THURSDAY, JULY 12, 2018
SECOND DAY

2:00 P.M.

The Members having assembled:

Her Honour the Lieutenant Governor entered the Chamber and took her seat upon the Throne.

The Speaker addressed Her Honour as follows:

“May it please Your Honour,

The Legislative Assembly has elected me as their Speaker, though I am but little able to fulfill the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me and not to the Assembly whose servant I am, and who, through me, the better to enable them to discharge their duty to their Queen and Country, hereby claim all their undoubted rights and privileges, especially that they have freedom of speech in their debates, access to your person at all seasonable times, and that their proceedings may receive from you the most favourable consideration.”

The Government House Leader said:-

“The Speaker, I am commanded by Her Honour the Lieutenant Governor to declare to you that she freely confides in the duty and attachment of the Assembly to Her Majesty’s Person and Government and, not doubting that the proceedings will be conducted with wisdom, temperance and prudence, she grants and upon all occasions will recognize and allow the constitutional privileges.
I am commanded also to assure you that the Assembly shall have ready access to Her Honour upon all suitable occasions, and that their proceedings, as well as your words and actions, will constantly receive from her the most favourable construction.”

Her Honour the Lieutenant Governor was pleased to open the First Session of the Forty-Second Parliament by reading the Speech from the Throne (Sessional Paper No. 1).

Mr. Speaker, Honourable Members, ladies and gentlemen, people of Ontario:

As the representative of Her Majesty the Queen, it is my honour to open the First Session of the 42nd Parliament by delivering the Speech from the Throne.

I want to issue a special welcome to you – the elected members of the Ontario legislature – both new and returning.

Each of you has earned your seat in this chamber by earning the confidence and trust of your fellow Ontarians. It is a high honour and distinction that should be cherished.

For this chamber belongs to the people.

Not just in that all are welcome to witness your proceedings. Though that should always be the case.

But also in that every seat in this chamber ultimately belongs to the Ontarians who sent you here.

The privilege of democracy is to temporarily occupy these seats on the people’s behalf.

And in so doing, always be mindful, that the power exercised here must always be – and only be – exercised with the people’s best interest in mind.

A Government for the People

In a time of global turmoil and change, maintaining, and strengthening the bond between the people and their public representatives must always be top of mind for us all.

It is very, much top of mind for your new government.

A government for the people.

It is a government that has been given a clear mandate directly from Ontarians. A government that recognizes that this mandate comes with high expectations. Not just in the policies it advances. But also in the manner in which it conducts itself.

Your new government does not take these responsibilities lightly. For the fact is that Ontario is at a critical juncture. We face mounting challenges at home and abroad.

These challenges, if left unchecked, threaten livelihoods and imperil public services.

We cannot afford to dither or delay.

To overcome these challenges we must challenge the status quo. Reject the old compromises. And embrace change.

It will also require us to move past the politics of division. We must look beyond our differences – in race, region, language, gender, religion, lifestyle, sexual orientation or creed and recognize that all of us are Ontarians and Canadians first.
Because no matter where any of us come from, or how long we have lived here – it should be clear that when Ontarians work together, there is no challenge that cannot be overcome.

Together we can create unprecedented jobs and prosperity – and send a message to the world that Ontario is open for business.

We can once again put Ontario on a healthy financial footing – and ensure that we can afford to maintain and strengthen our hospitals, schools and other vital public services.

And we can rebuild trust between the people and their government – based on a shared and simple principle.

You should not be forced to pay more and work harder to make life easier for your government.

Instead your government should be working harder, smarter and more efficiently to make life better for you.

Your government intends to take a number of immediate and longer term steps to meet these challenges, including, where necessary, the introduction of legislation.

**A Government that Trusts Taxpayers**

Your government’s plan for the people will begin by trusting the taxpayer.

Ontarians work hard for their money. They treat their hard-earned money with respect – and are right to expect their government will do the same.

Your new government believes that no dollar is better spent – than the dollar that is left in the pockets of the taxpayer.

That is why your government will take action to reduce gas prices.

Lower your hydro bills.

And provide meaningful, necessary tax relief to parents, small businesses and the working poor.

It also includes scrapping the cap-and-trade carbon tax here in Ontario. And opposing other carbon tax schemes in all of their forms.

These oppressive taxes make life unaffordable for families and put thousands of Ontario jobs at risk.

In a time of economic uncertainty – a punishing carbon tax is the last thing Ontario families and businesses can afford.

Your government will use every tool at its disposal to fight those who would hurt Ontario families and jobs by imposing such a tax on our province.

**A Government that will Help Create and Protect Jobs**

Because, in the current climate, creating and protecting jobs should be something that unites us all.

None of us are oblivious to the ominous warnings from other nations about the future of our trading relationships.

In this time of uncertainty we are proud to stand shoulder-to-shoulder with our federal government, provincial counterparts, businesses and workers to not only protect the jobs we have today – but to also build a stronger economy for the future.

We will work cooperatively with the federal government to stand up to tariffs and make sure Ontario’s best interests are reflected in the NAFTA negotiations.
And Ontario will not be standing on the sidelines. We are a proud trading partner to the world – including to the 28 U.S. states for which Ontario is the number-one or number-two export destination. We will take our message to anyone who will listen.

And here at home we will also take action to protect jobs – including the thousands of jobs across Ontario that depend on the continued operation of the Pickering Nuclear Generating Station.

And, by lowering taxes, reducing the regulatory burden and making life easier for entrepreneurs, your government will make sure the world knows that Ontario is open for business.

A Government that will be Accountable

Your government also intends to take immediate steps to restore faith in Ontario’s public institutions.

In many places this faith is shaken. Ontario’s finances have been left in a precarious position.

And too many people are feeling excluded from a system that too often seems tilted in the direction of insiders and the elite.

Your government intends to tackle this problem root and stem.

It will begin by calling a Commission of Inquiry into the financial practices of government to identify ways to restore accountability and trust in Ontario’s public finances.

The era of accounting tricks and sleight of hand must end.

It will also include a thorough line-by-line audit of all government spending that will identify and eliminate duplication and waste.

And your government will act swiftly to restore public confidence in Ontario’s electricity system – starting with Hydro One.

And ultimately your government intends to return Ontario to a balanced budget on a timetable that is responsible, modest and pragmatic.

A Government that Will Respect You

Ultimately a government for the people must also be a government of respect.

Your new government assumes responsibility with great humility. Recognizing that on so many issues – the people who know best live and work well outside government’s walls.

You can count on your government to respect our doctors, nurses and other health care practitioners by working collaboratively with them to ensure we have a system that treats everyone fairly while putting the interests of patients first.

It will be a health care system that can count on long-term stable funding. Including 15,000 new long term care beds over the next five years and a historic new $3.8 billion dollar investment in mental health and addictions, including supportive housing.

You can also count on your government to respect parents, teachers and students by getting back to basics and replacing failed ideological experiments in the classroom – with tried and true methods that work.

It will include scrapping the failed experimental “Discovery Math” curricula and focus on the fundamentals that allow our children to succeed.

It will also include respecting parents – by replacing the current sex-education curriculum – with a new age-appropriate one that is based on real consultation with parents.
And it will include respecting the parents of children with autism, by increasing supports for the families who need it most.

Your new government will also respect our municipal partners.

Whether by partnering with Toronto and other GTA municipalities to build a world-class transit system.

Addressing the transportation needs of other Ontario urban centres.

Or by respecting the wishes of rural municipalities by putting an end to unfair, unaffordable green energy contracts that have been imposed on them over local objections.

You can also count on your government to respect our men and women in uniform.

It will include honouring the Canadian heroes of the war in Afghanistan by building a new monument.

And creating a dedicated hotline to provide assistance to our military families here at home.

You can count on your government to respect the men and women of Ontario’s Police Services – by freeing them from onerous restrictions that treat those in uniform as subjects of suspicion and scorn.

And ensuring they have the tools, support and resources they need to enforce the law and protect innocent families from the menace of drug, gun and gang related violence.

It will respect businesses and job creators in Ontario – who know, far better than any government, what is necessary to get Ontario growing so that we can once again be the engine of Canada’s economy.

Your new government will respect consumers and trust adults to make the responsible choices that work best for them. That’s why it will expand the sale of beer and wine to convenience stores, grocery stores and big box stores.

And it will respect workers – across all professions and trades – by ensuring everyone gets a fair opportunity to compete for opportunities and build their careers here in Ontario.

A New Dawn in Ontario

Change will not be easy.

It will require a unity of purpose. A clear vision. And a lot of hard work.

But Ontario has everything it needs to succeed.

Abundant natural resources.

World class health care and education systems.

The good fortune to sit at the cross roads of global and continental trade. And the greatest, hardest working people in the world.

The challenges facing our province are real. And they will not be taken lightly.

So, yes, the road ahead will not be easy. But the path is clear.

A new day has dawned in Ontario. A day of prosperity and opportunity. For everyone. And help is here.

Thank you.
Monsieur le Président, honorables députées et députés, Ontariennes et Ontariens.

En ma qualité de représentante de Sa Majesté la Reine, j’ai l’honneur d’ouvrir la première session de la 42e Législature de l’Ontario en présentant le discours du Trône.

Je tiens tout particulièrement à souhaiter la bienvenue aux membres nouvellement élus et réélus de la Législature de l’Ontario.

Chacune et chacun d’entre vous a mérité son siège au sein de l’Assemblée en obtenant la confiance de vos concitoyennes et concitoyens. C’est tout un honneur et une grande distinction qu’il faut reconnaitre comme il se doit.

En effet, l’Assemblée appartient à la population. Pas seulement parce que tous sont les bienvenus lorsqu’ils souhaitent assister aux débats de l’Assemblée législative, ce qui devrait évidemment toujours être le cas.

Mais aussi parce que chaque siège de l’Assemblée appartient aux Ontariennes et aux Ontariens qui vous ont mandatés ici.

Le privilège de la démocratie est de siéger temporairement ici pour le compte de la population.

Ce faisant, il ne faut jamais perdre de vue que l’exercice du pouvoir qui vous est conféré doit toujours et exclusivement servir l’intérêt de la population.

Un gouvernement qui travaillera pour la population

En cette époque de turbulences et de changements à l’échelle mondiale, le maintien et le renforcement des liens entre la population et ses représentants publics doivent toujours rester au premier rang de nos préoccupations.

Cela est effectivement au premier rang des intentions de votre nouveau gouvernement, qui travaillera pour la population en vertu du mandat clair qu’elle lui a confié directement.

Un gouvernement conscient que ce mandat s’accompagne d’attentes élevées, non seulement à l’égard des politiques qu’il met de l’avant, mais aussi dans son comportement.

Votre gouvernement ne prend pas ces responsabilités à la légère... … car il est conscient que l’Ontario se trouve à un tournant crucial.

Des défis grandissants se pointent chez nous et à l’étranger.

Sans intervention, ces défis risquent de menacer les emplois et de compromettre les services à la population.

Nous ne pouvons nous permettre de temporiser ou de retarder la prise d’action. Pour relever ces défis, nous devons rejeter le statu quo et les compromis dépassés, et accueillir le changement à bras ouverts.

Pour ce faire, il nous faudra aller au-delà de la politique de la division, au-delà de nos différences – sur les plans de la race, de la région, de la langue, du genre, de la religion, du style de vie, de l’orientation sexuelle ou des croyances – et reconnaître que nous sommes tous d’abord et avant tout ontariens et canadiens.

Car peu importe l’endroit d’où nous venons et le moment où nous nous sommes intégrés à la grande famille ontarienne, il est clair que nul défi n’est insurmontable si nous travaillons tous ensemble.
Ensemble, nous pourrons créer des emplois et une prospérité sans précédent, et faire savoir au monde entier que l’Ontario est ouvert aux affaires.

Nous pouvons de nouveau doter l’Ontario de solides assises financières afin de nous assurer d’avoir les moyens d’entretenir et de moderniser nos hôpitaux, nos écoles et les autres services qui revêtent une importance cruciale pour notre population.

Et nous pouvons rebâtir la confiance entre la population et son gouvernement – sur la base d’un principe commun et clair.

Vous ne devriez pas avoir à payer plus cher et à travailler plus durement pour faciliter la tâche du gouvernement.

Au contraire, c’est au gouvernement de travailler plus fort, plus judicieusement et plus efficacement pour vous faciliter la vie.

Votre gouvernement a l’intention de prendre un certain nombre de mesures immédiates et à plus long terme pour relever ces défis, y compris par le dépôt de nouveaux projets de loi, le cas échéant.

