care, quality education, quality childcare, and higher levels of employment; and

Because both the Finance Minister and Premier understand the price of everything and the cost of nothing;

Therefore the House has lost confidence in this government." 

On motion by Mrs Boyd, Sur la motion de Mme Boyd,

Ordered, That the debate be adjourned. Il est ordonné que le débat soit adjourné.

Mr Jackson moved, That the House do now adjourn. M. Jackson propose que l'Assemblée ajourne les débats maintenant.

ORDERS OF THE DAY

Opposition Day

Mr Duncan moved,

Whereas there has been a proliferation of accidents and fatalities related to truck safety in Ontario, and;

Whereas this has caused a great lack of confidence in road safety in Ontario, and;
Whereas the Government has repeatedly stated its intention to deal decisively and swiftly with truck safety in Ontario, and;

Whereas the Government has had a truck safety Bill on the Order Paper since February 24, 1997, and;

Whereas the Minister of Transportation has attempted to exploit the issue for political purposes, choosing numerous photo opportunities to advance the need for truck safety, and;

Whereas the Government has failed to address the issue in a meaningful way, and;

Whereas the Liberal caucus has stated its desire to cooperate and expeditiously pass legislation ensuring road safety in Ontario,

Be it therefore resolved that this House calls upon the Government to bring forward Bill 125 immediately for Second and Third Reading and that the House further calls upon the Government to respond to the Target 97 recommendations with legislation so that a full, public debate can occur.

ORDERS OF THE DAY

Opposition Day

Mr Hampton moved.

Whereas the events at Ipperwash Provincial Park in September 1995, resulting in the death of Dudley George, remain the subject of widespread concern in Ontario; and

Whereas the role of police, government officials and others in these events has never been fully explained; and
Whereas various court proceedings have raised further concerns while leaving many important questions unanswered;

Be it therefore resolved that this House believes an independent inquiry under the Public Inquiries Act into the events at Ipperwash, including all government discussions and decisions leading up to those events, will be essential for bringing out the full truth surrounding this tragic confrontation.

TWO HUNDRED AND SECOND DAY
TUESDAY, JUNE 10, 1997

PRAYERS
1:30 P.M.

The Speaker addressed the House as follows:-

I beg to inform the House, I have today laid upon the Table the 1996-97 Annual Report of the Ombudsman of Ontario (No. 509) (Tabled June 10, 1997).

The Speaker delivered the following ruling:-

On Thursday, June 5, the Member for Beaches-Woodbine raised a point of order with respect to the orderliness of Bill 136, An Act to provide for the expeditious resolution of disputes during collective bargaining in certain sectors and to facilitate collective bargaining following restructuring in the public sector and to make certain amendments to the Employment Standards Act and the Pay Equity Act. The Government House Leader and the member for Algoma also made submissions.
At the outset, I want to acknowledge that issues of orderliness surrounding omnibus legislation have been raised in this House on a number of occasions. Bill 26, the Savings and Restructuring Act and, more recently, Bill 47 the Tax Cut and Economic Growth Act, were the subject of Speakers’ rulings in 1995 and 1996. These rulings enunciated certain principles relating to omnibus bills.

First, as with any ruling, in considering action with respect to an omnibus bill, the speaker must first determine the bounds of his or her authority. To date, I know of no Speaker in any jurisdiction who has, on his or her own initiative, either caused a bill to be split or who has ruled a bill out of order because of its omnibus nature. That is not to say, as Speaker Lamoureux did, that a Speaker may not one day be faced with a piece of legislation that goes beyond what has been procedurally acceptable.

Second, the Speaker must determine whether or not the contents of a bill fall within the umbrella of a theme of relevancy. Beauchesne defines relevancy in this context, in part, as follows:

"Although there is no specific set of rules or guidelines governing the content of a bill, there should be a theme of relevancy amongst the contents of a bill. They must be relevant to and subject to the umbrella which is raised by the terminology of the long title of the bill."

I agree with Beauchesne’s definition to a point. However as the member for Beaches-Woodbine and the member for Algoma argued, a bill cannot necessarily be saved by its title, no matter how long or all-encompassing it purports to be. For example, I would be hard pressed to accept a bill that encompasses an entire legislative agenda simply because it was entitled "An Act to implement the provisions of the Speech from the Throne." A theme of relevancy is not achieved simply by virtue of what a bill’s title says the bill does, or by the number of ministries a bill touches upon. A theme of relevancy is achieved when all the parts of the bill are linked in a tangible way.

While it is therefore possible to envision a circumstance where a Speaker might be faced with no option but to break with tradition and rule an omnibus bill out of order, a Speaker would have to determine without doubt that a theme of relevancy did not exist.

Having reviewed Bill 136 carefully, and considering omnibus bills that in the past have been ruled in order, I do not find that the parts of this bill are so disparate as to have no connection to each other and therefore find the bill to be in order.

PETITIONS

Petition relating to North York Branson Hospital (Sessional Paper No. P-15) (Tabled June 10, 1997)

INTRODUCTION OF BILLS

The following Bills were introduced and read the first time:-

Bill 140, An Act to establish the Financial Services Commission of Ontario and to make complementary amendments to other statutes. Hon. E. Eves.

Bill 141, An Act to amend the Municipal Act. Mr G. Guzzo.

ORDERS OF THE DAY

Opposition Day

Mr Sergio moved, M. Sergio propose,

Whereas Mike Harris promised Ontarians in the last election that there would be "no new user fees for health care"; and

Whereas the government broke this promise on July 15, 1996 by imposing $225 million per year in user fees on prescription drugs for seniors, people with disabilities and the poor; and

Whereas Mike Harris forced seniors earning over $16,075 to pay a $100 "annual" user fee and all subsequent dispensing fees while charging poorer seniors a $2 user fee for every prescription filled; and

Whereas Mike Harris added insult to injury when he forced seniors to pay another "annual" $100 fee on April 1, 1997, only eight and a half months after the last so-called "annual" fee; and
Whereas this double-charging amounts to a $30 million rip-off; and

Whereas these new user fees are causing undue hardship for Ontario seniors, many of whom must now choose between paying the rent, buying food or filling necessary prescriptions; and

Whereas we have a special responsibility to ensure seniors are treated with dignity and respect;

Therefore, this House calls on Mike Harris to admit that he broke a key election promise, to review the impact these new user fees have had on seniors’ lives, to keep his election promise by scrapping these user fees and, at the very least, to correct his blatant rip-off by giving seniors a three and a half month credit on this unfair user fee. Minister Responsible for Seniors’ Issues.

INTRODUCTION OF BILLS

The following Bill was introduced and read the first time:-

Bill 145, An Act to provide protection against pedophiles by preventing them from working in direct contact with children. Mr J. Brown (Scarborough West).

ORDERS OF THE DAY

Debate was resumed on the motion as amended for Adoption of amendments to the Standing Orders.

After some time, Mr Wood (Cochrane North) moved that the motion be further amended as follows:-

That the motion to amend the Standing Orders (as amended by the House June 24, 1997), be amended by deleting the following:

Those sections of the motion which amend Standing Order 9(c).

Those sections of the motion which amend Standing Order 24.

The debate continued, and after some time,

The Speaker interrupted the debate and delivered the following ruling on a point of order previously raised by the member for Beaches-Woodbine (Ms Lankin).

I want to thank all of the members who made submissions on the issue of the Report of the Integrity Commissioner concerning the Minister of Municipal Affairs and Housing. I listened to and carefully considered all of your comments.

This matter comes before us because a request was made by the Member for York South for the Integrity Commissioner’s opinion on a letter written by the Minister to the Health Services Restructuring Commission concerning a hospital in his riding. Further details on that issue are in the Integrity Commissioner’s report and stand on their own. The Commissioner’s Report, however, now resides with us.
The Members' Integrity Act provides that a Commissioner’s report of this nature shall be considered and responded to by the Assembly within 30 days.

Members have made submissions which have expressed varying opinions of what the word “day” in the Members' Integrity Act means. Firstly, the term “sessional day” has a specific meaning in our Standing Orders, but not necessarily the same meaning in statutes and the Members' Integrity Act.

To clarify the issue of what a “day” means in the context before us, I have consulted the Integrity Commissioner, the Honourable Gregory Evans. Judge Evans is of the very firm and unequivocal view that the term “day” in the Members' Integrity Act means a calendar day. I concur with Judge Evans. In my view, the Act’s meaning is plain and is not reasonably subject to any other interpretation.

It is my opinion that Section 34 of the Members' Integrity Act places an obligation at our feet. However, when this obligation is addressed and resolved is not within the purview of the Speaker.

Except in an instance of a prima facie case of privilege, there exists no authority within our Standing Orders for the Speaker to order or determine the business of the House: such authority and discretion resides directly with the Government House Leader, conferred by Standing Order 54 and by practice and custom.

The argument that this report has already been considered during Ministerial Statements and Responses today is without foundation. That process did not consider the substantive issues contained within the report.

Having been apprised of this situation today, I am confident that the Government House Leader will take note and act accordingly.

The debate continued and after some time, pursuant to the Order of the House of June 11, 1997, the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 12:00 o’clock midnight.

TWO HUNDRED AND TWELFTH

DAY

THURSDAY, JUNE 26, 1997

PRAYERS

10:00 A.M.

Mr Fox moved, M. Fox propose.

That in the opinion of this House, the Government of Ontario should disallow the undemocratic requirement of mandatory fee collection by unions. Trade unions should have the right to exist as the bargaining agent for employees, but there should not be a provision to allow for mandatory deduction from the wages of each employee in the unit affected by the collective agreement, the amount of the regular union dues and the automatic remittance of the amount to the trade union.
A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon. À 11 h, la suite du débat est réservée jusqu’à midi.

Mr Pettit then moved, Ensuite, M. Pettit propose,

That in the opinion of this House, given that the Government of Ontario has viewed municipal restructuring as a key component of delivering government services effectively and efficiently throughout this province; and

since the Government of Ontario has so far acted on this in Bills 26 and 103; and

since the region of Hamilton-Wentworth has been undergoing a restructuring exercise for the past three years without success; and

since the people of Hamilton-Wentworth agree that local government reform is necessary to provide efficient and accountable government at less cost to taxpayers; and

since the Government of Ontario has so far put forward two workable plans for local government reform in Hamilton-Wentworth;

therefore the Government of Ontario should take the initiative as soon as possible before the municipal fall elections to implement a plan that reduces waste and duplication in the delivery of local government services and creates a single, unified level of representation for the roughly half million residents of the region of Hamilton-Wentworth.

Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Fox's Resolution Number 58, the question having been put, was lost on the following division:- Conformément à l’article 96(e) du Règlement, la motion portant sur la résolution numéro 58 de M. (ii) to debate, speak to, and vote on motions, resolutions and bills;

(iii) to hold the government accountable for its policies; and

(iv) collectively, to decide matters submitted to the Assembly or a Committee.
(c) In all contingencies not provided for in the Standing Orders the question shall be decided by the Speaker or Chair, and in making the ruling the Speaker or Chair shall base the decision on the democratic rights of members referred to in clause (b). In doing so the Speaker shall have regard to any applicable usages and precedents of the Legislature and Parliamentary tradition.

(d) The Standing Orders shall not be interpreted or applied in a manner that permits a member to obtain a procedural or tactical advantage by contravening a Standing Order.

That Standing Order 6(b) be deleted.

That Standing Order 9(c) be deleted and the following substituted:

(c) The House may meet between the hours of 6:30 p.m. and 9:30 p.m. on the passage of a government motion for that purpose. Such a motion requires notice, and must appear on the Orders and Notices paper by the first Sessional day of the first week to which the motion applies. Such a motion may apply to one day or to more than one day. The question on such a motion shall be put forthwith and without amendment or debate. Despite Standing Order 2, such an evening meeting period is a new Sessional day. It shall be limited to the consideration of government orders or private members’ public business or both, according to the terms of the motion, but no government bill shall be called on more than one Sessional day during a single calendar day without unanimous consent. (c.1) Where a motion under clause (c) provides that all or part of an evening meeting period shall be devoted to the consideration of private members’ public business, the motion shall indicate the business to be considered, the time or times reserved for such business, and any special procedure to be followed. Such motion may provide that all or part of Standing Order 96 applies with necessary modifications to the debate on private members’ public business.

(c.2) The House may sit beyond the hours provided in clauses (a) and (c) on the passage of a government motion for that purpose. Such a motion requires notice, and must appear on the Orders and Notices paper by the first Sessional day of the first week to which the motion applies. That Standing Order 10(a) be deleted and the following substituted:

(a) Whenever the House stands adjourned, if the government advises the Speaker that the public interest requires the House to meet at an earlier time, the Speaker shall give notice that the House shall meet at such time, and thereupon the House shall meet to transact its business as if it had been duly adjourned to that time and the period referred to in sub- clause 6(a)(i) or (ii) had been extended accordingly.

That Standing Order 11 be amended by adding the following clause:

(e) If on Thursday morning the House is adjourned for lack of a quorum during the consideration of private members’ public business, it shall stand adjourned until 1:30 p.m. of the same day.

15. (a) If a member on being called to order for an offence against any Standing Order persists in the offence, the Speaker may direct the member to discontinue, and if such member refuses to comply, the Speaker shall name the member to the House.

(b) When a member is named by the Speaker, if the offence is a minor one, the Speaker may order the member to withdraw for the balance of the Sessional day; but if the matter appears to the Speaker to be of a more serious nature, the Speaker shall put the question on the motion being made, no amendment, adjournment or debate being allowed, "that such member be suspended from the service of the House", such suspension being for any time stated in the motion not exceeding 8 Sessional days.

(c) If any member on being named and directed to withdraw from the House refuses to obey the direction of the Speaker when summoned under the Speaker’s Order by the Sergeant-at-Arms, the Speaker shall call to the attention of the House that force is necessary in order to compel obedience and such member shall thereupon, without motion, be suspended from the service of the House for the remainder of the Session.

(d) If a member suspended under clause (c) does not leave the House, the member’s presence in the House shall not be recognised and the business of the House shall proceed as if the member had left.

16. (a) In the case of grave disorder in the House, the Speaker or the Chair may, if he or she thinks it necessary to do so and unless it would disadvantage a member who is not responsible for the disorder, adjourn the House or a Committee without motion, or suspend any meeting for a time to be named by him or her.

That Standing Order 20(a) be deleted and the following substituted:

That Standing Order 22(b) be deleted and the following substituted:

On a point of order having been raised, the Speaker recessed the House for 15 minutes.

On his return, the Speaker delivered the following ruling:-

Let me first deal with the status of the October 17, 1995 motion respecting committee membership. As I see it, the question before us is, can that motion, be superseded. It can, if a subsequent motion either rescinds it, amends it or sets it aside by way of a notwithstanding clause. In my view the motion to amend the Standing Orders passed by this House today does none of these things. The motion applies to the duration of this Parliament regardless of what changes may be made to Standing Order 110. The House has expressed an order that despite the general provision of the Standing Order, for this Parliament there is a specific provision for the size of committees which differs.
Therefore, the application of Standing Order 110 has been suspended. Unless and until there is a superseding motion passed by this House that order stands and the committees are properly constituted at this time and for the life of this Parliament.

Debate was resumed on the motion for Second Reading of Bill 143, An Act to authorize the payment of certain amounts for the Public Service for the fiscal year ending on March 31, 1997.

After some time, the motion was declared carried and the Bill was accordingly read the second time and Ordered for Third Reading.

A debate arose on the motion for Third Reading of Bill 143, An Act to authorize the payment of certain amounts for the Public Service for the fiscal year ending on March 31, 1997.

After some time, pursuant to Standing Order 9(a), the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 6:00 p.m.

That in the opinion of this House, Ontario's coat of arms, like those of the majority of Canada's Provinces, should feature the royal crown and other suitable heraldic devices, thus completing this official representation of our system of government.

Therefore, the Legislative Assembly of Ontario requests that Her Honour, the Lieutenant Governor-in-Council, petition the Canadian Heraldic Authority to augment Ontario's coat of arms with the embellishments to which it is entitled.
Pursuant to Standing Order 96(e), no objection having been made to the putting of the question on Mr Jordan’s Resolution Number 64, the question having been put, was declared carried:-

And it was,

Resolved, That, in the opinion of this House, Ontario’s coat of arms, like those of the majority of Canada’s Provinces, should feature the royal crown and other suitable heraldic devices, thus completing this official representation of our system of government.

Therefore, the Legislative Assembly of Ontario requests that Her Honour, the Lieutenant Governor-in-Council, petition the Canadian Heraldic Authority to augment Ontario’s coat of arms with the embellishments to which it is entitled.

ORDERS OF THE DAY

A debate arose on the motion for Second Reading of Bill 148, An Act to deal with matters relating to the establishment of the new City of Toronto.

During the debate on a point of order raised by the member for Beaches-Woodbine (Ms Lankin), the Acting Speaker (Mrs Boyd) delivered the following ruling:-

ORDRE DU JOUR

Il s'élève un débat sur la motion portant deuxième lecture du projet de loi 148, Loi traitant de questions se rapportant à la constitution de la nouvelle ville de Toronto.

The commencement clause contained in the motion to amend the Standing Orders, passed yesterday, provides that the amended Standing Orders shall apply to all proceedings in the House and the Committees, including those commenced before the coming into force of the amended Standing Orders. As a result, the next time the order is called for resuming the adjourned debate on this bill, members' speeches will be governed by the revised time limits, despite the fact that this proceeding, second reading debate, commenced before those revisions took effect. It is my view that speeches already commenced within an adjourned proceeding are to be honoured in the amount of time originally allowed to each speaker at the outset of those speeches. Since, in addition to this debate, there are currently only 4 other adjourned debates on the Order Paper with outstanding time remaining, I believe this approach will assist the House in the transition to the new Standing Orders in a fair manner and without complications in this regard.
The debate continued and after some time, pursuant to Standing Order 9(a), the motion for the adjournment of the debate was deemed to have been made and carried.

The House then adjourned at 6:00 p.m.

TWO HUNDRED AND NINETEENTH DAY
TUESDAY, AUGUST 26, 1997

PRAYERS
1:30 P.M.

The Speaker delivered the following rulings:

On Thursday, August 21, 1997, the member for Algoma (Mr Wildman) rose on a point of order. He asked the Speaker to rule on the orderliness of Bill 152, An Act to improve Services, increase Efficiency and benefit Taxpayers by eliminating Duplication and reallocating Responsibilities between Provincial and Municipal Governments in various areas and to implement other aspects of the Government’s "Who Does What" Agenda.

The Government House Leader (Mr Johnson) and the member for St. Catharines (Mr Bradley) also spoke to the issue.

The essential concern raised by the member for Algoma was that the bill was an omnibus bill that seeks to amend many unrelated pieces of legislation.

I agree that Bill 152 is an omnibus bill. Omnibus bills have been the subject of much procedural scrutiny in the course of the 35th and 36th Parliaments because governments have increasingly used them as vehicles for submitting related proposals for the consideration of the House. There may come a time when an omnibus bill is procedurally unacceptable and when the long title will not save the bill.

ORDRE DU JOUR

Il s'élève un débat sur la motion portant deuxième lecture du projet de loi 136, Loi prévoyant le règlement rapide des différends lors des négociations collectives dans certains secteurs, facilitant les négociations collectives à la suite de la restructuration dans le secteur public et apportant certaines modifications à la Loi sur les normes d'emploi et à la Loi sur l'équité salariale.

Après quelque temps, conformément à l'article 9(a) du Règlement, la motion d'ajoumement du débat est réputée avoir été proposée et adoptée.

À 18 h, la chambre a ensuite adjoumé ses travaux.

The procedural concern that has been raised about such bills is that the proposals in them are not related. However, Bill 152 is not such a bill. I have examined the bill carefully, and it does appear to have a theme of relevancy -- a tangible link -- among its components.

Therefore, while the member may have a legitimate grievance, that alone does not make the bill out of order. All I can say is what I have said on a previous occasion, namely that the House has it within its power to establish rules or guidelines that will in the future alleviate concerns such as the one raised by the member for Algoma.

I thank the member, as well as the Government House Leader and the member for St. Catharines for their submissions.

Yesterday, the member for Hamilton Centre raised a point of order with respect to the decisions of the Sub-committee of the Standing Committee on Resources Development and a document produced by the Ministry of Labour.

The Ministry of Labour document states that the clause-by-clause review of Bill 99 is to begin on August 25, 1997. This is obviously an error since yesterday was August 25 and to the best of my knowledge clause-by-clause consideration did not commence. While there is no doubt that it is incorrect information, I do not believe that it anticipates any decision of this House. In accordance with an order of this House, clause-by-clause consideration of the bill will happen; the fact that the document has an incorrect start date is neither out of order nor does it constitute a _prima facie_ case of privilege.