**Un gouvernement qui respectera les contribuables**

Le plan de votre gouvernement pour la population commencera par le respect des contribuables.

Votre nouveau gouvernement a la conviction que la meilleure façon de traiter votre argent est de le laisser dans votre poche.

Voilà pourquoi il prendra des mesures pour réduire le prix de l’essence...

... réduire vos factures d’électricité...

... et fournir un allégement fiscal appréciable aux parents, aux petites entreprises et aux travailleurs pauvres.

Ces mesures comprendront aussi l’élimination de la taxe sur le carbone du programme de plafonnement et d’échange ici, en Ontario, de même que la contestation d’autres systèmes de taxe sur le carbone sous toutes leurs formes.

Ces taxes opprimantes rendent la vie inabordable pour les familles et menacent des milliers d’emplois en Ontario.

En cette période d’incertitude économique, une taxe sur le carbone ne peut que pénaliser les familles et les entreprises de notre province.

Votre gouvernement utilisera toutes les ressources à sa disposition pour lutter contre ceux qui voudraient nuire aux familles et aux emplois de l’Ontario en imposant une telle taxe à notre province.

**Un gouvernement qui aidera à créer et à protéger des emplois**

Dans le contexte actuel, la création d’emplois et la protection des emplois existants devraient être des objectifs qui nous unissent.

Nous sommes tous conscients des sinistres avertissements d’autres nations quant à l’avenir de nos relations commerciales.
En cette période d’incertitude, nous sommes fiers de nous tenir côte à côte avec notre gouvernement fédéral, nos homologues provinciaux, les entreprises et la main-d’œuvre afin de protéger les emplois d’aujourd’hui, mais aussi afin d’édifier une économie plus vigoureuse pour demain.

Nous allons travailler en collaboration avec le gouvernement fédéral afin de nous opposer aux tarifs et de nous assurer que l’intérêt primordial de l’Ontario est pris en considération dans les négociations de l’ALENA.

Et l’Ontario ne restera pas les bras croisés. Nous sommes fiers des relations commerciales que nous entretenons dans le monde entier, y compris avec les 28 États américains pour lesquels l’Ontario est le premier ou le deuxième marché d’exportation. Nous continuerons à défendre activement ces relations.

Ici même en Ontario, nous prendrons aussi des mesures pour protéger les emplois, y compris les milliers d’emplois partout dans la province qui dépendent du maintien de l’activité de la centrale nucléaire de Pickering.

De plus, en baissant les impôts, en réduisant les fardeaux réglementaires et en facilitant la tâche des entrepreneurs, votre gouvernement veillera à ce que les investisseurs du monde entier sachent que l’Ontario est ouvert aux affaires.

**Un gouvernement qui agira de manière responsable**

Votre gouvernement a également l’intention de prendre des mesures immédiates pour rétablir votre confiance dans les institutions publiques de l’Ontario.

Dans bien des domaines, cette confiance a été ébranlée.

Les finances de l’Ontario ont été laissées en situation précaire, et trop de gens se sentent exclus d’un système qui semble trop souvent pencher en faveur des initiés et des élites.

Votre gouvernement compte s’attaquer à ce problème et en venir à bout une fois pour toutes.

Cela commencera par la convocation d’une commission d’enquête qui examinera les pratiques financières du gouvernement afin de déterminer comment rétablir l’imputabilité et la confiance dans les finances publiques de l’Ontario.

L’heure est venue de mettre fin aux manœuvres comptables et aux tours de passe-passe.

Cet examen comprendra également une vérification complète et approfondie des dépenses du gouvernement qui permettra de déceler et d’éliminer les dédoublements et le gaspillage.

En outre, votre gouvernement prendra des mesures immédiates pour rétablir votre confiance dans le réseau d’électricité de l’Ontario, en commençant par Hydro One.

Enfin, il s’efforcera de rétablir l’équilibre budgétaire de l’Ontario dans des délais responsables, et selon une approche modérée et pragmatique.

**Un gouvernement qui vous respectera**

Fondamentalement, un gouvernement qui travaille pour la population se doit d’adhérer à des valeurs de respect.

Votre nouveau gouvernement assume avec une grande humilité les responsabilités que vous lui avez confiées. Il est conscient que, souvent, les personnes qui comprennent le mieux les dossiers qu’il traite sont celles dont la réalité est bien éloignée des murs de l’Assemblée.
Vous pouvez compter sur votre gouvernement pour respecter nos médecins, notre personnel infirmier et les autres professionnels de la santé. Il travaillera en collaboration avec eux pour s’assurer que notre système de soins de santé traite chacun de manière équitable et sert avant tout l’intérêt des patients.

Le système de santé pourra compter sur un financement stable à long terme. Il verra notamment l’aménagement de 15 000 nouveaux lits de soins de longue durée au cours des cinq prochaines années et recevra un investissement historique de 3,8 milliards de dollars dans la santé mentale et la lutte contre la toxicomanie, y compris pour le logement avec services de soutien.

Vous pouvez également compter sur votre gouvernement pour respecter les parents, les enseignants et les élèves. Il opérera un retour à l’essentiel en débarrassant les salles de classe d’expériences idéologiques ratées et en rétablissant des méthodes à l’efficacité éprouvée.

Il éliminera notamment les programmes d’apprentissage des mathématiques axés sur la découverte, qui sont un échec, et promouvra les principes fondamentaux qui permettent à nos enfants de réussir.

Il respectera les parents en remplaçant le programme d’éducation sexuelle actuel par un nouveau programme conçu en consultation avec eux et adapté à l’âge de leurs enfants.

Et il respectera les parents d’enfants atteints d’un trouble du spectre de l’autisme en renforçant le soutien offert aux familles qui en ont le plus besoin.

Votre nouveau gouvernement respectera aussi ses partenaires municipaux.

Que ce soit en établissant un partenariat avec la Ville de Toronto et d’autres municipalités de la région du Grand Toronto pour construire un réseau de transport de classe mondiale.

En répondant aux besoins d’autres centres urbains de l’Ontario en matière de transport.

Ou en respectant les souhaits des municipalités rurales par l’élimination des contrats d’énergie verte inéquitables et inabordables qui leur ont été imposés malgré les objections des collectivités.

Vous pouvez également compter sur votre gouvernement pour respecter nos militaires.

En témoignage de ce respect, il fera ériger un monument qui rendra hommage aux héros canadiens de la guerre en Afghanistan.

Et il créera un service de téléassistance réservé aux familles de nos militaires.

Vous pouvez compter sur votre gouvernement pour respecter les membres des services policiers de notre province. Il lèvera les restrictions trop strictes qui leur ont été imposées par méfiance et par mépris.

Et il s’assurera de leur accorder les outils, les ressources et le soutien dont ils ont besoin pour appliquer la loi et protéger nos familles innocentes contre la menace de la drogue, des armes à feu et de la violence liée aux gangs.

Il respectera les entreprises et les créateurs d’emplois en Ontario, qui savent, bien mieux qu’un gouvernement le pourrait, ce dont l’Ontario a besoin pour redevenir le moteur économique du Canada.

Votre nouveau gouvernement respectera les consommateurs en ayant confiance qu’ils feront les choix responsables leur convenant le mieux. C’est pourquoi il autorisera la vente de bière et de vin dans les dépanneurs, les épiceries et les grandes surfaces.

Enfin, il respectera les travailleurs – tous métiers et professions confondus – en veillant à ce que chacun d’entre eux bénéficie d’une chance équitable sur le marché du travail et puisse faire carrière ici même, en Ontario.
Une nouvelle ère pour l’Ontario

Le changement ne sera pas aisé.

Il nous faudra unir nos intentions, développer une vision claire et travailler fort.

Mais l’Ontario a tout ce dont il a besoin pour réussir.

Il jouit de ressources naturelles abondantes...
...et de systèmes de santé et d’éducation de classe mondiale.

Il a la chance d’être au carrefour du commerce continental et mondial.

Et il dispose des travailleurs les meilleurs et les plus dévoués au monde.

Les défis auxquels notre province est confrontée sont réels. Nous ne les prendrons pas à la légère.

Alors, certes, le changement ne sera pas aisé. Mais la voie à suivre est claire.

Nous sommes à l’aube d’une nouvelle ère en Ontario. Une ère de prospérité et de possibilités pour toutes et tous.

L’aide dont vous avez besoin est arrivée.

Merci.

Projet de loi 1, Loi visant à perpétrer un ancien droit parlementaire. L’hon. M. Ford.

On motion by Mr. Smith (Bay of Quinte),

Sur la motion de M. Smith (Baie de Quinte),

Ordered, That the Speech of Her Honour the Lieutenant Governor to this House be taken into consideration Monday, July 16, 2018.

Sur la motion de M. Smith (Baie de Quinte),

it was Ordered that the House adjourn.

il est ordonné que l’Assemblée ajourne ses travaux.

The House then adjourned at 2:26 p.m.

À 14 h 26, l’Assemblée a ensuite adjourné ses travaux.
The Speaker informed the House that the Clerk had laid upon the Table the Roll of members elected at the General Election of 2018 (Sessional Paper No. 6ii) (Tabled June 22, 2018).

The Speaker informed the House that Ms. Horwath, member for the Electoral District of Hamilton Centre, was recognized as Leader of Her Majesty’s Loyal Opposition.

The Speaker addressed the House:

As members will be well aware, this current Legislature, just beginning its regular work today, has among its membership 7 MPPs who were elected as candidates of the Liberal Party of Ontario, and 1 MPP who was elected as a candidate of the Green Party of Ontario.

On their own, none of these 8 MPPs is a member of a recognized party within the definition of such, as set out in Standing Order 2, which states:

“Recognized Party” means a Party caucus of eight or more members of the Legislative Assembly.

Accordingly, these 8 MPPs are each, separately, independent members of the Assembly for the procedural purposes of the Standing Orders. Members will know that the Standing Orders also provide the Speaker the discretion to permit independent members to participate in certain proceedings, one of which is Question Period. I am therefore using this opportunity to indicate to the House how I have chosen to facilitate the independent members to use their limited right to ask questions.

An independent member must advise the Speaker in writing of their request to participate in the proceedings to which they are entitled, and for the record I have received a written request from the Member for Ottawa South (Mr. Fraser) seeking that I permit him to ask a question during Oral Questions today. The Member for Guelph (Mr. Schreiner) has also provided me with a written request for the opportunity to ask a question as provided by the Standing Orders.

In considering my response to these requests, I do have a directly applicable and relatively recent precedent to help guide my decision in this matter, being the period immediately after the 2003 general election when one parliamentary group consisted of only 7 MPPs, one short of the threshold for recognized party status just as the situation is now.

Eventually in 2003, the House arrived at its own agreement on the extent of participation of those 7 independent members and provided then-Speaker Curling with its recommendation on how he should exercise his discretionary role under the Standing Orders, which he accepted. But until that point the Speaker recognized one independent member during Question Period each day to ask one question and one supplementary question.
I believe that emulating the approach taken by my predecessor in this chair at that time is a reasonable and fair way to respect and ensure the rights of the independent members of this House. I believe this will provide a consistent and predictable flow to the daily Question Period, is suitably proportional to their membership in the House, and does not either favour or penalize when it comes to the entire number of opportunities that all members have to ask questions in Question Period.

One independent member will therefore have the opportunity to ask a question daily. Each of the 8 independent members will be able to ask a question once every 8 sitting days. I will ensure that each of them has the opportunity over time to ask a question on different days of the sitting week, and not always the same day every 2 weeks. I will be recognizing Mr. Fraser to ask his question today, as he requested.

I thank all members for your attention while I addressed this matter.

**ORDRES DU JOUR**

Motion portant l’Adresse en réponse au discours prononcé par Son Honneur la lieutenante-gouverneure à l’ouverture de la session.

Le débat a repris et après quelque temps,

À 9 h 15, le Président du Conseil du Trésor a indiqué que l’ordre du jour de la séance du matin étant épuisé, l’Assemblée suspendait ses travaux.
The Speaker informed the House, Le Président a informé l’Assemblée, 
That the following document was tabled:- Que le document suivant a été déposé :-

The Speaker addressed the House: Le Président s’adresse à l’Assemblée :

I would like to take a few minutes to address the House on the issue of the participation of independent members in the debates of this House on government bills and substantive motions, and their participation in Members’ Statements.

Standing Order 22(d) states as follows:

Subject to the Standing Orders and any other Order of the House, nothing prevents the Speaker or Chair of the Committee of the Whole House from recognizing an independent member to speak.

When presented with a request from an independent member to speak in a regular debate which they are not otherwise excluded by Standing Order from participating in, it falls to the Speaker to determine whether and to what extent the independent member may participate.

Generally speaking, the Speaker will want to accommodate such requests, but only to the extent that an independent member’s ability to participate in the House is no more generous over time than that of any other member of the Assembly. Historically and numerically speaking, having an independent member in the House is a relative rarity and when it has occurred, it has generally been for relatively short periods of time. The present situation is not customary and there is scant precedent to assist me in guiding my decision in this matter.

In the current parliament, there is one Green Party independent member who has no party colleagues in the House, and there are 7 independent members who are affiliated with the Liberal party, although it is not for procedural purposes a recognized party under the Standing Orders. Since the outset of this parliament, the group of 7 Liberal members has been presenting itself to me as a cohesive group seeking to coordinate its parliamentary work as a caucus to the degree that will be possible for them.

Both the Green and Liberal party independents have given me requests in writing seeking the opportunity to participate in the 2 items of business that have been or are expected to be subject to debate during this summer sitting, namely the Throne Speech and Bill 2.

The Liberal group asked to be given a global amount of 50 minutes for them to allot among themselves for the Throne debate. I have acceded to this request, in the belief that 50 minutes for the 7 members was a reasonable amount of time, given the debate is 720 minutes in duration. On this formula, the Green independent was allotted 7 minutes, which he used.

I now have to decide how to exercise my discretion in permitting the independent members to participate during other proceedings such as Second Reading debates on government bills, which historically has represented the lion’s share of overall debate time, and debates on government substantive motions.
I believe that making a definitive, proactive decision will be of most benefit to the House, because it will provide clarity and predictability for both the independent members and the rest of the House on an ongoing basis, rather than being done on a case-by-case basis. To do this I have to make certain assumptions.

In the case of Second Reading debates on government bills, and debates on substantive government motions, I feel it is reasonable to calculate that the total amount of open debate time available for all members to participate will typically be at least 6.5 hours (390 minutes), since that is the point at which the government is able to make use of the procedural tool available to it under Standing Order 47 to allocate time to remaining stages of the proceeding.

Among 123 eligible members, 390 minutes represents approximately 3 minutes each. I am therefore prepared to permit a single one of the 7 Liberal independent members to speak for up to 20 minutes during the debate on Second Reading of any government bill, or on a substantive government motion. This 20-minute slot has to be used before speaking times reduce to 10 minutes under Standing Order 24(c), otherwise only 10 minutes is permitted, as for everyone else.

I will permit the Green independent member to speak for up to 3 minutes during the debate on Second Reading debate of any government bill, or on a substantive government motion, however, I will let that member forego participation in any single debate and save that unused time in a virtual “time bank” to accumulate to larger amounts of time, available to be used in debates in which he wants to make a more substantial contribution. However, the member may not speak for more than 20 minutes in any debate and, as with the Liberal independents, for not more than 10 minutes after Standing Order 24(c) has come into effect.

Under this admittedly mathematically blunt approach, independent members will have a reasonable opportunity to meaningfully participate, in a way that will be more predictable for the House to anticipate and for the Chair to facilitate, and to a degree that is proportional to their overall representation in the House.

I will leave it to the Presiding Officer in the Chair at the time to decide when to add these independent speaking slots into the normal rotation, albeit with as much relevant consultation among, and notice to, the players as is reasonably possible.

Dealing now with Members’ Statements, Standing Order 31(c) states:

The Speaker has the discretion to permit an independent member to make a statement for no longer than one and one-half minutes. In exercising his or her discretion, the Speaker shall have regard to the opportunities that members of recognized Parties have to make such statements.

An independent member shall notify the Speaker of his or her intention to make a statement.

For the duration of this summer sitting, I will permit one independent member, in turn each day, to make a Members’ Statement. When the House resumes sitting in the Fall Sessional Period, I will be exercising my discretion with respect to Members’ Statements under Standing Order 31(c) by following a repeating cycle that allows one Members’ Statement per day for 8 consecutive days to be given in turn by each of the independent members, if they advise me of their wish to do so, followed by a gap of one sitting week during which only members of recognized parties may make a Members’ Statement.
While the Standing Orders give me the discretion to arrange the participation of independent members in the way I have just described, the House of course is master of its own proceedings and I would fully welcome any recommendations the House might have in this regard if it feels a different scheme to provide for participation by the independent members would suit it better.

I thank all members for your attention.

PRAYERS

With unanimous consent,

On motion by Mr. Smith (Bay of Quinte),
Following remarks by Mr. Ford, Ms. Horwath, Mr. Tabuns, Mr. Fraser, Ms. Wynne, and Mr. Schreiner, the House observed a moment of silence in respect of the death of the victims of the tragic events that took place in Toronto’s Danforth community.

The Speaker delivered the following ruling:—

On Monday, July 16, 2018, the House Leader of the Official Opposition (Mr. Bisson) rose on a question of privilege in order to indicate that Opposition Members had not been provided with advance copies of the Speech from the Throne at the same time that the media had been provided with advance copies. Initially the Member framed this omission as a possible breach of privilege; he subsequently framed it as a contempt of the House.

The Government House Leader (Mr. Smith (Bay of Quinte)) noted that there is no requirement that the government must provide advance copies of the Speech to Members — but that it had nevertheless done so shortly before its presentation in the House. He also indicated that the government had taken steps to protect the confidentiality of the embargoed media copies of the Speech to prevent its premature disclosure before it was read to members in the House by the Lieutenant Governor.

Having reviewed the statement provided under Standing Order 21(c), the written submissions of both House Leaders, and the relevant precedents and procedural authorities, I am now prepared to rule on the matter.

Let me begin by explaining the concepts of privilege and contempt. Erskine May, the pre-eminent authority on Westminster parliamentary procedure, defines parliamentary privilege in the following terms (at page 203 of its 24th edition):

“Parliamentary privilege is the sum of certain rights enjoyed by each House collectively as a constituent part of the High Court of Parliament; and by Members of each House individually, without which they could not discharge their functions, and which exceed those possessed by other bodies or individuals. Some privileges rest solely on the law and custom of Parliament, while others have been defined by statute.”

Categories of ‘individual’ or Member privileges include freedom of speech, exemption from jury duty, and exemption from being subpoenaed to attend court as a witness. Categories of ‘collective’ or House privileges include the right to regulate internal affairs, the right to institute inquiries, and the power to discipline.
It is important to distinguish breaches of privilege from the separate but related concept of contempt. The 3rd edition of *House of Commons Procedure and Practice* explains the distinction in the following terms (at pages 80 and 81):

“Any disregard of or attack on the rights, powers and immunities of the House and its Members, either by an outside person or body, or by a Member of the House, is referred to as a “breach of privilege” and is punishable by the House. There are, however, other affronts against the dignity and authority of Parliament which may not fall within one of the specifically defined privileges. Thus, the House also claims the right to punish, as a contempt, any action which, though not a breach of a specific privilege: tends to obstruct or impede the House in the performance of its functions; obstructs or impedes any Member or officer of the House in the discharge of their duties; or is an offence against the authority or dignity of the House, such as disobedience of its legitimate commands or libels upon itself, its Members, or its officers…. In that sense, all breaches of privilege are contempts of the House, but not all contempts are necessarily breaches of privilege.”

Dealing first with the Opposition House Leader’s claim that there was a breach of privilege, I note that an October 23, 2007 ruling in the Canadian House of Commons (at page 283 of the *Debates*) indicated that there is “no procedural authority for the claim that the premature disclosure of the Speech from the Throne constitutes a breach of the privileges of the members of this House.” In that ruling, Speaker Milliken also indicated that the secrecy of the Throne Speech, like the secrecy of the Budget speech, “is a matter of parliamentary convention, rather than one of privilege.” Speakers of this Assembly have arrived at the same conclusion with respect to Budget secrecy. I refer Members to rulings at page 37 of the *Journals* for May 9, 1983 and page 62 of the *Journals* for March 25, 2008. In the latter ruling, the Speaker declined to find that a *prima facie* case of privilege was established on a question of privilege raised by the then-Member for Wellington—Halton Hills, and emphasized that:

“A successful question of privilege must convince the Speaker that the peculiar rights that are accorded to members of parliament to permit them to discharge their parliamentary duties have in some way been violated. These rights are extremely narrow and specific – for instance, the right to speak freely in this place; or to attend here without obstruction. They relate to the Member’s functions in this Chamber.”

I note that the Opposition House Leader’s objection to what happened on Throne Speech day was not that the Speech was released before it was read in the House, but rather that Members – particularly Opposition Members – did not receive advance copies of the Speech when the media received advance copies under embargo. But if even the premature disclosure of a Throne Speech does not rise to a valid question of privilege, it is difficult to see how failure to provide it in advance to any Member somehow could – the one is the corollary of the other. Nevertheless, according to the Member, this deprived Members of equitable access to the Speech, and compromised the Opposition’s ability to effectively engage with the media and to scrutinize government initiatives. However, a purported right to equitable access to advance copies of the Throne Speech or to effectively engage with the media is not a recognized individual or collective privilege. I can well appreciate any Member’s desire to be well informed and well prepared before engaging with the Press Gallery, but this relates to a member’s role as a public official, and not their role as a parliamentarian. For the purposes of parliamentary privilege, the distinction between the two is crucial.
As for the contention that Members were denied information that they required in order to carry out their duties effectively, many Speakers’ rulings have indicated that Members’ right to information in the parliamentary workplace is a function of what the Standing Orders provide – not privilege. I note that the Standing Orders do not provide for the pre-release of the Speech from the Throne to Members.

Turning now to the case for contempt, the Opposition House Leader referenced Speaker Milliken’s March 19, 2001 and October 15, 2001 rulings, which found a *prima facie* case of contempt in the context of a flawed embargo on a government bill that was at notice stage and awaiting introduction in the House. The legislative process of the House of Commons varies from our own, in that the introduction of any public bill in the House of Commons requires 48 hours’ written notice. During this notice period, it is expected that the confidentiality of all information relating to the bill on notice is maintained. In our House, however, there is no mandatory notice stage for bills, so these rulings from a different jurisdiction are not directly applicable either to procedure in this House, or to the case at hand because they were not given in relation to any proceedings around the Speech from the Throne.

The Opposition House Leader takes no issue with the government’s distribution of advance copies of the Speech from the Throne before it is read in the House. Although this practice does not rise to the level of contempt, it is reasonable to expect that, as a matter of courtesy, all members be on the distribution list.

In the final analysis, neither the House nor any member was obstructed or impeded in their strictly parliamentary functions. Members were able to be present in this Chamber to hear the Speech and for subsequent proceedings that took place that day.

For the reasons indicated, I find that neither a *prima facie* case of privilege nor a *prima facie* case of contempt has been established. However, I would encourage the government to give due consideration to the important role and duties of the Opposition in our parliamentary democracy and to foster document release practices that respect parliamentary sensibilities.

In closing, I thank both House Leaders for their oral and written submissions.

That, in the opinion of this House, the Government of Ontario should not meddle in municipal or regional elections and should withdraw Bill 5 as the government did not campaign on interfering in elections in Toronto, Muskoka, Peel, York and Niagara and changing the rules of a democratic election in the middle of a campaign period is undemocratic, un-Ontarian, and un-Canadian; and fails to reflect widely held beliefs that decisions about our democracy should engage citizens so they have their say about any changes to the electoral processes.

Dated at the Parliament Building in the City of Toronto this 15th day of September, 2018.  
Hon. Ted Arnott,  
Speaker.  

---

The Speaker delivered the following ruling:

On September 15, 2018, the Member for Timmins (Mr. Bisson) rose on two points of order to challenge the orderliness of Bill 31, An Act to amend the City of Toronto Act, 2006, the Municipal Act, 2001, the Municipal Elections Act, 1996 and the Education Act and to revoke two regulations.

The Member contends, first, that the fact of active litigation in the matter of the constitutionality of An Act to amend the City of Toronto Act, 2006, the Municipal Act, 2001 and the Municipal Elections Act, 1996 (Bill 5), invokes the sub judice convention and Standing Order 23(g), and should prevent the Bill from being considered by the Legislature.

Secondly the member contends that Bill 31 is so similar to Bill 5, which was passed by the House in the current session on August 14, 2018, that Bill 31 contravenes Standing Order 52 and should therefore not be permitted to proceed.
Having heard the Member’s submissions, those of the Government House Leader (Mr. Smith (Bay of Quinte)), and after consulting our precedents and procedural authorities, I am now prepared to rule on these matters.

I will deal with the issues in the order they were raised.