The member for Hamilton Centre also raised the issue of a Sub-committee decision being subsequently overridden by the full Committee. The member will know that the Speaker will not rule on matters that are before committees, however, in a general way I want to state that with few exceptions, any decision of a Sub-committee must be approved by the full committee. It is not out of order for the full committee to amend or defeat Sub-committee reports.

I find then that there is nothing out of order.

Mr Johnson (Don Mills) moved,  
M. Johnson (Don Mills) propose,

Whereas, the gasoline pricing practices of large supplier/retailers continues to be a problem which threatens consumers with unreasonably high and non-transparent prices and undermines the important role played by independent gasoline retailers in Ontario; and

Whereas, gasoline pricing is an issue of common interest to all provincial governments and Canadian consumers; and

Whereas, ensuring fair competition in the marketplace is the responsibility of the federal government under the Competition Act; and

Whereas, this legislature has already unanimously passed a resolution calling on the federal government to exercise fully its powers under the Competition Act to stop anti-competitive practices that threaten the survival of small, independent gasoline retailers; and

Whereas, the federal Competition Bureau is of the opinion that no marketplace problems exist in the gasoline industry which violate the Competition Act as currently drafted;
Be it resolved by this House that the Government of Ontario call upon the federal government to address this problem of national dimensions by amending the Competition Act to address pricing practices within the gasoline industry and appoint a special investigator to review the situation and make recommendations to ensure that Canadian consumers benefit from competitive and transparent gasoline prices across this country.

Be it further resolved that the Minister of Consumer and Commercial Relations table the resolution of this legislature at the forthcoming meeting of federal-provincial-territorial Ministers emphasizing the support of all parties in this House.

A debate arose and, after some time, Mr Miclash moved that the motion be amended by adding the following:-

"That, in addition to the other provisions of this resolution, the Ontario Government implement provisions which would limit the opportunity for predatory pricing, limit the damage that could be inflicted by discriminatory pricing practices, and restrain the ability of refiner marketers to create arbitrary price zones."

The debate continued and, after some time, with unanimous consent, the debate was adjourned.

Her Honour the Lieutenant Governor of the Province entered the Chamber of the Legislative Assembly and took her seat upon the Throne.

The Speaker addressed Her Honour as follows:

"May it please Your Honour:

We, Her Majesty’s most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty’s person and Government, and humbly beg to present for Your Honour’s acceptance a bill entitled, "An Act to authorize the payment of certain amounts for the Public Service for the fiscal year ending on March 31, 1997" / «Loi autorisant le paiement de certaines sommes destinées à la fonction publique pour l’exercice se terminant le 31 mars 1997».

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:

"Her Honour the Lieutenant Governor doth thank Her Majesty’s dutiful and loyal subjects, accept their benevolence and assent to this bill in Her Majesty’s name."

«Son Honneur la lieutenante-gouverneure remercie les bons et loyaux sujets de Sa Majesté, accepte leur bienveillance et sanctionne ce projet de loi au nom de Sa Majesté.»

Her Honour was then pleased to retire.
The House then adjourned at 6:00 p.m.

TWO HUNDRED AND TWENTY-FOURTH DAY
THURSDAY, SEPTEMBER 4, 1997

PRAYERS
10:00 A.M.

Mr Smith moved,

That in the opinion of this House, as the Government of Ontario has moved to realign provincial/municipal responsibilities, including transportation services, under "Who Does What", the Ontario Ministry of Transportation should prepare a plan to support the development and implementation of an infrastructure strategy by investigating reinvestment options for bridge and structure development and replacement in this province.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Preston then moved,

Ensuite, M. Preston propose,
That, in the opinion of this House, since the federal government increased the threat to community safety through the introduction of conditional sentencing in September of 1996, which has been referred to as "judge-ordered parole", and which allows criminal offenders to serve their sentences at large in the community, and not incarcerated in a correctional facility, the federal government should be urged to recognize the increasing concerns expressed by the people of Ontario for their public safety; and recognizing the concern of the public for their safety, and the ensuing compromise of public confidence in the justice system, the federal government should revoke these provisions allowing convicted offenders to remain in Ontario communities while serving their sentences; and where the federal government refuses to revoke these provisions, they should at the very minimum agree to limit the use of conditional sentencing provisions to minor property offences;

Therefore, the Government of Ontario should urge the federal government to act on the concerns of the Ontario public in order to ensure our communities are properly protected, and to ensure public safety is not compromised.

At 11:57 a.m., there being no further debate, pursuant to Standing Order 95(e), the Acting Speaker (Ms Churley) suspended the proceedings until 12:00 noon.

The question having been put on Mr Smith’s Resolution Number 66 was declared carried.

And it was,

Resolved, That in the opinion of this House, as the Government of Ontario has moved to realign provincial/municipal responsibilities, including transportation services, under "Who Does What", the Ontario Ministry of Transportation should prepare a plan to support the development and implementation of an infrastructure strategy by investigating reinvestment options for bridge and structure development and replacement in this province.

The question having been put on Mr Preston’s Resolution Number 67 was declared carried.

And it was,

Resolved, That, in the opinion of this House, since the federal government increased the threat to community safety through the introduction of conditional sentencing in September of 1996, which has been referred to as "judge-ordered parole", and which allows criminal offenders to serve their sentences at large in the community, and not incarcerated in a correctional facility, the federal government should be urged to recognize the increasing concerns expressed by the people of Ontario for their public safety; and recognizing the concern of the public for their safety, and the ensuing compromise of public confidence in the justice system, the federal government should revoke these provisions allowing convicted offenders to remain in Ontario communities while serving their sentences; and where the federal government refuses to revoke these provisions, they should at the very minimum agree to limit the use of conditional sentencing provisions to minor property offences;

That, in the case of any division relating to any proceeding on the bill, the division bell shall be limited to 5 minutes.

A debate arose and, after some time,

Ms Larkin moved that the motion be amended by adding the following:-

"That all members of the Standing Committee on Social Development be provided with a list of organizations and witnesses who have requested to appear before the Committee, and how many were denied that opportunity due to lack of time; that such report be delivered prior to the commencement of the first public hearing; and that the Committee be authorized to conduct an additional four days of public hearings during the recess should the Committee be informed that a significant number of Ontario citizens would be otherwise denied the opportunity to appear before their elected representatives and provide their assessment of Bill 142."

On a point of order raised by the member for Beaches-Woodbine (Ms Lakin), the Speaker recessed
the House for 10 minutes.

On his return, the Speaker delivered the following ruling:-

We are faced with a situation that is fairly unique. I must decide whether or not what we are dealing
with today is a Routine Motion. The Standing Orders say that a motion that "changes committee
membership" is a Routine Motion. Our practice has clearly been that routine motions of this nature
have been simple substitution motions. In my view the motion before us seeks to do more than this,
it is a motion that changes the number of members and adds the participation of an Independent
member. I find therefore that this motion does not fit within the definition of Routine and will
require notice.

TWO HUNDRED AND THIRTY-FIFTH DAY  

WEDNESDAY, SEPTEMBER 24, 1997

PRAYERS

1:30 P.M.

The Speaker addressed the House as follows:-

I beg leave to inform the House that today the Clerk received the Forty-fifth Report/quarante-cinquième rapport of the Standing Committee on Government Agencies. Pursuant to Standing Order 105(g)(9), the Report is deemed to be adopted by the House. (Tabled September 24, 1997) (Sessional Paper No. 579).

The Speaker delivered the following ruling:-

Yesterday, the Member for St. Catharines (Mr Bradley) raised a point of privilege with respect to a Ministry of Education advertising campaign. The Government House Leader (Mr Johnson (Don Mills)) and the Third Party House Leader (Mr Wildman) also made submissions with respect to this matter.

The Member for St. Catharines argued that the ad campaign conveyed the impression that the passage of the Education Quality Improvement Act is a forgone conclusion.

I have reviewed the ad in question and I must say that I cannot find within it, any evidence that the phrase "is implementing a plan" relates to any specific proceeding of this House. In fact, the reference to a plan, in my view, leaves the impression that there are a number of components involved, some of which may certainly be legislation but not necessarily one particular bill.
My point is this, if the Education bill introduced Monday does not pass, the government may still have it in its plan to reduce class size by some other means. The terminology used in the ad does not rely upon any particular piece of legislation to project its message; indeed, it would still make sense to a listener even in the absence of the Education bill.

In short, the more generic nature of this ad leads me to the conclusion that a *prima facie* case of privilege has not been made out.

TWO HUNDRED AND THIRTY-SIXTH DAY

PRAYERS
10:00 A.M.

Mr Shea moved,

That in the opinion of this House, since the Humber River is the largest watershed of the nine river systems in Metropolitan Toronto, and
Since the history of the Humber River is one that parallels the growth and development of Toronto, and

Since the Humber River is currently home to many outstanding recreational, educational and tourist facilities, and

Since the Province of Ontario through the Minister of Natural Resources is a signatory to "The Canadian Heritage Rivers System Charter" which is a voluntary national program that for the last 13 years has recognized and promoted a total of 33 rivers in Canada including 4 in Ontario which have been deemed to be culturally and historically important;

Therefore, the Government of Ontario should recognize the importance of the Humber River to the history and character of the City of Toronto and the development of Ontario, and encourage The Canadian Heritage Rivers Board to nominate and ultimately designate the Humber River as the first Urban River in Ontario recognized under this charter, and

The Minister of Natural Resources should accept the recommendations of this nomination bid and allow for a 3 year management strategy to be put in place for the voluntary co-ordination of all concerned parties to work toward the enhancement of this precious natural resource for the benefit of all Ontarians and their future generations.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon. 

Mr Chudleigh then moved, 

Ensuite, M. Chudleigh propose, 

That in the opinion of this House, given that plant breeding and the science of biology (the study of living organisms) have been used for years in enhancing the quality of our food supply and are critical to the long term economic and environmental sustainability of a safe agriculture and food industry in Ontario, and

Given the understanding that agricultural biotechnology is becoming an ever emerging field of importance in transforming the global agriculture and food production industry by creating an increasingly competitive global food commodity market, and

Given that in a world of change, if government and industry fail to form strategic partnerships and lead the way as innovators towards this 21st Century industry, they face being driven out of the competitive global market place,

Therefore, the Government of Ontario should recognize the importance of safe and cost-effective biotechnology and support well-researched science in advancing Ontario's agriculture and food production to ensure the industry's viability and competitiveness in the global marketplace and continue to work with all levels of government to ensure a safe food supply for the consumer and protect Canada's high standard and world leader status as a safe supplier of food, and

The Minister of Agriculture, Food and Rural Affairs should provide leadership and support to Ontario biotech initiatives and recognize their importance to future opportunities for growth, jobs and investment and continue to coordinate and support biotech research and development, and to lead efforts in pursuing investment from financial institutions for biotech and its applications for the agriculture and food industry in Ontario and become the political champion of this budding technological industry of the 21st Century.
The question having been put on Mr Shea's Resolution Number 73 was declared carried.

And it was,

Resolved, That in the opinion of this House, since the Humber River is the largest watershed of the nine river systems in Metropolitan Toronto, and since the history of the Humber River is one that parallels the growth and development of Toronto, and since the Humber River is currently home to many outstanding recreational, educational and tourist facilities, and since the Province of Ontario through the Minister of Natural Resources is a signatory to "The Canadian Heritage Rivers System Charter" which is a voluntary national program that for the last 13 years has recognized and promoted a total of 33 rivers in Canada including 4 in Ontario which have been deemed to be culturally and historically important;

The question having been put on Mr Chudleigh’s Resolution Number 70 was declared carried.

And it was,

Resolved, That in the opinion of this House, given that plant breeding and the science of biology (the study of living organisms) have been used for years in enhancing the quality of our food supply and are critical to the long term economic and environmental sustainability of a safe agriculture and food industry in Ontario, and

Given the understanding that agricultural biotechnology is becoming an ever emerging field of importance in transforming the global agriculture and food production industry by creating an increasingly competitive global food commodity market, and

ORDERS OF THE DAY

Opposition Day

Mr Duncan moved, M. Duncan propose,

Whereas the Mike Harris government has introduced Bill 96, the so-called Tenant Protection Act, that will gut rent controls in Ontario, raise tenants' rents and make it easier to demolish their homes; and

Whereas Bill 96 is only part of the Conservative’s attack on affordable housing that includes cancelling over 390 non-profit housing projects and dumping the massive cost of social housing onto Ontario’s municipalities; and

Whereas tenants across the province have denounced Bill 96 during public hearings; and

Whereas the Tory dominated legislative committee refused to support Liberal amendments that would have maintained strong tenant protections; and

Whereas during the York South by-election in May, 1996 Mike Harris promised that "Rent Control will Continue" and that "Tenant protection will be improved under the Mike Harris government"; and

Whereas Liberal Leader Dalton McGuinty has committed to scrapping Bill 96 and replacing it with meaningful rent controls;

Therefore, this House calls on the Mike Harris government to stop its attack on affordable housing and to immediately withdraw Bill 96, the Tenant Protection Act.

PRAYERS
10:00 A.M.

Mr Johnson (Perth) moved,

That in the opinion of this House, since past provincial governments have been known to spend well beyond their means, and that these overspending practices have placed the people and the province of Ontario in a precarious fiscal position, and

Since responsible governments should be able to spend within the means available to them, and that the present government under the leadership of the Honourable Mike Harris intends to balance the budget by the year 2000-2001,

Therefore, after balancing the Provincial Budget, the Government of Ontario should recognize the importance of ensuring that future governments do not place the Province of Ontario in fiscal difficulty, and should introduce balanced budget legislation that would prohibit deficits in future Provincial Budgets, require the government to dissolve within 90 days of the presentation of an unbalanced Budget, or overspending a Budget, and require the people of Ontario to approve borrowing through a province-wide referendum that includes a repayment schedule for the principal and the interest if the government needs to borrow funds.

ORDERS OF THE DAY

Opposition Day

Mr Wildman moved, M. Wildman propose,

Whereas, the Minister of Education and Training has said that the provincial government intends to take a further $1 billion away from the education of Ontario children; and

Whereas the Mike Harris Conservative government appears determined to provoke a work stoppage by Ontario teachers, thereby disrupting the education of Ontario students; and

Whereas Bill 160, the Education Quality Improvement Act, removes the right of school boards to raise revenue for the purpose of funding local schools and meeting local students' needs; and

Whereas the Minister of Education and Training has stated that the future role of school boards will be limited to negotiating teachers' salaries and benefits while the provincial government limits boards' funds; and

Whereas Ontario teachers should enjoy all the rights to collectively bargain terms and conditions of work that are enjoyed by other Ontario workers, including an unrestricted right to strike; and

Whereas the Mike Harris Conservative government has created uncertainty about the level of funding that will be provided to school boards for the purpose of educating Ontario children;
Therefore be it resolved that the Legislative Assembly of Ontario calls on the Mike Harris Conservative government to withdraw Bill 160, the Education Quality Improvement Act; to restore the right to local school boards and teachers’ federations to negotiate local, quality learning conditions for Ontario students; and to make public the new funding formula and the exact dollar amounts to be allocated for educating students across the province.

REPORTS BY COMMITTEES  

Mr Wettlaufer from the Standing Committee on Finance and Economic Affairs presented the Committee's report which was read as follows and adopted:-

Your Committee begs to report the following Bill as amended:-

Bill 140, An Act to establish the Financial Services Commission of Ontario and to make complementary amendments to other statutes. Ordered for Third Reading.

Mr O'Toole from the Standing Committee on the Ombudsman presented the Committee's Third Report 1997 (Sessional Paper No. 589) (Tabled October 9, 1997).

The Speaker delivered the following ruling:-

On Wednesday, October 8, 1997, the member for Algoma (Mr Wildman) raised a question of privilege with respect to the distribution of municipal financial information by the Ministry of Municipal Affairs and Housing. The member contended that his privileges had been breached because this information was made available to him later than it was made available to government members, certain municipal officials, and the press.

I have had an opportunity to review our precedents and parliamentary authorities dealing with generally similar kinds of situations.

I want to draw several rulings to the attention of the House. First, on March 1, 1989, Speaker Edighoffer ruled that there was no point of privilege in circumstances where it was alleged that government members were going to receive a briefing that Opposition members were not going to receive at the same time.

Second, on June 8, 1992, it was alleged that an Opposition critic had received certain information from a government ministry later in the day than had been promised. Speaker Warner ruled as follows:

I must regrettably inform the member that while he has not lost a privilege, indeed he speaks of something that could be described as a courtesy, which apparently was not extended to him on this particular occasion.

And finally, the same Speaker ruled on July 8, 1993 that it was not a matter of privilege that a member did not receive a ministerial statement at the same time as it had been distributed to the Opposition critics.
Turning to the matter raised by the member for Algoma, I appreciate that the member would have preferred that all members could have received the information at the same time. However, the Speaker cannot require the government to release such information -- or to release it at a certain time. There is nothing in our rules or our practice that would permit the Speaker to control the dissemination of that kind of information. It is clear from any number of previous Speakers' rulings that these types of situations do not amount to a prima facie case of privilege.

Let me make this point, however. In a written submission to me on this matter, the Government House Leader acknowledged that a more co-ordinated distribution of the information in question would have been desirable. I agree, and to quote a previous Speaker, these kinds of administrative discourtesies do give rise to "a valid grievance of which the government should take serious note". I am certain that, in future, every care will be taken to prevent a recurrence of situations similar to the one on which I have just ruled.

In closing, I thank the member for Algoma for bringing this matter to my attention.

During "Oral Questions", due to disruptions, the Speaker directed a stranger to withdraw from the Public Gallery.

Again during "Oral Questions", due to disruptions, the Speaker directed a stranger to withdraw from the Public Gallery.

The Speaker

The members to provided Leader also the members Privilege, as moved was 38, chapter Integrity Commissioner, Both concerning issues raised a that extent Because of Government advertising public. have that the of essence is that each of us has a right to be here, in this Chamber; to speak to and vote on the issues of the day; to be free from intimidation or obstruction in doing our parliamentary work; for the Assembly to be free from contempt, and to have those privileges protected.
As your Speaker, I must determine, if asked to do so, if any member's entitlement to these very extraordinary parliamentary benefits has been threatened, or if the proceedings of the Legislature have been reflected upon or presumed in a manner that amounts to a contempt of the House.

That is a very imposing duty, but it is also a very imposing test.

The test for a successful case of privilege must surely be, "How does the event or activity aggrieved of prevent either the member, or parliament itself, from performing its functions? Or, does this activity call the Assembly and its honour and integrity into disrepute?".

In the case at hand, does the ad campaign complained about impede any of us, as M.P.P.'s, in our functions? Does the campaign call the role of the legislature into question, or criticize it, or anticipate it?

In my view it does none of these things. The ads may represent an aggressive challenge to opposing views put forward by others, but I do not believe they caused any of us to come here without the uncontested ability to continue the debate on this issue, nor can it be argued that the respect due to this House is diminished by the wording of the ads. Therefore I find that a *prima facie* case of privilege has not been made out.

Before concluding, I wish to make an observation.

On previous occasions, I have expressed concern about the nature, tone and propriety of advertisements or similar distributions made by the government. I continue to hold those reservations and strongly encourage this and any future government to consider the power and influence that they wield when they send their messages to the broad public.

I ask for the indulgence of the House to allow me to make a brief statement respecting the public galleries.

Members of the public have the opportunity to observe first hand the legislative process by attending the public galleries. This attendance though is contingent upon compliance with the rules as clearly outlined on the gallery passes. For example, one such rule states "demonstrations are not permitted in the building including the galleries. This includes the display of signs, banners, buttons or other activities". Another says that "Visitors must refrain from applause or making any interruption or disturbance." There is no ambiguity about what is acceptable and unacceptable behaviour. The gallery is not a place for demonstrations or protest.

As stated in my earlier ruling, the essence of Parliamentary Privilege is that members must be free from intimidation or obstruction in doing our parliamentary work and members have the right to have these privileges protected on both sides of the House. When the public in the galleries cause disruptions, they impede the progress of business in this House and, in extreme cases, offend the privileges of members. It is my role to protect those privileges, and it falls to me to remedy these situations when they occur.

Public causing disruptions from the galleries will be asked to leave. In the case of an individual standing and yelling out, he or she is asked to leave and the gallery cautioned. However, when it appears that such individual outbursts are part of a larger demonstration, I am sure members can appreciate that there is a limit to the number of cautions that can reasonably be given before the entire gallery must be cleared.
Demonstrations are certainly a part of the democratic process of this Province and I have encouraged and accommodated these demonstrations outside, on the front lawn of the Legislature.

But inside this place, protest and demonstration is completely unacceptable. This Chamber is the forum for considered debate, and the public gallery the place from which to observe that debate.

During "Oral Questions", as a result of disruptions, the Speaker ordered all Galleries to be cleared and the House was recessed for 15 minutes.

Petitions relating to Bill 160, Education Quality Improvement Act, 1997 (Sessional Paper No. P-321) (Tabled November 24, 1997) Ms A. Castrilli, Mr J. Cleary, Mr D. Duncan and Mrs L. McLeod.