The sub judice convention is codified in this Assembly’s Standing Orders as follows:

23. In debate, a member shall be called to order by the Speaker if he or she:

(g) Refers to any matter that is the subject of a proceeding,

(i) that is pending in a court or before a judge for judicial determination; or

(ii) that is before any quasi-judicial body constituted by the House or by or under the authority of an Act of the Legislature,

where it is shown to the satisfaction of the Speaker that further reference would create a real and substantial danger of prejudice to the proceeding.

The sub judice convention, and the rule as it is codified in our Standing Orders, apply to debate only; that is, they can operate to restrict the scope of permitted debate on legislation, but do not operate to limit the superior and preeminent right of the Legislature to legislate in the first instance.

This principle is well-explained in House of Commons Procedure and Practice at page 633 of the 3rd Edition:

“The convention does not apply to legislation or to the legislative process as the right of Parliament to legislate may not be limited. If the sub judice convention were to apply to bills, the whole legislative process could be stopped simply by the initiation of legal proceedings in any court in Canada.”

On the point of the applicability of the rule to a bill, a ruling made on June 4, 2002 by Speaker Carr cited a previous ruling made on January 29, 1937 by Speaker Hipel, as follows:

“Instances of the passing of Bills affecting particular actions or other proceedings before the courts are not uncommon in the history of this Legislature....

“In my opinion, it is clear that ... Erskine May ... goes no further than to state that during the course of a debate Members should not refer to matters awaiting the adjudication of a court of law, such matters being sub judice. It is not intended to interfere with the right of legislative bodies to alter existing laws, even though such alteration may affect a matter before the courts.

“I hold that it would be a stultification of the powers of this Assembly to rule that an Act may not be introduced to remedy a condition in an Act and to make clear the will of the Assembly even though the Act to be remedied is under consideration by a Court of Law.

“Accordingly, it is my ruling that an Act may be introduced and considered by the Assembly, notwithstanding that such Act may interfere with actions pending before the courts.”

Accordingly, I do not find that the sub judice convention and Standing Order 23(g) apply to prevent Bill 31 from coming before the House to be considered.
Turning now to the second issue raised by the Member for Timmins, I will cite the applicable Standing Order in question, which states:

52. No motion, or amendment, the subject-matter of which has been decided upon, can be again proposed during the same Session.

This Standing Order captures an ancient parliamentary principle, which is known as the “same question rule.” House of Commons Procedure and Practice explains this rule as follows at page 590 of the 3rd Edition:

“A decision once made cannot be questioned again but must stand as the judgment of the House. Thus, for example, if a bill or motion is rejected, it cannot be revived in the same session, although there is no bar to a motion similar in intent to one already negatived but with sufficient variance to constitute a new question. This is to prevent the time of the House being used in the discussion of motions of the same nature with the possibility of contradictory decisions being arrived at in the course of the same session.”

There is no denying that the Act passed by the House on August 14, 2018, and Bill 31, are similar to each other. I have reviewed both and I note that parts of the earlier legislation are replicated, verbatim, in Bill 31. However, Bill 31 also introduces a number of new provisions that were not present in Bill 5, including Schedule 4.

But the most significant differences are that the provisions of Bill 31 apply despite the Ontario Human Rights Code, and; the invocation of subsection 33(1) of the Canadian Charter of Rights and Freedoms (the “notwithstanding clause”) in all four of Bill 31’s schedules.

The Member for Timmins contends that the two pieces of legislation are virtually identical because the ultimate product and result of both are the same. I therefore must decide whether the Legislature is being asked to decide the same question it has already decided when it passed Bill 5.

In my view it is not, because Bill 31 further presents a significantly higher-level – indeed, philosophical – inquiry for the Assembly to answer.

Since the First Reading of Bill 31, I think it would be hard for anyone to credibly sustain the argument that the debate has not substantially changed from the appropriate size of the City of Toronto Council, and is now focused on the legitimacy and advisability of the Government’s willingness to invoke the Constitution’s “notwithstanding clause” in response to the Court’s ruling.

In Bill 31, the Executive Council has, in my opinion, put before this Assembly of 124 MPPs these questions:

“Shall the decision made by this Legislature, in passing Bill 5, be vindicated and stand?”; and

“Shall that decision prevail over any challenge against which this Legislature, within its sphere of jurisdiction, intends Bill 31 to protect itself?”

These were not matters for debate or decision when Bill 5 was before the House several weeks ago; they are now. For this reason, I am satisfied that Bill 31 is sufficiently different from Bill 5 to comply with the requirements of Standing Order 52. I find that Bill 31 is in order.

10:30 A.M.

The Speaker informed the House, that the following document was tabled:

Report concerning the review of expense claims under the Cabinet Ministers’ and Opposition Leaders’ Expenses Review and Accountability Act, 2002, for submissions received in May 2018 and July 2018 and complete as of September 14, 2018 from the Office of the Integrity Commissioner of Ontario (Sessional Paper No. 46) (Tabled September 18, 2018).

The Speaker addressed the House:

I wish to make a brief statement on Part 6 of the Standing Orders, specifically Standing Orders 23(h) and 23(i), which state it is inappropriate in debate for a Member to “make allegations against another Member,” and it is inappropriate in debate for a Member to “impute false or unavowed motive to another Member.”

From time to time in recent days, I have reminded Members that “imputing motive” on the part of another Member, is not appropriate, and makes it much more difficult for the Speaker to maintain order and decorum, which is the Speaker’s basic responsibility as explained in Standing Order 13.

Once again, I want to implore Members that imputing false motives against another Member is not appropriate, it is not helpful, and subject to the judgement of the Chair, it is contrary to the Standing Orders.

I know all Members to be honorable, and no Member should deliberately wish to be in breach of the Standing Orders.

However, today I feel compelled to make something clear to all Members.

If, in the opinion of the Chair, the imputing of false motives continues to occur, the Chair may ask the Member to withdraw the statement. If in this instance, the offending Member refuses to withdraw, or persists in the behaviour in defiance of Standing Orders 23(h) and 23(i) and the Chair’s ruling on them, the Chair may exercise his or her authority to call for further debate or the next question, and the offending Member will lose the floor.

ORDERS OF THE DAY

Debate resumed and after some time the House recessed at 10:15 a.m.

With unanimous consent,
On motion by Mr. Walker,
Ordered, That sign-language interpreters may be present on the floor of the Chamber today to interpret Statements by the Ministry and Responses.

With unanimous consent,
On motion by Mme Des Rosiers,
Ordered, That the following changes be made in the Order of Precedence for Private Members’ Public Business:-
Ms. Wynne assumes ballot item number 39;
Mme Des Rosiers assumes ballot item number 51;
Mr. Gravelle assumes ballot item number 79.

The Speaker delivered the following ruling:

On Wednesday, October 17, 2018, the Member for Flamborough—Glanbrook (Ms. Skelly) raised a question of privilege concerning an incident that allegedly took place on the floor of the House during the ringing of the division bells for the vote on the Opposition Day motion that was debated on the previous afternoon, October 16, 2018.

The Member alleges that during the ringing of the bells, the Member for Hamilton Centre (Ms. Horwath) crossed the Chamber floor to the government side and while there, made deliberate and unwanted physical contact with her, and made remarks that, the member contended, could be construed as an attempt to interfere with her right to vote. In response, the Opposition House Leader pointed to an earlier provocation of the Member for Hamilton Centre during the debate on her motion, in the form of government members standing in the back row of the government side to block, allegedly intentionally, the camera view of her making her remarks. I have also received written submissions on this matter from the Government House Leader and the Official Opposition House Leader.

After carefully reviewing the matter, I cannot find that a *prima facie* case of breach of privilege has been established.

The authorities suggest that for a *prima facie* case of privilege to be made out, the circumstances giving rise to the alleged breach of privilege should have prevented a member from discharging their parliamentary duties. Joseph Maingot, at pages 222 to 223 of the Second Edition of *Parliamentary Privilege in Canada*, makes the following remarks about the narrow confines of parliamentary privilege:

“There must be some act that improperly interferes with the Member’s rights (...). The interference, however, must not only obstruct the Member in his capacity as a Member, it must obstruct or allege to obstruct the Member in his parliamentary work. For just as the Member is protected for what he does during a “proceeding in Parliament,” so must the Member’s parliamentary work or work relating to a “proceeding in Parliament” be alleged to be improperly interfered with before the Speaker may find a *prima facie* case...”

The Member for Flamborough—Glanbrook cited a ruling given by Speaker Peters on May 4, 2010, but what distinguishes that incident from this one is that in 2010 it was established to the satisfaction of the Speaker that members of the Assembly were confined at a budget lock-up in a government building, and not permitted to leave in sufficient time to attend a meeting of the House. This obstruction constituted a *prima facie* breach of privilege.

In the case at hand, the parliamentary proceeding in question was the vote on the October 16, 2018 Opposition Day motion, which I note the member subsequently participated in, casting her vote with the Nays. There is nothing to suggest that the Member was obstructed from voting, or that the incident otherwise interfered with her ability to carry out her parliamentary duties.
I understand that in some ways this place is adversarial – that is the very nature of parliamentary debate. Members will inevitably have different opinions and approaches, and sometimes this will lead to conflict and heated exchanges. As I say, that is all fair and in the nature of this place. However, we all share the honour of having been elected to this Legislative Assembly to represent the citizens of Ontario. It would be a disservice to this place and to those citizens who elected us, for us to tolerate honourable disagreement degenerating to the level of personal insult, confrontation and closed-mindedness.

Only very recently the House adopted a Members’ Code of Conduct on Harassment, which every single member of this Assembly has personally signed a written pledge to uphold. The preamble to the Code cites its purpose as being “to foster a culture in which Members of the Legislative Assembly of Ontario treat each other with respect and professionalism.” Hopefully this is an attainable aspiration, and reflects the way that all members can expect the House to conduct itself when doing the peoples’ business in this, the peoples’ House.

These are still relatively early days in this Parliament, and together we have the opportunity to set the tone and establish a respectful, productive culture here. It is incumbent upon us all to fulfill our roles with the dignity befitting this institution, and to treat one another with respect and professionalism, as our constituents would expect of us.

The House recessed at 11:51 a.m.

ORDERS OF THE DAY
Debate resumed and after some time the House recessed at 10:14 a.m.

10:30 A.M.
The Speaker addressed the House:

I wish to make a comment before we begin Question Period on the number and duration of standing ovations which have interrupted Question Period since we began this Parliament. I have heard from a number of members on this and so I wish to make a statement.

The Standing Orders do not empower the Speaker to prohibit standing ovations and I recognize that members will occasionally wish to demonstrate their approval and support for something another member has said in the House. However, the Speaker is responsible for maintaining order and decorum in the House, and members will know that their activities in this House are televised and the public is tuning in to watch the proceedings, I believe in increasing numbers. We are all accountable for our behaviour in this House.

I have made it a practice to order that the clock be stopped when it appears the standing ovations are taking away time from Question Period to the disadvantage of members on all sides of the House who might be on the list and who are anticipating the opportunity to ask a question.

I would draw to members’ attention that the National Assembly in Québec does not allow ovations or applause of any kind during their proceedings. It was a decision that they took themselves and that enhances decorum which, ultimately I would expect, enhances public respect for their members and their Parliament as a whole in the province of Québec.

I have also on occasion not been able to hear the member who has the floor, who is speaking, when there is a standing ovation. Sometimes I have not been able to see them either and that is a problem which has to be considered.

I would therefore respectfully ask members to keep their ovations to a minimum to enhance the decorum in this place.
The Speaker informed the House of the following changes in the Order of Precedence for Private Members’ Public Business:-

Mrs. Gretzky assumes ballot item number 45;
Mr. Rakocevic assumes ballot item number 57.

ORDERS OF THE DAY

Opposition Day

Ms. Horwath moved, Mme Horwath propose,

Whereas 86,000 Ontarians are diagnosed with cancer every year, half of Ontarians will develop cancer in their lifetimes, and one in four Ontarians will die from cancer;

Whereas innovative new therapies allow cancer patients to take medication at home instead of having to visit the hospital for lengthy IV treatments, but the cost of these medications are not covered by OHIP;
Whereas British Columbia, Alberta, Saskatchewan, and Manitoba cover the cost of take-home cancer drugs;

Whereas many take home cancer treatments can be more effective, yet the lack of coverage under Ontario’s current drug program forces people to accept less effective treatment if they cannot afford to pay out-of-pocket;

Therefore, the Legislative Assembly calls on the government to ensure universal access to take-home cancer drugs so no Ontarian has to pay out-of-pocket for life-saving treatment.