ORDERS OF THE DAY

Opposition Day

With unanimous consent, in the absence of Mr McGuinty, Mrs McLeod moved,

Whereas education is our future and whereas Bill 160 and funding cuts will compromise that future; and

Whereas the parents, teachers and students of Ontario have shown the government that they will not allow their futures to be sacrificed for tax cuts and will not allow the Government to bankrupt Ontario's Education system; and

Whereas you cannot improve achievement by lowering standards, cutting any more money from the education system or removing thousands of teachers from our schools and whereas, students, parents, teachers want re-investment in Education rather than a reduction in funding; and
Whereas, Ontario Liberal Leader Dalton McGuinty has pledged to repeal Bill 160 and restore partnership in education;

Therefore, be it resolved that

this legislature recognize that teachers play the most important role in our children's formal education; and

this legislature calls on the Minister of Education, the Premier and the Cabinet to back away from their plan to cut any more money from our schools and our children's education; and

this legislature supports the Education Improvement Commission's finding that no more money should be cut from education and that any savings which can be found should be immediately re-invested into our schools; and

this legislature understands that firing thousands of teachers and removing millions of dollars will increase class sizes, eliminate programs and reduce contact time between teachers and students, therefore destroying quality education rather than improving it; and

this legislature believes a quality education is more important than a tax cut; and

this legislature instruct the Minister of Education and Training to withdraw Bill 160.

ORDERS OF THE DAY

Opposition Day

With unanimous consent, in the absence of Mr Hampton, Mr Christopherson moved,

Whereas the Mike Harris Conservatives in 1995 campaigned on a promise to offer Ontarians more "direct democracy"; and

Whereas Premier Harris issued a White Paper advocating citizen initiated referenda on important issues in Ontario; and

Whereas the Standing Committee on the Legislative Assembly, dominated by members of the Mike Harris Conservative Caucus recommended that the government be forced to conduct a binding referendum when the signatures of 10 percent of eligible voters are collected asking for a referendum; and
Whereas the majority report of the Standing Committee, including the then Parliamentary Assistant to the Premier, the Member for Brampton South, stated: "In an initiative, it is the citizenry, not the political elite or the media, who are determining what is an appropriate issue for a referendum"; and

Whereas parent groups throughout the province, and especially in Toronto, Peel, Hamilton, and Ottawa, initiated a petition campaign calling for a referendum on the government’s Bill 160, the Education Quality Improvement Act, 1997; and

Whereas the New Democratic Party Caucus has responded to this citizens’ initiative by carrying the referendum petition campaign to every corner of the province;

Therefore, this House agrees that the provincial government should hold a binding referendum on the withdrawal or repeal of Bill 160, whichever the case may be; and

That the Office of the Chief Electoral Officer shall conduct a binding referendum vote in accordance with the rules recommended by the Standing Committee on the Legislative Assembly.

PRAYERS
1:30 P.M.

The Deputy Speaker delivered the following ruling:-

Last week, the member for Algoma (Mr Wildman) raised a point of order with respect to the admissibility of Bill 164, An Act to implement job creation measures and other measures contained in the 1997 Budget and to make other amendments to statutes administered by the Minister of Finance or relating to taxation matters in light of the pending consideration of Bill 149. The member for Scarborough Agincourt (Mr Phillips) and the Government House Leader contributed to the discussion of this issue. In addition, later that same week, the member for Fort William (Mrs McLeod) raised a similar point concerning the relationship of Bill 164 to Bill 160, and last week the Chair received additional written and oral submissions.

Members cited Standing Order 51 which states: "No motion, or amendment, the subject-matter of which has been decided upon, can be again proposed during the same Session." The interpretation of this Standing Order is that the House may not revisit substantially the same question twice in the same session. That is, having decided upon something once, the matter cannot again be raised. The interpretation of this Standing Order however, is quite restrictive and there are many examples of debates on variations of the same or similar subject matters being debated more than once in a session. Indeed, on April 22 the Chair ruled on a similar question being raised relating to a time allocation motion on Bill 104. Allowing a second time allocation motion at that time underscores the very tight and restrictive interpretation that Standing Order 51 undergoes when these questions are raised. In short, if a matter before the House is not substantially the same, or identical, to one already decided upon, it is not prohibited from being considered. What the House cannot do under this Standing Order is put itself in a position of voting on a question that is for all intents and purposes, identical to one already dealt with.
Now let me relate this Standing Order to the passage of legislation. Section 3 of the Statutes Act states that, "Any Act may be amended, altered or repealed by an Act passed in the same session of the Legislature." Further, in the Twenty-First edition of Erskine May at page 470 it states, "There is now no rule against the amendment or repeal of an act of the same session. Formerly it was expressly disallowed but it has been permissible since 1850." These references are not incompatible with Standing Order 51. Standing Order 51 seeks to prevent two bills that are substantially the same from being considered in the same session. Its purpose is not to prevent consideration of legislation which further amends any bill passed in the same session.

The Chair has also reviewed the 1968 ruling of Speaker Lameroux at the House of Commons of Canada. In that case, the Speaker found a bill out of order because certain of its clauses were identical to those defeated in a previous bill at third reading. This ruling served as a guideline to the Chair because, while he found the bill out of order based on the identical clauses, he also stated that in at least one case, the fact that a clause contained similar provisions to those in the previous bill "is not sufficient to justify a ruling that they are out of order."

In view of the forgoing, with respect to Bill 164, the Chair must determine whether Bill 164 or any part of it is substantially the same as Bill 149 or Bill 160. The Chair has reviewed Bill 164 and cannot find that the changes it seeks to make to Bills 149 and 160, in their eventual existence as statutes, are changes that revisit prior decisions of this House. While Bill 164 certainly makes amendments to other bills, the Chair is not convinced that it is virtually the same bill or indeed that it contains identical clauses.

Finally, I want to address the point that since both Bill 149 and Bill 160 were time allocated, the deadline for amendment had passed thereby rendering legislation that seeks to make further amendments out of order. The Chair disagrees. The deadlines set by the time allocation motions were specific to the consideration of the various stages of those bills. The deadlines were not imposed in perpetuity for any future consideration of the legislation. An Act can be amended by subsequent legislation regardless of the terms of the passage of the original Act. Obviously, this new legislation is subject to the usual scrutiny and opportunity for debate or amendment.

For these reasons, I find that Bill 164 is in order.

On a point of order raised by the member for Algoma (Mr Wildman), the Deputy Speaker recessed the House for 10 minutes.

On her return, the Deputy Speaker ruled:-

The question raised by the member for Algoma (Mr Wildman) and the member for St. Catharines (Mr Bradley) was whether Bill 164 is out of order because it was introduced prior to Royal Assent being given to Bills 160 and 149. After careful consideration and discussions, I've come to the conclusion that this would only be an impediment to Bill 164 passing before the enactment of Bills 149 and 160, but it does not prevent Bill 164 from being introduced and considered.

Le débat reprend sur la motion portant

Après quelque temps, conformément à l’article

À 21 h 30, la chambre a ensuite
ajourné ses travaux.
That in the opinion of this House, since in September 1995 the public was told that in the incident involving the First Nations occupying Ipperwash Provincial Park that, the First Nation’s claim of a burial ground had no validity; the OPP handled the situation with no political involvement; the Government handled the situation like any other First Nation land claim dispute; the first nations were heavily armed and opened fire on the OPP; the Premier gave no direction to his staff representing him at high level meetings before the shooting of Dudley George; and, the police had to lay 52 charges against the First Nation people;

Since subsequent to the September 1995 incident the facts have confirmed that, the Provincial Government had written evidence dating to 1937 of a burial ground on the site; the Ontario Government asked the police to "remove the occupiers – ASAP"; the headline in the Sarnia paper the day of the shooting death of Dudley George said, "Queen's Park To Take Hard Line With Occupiers"; a court trial proved that the First Nations had no firearms; the Premier told his Executive Assistant prior to the high-level meeting the day of the shooting "out of the park – nothing else"; and, the Crown dropped 43 charges because there was "no reasonable prospect of conviction"; 7 were found innocent, 2 are awaiting trial and an OPP officer has been convicted of criminal negligence causing death in the shooting incident;

Therefore, the Government of Ontario should commit to holding a public inquiry into the events leading up to the shooting death of Dudley George at Ipperwash Provincial Park as soon as all legal impediments are cleared.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

Mr Hampton then moved,

Second Reading of Bill 168, An Act to Protect our Children’s Education and Defend Local Democracy.

The question having been put on Mr Phillips’ Resolution Number 84, it was lost on the following division:-

That, in the case of any division relating to any proceedings on the bill, the division bell shall be limited to five minutes.

On a point of order raised by the member for Algoma (Mr Wildman), the Deputy Speaker recessed the House for 15 minutes.

On her return, the Deputy Speaker delivered the following ruling:-

In August of this year, the Standing Orders were amended. Among the changes was one that added the purpose clause to Standing Order 1.

This change made explicit what was traditionally an implicitly understood concept, that is, it has always been the case that members have had the democratic rights to submit resolutions, motions and bills for the consideration of the Assembly; to debate, speak to and vote on these same resolutions, motions and bills; to hold the government accountable for its policies and for members, collectively, to decide matters submitted to the Assembly.

The new Standing Order 1(b) sets out the purpose of the Standing Orders; in fact, it ably defines the very purpose of this Chamber itself. All of those activities I have just described are precisely the essence of the legislative process, and are the reason we are all here. Codifying this fact did not make it so; it has always been so.

Creating this new Standing Order did not change established custom and practise, but the fact that the change was made deliberately in the August, 1997 amendments leads me to believe that it was the will of the House that explicit recourse be had to these principles when the Standing Orders are being interpreted.

The issue I must resolve is whether the time allocation motion has the effect of diminishing, or denying to any member, the rights that members have under Standing Order 1(b). Clearly, it does. The fact that members wishing to move amendments may not have the opportunity to do so, offends clause 1(b)(i). The fact that time might not be available to every member who wishes to speak, offends clause 1(b)(ii).

Time allocation motions, though, by their very nature, cause this to be the case. As Erskine May states, time allocation motions “may be regarded as the extreme limit to which procedure goes in affirming the rights of the majority at the expense of the minorities of the House.”

There is clearly a conflict here. Standing Order 1 sets out the rights of members, whereas Standing Order 46 makes provision for a procedure that, in essence, takes Standing Order 1 and throws it out.

To resolve this conflict, I must be guided by our practice and custom. There is nothing new about time allocation motions. Indeed, it is not even new to see a time allocation motion that deals with more than 1 bill at the same time. This House has dealt with these motions many times before. In each instance, the rights of members was impacted upon in a way that limited their ability to participate in the legislative process to the fullest extent possible.

This occurred prior to the August 1997 Standing Order amendments, when the rights set out in Standing Order 1 were the unwritten but received wisdom of this place. It has also occurred many times since then, with the same result: some members may have found themselves, by majority decision of their colleagues, unable to fully assert their rights set out in Standing Order 1.
While pushing procedure to the extreme limit that a time allocation motion represents is undoubtedly not viewed by any of us as desirable, it is nevertheless an accepted practice that this House has used many times before.

While Standing Order 1 may elevate the test that other procedures must pass in order for the rights of members to be affirmed, the time allocation motion, by its very nature, must logically be protected and saved from it. If it were otherwise, then it is plausible to foresee a scenario where a single member, by asserting the protections set out in Standing Order 1, could thwart the House from ever concluding consideration of an item of business that the remainder of the House demonstrably wishes to conclude.

Since the opportunity for such occurrences is rare, they happen rarely. More often it is the case, as Erskine May states, that "(g)overnments have been confronted with the choice, unless special powers are taken, of cutting down their normal programme to an undesirable extent, or of prolonging the sittings of Parliament, or else of acknowledging the impotence of the majority of the House in the face of the resistance of the minority."

The method to deal with this circumstance is the time allocation motion.

By its nature it diminishes the rights of members and, indeed, it will most likely offend the principles set out in Standing Order 1. However, time allocation motions are part of the accepted procedure of this House. As a method of curtailing debate, they essentially suspend the Standing Orders and are, in essence, an exempt class of motion with respect to Standing Order 1. As a result, I find that the time allocation motion is not out of order on the basis of the arguments surrounding the purpose clause in the Standing Orders.

A debate then arose and, after some time, the motion was declared carried.

The House then adjourned at 6:00 p.m.

6:30 P.M.

The House resolved itself into a Committee to consider a certain Bill.

After some time, the Committee rose and reported progress on the following Bill:-

Bill 108, An Act to deal with the prosecution of certain provincial offences, to reduce duplication and to streamline administration.

Ordered, That the report be now received and adopted.
Mr Sterling moved, That the House do now adjourn.

The question, having been put on the motion, was declared carried.

The House then adjourned at 8:45 p.m.

Mr Sterling moved,  

M. Sterling propose,
That, pursuant to Standing Order 46 and notwithstanding any other Standing Order in relation to Bill 64, An Act to simplify government processes and to improve efficiency in the Ministry of Consumer and Commercial Relations; Bill 65, An Act to simplify government processes and to improve efficiency in the Ministry of Economic, Trade and Tourism; Bill 66, An Act to simplify government processes and to improve efficiency in the Ministry of Environment and Energy; Bill 68, An Act to simplify government processes and to improve efficiency in the Ministry of Northern Development and Mines; and Bill 69, An Act to simplify government processes and to improve efficiency in the Ministry of the Solicitor General and the Ministry of Correctional Services, there shall be two hours allotted to consideration of the above-noted bills together at the third reading stage after which time the Speaker shall interrupt the proceedings and shall put all questions necessary to dispose of the order for third reading of the 5 bills without further debate or amendment.

That, the vote on third reading of the bills may, at the request of any chief Whip of a recognized Party in the House, be deferred until the next Sessional day during the Routine Proceeding, “Deferred Votes;”

And that, in the case of any division, the division bell shall be limited to 5 minutes.

On a point of order raised by the member for St. Catharines (Mr Bradley), the Speaker recessed the House for 15 minutes.

On his return, the Speaker delivered the following ruling:-

I thank all members for their submissions on this matter.

The motion before us seeks to allocate time on 5 government bills. The question before me is whether more than one bill may be the subject of one motion for time allocation.

I have reviewed the precedents of this House and would like to cite two of them.

On May 28, 1992 this House considered and passed a motion moved by the N.D.P. government, to allocate time on four bills from three different Ministries. Bill 74, the Advocacy Act standing in the name of the Minister of Citizenship; Bill 108, Substitute Decisions and Bill 110, standing in the name of the Attorney General; and Bill 109, Consent to Treatment standing in the name of the Minister of Health. Members have argued that this motion cannot be considered a precedent on the grounds that there was a general agreement to deal with all three bills together, that, in the words of the member for Carleton the opposition of the day was "in concert with this motion". This is true. However, this did not impact on the orderliness of the motion at the time. Unanimous consent was required only to move it without notice. Had the motion complied with the notice provisions, unanimous consent would not have been required.

Members have also referred to an earlier precedent on this subject. On January 23, 1989 the Liberal Government sought to allocate time on two Bills. Bill 113 which amended the Retail Business Holidays Act and Bill 114 which amended the Employment Standards Act. On that occasion, Speaker Edighoffer ruled the motion in order. In the course of that ruling, Speaker Edighoffer made reference to the rules of the House of Commons at Westminster, as follows: "Although the Standing Orders speak of 'the allocation of time to any proceedings on a bill', the rule has not been interpreted to prevent a time allocation order from allocating time in one motion to more than one bill."
Finally, in Erskine May, at page 409 it states that "time allocation is applied in each case to a particular bill (or several bills jointly)".

Having considered the arguments of the Honourable members, the precedents and practices of this House and relevant authorities, I am completely persuaded that the motion before us is completely in order.

A debate then arose and, after some time, the motion was carried on the following division:

«Son Honneur la lieutenante-gouverneur remercie les bons et loyaux sujets de Sa Majesté, accepte leur bienveillance et sanctionne ce projet de loi au nom de Sa Majesté.»
Her Honour the Lieutenant Governor was then pleased to deliver the following gracious speech:

Mr Speaker, Members of the Legislative Assembly, ladies and gentlemen.

Two and one half years ago, my predecessor sat in this chair and delivered a speech which marked the beginning of a new Parliament and a new government for Ontarians.

At that time, the new government re-affirmed its commitment to the goals of the Common Sense Revolution:

- Cutting taxes to create jobs
- Eliminating government waste
- Removing barriers to economic growth
- Doing better for less
- And balancing the budget.

Today, Ontarians can look back with satisfaction on the hard work of everyone toward realizing those goals, as the province follows a plan for opportunity, growth, and job creation.

Ontario is indeed a much better place today. No longer is the status quo of high taxes and high deficits threatening the future prosperity of our province.

The government has delivered on its pledge to cut personal income tax rates. Three reductions have been made so far, and the next is scheduled for January 1st.

The government knew that by giving Ontarians more of their own money to spend, save, or invest, those dollars would create tens of thousands of jobs. And the people of Ontario have done just that.

Ontario's economy has created over 200,000 net new private sector jobs in the last nine months alone.

Those jobs have been created thanks to Ontarians who are buying things such as homes, cars, furniture and clothing.

The proof is in the numbers: housing starts are up 29 per cent over 1996. Auto sales are up 18 per cent. Department store sales are up nearly 12 per cent, compared to one year ago.

But those extra dollars in Ontarians' pockets are only one component of the economic engine that Ontario has become once again. Another major component is the government's commitment to reduce barriers to economic growth – barriers that once stood in the way of new investment and job creation.

As promised, the Employer Health Tax on payrolls is being reduced, and eliminated completely for small businesses and entrepreneurs – Ontario's main job creators. By 1999, the first $400,000 in payroll will be exempt from this job-killing tax.

Balance and stability have been restored to labour relations. An added benefit is that workers now have the right to a secret ballot when deciding whether they wish to be represented by a union in the workplace.

Legislation that imposed unfair and discriminatory job quotas has been repealed.
Hydro rates have been frozen.

1,500 unnecessary government regulations are being eliminated, further reducing the burden of red tape on business.

Banks that invest in small businesses now receive a tax credit that offsets, at least in part, the increase in their capital taxes.

As promised, workers' compensation has been reformed. The new Workplace Safety and Insurance Board is focused on injury prevention and getting injured workers back to work safely and quickly.

Workers' compensation premiums will be cut by 5 per cent effective January 1st.

These reforms will ensure that help and support are still there for injured workers, while keeping a lid on premiums that would otherwise hurt job creation.

The government has also been getting its own house in order.

Two and a half years ago, government was spending about 1.2 million more tax dollars each and every hour than it was taking in. The public debt was approaching $100 billion dollars.

Not only does a burden of debt divert dollars from programs, it is a serious threat to our economy's ability to attract investment, and, more importantly, to our children's future.

The immediate priority simply had to be to stop adding $11 billion dollars annually to this mountain of debt.

The government moved swiftly to get government spending under control. Internal government administration costs have been reduced by one-third. The size of the civil service has been reduced.

Through prudent and cautious management, the government has reduced the provincial deficit, or negative cash flow, from over 11 billion dollars to less than 6 billion dollars. Obviously, much work is still required.

However, the government is on track to move into a positive cash flow position by the fiscal year 2000-2001 – exactly as it promised to do.

And just as the government has moved to guarantee the economic security of Ontario, it has recognized the right of all Ontarians to feel physically safe in their homes and on their streets.

The government has taken action in many ways, by bringing strict discipline for young offenders, tougher parole rules, and a Crime Control Commission that will let Ontarians take back their streets.

The government kept its promise to pass the country's most comprehensive Victims' Bill of Rights, to ensure that victims receive the support and respect they deserve.

At the same time as we are working to restore Ontarians' faith that government can and will live up to its promises, we are finding new ways to make the most of the hard-earned dollars Ontarians hand over to their government.

We began right here in this place. As promised, legislation has been passed that will reduce the number of seats in the Ontario Legislature from 130 to 103, for the next election.
To set the right leadership example, Members’ pay has been reduced 5 per cent, and tax-free allowances and the gold plated pension plan have been eliminated from June 8th, 1995 onward.

We have made difficult choices – choices that were necessary to protect Ontario’s priorities.

Priorities like health care.

The government pledged to maintain health care funding at no less than $17.4 billion a year, and it has done so. In fact, this year, health care spending is at the highest level in the province’s history.

Restructuring in health care is also well underway, restructuring that has enabled the government to reinvest more than 1.3 billion dollars in services that directly benefit Ontarians closer to where they live.

Ontario is on course to a modern, comprehensive, integrated health care system.

At the same time Ontario is on the road to an education system with the highest standards of achievement of any province in Canada.

For many years, various commissions, studies – and many Ontarians – have demanded education reform that allows our children to be amongst the highest achievers in Canada. That would put education dollars back into the classroom where they belong, and make the system more accountable to parents and taxpayers.