MONDAY, NOVEMBER 26, 2018
FIFTY-FOURTH DAY

10:30 A.M. PRAYERS

The Speaker delivered the following ruling:-

On November 26, 2018, the Member for Guelph (Mr. Schreiner) provided written notice of his intention to raise a question of privilege with respect to Bill 57, An Act to enact, amend and repeal various statutes. I am prepared to rule on this matter without hearing further from the member, as Standing Order 21(d) permits me to do.

I first want to address the matter of the timeliness of the Member’s question of privilege. It has been several days since Bill 57 received first reading on November 15, 2018. The House met on four sessional days over 10 calendar days following first reading of Bill 57. This points to a lack of timeliness in submitting the notice. As noted in Beauchesne’s Parliamentary Rules and Forms, 6th Edition, p. 29:
“Question of privilege must be brought to the attention of the House at the first possible opportunity. Even a gap of a few days may invalidate the claim for precedence in the House.”

While I appreciate that the Member for Guelph had limited resources at his disposal, I want to stress to Members that it is very important that they not delay raising a question of privilege lest it be ruled out of order due to the passage of time.

The issue of timeliness aside, the Member’s question of privilege attempts to pre-empt the legislative processes of this House. The matter relates to the potential impact of the changes to the roles and status of certain Officers of Parliament proposed in Bill 57. The Member is asking the Speaker to determine if these proposed changes might amount to a form of obstruction, interference and intimidation of those Officers by the Government.

There is substantial precedent, and universal support, for the notion that the Speaker does not have the authority to engage in statutory interpretation. From a procedural perspective, Bill 57 is properly before the House at the present time, and it would be pre-emptive of the Speaker to determine whether there are any issues of the nature the Member raises when the House has not yet completed its consideration of, or made a decision on, the Bill. Ultimately, it is for the House to decide if the proposed measures need to be amended in order to guarantee the independence of its Parliamentary Officers.

The Member has therefore not established a *prima facie* case of privilege.

The House recessed at 11:47 a.m.

1:00 P.M.

**MOTIONS**

ORAL QUESTIONS

The Speaker addressed the House:

Earlier this morning, a motion for closure on the motion for Second Reading of Bill 48, An Act to amend various Acts in relation to education and child care, was moved by Mr. Harris. The closure motion carried on a voice vote. The House then went on to deal with another item of business, and then recessed before Oral Questions. This resulted in the motion for Second Reading of Bill 48 not having been dealt with. When a motion for closure is carried, the main motion needs to be disposed of forthwith. It having not been done at that time, I am therefore going to rectify this situation by putting the question now, this being the first available opportunity to do so.

The question was then put.

That I have today laid upon the Table a request by the Member for Brampton North (Mr. Yarde) to the Honourable J. David Wake, Integrity Commissioner, for an opinion pursuant to Section 30 of the Members’ Integrity Act, 1994, on whether the Member for Etobicoke North, Doug Ford, has contravened the Act or Ontario parliamentary convention (Sessional Paper No. 161).

ORDERS OF THE DAY
Second Reading of Bill 74, An Act concerning the provision of health care, continuing Ontario Health and making consequential and related amendments and repeals.

Debate arose and after some time, Il s’élève un débat et après quelque temps,
At 5:57 p.m., the following matter was considered in an adjournment debate. À 17 h 57, la question suivante a été examinée dans un débat d’ajournement.
Member for Ottawa—Vanier (Mme Des Rosiers) to the Parliamentary Assistant to the Minister of Community Safety and Correctional Services – Dismissal of Brad Blair and appointment of Ron Taverner.
The House adjourned at 6:07 p.m. À 18 h 07, l’Assemblée a adjourné ses travaux.
On two occasions early in this 42nd Provincial Parliament, during the special summer sitting, I addressed the House on the subject of how the eight Independent Members would be included in our daily proceedings and debates.

In doing so, I explained to the House that I was prepared to exercise my discretion under the Standing Orders and accordingly, Independent Members would be given reasonable opportunities to participate in this House, in accordance with and in proportion to, the opportunities all other Members have to place a question and speak in debate.

We did mathematical calculations, carefully and thoroughly. We determined that the eight Independent Members should each be given the opportunity to ask a question once every eight sitting days, which effectively meant we would anticipate one Independent Member’s question each day.

This approach also provided the House the advantage of some degree of predictability and certainty, which reduced confusion and allowed all of us, on both sides of the House, to plan and prepare.

Again, at the outset of this Parliament: eight Independent Members, eight questions, over eight days.
However, with the passage of time in this Parliament, the number of Independent Members has grown from eight to eleven.

We have once again done the math, again seeking to ensure that Independent Members should have the chance to participate in the House in accordance with and in proportion to, the opportunities all other Members have.

In order to fairly accommodate the eleven Independent Members, I am prepared to allow one Independent member question every day, with a second question every Tuesday, as well as starting today, a second question every alternate Wednesday. This approach will result in eleven opportunities for Independent Members questions over eight sitting days.

I recently received a written request from the Member for Ottawa—Vanier (Mme Des Rosiers), asking that I allow the Independent Members to manage the order of their questions, forgoing the requirement to seek the consent of the House to permit one Independent Member to ask an additional question in place of another Member.

To accede to this request could have the effect of permitting one or more Independent Members to have a disproportionately high number of opportunities to ask questions, compared to every other Member of the House. I would add that while Standing Order 38(a) confers upon the Speaker the discretion to allow Independent Members to participate in Question Period, there is no Standing Order which gives the Speaker the authority to grant the rights of a recognized party upon a group of Members which are not a recognized party. For these reasons, I am not able to consent to this request.

I should add that when a similar situation such as exists today occurred in this House in 1999 and again in 2003, it was addressed by way of a motion adopted by the House in one case, and the achievement of recognized party status following a by-election in the other.

Another request from the Member for Ottawa—Vanier suggests that I should allow the seven Independent Members, which in the past I have recognized as the Liberal group, the ability to split the 20-minute speaking times allotted to them in debates. In a previous statement, I noted that the 20-minute speaking time could only be used by a single one of the seven Liberal Members since the ability to split speaking time is prescribed by the Standing Orders and outside the Speaker’s discretion.

However, in asking I revisit this decision, the Member for Ottawa—Vanier argued that ability to split time as referenced in Standing Order 24(d) is not limited to “recognized parties,” but simply to Members of a party. Given the fact that I permitted the Liberal Members to pool their individual speaking times into one larger allotment, based on their affiliated status, and consistent with the solution that Speaker Curling granted in a similar situation in his ruling of November 27, 2003, I am prepared to agree to this request. Going forward, Members of the Liberal Caucus may therefore divide their speaking times during debates covered by Standing Order 24 with another Member or Members of the Liberal group.

I want to thank the Member for Ottawa—Vanier for her submission, and thank the House for your attention to my remarks this morning.
The Speaker informed the House, 

That the following document was tabled:—

Whereas the Ford Government has not provided adequate support to the education system to properly support the influx of children with autism that will enter schools when the new Ontario Autism Program is implemented;

ORDERS OF THE DAY  
Second Reading of Bill 87, An Act to amend various statutes related to energy.

Debate arose and after some time the House recessed at 10:15 a.m.

10:30 A.M.  

The Speaker delivered the following ruling:-

Yesterday, March 27, 2019 at 9:50 a.m., the Member for Timmins (Mr. Bisson) submitted a notice of his intention to raise a question of privilege. The notice alleges that an answer given by the Premier during Oral Questions on December 5, 2018 was deliberately misleading and therefore a contempt of the House.

The Government House Leader (Mr. Smith (Bay of Quinte)) also provided me with a written submission in response to the notice the Member for Timmins sent to my office.

I am now prepared to rule on the matter without hearing further from the Members, as Standing Order 21(d) permits me to do.

The Member for Timmins, in his notice, alleges that the Premier’s response, that the Premier was not involved in the appointment of Ron Taverner as OPP Commissioner (found at page 2815 of the Debates of December 5, 2018), was contradicted by the Integrity Commissioner’s report of March 20, 2019. The notice further alleges that the Integrity Commissioner found that the Premier’s staff and the former Secretary of Cabinet were involved in the appointment process and that the principle of ministerial responsibility stipulates that the Premier must therefore have had knowledge of this, and thereby could not lay claim to having had no involvement in the process whatsoever.

I wish to first comment on the importance of timeliness when raising a question of privilege or contempt. These questions must be brought to the House at the first available opportunity. As the Fifth Edition of Beauchesne’s Parliamentary Rules and Forms states (on page 25):

“Even a gap of a few days may invalidate the claim.”

I also refer Members to Speaker Levac’s ruling of April 21, 2015 (on page 267 of the Journals), where he categorically rejected a notice to raise a question of privilege because it related to events from four days previous and, therefore, did not meet the test for timeliness.

The issues raised by the Member for Timmins relate to the Integrity Commissioner’s report from seven days ago. I have serious concerns about the timeliness of this notice; however, I will address the substance of the notice...this time.

Having just now reminded the House of the timeliness requirement, I want to make it clear it is very unlikely that I will be presupposed to be so accommodating in the future.
I now turn to the test for determining when a Member has deliberately misled the House. Previous Speakers have adopted and enunciated the “McGee test” for determining whether a Member has deliberately misled the House. The test is set out on page 775 of the Fourth Edition of McGee’s Parliamentary Practice in New Zealand, as follows:

“There are three elements to be established when an allegation is made against a member regarding the member’s statement: the statement must, in fact, have been misleading; the member must have known that the statement was inaccurate at the time the statement was made; and the member must have intended to mislead the House.”

As Speaker Carr elaborated on June 17, 2002 (on page 102 of the Journals):

“The threshold for finding a prima facie case of contempt against a Member of the Legislature, on the basis of deliberately misleading the House, is therefore set quite high and is very uncommon. It must involve a proved finding of an overt attempt to intentionally mislead the Legislature. In the absence of an admission from the Member accused of the conduct, or of tangible confirmation of the conduct, independently proved, a Speaker must assume that no honourable Members would engage in such behavior or that, at most, inconsistent statements were the result of inadvertence or honest mistake.”

This ruling was followed by Speaker Levac on April 29, 2014 (on page 422 of the Journals).

It is important to note that the Member for Timmins does not allege that the Premier was involved in the appointment process. Nor does the Member allege that the Premier had actual knowledge of the actions of his staff and the former Secretary of the Cabinet, only that the principle of ministerial responsibility stipulates that the Premier has knowledge of these actions, even if only vicariously.

In my view, the McGee test requires a Member to have actual knowledge that a statement was inaccurate at the time that the statement was made. If a Member does not know that a statement was inaccurate, I cannot see how that Member could have been found to have overtly and intentionally misled the House. Furthermore, to find that stipulated knowledge can form an adequate basis for contempt would contradict Speaker Carr’s ruling that an admission or tangible confirmation is usually required for such a finding.

Furthermore, the principle of ministerial responsibility, as described on page 30 of the Third Edition of House of Commons Procedure and Practice, only requires Ministers to be accountable for their staff’s actions. The principle does not stipulate that Ministers have knowledge of their staff’s actions at all times.

Finally, even if the Integrity Commissioner’s finding did contradict the Premier’s statement, I am not convinced there is adequate tangible evidence to support a finding of prima facie contempt.

Therefore, I do not find that a prima facie case of contempt has been established.

I thank the Member for Timmins and the Government House Leader for their submissions.

ORDERS OF THE DAY
Second Reading of Bill 87, An Act to amend various statutes related to energy.

ORDRES DU JOUR
Deuxième lecture du projet de loi 87, Loi modifiant diverses lois en ce qui concerne l’énergie.
Debate resumed, during which the Acting Speaker (Ms. French) interrupted the proceedings and announced that there had been more than six and one-half hours of debate and that the debate would be deemed adjourned.

The Minister of the Environment, Conservation and Parks directed that the debate should continue.

Debate resumed and after some time the House recessed at 10:15 a.m.

The Speaker delivered the following ruling:

- The Member for Leeds—Grenville—Thousand Islands and Rideau Lakes (Mr. Clark) has given me notice of his intention to raise a question of privilege in regard to a petition presented yesterday by the Member for Toronto—St. Paul’s (Ms. Andrew).

  In his notice the Member for Leeds—Grenville—Thousand Islands and Rideau Lakes asserts that by stating “I’m proud to rise on behalf of the former Pages serving from February 19 to March 7 in groups SP19-1,” and “I proudly sign this petition on behalf of former Pages, serving from February 19 to March 7 in group SP19-1” the Member for Toronto—St Paul’s intentionally misled the House as to who signed the petition that was presented.