The government has responded to those concerns, by introducing improvements such as a standard report card, a clearer, tougher math and language curriculum for elementary students, and standardized testing.

A College of Teachers has been established to set and enforce rigorous standards for teachers.

To free up dollars that are needed in the classroom, the government has passed legislation to reduce the number of school boards from 129 to 72, reduce the number of trustees by almost two-thirds, and cap trustee salaries.

To put a stop to spiralling class sizes, legislation has been passed that will cap average class sizes at 22 for secondary students and 25 for elementary students.

Secondary teachers will spend an extra 30 minutes each day teaching in the classroom.

Elementary students will get an extra week of instruction every year – secondary students, an extra two weeks.

Where deemed appropriate by local school boards, experts will be allowed to complement our excellent teachers in the classroom.

And more control will be going to parents, through a school council at each and every school.

Ontarians have long demanded that government take the necessary steps to turn around a system that has not been serving our children as well as it should, into one that will better prepare them to seize the opportunities that await them in the future.

This government is acting on those demands.
Municipal reform is another call that had gone unanswered for many years. The relationship — or should I say the many relationships — between the provincial government and municipalities had been too complicated, too confusing and too costly for too many years.

Thanks to the Who Does What exercise, overlap and duplication between the two levels of government have been reduced, allowing for more effective and better services by both the municipal and provincial levels of government, and the ability to do so at less cost.

Welfare was another area calling out for change. In June of 1995, one in ten Ontarians was trapped in a dead end on welfare. Thanks to the government's reforms, more than a quarter of a million people have broken out of the welfare trap in the last two and a half years.

For those who remain in the system, work-for-welfare is providing new purpose and hope. The program is spreading across the province, with over 126,000 people participating in workfare projects in over 50 communities.

While they look for permanent employment, those 126,000 citizens are building up their personal work experience and helping their communities.

At the same time that the government ensures that a permanent foundation for jobs and prosperity is in place for our children tomorrow, it continues to work to improve their comfort today.

Innovative ideas like the Ontario Breakfast for Learning Program are improving children's chances for success at school.

Healthy Babies, Healthy Children helps identify children at risk and provides them with needed community supports.

The Preschool Speech and Language Services for Children program has doubled the number of children getting help with speech and language disorders.

And a Minister without Portfolio for Children's Issues has been appointed, guaranteeing our young people a strong voice as Ontario prepares for the future.

In September of 1995, the government set out an ambitious agenda for reform.

Questions and suggestions have been met with an open door and an invitation to discuss any and all reasonable, workable, alternate means to arrive at the same, shared goals.

The government committed in the Common Sense Revolution to remain open to discussion about how to reach its goals. That openness and willingness to listen will continue as the government continues to implement and manage the changes it pledged to make.

Again I look back to my predecessor's speech of September, 1995, at which time he said: "Your government is doing what it said it would do, and it will continue."

That is a commitment the government repeats today, to each and every Ontarian. While the words may be the same, the Ontario in which they are spoken is much changed.
Ontarians are going back to work, they have more to spend, they can rely on schools to educate them, doctors to care for them, and police to protect them. And, for the first time in many years, they can look forward to a brighter future. The real heroes over the past two and a half years have been ordinary Ontarians who have worked so hard, day in and day out, to put Ontario back on the road to prosperity.

People like Peggy DeGraw of Blenheim, whose workfare experience has seen her working as a tutor helping adult students learn to read and write.

She says, "I don't think there are a lot of programs out there that help people the way this one does."

People like Gerry McElroy of Oakville, who said "it seems to me that a government 'living within its means' and still providing quality service is doing the right thing."

People like Amir Bem of MPX Data Systems who said "my company is growing and I am hiring more people. I would not have done so if I lived in a place where the government continued to spend my children's money into oblivion."

Ontario has come a long way over the past two and a half years – from the verge of bankruptcy under the former governments to leading Canada in jobs and opportunity.

As the province sets out on the next part of that journey to a brighter future, it is clear that challenges await.

But the journey begins with much better preparation to meet those challenges than Ontario had just two and half years ago.

Our energy is restored, our burden is lighter, the wind is at our back, and the road rises to meet us.

The government wishes to thank all members of all parties in this, the 36th Parliament, for their cooperation, advice, and commitment to a better Ontario.

The government also wishes to thank all of its partners...municipalities, school boards, agencies and commissions, hospitals, and colleges and universities, for their commitment and support for a better Ontario.

Many individuals have also made contributions to assist the government in working more effectively and efficiently. For all of this help and good will, the government is truly appreciative.

May I extend the good wishes of the season to all Members and their families, and my hope for a happy and healthy new year.

In our sovereign's name, I thank you.

I now declare this session prorogued.

Monsieur le président, honorables membres de l'Assemblée législative, Messdames et Messieurs,

Il y a deux ans et demi, mon prédécesseur prononçait un discours qui marquait le début d'une nouvelle législature et d'un nouveau gouvernement en Ontario.
Le nouveau gouvernement avait alors réaffirmé son engagement à l'égard des objectifs de la Révolution du bon sens :

Réduire les impôts afin de stimuler la création d'emplois
- Éliminer le gaspillage au gouvernement
- Supprimer les obstacles à la croissance économique
- Faire plus avec moins d'argent
- Équilibrer le budget

Les Ontariennes et Ontariens peuvent aujourd'hui songer avec satisfaction au travail énergique que tous ont accompli afin d'atteindre ces objectifs, tandis que la province poursuit un programme visant à créer des débouchés, à favoriser la croissance et à stimuler la création d'emplois.

L'Ontario est effectivement en bien meilleure posture aujourd'hui. Nous avons mis fin au statu quo caractérisé par des impôts et des déficits élevés qui menaçaient la prospérité future de notre province.

Le gouvernement a tenu sa promesse de réduire l'impôt sur le revenu des particuliers. Trois réductions ont été effectuées jusqu'ici, et la prochaine réduction entrera en vigueur le 1er janvier.

Le gouvernement savait que si la population ontarienne disposait d'une plus grande part de son propre argent pour dépenser, épargner ou investir, ces dollars crèeraient des dizaines de milliers d'emplois. Et c'est précisément ce que la population de l'Ontario a fait.

L'économie de l'Ontario a présidé à la création de plus de 200 000 nouveaux emplois nets dans le secteur privé au cours des neuf derniers mois seulement.

La création de ces emplois a été possible grâce aux consommateurs de l'Ontario qui achètent divers biens tels des habitations, des automobiles, des meubles et des vêtements.

Les chiffres le prouvent bien : les mises en chantier de logements neufs ont augmenté de 29 pour 100 par rapport à 1996. Les ventes d'automobiles ont connu une augmentation de 18 pour 100. Les ventes au détail dans les grands magasins affichent une hausse de près de 12 pour 100 comparativement à l'an dernier.

Mais cet argent supplémentaire dont disposent les Ontariennes et Ontariens ne représente que l'un des éléments du puissant moteur économique que l'Ontario est redevenu. L'engagement du gouvernement à supprimer les obstacles à la croissance économique constitue un autre facteur important. Ces obstacles entravaient les nouveaux investissements et la création d'emplois.

Comme nous l'avions promis, nous avons réduit l'impôt-santé des employeurs et l'avons même éliminé tout à fait pour les petites entreprises, qui créent le plus d'emplois en Ontario. D'ici 1999, la première tranche de 400 000 $ de la masse salariale d'un employeur sera exemptée de cet impôt destructeur d'emplois.

L'équilibre et la stabilité donnent de nouveau le ton aux relations de travail. Les travailleuses et travailleurs jouissent maintenant d'un avantage supplémentaire : le droit au scrutin secret lorsqu'ils décident s'ils veulent être représentés par un syndicat.

Les dispositions législatives qui imposaient des quotas injustes et discriminatoires en matière d'emploi ont été abrogées.
Les tarifs d'électricité ont été gelés.

Nous avons éliminé 1 500 règlements inutiles, afin d'alléger le fardeau des formalités administratives que devaient porter les entreprises.

Les banques qui investissent dans des petites entreprises peuvent désormais bénéficier d'un crédit d'impôt qui compense au moins une partie de l'augmentation de leur impôt sur le capital.

Comme nous l'avions promis, nous avons procédé à une réforme de l'indemnisation des travailleurs accidentés. La nouvelle Commission de la sécurité professionnelle et de l'assurance contre les accidents du travail est axée sur la prévention des blessures et la réintégration sécuritaire et rapide des travailleurs.

Les primes du régime d'indemnisation des travailleurs seront réduites de cinq pour cent à compter du 1er janvier.

Ces réformes feront en sorte que les travailleurs blessés puissent compter sur l'aide voulue, et elles permettront de limiter les majorations de primes, lesquelles nuiraient à la création d'emplois.

Le gouvernement a également mis de l'ordre dans ses propres affaires.

Il y a deux ans et demi, les dépenses du gouvernement dépassaient ses recettes d'environ 1,2 million de dollars à chaque heure. La dette publique allait atteindre 100 milliards de dollars.

En plus d'accaparer l'argent qui devrait être affecté aux programmes, cet endettement compromet sérieusement la capacité de notre économie d'attirer des investissements et, conséquence encore plus néfaste, il met l'avenir de nos jeunes en péril.

La priorité immédiate consistait évidemment à cesser d'alourdir le fardeau de nos dettes au rythme de 11 milliards de dollars par année.

Le gouvernement a tout de suite pris des mesures pour refréner ses propres dépenses. Il a réduit ses frais d'administration interne d'un tiers, soit 300 millions de dollars. La taille de la fonction publique a été réduite.

En instaurant une gestion prudente et judicieuse, le gouvernement a réduit le déficit provincial, c'est-à-dire un flux de trésorerie négatif, pour le ramener de plus de 11 milliards de dollars à moins de six milliards de dollars. Bien sûr, il reste encore beaucoup à faire.

Cependant, le gouvernement est en bonne voie de parvenir à un flux de trésorerie positif d'ici l'exercice 2000-2001 – exactement comme il avait promis de le faire.

Et, de la même manière que le gouvernement est passé à l'action pour garantir la sécurité économique de l'Ontario, il a reconnu le droit qu'ont tous les Ontariens et Ontariennes de se sentir physiquement en sécurité chez eux et dans les endroits publics.

Le gouvernement a agi sur plusieurs fronts : il soumet les jeunes contrevenants à une discipline ferme, il a défini des règles plus strictes en matière de libération conditionnelle, et il a institué la Commission ontarienne de lutte contre le crime pour faire en sorte que les citoyennes et citoyens de l'Ontario se sentent en sécurité où qu'ils soient.
Le gouvernement a également tenu sa promesse d'adopter la *Charte des droits des victimes d'actes criminels*, la plus complète au pays. Cette charte assure aux victimes d'actes criminels l'aide et le respect qu'elles méritent.

Nous nous efforçons en même temps de rétablir le sentiment, au sein de la population, que le gouvernement peut tenir ses promesses et qu'il le fera. Nous trouvons de nouveaux moyens de tirer le meilleur parti possible de l'argent durement gagné que les contribuables ontariens versent à leur gouvernement.

Nous avons commencé ici même. Comme promis, nous avons adopté des mesures législatives visant à réduire le nombre de sièges à l'Assemblée législative de l'Ontario. qui passera de 130 à 103 aux prochaines élections.

Pour donner le bon exemple et tracer la voie, nous avons réduit le traitement des députés de cinq pour cent et éliminé les indemnités non imposables et le généreux régime de pensions des députés, à compter du 8 juin 1995.

Nous avons fait des choix difficiles mais nécessaires à la sauvegarde des priorités de l'Ontario.

Notamment dans le secteur de la santé.

Le gouvernement s'était engagé à maintenir le financement des soins de santé à au moins 17,4 milliards de dollars par année, et c'est ce que nous avons fait. Cette année, les dépenses dans le secteur de la santé sont plus élevées qu'elles ne l'ont jamais été dans toute l'histoire de la province.

La restructuration du système de santé va bon train et elle a permis au gouvernement de réinvestir plus de 1,3 milliard de dollars dans des services qui profitent directement aux Ontariennes et Ontariens et qui sont offerts plus près de chez eux.

L'Ontario pourra compter sur un système de santé moderne, complet et intégré.

L'Ontario tient également à concrétiser ses objectifs dans le secteur de l'éducation. Nous voulons que notre système scolaire atteigne les normes de rendement les plus élevées de toutes les provinces canadiennes.

Depuis de nombreuses années, diverses commissions et études, ainsi que nombre d'Ontariennes et Ontariens, réclament une réforme scolaire qui permettrait à nos enfants de devenir les élèves les plus productifs au Canada. Les sommes que nous investissons dans l'éducation doivent être affectées à l'enseignement en classe, comme il se doit. Nous souhaitons tous une responsabilisation accrue du système scolaire devant les parents et les contribuables.

Le gouvernement a répondu à ces attentes en procédant à des améliorations comme le bulletin scolaire normalisé et en instaurant des programmes plus clairs et plus rigoureux en mathématiques et en langues au palier élémentaire, ainsi que des tests standardisés.

L'Ordre des enseignantes et des enseignants de l'Ontario a été institué avec le mandat d'établir et d'appliquer des normes rigoureuses pour ses membres.

Afin d'affecter le maximum de fonds à l'enseignement même, le gouvernement a adopté des mesures législatives qui prévoient la réduction du nombre de conseils scolaires, lequel passe de 129 à 72. Il a également réduit de près des deux tiers le nombre de conseillers scolaires, et plafonné leur salaire.
Pour freiner l'expansion démesurée de l'effectif des classes, le gouvernement a présenté des mesures législatives qui limiteront à 22 le nombre d'élèves par classe au palier secondaire, et à 25 au palier élémentaire.

Les enseignantes et enseignants au palier secondaire donneront 30 minutes de cours de plus par jour.

Les élèves du palier élémentaire bénéficieront chaque année d'une semaine supplémentaire d'enseignement en classe et ceux du palier secondaire, de deux semaines de plus.

Lorsque les conseils scolaires locaux le jugeront approprié, d'autres experts viendront compléter l'excellent travail qu'accomplissent nos enseignants et enseignantes.

En outre, les parents auront davantage leur mot à dire, grâce à la mise en place d'un conseil d'école dans chaque école.

Il y a longtemps que la population ontarienne demande au gouvernement de prendre les mesures nécessaires pour réformer le système scolaire, car on estime que le système actuel ne répond pas aux besoins des élèves aussi bien qu'il le devrait. Les Ontariennes et Ontariens veulent que le système scolaire prépare les jeunes à profiter de toutes les possibilités d'avenir qui s'offriront à eux.

Notre gouvernement est passé à l'action pour répondre à ces attentes.

La réforme municipale est un autre domaine dans lequel les demandes de la population sont restées lettre morte pendant de nombreuses années. L'interaction ou, devrais-je plutôt dire, les multiples interactions entre le gouvernement provincial et les municipalités étaient devenues beaucoup trop complexes, trop onéreuses, et elles engendraient de la confusion depuis trop longtemps.

Grâce à l'initiative Qui fait quoi, il y a moins de chevauchement et de double emploi entre les deux paliers de gouvernement. Le gouvernement provincial et les administrations municipales peuvent donc fournir des services plus efficaces et mieux conçus, à un coût moindre.

Un nouveau modèle s'imposait également dans le domaine de l'aide sociale. En juin 1995, une personne sur dix en Ontario se trouvait dans une voie sans issue, celle de l'aide sociale. Grâce aux réformes du gouvernement, plus d'un quart de million de personnes se sont libérées du carcan de l'aide sociale au cours des deux ans et demi qui se sont écoulés.

Quant aux personnes qui continuent à bénéficier de l'aide sociale, le travail obligatoire leur donne de l'espoir et un nouveau but dans la vie. Le programme s'étend à l'échelle de la province et compte plus de 126 000 participantes et participants dans plus de 50 localités.

Tout en cherchant un emploi permanent, ces 126 000 citoyennes et citoyens acquièrent une expérience de travail personnelle et aident leur communauté.

S'il veille à jeter les bases de notre prospérité future et à assurer des emplois à nos enfants demain, le gouvernement continue néanmoins à prendre des mesures pour améliorer leur sort aujourd'hui.

Des idées novatrices comme le Programme des petits déjeuners pour les écoliers de l'Ontario accroissent les chances de succès des enfants à l'école.

Le programme Bébés en santé/Enfants en santé aide à repérer les enfants vulnérables et à leur offrir l'aide dont ils ont besoin dans la communauté.
Grâce aux Services d’orthophonie pour les enfants d’âge préscolaire, le nombre d’enfants qui ont des troubles du langage et qui reçoivent de l’aide a doublé.

En outre, une ministre sans portefeuille déléguée au dossier de l’Enfance a été nommée; elle sera la porte-parole des jeunes, qui représentent l’avenir de l’Ontario.

En septembre 1995, le gouvernement a entrepris un ambitieux programme de réformes.

Le gouvernement a accueilli avec ouverture les questions et suggestions qui lui ont été présentées et il a invité la population à discuter de tous les moyens raisonnables et pratiques qui permettraient d’atteindre des objectifs communs.

Le gouvernement s’est engagé, par la Révolution du bon sens, à demeurer ouvert en ce qui a trait aux moyens de parvenir à ses objectifs. C’est dans cet esprit d’ouverture et ce désir d’être à l’écoute qu’il continuera à mettre en œuvre et à gérer les changements qu’il a promis d’apporter.

Je me réfère de nouveau au discours que prononçait mon prédécesseur en septembre 1995, dans lequel il disait : «Votre gouvernement fait ce qu’il a dit qu’il ferait, et continuera de le faire».

Il s’agit là d’un engagement que le gouvernement réitère tous les jours, à tous les Ontariens et Ontariennes. Cet engagement s’exprime toujours avec les mêmes mots, mais l’Ontario d’aujourd’hui a accompli beaucoup de progrès.

Les Ontariennes et Ontariens se sont remis au travail, ils ont plus d’argent à dépenser et ils peuvent compter sur un enseignement de qualité dans leurs écoles, sur de bons soins de santé et sur d’excellents services policiers. Pour la première fois depuis bien des années, ils peuvent envisager un avenir meilleur. Ceux qui se sont révélés de vrais héroïs au cours de ces deux ans et demi, ce sont tous les gens ordinaires qui ont travaillé ferme, jour après jour, pour replacer l’Ontario sur la voie de la prospérité.

Ce sont des gens comme Peggy DeGraw, de Blenheim, qui profitent du programme de travail obligatoire pour ouvrir comme tutrice en alphabétisation des adultes.

À son avis, et je cite : «il existe peu de programmes qui puissent apporter une telle aide».

Pour sa part, Gerry McElroy, d’Oakville, a dit: «Il me semble qu’un gouvernement ‘qui vit selon ses moyens’ tout en fournissant des services de qualité s’acquitte bien de ses responsabilités.»

Il peut s’agir encore de personnes comme Amir Bem, de MPX Data Systems, à Brampton qui déclare: «Ma compagnie est en pleine croissance et j’embauche. Ce ne serait pas possible dans un contexte où le gouvernement continuerait à dilapider les futures ressources financières de mes enfants.»

L’Ontario a réalisé des progrès considérables au cours des deux dernières années et demie. Les gouvernements précédents nous avaient amenés au bord de la faillite, mais l’Ontario a réussi à reprendre sa place de chef de file au Canada pour ce qui est des emplois et des perspectives d’avenir.

Au moment où la province s’apprête à se lancer dans la prochaine étape de sa démarche vers un avenir meilleur, il apparaît clairement que d’autres défis nous attendent.

Mais nous sommes aujourd’hui beaucoup mieux préparés à affronter ces défis que nous ne l’étions il y a deux ans et demi.
Nous avons fait le plein d'énergie, nous avons allégé notre fardeau, nous profitons d'un vent favorable et nous nous dirigeons tout droit vers notre destination.

Le gouvernement désire remercier tous les membres de tous les partis pour les judicieux conseils qu'ils lui ont prodigués, ainsi que pour l'esprit de coopération et l'engagement à édifier un Ontario meilleur dont ils ont su faire preuve au cours de la 36e législature.

Le gouvernement veut également remercier tous ses partenaires – municipalités, conseils scolaires, organismes, commissions, hôpitaux, collèges et universités – pour leur engagement et leur appui à l'égard de l'édification d'un Ontario plus dynamique.

De nombreuses personnes ont également contribué à aider le gouvernement à fonctionner de manière plus efficace et plus efficace. Le gouvernement apprécie grandement toute cette aide et ces témoignages de bonne volonté.

Je tiens à exprimer mes meilleurs voeux à tous les membres de l'Assemblée législative et à leur famille à l'occasion des Fêtes. Puissé la nouvelle année vous apporter la santé et le bonheur.

Au nom de notre souveraine, je vous remercie.

Je déclare cette session prorogée.

The Government House Leader then said:-

"Speaker and Members of the Legislative Assembly:

It is the will and pleasure of Her Honour the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued."