  I am now prepared to rule on the matter without hearing further from the Member as Standing Order 21(d) permits me to do.

  Let me say from the outset, that I too was concerned when hearing that our Legislative Pages were referenced during a proceeding yesterday. It is my sincere hope that no Member would use these fine young students to make a political point.

  However, our Pages are residents of the Province of Ontario and enjoy all the rights of civic engagement once their time with us is complete.

  While the Member for Toronto—St Paul’s did not state that the signatories to this petition were in fact former Pages as alleged by the Member for Leeds—Grenville—Thousand Islands and Rideau Lakes, I can confirm that the name of a former Page from SP19-1 does appear on the petition that was presented yesterday.

  For this reason, I find that a prima facie case of contempt has not been made.

ORDERS OF THE DAY

Opposition Day

Ms. Horwath moved, 

Whereas the Government has announced changes to education funding that will reduce teacher-to-student ratios and make online learning mandatory resulting in larger class sizes and lost jobs for education workers; and

Whereas larger class sizes will result in less individual attention for students and ultimately reduce course options for students particularly in applied learning and the arts; and

Whereas online learning is not appropriate for most students and research shows that it mostly hurts students who are already struggling; and

Whereas rural school boards have expressed concerns that these changes will negatively impact students who live in areas with smaller populations and have limited access to broadband services; and

Whereas school boards have indicated that these changes will disproportionately affect programs and supports for Black, Indigenous and other racialized youth; and

Whereas the Government’s changes will result in fewer adults supporting and educating students in our schools, be they teachers, social workers, guidance counsellors, educational assistants;

Therefore the Legislative Assembly calls on the Government to reverse their planned changes to education funding, student-teacher ratios and mandatory e-learning and instead work with parents, education experts, educators and school boards to devise education policies that work for students.

Debate arose and after some time, 

The question was then put.

ORDERS OF THE DAY

Opposition Day
Ms. Horwath moved,
WHEREAS the Ford government’s retroactive cuts to provincial public health funding have raised concerns for municipalities across Ontario and came without consultation after municipalities had already approved their 2019 budgets; and
WHEREAS Public Health Units provide critical, life-saving services to the residents of Ontario every day; and
WHEREAS public health officials across Ontario have raised concerns that the Ford government cuts will not only impact their ability to run immunization, student nutrition programs and other vital services, but may also compromise their ability to deal with outbreaks of infectious diseases like measles, SARS and Ebola; and
WHEREAS the cuts to public health will have a disproportionately negative impact on Black, Indigenous, and other racialized groups whose experiences of systemic racism are known to produce adverse health outcomes, and will also hinder research into those challenges; and
WHEREAS the Northwestern Ontario Municipal Association membership passed a resolution calling on the province to maintain or enhance existing funding and continue with local public health units instead of the proposed consolidated regional structures; and
Whereas the Eastern Ontario Health Unit has noted that the Ford government cuts may also negatively impact the ability to respond to emergencies such as flooding and other natural disasters; and
Whereas Mayors from 28 Large Urban Ontario municipalities have called on the government to halt these changes and allow for proper discussion with municipalities and local residents;
Therefore, the Legislative Assembly calls on the Ford government to reverse their cuts to provincial public health funding so that Ontarians have access to the important services they need.

ONE HUNDRED AND FIFTH DAY

10:30 A.M. PRAYERS
With unanimous consent,
On motion by Mme Des Rosiers,
Ordered, That notwithstanding Standing Order 43(a)(iii), the Member for Ottawa—Vanier (Mme Des Rosiers) shall be permitted to speak for up to five minutes during the time allotted for the Opposition Day scheduled for May 13, 2019.

1:00 P.M.
The Speaker delivered the following ruling:-
On May 13, 2019, the Member from Don Valley East (Mr. Coteau) submitted a notice of his intention to raise a question of privilege. I am now prepared to rule on the matter without hearing further from the Member, as Standing Order 21(d) permits me to do.

The notice alleges that the Minister of Children, Community and Social Services provided false information to the House regarding the government’s funding for services for children with autism. The Member points to incongruences between the program funding published in the Ministry’s Expenditure Estimates, and numbers cited by the Minister in the House, as evidence that the Minister deliberately misled the House. The Member alleges that this amounts to a contempt of the House.

The House expressed its condolence on the death of Peter Adams, Member for the Electoral District of Peterborough from September 10, 1987 to September 5, 1990.
The Member references the McGee test for determining whether a Member has deliberately misled the House, which has been cited by previous Speakers of this House. The McGee test (as set out on page 775, Fourth Edition) is as follows:

“There are three elements to be established when an allegation is made against a member regarding the member’s statement: the statement must, in fact, have been misleading; the member must have known that the statement was inaccurate at the time the statement was made; and the member must have intended to mislead the House.”

As Speaker Carr elaborated on June 17, 2002 (at page 102 of the Journals), and as I reiterated in a ruling on March 28 of this year:

“The threshold for finding a prima facie case of contempt against a Member of the Legislature, on the basis of deliberately misleading the House, is therefore set quite high and is very uncommon. It must involve a proved finding of an overt attempt to intentionally mislead the Legislature. In the absence of an admission from the Member accused of the conduct, or of tangible confirmation of the conduct, independently proved, a Speaker must assume that no honourable Members would engage in such behavior or that, at most, inconsistent statements were the result of inadvertence or honest mistake.”

McGee (on page 776, Fourth Edition) elaborates on the high threshold required for a finding of misleading the House:

“The serious nature of the allegation demands that it be properly established. Recklessness in the use of words in debate, although reprehensible and deserving of censure, falls short of the standard required to hold that a member deliberately misled the House ... For a misleading of the House to be deliberate, there must be an indication of an intention to mislead. Remarks made off the cuff in debate can rarely fall into this category, nor can matters of which the member can be aware only in an official capacity.”

In making his case, the Member for Don Valley East cites numbers taken from the 2017-2018 Public Accounts and compares them to the Estimates for the coming year, which I believe the Member inadvertently referred to in his submission as “the government’s recently released public accounts”. However, the difference in these documents is crucial to his accusation. The Public Accounts are an audited statement of the Province’s actual expenditures. The Estimates are simply a forecast of the Government’s proposed spending at a moment in time. They are open to fluctuations and amendments as circumstances change. These two documents report financial information in different ways from each other and are not cross-referential.

It is for this reason I cannot find that the requirements for a finding of misleading the House have been met, and a prima facie case of contempt has not been established. I thank the Member from Don Valley East for his submission.

Orders of the Day

Opposition Day

Ms. Horwath moved, Mme Horwath propose,

Whereas climate change is currently harming human populations in Ontario through tornadoes, floods, forest fires and other environmental disasters, generating threats to human life through illness, injury and displacement; and

Whereas marginalized people, including working-class people, Indigenous, Black and other racialized peoples, young people, and women have suffered the most, and benefitted the least from the conditions that have led to the climate crisis; and

Whereas climate change is currently endangering the survival of many species of plants and animals in Ontario, as well as jeopardizing the health of our natural environment; and

Whereas climate change is currently contributing to massive property and infrastructure damage across Ontario through tornadoes, floods, forest fires and other environmental disasters; and
Whereas the increasing frequency of 100-year storm events have threatened the insurability of properties across Ontario; and

Whereas the cost of inaction is projected to be far higher than the cost of action, and credible research indicates the need for immediate, decisive action on climate change in order to avoid harmful impacts on our society, environment and economy;

Therefore, the Legislative Assembly calls on the Government of Ontario to declare a climate emergency in order to officially recognize climate change as a real threat to our environment, our people and our economy, and develop provincial strategies and an action plan that will mitigate these threats and preserve our province for future generations.

PRÉSÉNTATION DE DOCUMENTS

A Report concerning the review of expense claims under the Cabinet Ministers’ and Opposition Leaders’ Expenses Review and Accountability Act, 2002, for submissions received in July 2019 and August 2019 and complete as of October 22, 2019, from the Office of the Integrity Commissioner of Ontario (Sessional Paper No. 357) (Tabled October 24, 2019).
With remarks by Mr. Lecce, Ms. Andrew, Mr. Fraser, and Mr. Schreiner, the House paid tribute to Bette M. Stephenson, former Member of the Electoral District of York Mills, on the occasion of her receiving the Distinguished Service Award, conferred by the Ontario Association of Former Parliamentarians.

The Speaker addressed the House:

I would like to ask for the attention of the House once again, to address the issue of the participation of Independent Members. As Members know, there are now two vacancies in the House because of the resignation of Members previously sitting with the Independent Liberal group. This has changed both the number and composition of Independent Members in the House. As a result, based on the previously used mathematical calculations, the following modifications to our daily practices are required.

During Question Period, in order to accommodate nine Independent Members into the previously established eight-day rotation, I am prepared to recognize one Independent Member each day for a question and a supplementary question and on every alternate Tuesday, a second Independent Member for a question and a supplementary question.

In terms of Members’ speaking times during debate, in my statement on July 19, 2018, I indicated I would permit one of the then seven Independent Liberal members to speak for up to 20 minutes on Second Reading of any government bill or on a substantive government motion. This was based on the calculation that each Independent Member was entitled separately to 3 minutes of speaking time in these circumstances.

In my March 6, 2019 statement, in response to a request from the Liberal Independent Members, I acknowledged that the splitting of time pursuant to Standing Order 24(d) was not limited to “recognized parties”, and permitted their 20 minutes of pooled speaking time to be shared.

Consistent with those previous statements, I am now prepared to recognize any one of the five Independent Liberal Members to speak for up to 15 minutes during debate on Second or Third Reading of government bills or on a substantive government motion. Furthermore, pursuant to Standing Order 24(d) this time may be split with other Independent Liberal Members.

Ms. Horwath moved, Whereas the previous Liberal Government left Ontario hospitals underfunded and unable to meet patient demand; and
Whereas the current Conservative Government has continued with these policies; and
Whereas communities such as Brampton are struggling with long hospital waits and hospitals that are routinely operating well over capacity; and
Whereas the Peel Memorial Centre has been overcrowded, to the extent that for every 100 patients it is funded to see, 500 have walked in the door needing care;
Therefore the Legislative Assembly calls on the Government of Ontario to ensure that the Fall Economic Statement provides hospitals across the province with funding that reflects patient need, and allocates necessary funding for the immediate Phase II expansion of Peel Memorial Centre, as well as the necessary funding for the immediate construction of a new hospital in Brampton.

ORDERS OF THE DAY

Opposition Day

Ms. Horwath moved, Mme Horwath propose,

Whereas the Ford government’s decision to end the double-fare discount for commuters who use both GO Transit and TTC on their daily commute will cost transit riders an extra $720 a year; and

Whereas the government’s $184 million cut to transit operating funding means less service and higher fares; and

Whereas previous Liberal governments refused to restore the 50% operating subsidy to transit cut by the last PC government; and

Whereas the Ford government’s cut to Gas Tax funding will only make it more difficult for municipalities to deliver transit service that would allow GO Transit riders to take transit to the station and leave the car at home; and
Whereas the Ford government is currently reviewing plans to convert a majority of GO Station parking spots from free to paid, costing GTA commuters up to $1,200 more each year to take transit; and
Whereas affordable and effective public transit is essential to long-term strategies to address climate change, equity concerns and stimulate local economic development;
Therefore the Legislative Assembly calls on the Government of Ontario to reverse its planned cancellation of the double-fare discount for GO-TTC commuters and restore the 50% operating subsidy to municipal transit agencies to make it easier for Ontario commuters to take transit.

Debate arose and after some time,
The question was then put.

ORDERS OF THE DAY
Opposition Day
Ms. Horwath moved,
Whereas more than 4,400 residents and staff at Ontario long-term care homes have contracted COVID-19, with over 1,235 deaths to date and more infections and deaths expected; and
Whereas there is mounting evidence that the government of Ontario was ill-prepared, indecisive and slow to respond in protecting staff and residents in long-term care; and
Whereas there is data to suggest that decades of underfunding, chronic staffing shortages, lax inspection and oversight, inadequate regulation and rampant privatization under successive governments contributed to the unacceptable shape of Ontario’s long-term care system at the outset of the pandemic; and
Whereas the families and loved ones of the victims of the COVID-19 pandemic and chronic neglect of Ontario’s long-term care system deserve to know the truth of what went so badly wrong; and
Whereas Ontario’s long-term care system must be dramatically and fundamentally overhauled to ensure this tragedy is never repeated, and only a broad, thorough, completely independent, public and transparent inquiry can be trusted to investigate and provide answers to what led to the sickness and tragic deaths of so many staff and residents in Ontario’s long-term care system;
Therefore the Legislative Assembly calls on the Government of Ontario to immediately launch a full, independent public inquiry, under the province’s Public Inquiries Act, examining pre-pandemic conditions and what led to the problems in long-term care in Ontario, the government’s preparedness and response to the pandemic in long-term care facilities and the role and future of for-profit care in the province’s long-term care system.

ONE HUNDRED AND SEVENTY-NINTH DAY

10:15 A.M.  
PRAYERS

O Canada  
Royal Anthem

The Speaker informed the House,  
That during the adjournment, the following documents were tabled:-

The Speaker addressed the House:-

That, pursuant to the Order of the House dated July 15, 2020 establishing the Select Committee on Emergency Management Oversight, the Clerk of the House has received written notification from the House Leaders of the Recognized Parties appointing the membership of the Committee as follows:-

Mr. Bailey; Mr. Bisson; Mr. Fraser; Ms. Hogarth; Mr. Kramp; Mrs. Martin; Mr. Oosterhoff; Ms. Park; Mr. Rakocevic; Ms. Singh (Brampton Centre); and Ms. Triantafilopoulos (Sessional Paper No. 549) (Tabled August 18, 2020).
With unanimous consent, Avec le consentement unanime,

On motion by Mr. Calandra, Sur la motion de M. Calandra,

Ordered, That for the duration of the Fall sitting period and any extension thereof, Members be permitted to speak and vote from any Member’s desk in the Chamber in order to observe recommended physical distancing; and

That notwithstanding any Standing Order or Special Order of the House, for the duration of the 42nd Parliament, or until such earlier date as indicated by the Government House Leader, all Standing and Select Committees are authorized to use electronic means of communication when meeting, and Committee members, witnesses, and/or staff are not required to be in one physical place, in accordance with the following guidelines:

a) The electronic means of communication is approved by the Speaker;

b) The meeting is held in a room in the Legislative Building, and at least the Chair/Acting Chair, and the Clerk of the Committee are physically present;

c) Other Members of the Committee participating by electronic means of communication, whose identity and location within the Province of Ontario have been verified by the Chair, are deemed to be present and included in quorum;

d) The Chair shall ensure that the Standing Orders and regular Committee practices are observed to the greatest extent possible, making adjustments to Committee procedures only where necessary to facilitate the physical distancing and electronic participation of Members, witnesses, and staff; and

That in order to practice appropriate physical distancing during recorded divisions, Standing Orders 30(c), 32(b) and 37 shall be suspended for the duration of the 42nd Parliament, or until such earlier date as indicated by the Government House Leader, and the following substituted:

30(c) When a recorded division is required, members shall proceed to the Members’ lobbies to register their vote with the Clerks. The Ayes shall be recorded in the East Members’ lobby and the Nays shall be recorded in the West Members’ lobby. Subject to Standing Order 13, every member shall have their vote recorded in this manner.

(c.1) 30 minutes shall be allotted to the conduct of each vote, during which time the division bell shall ring, and after which time no further votes shall be recorded.

(c.2) The Whips of the recognized parties, or their designates, may attend the Members’ lobbies to observe the taking of the vote, and copies of the Clerks’ tally sheets shall be made available to each Whip as soon as possible after the vote.

(c.3) For each vote held under this proceeding during the Afternoon Routine, 30 minutes shall be added to the end of afternoon Orders of the Day, unless the Government House Leader indicates otherwise.

32(b) Excluding the time taken to conduct recorded votes as determined by Standing Order 30(c.3), the time allotted for the Afternoon Routine each day shall not exceed 90 minutes. At the end of that time the Speaker shall interrupt and shall put every question necessary to dispose of the proceeding currently occupying the House, and thereafter immediately call Orders of the Day.
37. Any divisions deferred under the Standing Orders shall be disposed of consecutively, and notwithstanding Standing Order 30(c.1), where there is more than 1 deferred vote, only 15 minutes shall be allotted to subsequent deferred votes after the first vote.

37.1 If “Deferred Votes” continues past 1:00 p.m. on Monday or Thursday or past 3:00 p.m. on Tuesday or Wednesday, the Speaker shall immediately call “Reports by Committees” once all deferred votes have been taken.

The Speaker addressed the House:

I would like to bring the attention of Members of the House to the appointment of Peter Sibenik and William Wong as Clerks-at-the-Table.

A lot of you will know Peter and William from their work as co-counsel in the Office of Parliamentary Counsel, and from occasional professional development assignments here at the Table.

As Table Officers, they will serve the Members in a permanent capacity and assist the Clerk and Deputy Clerk in providing procedural advice to the Speaker and to the Members.

The Speaker addressed the House:

As I have done on several previous occasions, I wish to address the House on the participation of Independent Members.

On July 19, 2018, I advised the House how I was going to arrange for the Independent Members to participate in debates on motions for Second and Third Reading of Government bills, and on substantive Government motions.

At that time I took a strictly mathematical approach to ensure that Independent Members would have an opportunity to speak in these debates proportional to what any other member of the House would normally have. I decided that each member would have 3 minutes in these debates, and I further agreed to aggregate that time for the Liberal Independent Members, giving them a 20-minute speaking time that they were able to share and split among other Liberal members.

On October 28, 2019, as a result of vacancies in the House in the ridings of Ottawa—Vanier and Orléans, I informed the House that the time available to the remaining Liberal Independent Members during debate on Second or Third reading of Government bills, or on a substantive Government motion, would be reduced to 15 minutes. In May of this year, following by-elections in those ridings that the Liberals retained, the 20-minute allotment was restored.

The Liberal Independent group is now currently 8 members, and based on the 3-minute formula, that group is entitled to 24 minutes, and they have now formally requested that they be given this full allotment. It is a reasonable request and consistent with the rationale behind my earlier decisions.

Setting aside certain Standing Order exceptions that do not apply to the Liberal group, members may not speak for more than 20 minutes. It is therefore not possible to give a full 24-minute speaking slot; instead, I will divide the allotment into two 12-minute slots. As before, if speaking times have reduced to 10 minutes under Standing Order 26(c), then the operation of that rule applies and the speaking time will be 10 minutes, not 12.

I thank the Member for Ottawa South (Mr. Fraser) for raising this matter and requesting my direction, and I thank the House for its attention during this statement.
The House recessed at 11:50 a.m. À 11 h 50, l’Assemblée a suspendu la séance.

1:00 P.M. 13 H

The Speaker addressed the House:- Le Président s’adresse à l’Assemblée :-

That, pursuant to the Order of the House dated March 19, 2020, I have received from the Government House Leader a letter indicating that it is in the public interest for Committees to resume regular business as of September 21, 2020 (Sessional Paper No. 560).

Committees may therefore resume their regular meetings next week.

The Speaker addressed the House:

As we continue to respond to the COVID-19 pandemic, we now find ourselves at a point where wearing a facemask for large parts of the day has become common, even necessary, including here in the Chamber.

Essentially, our masks have become another piece of our daily apparel.

Pre-COVID-19, we had an understanding and expectation among members, as part of our dress in the Chamber, that items of apparel not contain logos, slogans, advertising or other devices that convert them from clothing to vehicles of expression.

Nothing has changed about that, and so I would ask all members to keep this expectation in mind when they choose the mask they will be wearing in the House, and eventually committees.

Ms. Horwath moved, Mme Horwath propose,

Whereas successive Conservative and Liberal governments built a system where big, private corporations warehouse seniors in institutional facilities, and have failed to hold accountable for-profit long-term care operators who did not keep their residents safe; and

Whereas more than two-thirds of COVID-19-related deaths occurred in long-term care homes during the first wave of the pandemic, with data revealing that COVID-19 deaths were more frequent in for-profit long-term care homes than those operated by municipalities or non-profit organizations; and

Whereas not-for-profit long-term care means more money is available for care, not profits;

Therefore, the Legislative Assembly of Ontario calls on the Ford Government to eliminate for-profit care from Ontario’s long-term care system.

Whereas disturbing incidents of hate and hate motivated violence have increased during the COVID pandemic and it is more important than ever that Ontario make a clear stand against intolerance and bigotry; and
Whereas the Ford Government has attempted to grant Canada Christian College as administered by its President Charles McVety accreditation as a university; and
Whereas in a detailed ruling the Canadian Broadcast Standards Council found that Charles McVety “Distorted Facts and Contained Abusive Comments” about 2SLGBTQIA+ people and has led hateful campaigns against that community; and
Whereas education leaders have stated that institutions that do not meet the anti-discriminatory and anti-hate speech principles outlined in the Ontario Human Rights Code should not get accreditation; and
Whereas Charles McVety has used the Canada Christian College as a staging ground for Islamophobic invective, urging followers to come to the campus to hear a “warning” about Islam’s plan for a “hostile takeover”; and
Whereas Charles McVety has said that Haitians practise “Satanism” and made a “deal with the devil” that he connected to the earthquake that killed 316,000 people; and
Whereas governments have an obligation to clearly and unequivocally oppose bigoted and hateful views; Therefore, the Legislative Assembly calls on the Ford Government to condemn the extreme and hateful invective of Charles McVety and oppose any efforts to make Canada Christian College into an accredited university.

10:15 A.M.
The Speaker addressed the House:
Before we begin I would like to take this opportunity to remind Members of a statement I made last fall regarding the facemasks Members wear in the Chamber.

Members will know that we have a convention that items of apparel should not contain logos, slogans, advertising or other devices that convert them from clothing to vehicles of expression.

Facemasks continue to be part of our daily wear and, I reiterate, as with any item of apparel Members’ masks should not contain commercial, political or brand logos or emblems, or be associated with other campaigns, causes, institutions or organizations.

We rarely had issues before, so I know Members had a pretty good idea of where the line was; that line hasn’t moved. If you couldn’t wear it in the pre-mask days, please don’t wear it now.

I would also like to bring to the attention of the House the appointment of Meghan Stenson as our newest permanent Table Officer. Meghan is the Manager of the Table Research Office which is responsible for much of the procedural research conducted at the Office of the Assembly. Please join me in welcoming Meghan to the House and congratulating her on her appointment to the Table.

ORDERS OF THE DAY

Motion regarding amendments to the Standing Orders.
Debate resumed and after some time,

With unanimous consent, That notwithstanding Standing Order 9(a), the House agreed to commence Private Members’ Public Business before 6:00 p.m. today.

PRIVATE MEMBERS’ PUBLIC BUSINESS

Mr. Crawford moved, Second Reading of Bill 243, An Act to amend the Trespass to Property Act to establish minimum fines for specified types of trespass.

Debate arose and after some time,
The question was then put.
Carried.  Adoptée.
Referred to the Standing Committee on Regulations and Private Bills.  Renvoyé au Comité permanent des règlements et des projets de loi d’intérêt privé.

The Speaker delivered the following ruling:-

Earlier this afternoon, on a request for unanimous consent, the House purported to agree to reduce the salary of the Member for York Centre (Mr. Baber).

Members’ compensation in Ontario is a statutory entitlement governed by the Legislative Assembly Act. Any amendment to this statutory entitlement requires a legislative change and cannot be effected via any other instrument – including a unanimous consent motion.

I therefore have to advise the House that its earlier agreement does not constitute sufficient authority for the Speaker to direct Assembly payroll staff to make any adjustments to any Member’s salary, and is therefore of no force or effect.

I note that the Member for York Centre had already requested unanimous consent for the House to pass the Bill he introduced this afternoon, which would have been a correct way to cause a salary change for Members of the Assembly.

While unanimous consent is a perfectly acceptable mechanism in this House and gets used frequently, I think this episode demonstrates that it is worth considering the unintended consequences that can arise when spontaneous decisions are agreed to with unanimous consent and I ask all Members to keep that in mind.

The House adjourned at 4:52 p.m.  À 16 h 52, l’Assemblée a ajourné ses travaux.

ORDERS OF THE DAY

Debate resumed and after some time,  
Le débat a repris et après quelque temps,
The Acting Speaker (Ms. French) informed the House, That the following document was tabled:

Debate resumed and after some time the debate adjourned at 10:15 a.m.

10:15 A.M. 10 H 15

The Speaker addressed the House:

My responsibilities as Speaker of this Assembly include presiding over the debates in this House and enforcing the Standing Orders.

Standing Order 25(k) reads as follows:

In debate, a member shall be called to order by the Speaker if he or she uses abusive or insulting language of a nature likely to create disorder.

And I will say once again: no speech, no question, and no response is enhanced by a gratuitous personal insult, even at the best of times. This applies to all Members, on both sides of the House.

I should not need to remind Members these are not the best of times.

The pandemic is challenging all of us in ways we could not have imagined a year ago. I understand emotions may at times come to the fore during debate, but I urge all Members to remember that the people of Ontario are looking to their elected representatives for leadership now—perhaps more than ever in the past 30 years.

We need to be up to that challenge and our behaviour in this Chamber is part and parcel of the leadership we can demonstrate.

By showing respect for each other, even across the floor of the House, we show our respect for the democratic process that gives each of us the legitimacy to walk into this Chamber and represent our constituents.

Let us reach higher and make them proud of their Members of Provincial Parliament.

Ms. Horwath moved, Mme Horwath propose,

Whereas COVID-19 has had a devastating impact in Ontario’s long-term care facilities, accounting for more than half of all COVID-19 related deaths in the province since March 2020; and

Whereas statistics show that there have been more COVID-19 related deaths in long-term care facilities in the second wave than in the first wave, despite the Ford government’s promise of an iron-ring; and

Whereas Ontario’s Long-Term Care COVID-19 Commission has publicly shared significant concerns about the Ford government’s slow response in providing requested documents and records and the impact these delays have had on their investigation, to the point where the Commission felt it necessary to request more time to complete their study; and

Whereas the Minister of Long-Term Care has rejected the Commission’s request for an extension despite the delays and missing documents; and

Whereas numerous questions still remain about the effectiveness of the Ford government’s response to COVID-19 in long-term care and steps taken to protect some of Ontario’s most vulnerable residents;

Therefore, the Legislative Assembly calls on the Ford government to grant the request of Ontario’s Long-Term Care COVID-19 Commission for an extension of their mandate to December 31, 2021 and to immediately release all government documents requested by the Commission.

ORDERS OF THE DAY

Second Reading of Bill 251, An Act to enact, amend and repeal various Acts in respect of human trafficking matters.

Debate arose and after some time the debate adjourned at 10:13 a.m.

10:15 A.M.  10 H 15

The Speaker delivered the following ruling:-

Yesterday, the House Leader of the Official Opposition (Ms. Sattler), rose on a question of privilege concerning the recent election of a Member from the government party to the position of Vice-Chair of the Standing Committee on Estimates.

Standing Order 120(b) requires the Chair of the Standing Committee on Estimates to be a Member of a recognized opposition party. The House Leader of the Official Opposition correctly pointed to a longstanding practice that Committee Chairs and Vice-Chairs have generally shared a party affiliation. She argued that a deviation from this practice amounts to a breach of parliamentary privilege.

The Government House Leader (Mr. Calandra) also spoke to this matter.
Before I address the substance of the argument of the House Leader of the Official Opposition, I’d like to take a moment to briefly discuss parliamentary privilege. *Erskine May*, the pre-eminent authority on Westminster parliamentary procedure, defines parliamentary privilege in the following terms (at page 239 of its 25th edition):

“Parliamentary privilege is the sum of certain rights enjoyed by each House collectively…and by Members of each House individually, without which they could not discharge their functions, and which exceed those possessed by other bodies or individuals.”

There are a number of specific parliamentary privileges, each one falling into one of these two categories: the individual privileges of Members, and the collective privileges of the House. Examples of individual Members’ privileges include freedom of speech, exemption from jury duty, and exemption from being subpoenaed to attend court as a witness. Examples of the collective privileges of the House include the right of the House to the attendance of its Members, the right to institute inquiries, the power to discipline, and the right to regulate its internal affairs.

While the House Leader of the Official Opposition’s written notice addressed the issue as a matter of privilege, her presentation in the House made a case purely about the procedural orderliness of what occurred in the Standing Committee on Estimates when it elected its Vice-Chair. The House Leader of the Official Opposition did not establish how the matter impacts upon any of the privileges of the House, collectively; her individual privileges as a Member of this Assembly; or the ability of the Standing Committee on Estimates to fully discharge its role. No nexus to parliamentary privilege was shown or demonstrated.

I therefore find that the House Leader of the Official Opposition has not established a *prima facie* case of privilege.

The matter raised by the House Leader of the Official Opposition is a point of order, but because the orderliness of the procedure in question occurred in a Committee, it is beyond my consideration. Speakers have long held that matters arising in Committee must be dealt with in the Committee, and may only find their way to the House through a formal Committee report made pursuant to Standing Order 124(b).

In closing, I will note that our formal rules of procedure, the Standing Orders, are but one element of a mixture of sources that inform and determine how parliamentary business is conducted. Precedent, tradition, custom, and long-standing practices are also part of our procedure. Insofar as they work well and have done so for a long time, careful consideration should be given when changes and deviations are being contemplated. It is one of the collective privileges of the House that it has the right to settle its own code of procedure. As a collective activity, it works best when all Members have the opportunity to discuss and understand the motivations and possible impacts of changes to procedure and practice, even if everyone might not agree.

I thank the House Leader of the Official Opposition and the Government House Leader for their submissions.
The Speaker informed the House of the following changes in the Order of Precedence for Private Members’ Public Business:

Ms. Berns-McGown assumes Ballot Item number 60; Mr. Glover assumes Ballot Item number 75.

ORDERS OF THE DAY

Opposition Day

Ms. Horwath moved, Mme Horwath propose,

Whereas the Ford government cancelled the two guaranteed paid sick days available to workers shortly after being elected; and

Whereas almost 60% of workers do not have access to paid sick days, particularly those who work in many of the frontline essential services relied upon in the COVID-19 pandemic; and

Whereas many of these workers do not qualify for federal emergency sick leave programs and are forced to choose between taking unpaid time off or going into work while sick in order to pay the bills and put food on the table, and the Canada Recovery Sickness Benefit pays less than minimum wage to those who do qualify; and

Whereas workplace spread of COVID-19 has accounted for two-thirds of community outbreaks in some municipalities, largely in environments without access to paid sick leave; and

Whereas the Ford government’s own experts have publicly advocated for the implementation of paid sick days to better protect Ontarians, especially racialized workers and communities that are disproportionately and hardest hit by the pandemic; and
Whereas the Ford government continues to ignore the advice of its own Science Table, public health experts, municipal leaders and business and labour advocacy organizations that have identified paid sick days as an effective and necessary measure in the fight against community spread of COVID-19 and the emerging variants;

Therefore, the Legislative Assembly calls on the Ford government to immediately implement a provincially mandated paid sick leave program in accordance with the advice of Ontario’s boards of health and medical officers of health, Ontario’s Big City Mayors (OBCM), municipal councils, organized labour and business advocacy groups.

**ORDERS OF THE DAY**

**ORDRES DU JOUR**

Opposition Day

Ms. Horwath moved,

Whereas on March 30, 2020, Premier Ford announced an iron ring around Ontario’s long-term care homes to protect vulnerable seniors from COVID-19; and

Whereas decades of underfunding and neglect by Liberal and Conservative governments left long-term care staff and residents susceptible to the virus, and more than half of all of Ontario’s COVID-19 deaths – 3,764 as of March 22, 2021 – have happened in the province’s long-term care homes; and

Whereas statistics show that there were more COVID-19 related deaths in long-term care facilities in the second wave than in the first wave, long after Premier Ford’s promise of an iron ring around long-term care;

Therefore, the Legislative Assembly of Ontario calls on the Ford government to issue a formal apology to long-term care residents, workers and their families for breaking its promise of an iron ring of protection around long-term care and for its failure to adequately protect residents and staff, and to declare March 30 of each year as a provincial day of mourning for the victims of COVID-19 in Ontario’s long-term care homes.

MOST GRACIOUS SOVEREIGN:

We, Your Majesty’s dutiful and loyal subjects, the Legislative Assembly of Ontario, in Parliament assembled, approach Your Majesty with the expression of our deepest and heartfelt sorrow at the demise of His Royal Highness The Prince Philip, Duke of Edinburgh.

We mourn the loss of His Royal Highness whose grace, distinction, and commitment of service to the Kingdom and to the Commonwealth and whose humble and loving support for Your Majesty over so many years has set such an example of strength, character, and compassion for us all.

While His Royal Highness is so fondly remembered by all of us for a lifetime of public service, truly a debt owed by us which shall never be repaid, we know that this loss is most profoundly felt by Your Majesty – the loss of a loving and devoted husband and a lifelong companion and friend.

We shall, Your Majesty’s loyal subjects, commit our whole selves to sharing the burden of Your Majesty’s profound sorrow and grief. We shall mourn for His Royal Highness as our Prince, we shall mourn for Your Majesty’s partner as our partner, and we shall mourn for the Royal Family’s father and grandfather as our father and grandfather.

We repeat the prayer offered to Your Majesty by the House of Commons upon the demise of the Queen Mother: We pray that the God of all consolation may comfort Your Majesty and members of the Royal Family in your bereavement, and that Your Majesty may long be spared to continue the eminent public services of your great predecessors.”

Ms. Horwath moved, Mme Horwath propose,

Whereas studies show that only approximately 10% of low-waged essential workers have access to paid sick leave, forcing them to choose between taking unpaid time off or going into work while sick in order to pay the bills and put food on the table; and

Whereas federal sickness wage replacement programs can only be accessed if a worker contracts COVID-19 and cannot be used to cover vaccination appointments or to stay home as a precaution by a worker with symptoms of the disease; and

Whereas public health officials, including the Ford government’s own experts, have publicly advocated for the implementation of paid sick days to better protect Ontarians, especially racialized workers and communities that are disproportionately and hardest hit by the pandemic; and

Whereas workplace spread of COVID-19 has accounted for two-thirds of community outbreaks in some municipalities, largely in environments without access to paid sick leave; and

Whereas the Premier and Cabinet ignored February 2021 warnings from public health officials, Ontario’s doctors and hospitals about the dangers of the third wave, and waited until record numbers of infections and ICU admissions to act; and

Whereas municipal and provincial public health officials across Ontario have been clear that vaccination efforts must prioritize essential workers as they are among those most at risk of contracting the virus and often live in communities that are hardest hit;

Therefore, the Legislative Assembly calls on the Ford Government to develop an essential workplaces safety plan with adequate funding and resources to ensure all workers are offered access to the vaccine and paid time off to receive it; to provide provincially-paid sick leave for workers experiencing symptoms of or diagnosed with COVID-19; and to provide onsite daily testing at essential workplaces as part of its efforts to curb the spread of the virus.

**ORDERS OF THE DAY**

Ms. Horwath moved, Mme Horwath propose,

Whereas April 28 is the National Day of Mourning honouring the lives of workers who have been killed, injured or suffered illnesses on or because of their jobs, and the families and communities impacted by these tragedies; and
Whereas COVID-19 has revealed the inequities faced by many workers, particularly racialized and low-waged workers in Ontario and the risks they face simply doing their jobs; and

Whereas workplace transmission has accounted for two-thirds of community outbreaks in some municipalities, leaving workers with the added stress of potentially exposing their loved ones to infection just by going to work; and

Whereas the Ford government has repeatedly refused to take action to protect Ontario’s workers and ignores the advice of its own experts calling for paid sick days, paid time off for vaccinations, and the closure of non-essential workplaces while offering supports for the workers and businesses affected; and

Whereas previous Liberal and Conservative governments ignored lessons from SARS, failed to maintain critical stockpiles of personal protective equipment (PPE) and allowed N95 masks and other vital protective equipment to expire without making any effort to replace them; and

Whereas many of Ontario’s essential workers still have to fight for adequate personal protective equipment, and the Ford government forces workers in jobs with high risk of COVID-19 exposure to prove they contracted the disease on the job in order to receive WSIB supports; and

Whereas the Ford government still has yet to provide a clear strategy to ensure vaccination of Ontario’s essential workers despite having more than a year to develop a plan;

Therefore, the Legislative Assembly calls on the Ford government to better protect Ontario’s workers by legislating paid sick days, ensuring access to high-quality PPE, developing an effective essential worker vaccination strategy with paid time off for vaccination and extending full WSIB protections to all Ontario workers.

Pursuant to the Order of the House passed earlier today, Ordered for Third Reading.

The Speaker addressed the House:

I wish to report to the House that the member for Lanark—Frontenac—Kingston (Mr. Hillier) has, for a second time this afternoon, defied an Order of the House and the authority of the Sergeant-at-Arms and entered the voting lobby without the required face protection that was ordered by the House to be worn by all members in the Chamber and in the voting lobbies. I also wish to inform the House that he did this as well on Monday, May 31, 2021, so this is the third time that he has done it. I will leave it to the House to decide what, if any, recourse needs to be taken.
