And after some time the House was resumed.
His Honour the Honourable Sir Oliver Mowat, G.O.M.G., Lieutenant-Governor, then entered the House, and being seated in the Chair on the Throne, was pleased to open the Session by the following gracious Speech to the House:

Mr. Speaker and Gentlemen of the Legislative Assembly:

I take great pleasure in again meeting you as representatives of the Province in Parliament assembled.
Since we last met, the British Empire has been called to mourn the death of our late Sovereign, Her Gracious Majesty Queen Victoria. Never in the history of the Empire has there been a Monarch more beloved by her people or more fully endowed with sagacity and wisdom combined with devotion to duty and sincere regard for the welfare of the Nation. Under her beneficent sway we have long enjoyed the priceless privileges of self-government and the fullest measure of civil and religious liberty. And deeply as we feel in common with the whole Empire the loss of one so great and good we rejoice to believe that under her illustrious successor, King Edward VII, these privileges will not be impaired, nor our constitutional rights curtailed. You will be asked to express in fitting terms your feelings with respect to the Queen whose reign was so long and so glorious, as well as the King whose reign has just begun and whose authority as loving subjects we heartily acknowledge.

The valor displayed by the Canadian soldiers engaged in the South African War has reflected the highest honour upon Canada, and entitles them to some token of your appreciation. To this end, a Bill will be submitted for your consideration authorizing the Crown Lands' Department to set aside certain townships in the unorganized Districts permitting every volunteer enrolled in the Province, who served in South Africa, to choose 160 acres, to be held upon the most favorable conditions compatible with the settlement of the public domain and the development of the District. Provision will also be made for the recognition of the survivors of the Volunteer Militia who were actually engaged in defensive service on the frontier during 1866.
It is gratifying to be able to state that the agricultural classes during the past year have enjoyed unusual prosperity. Improved methods of farming, and a more thoughtful application of the principles of sound husbandry, with the general adoption of cold storage by dairymen and fruit growers have greatly contributed to this happy condition of affairs.

It has been found by various tests conducted by the Department of Agriculture that the soil and climate of Ontario are admirably adapted for the growth of sugar beets. You will be asked to consider whether farmers should not be encouraged to give such special attention to beet raising as will justify the establishment of factories for the production of beet root sugar, by granting such aid for this purpose as may be deemed expedient.

The lumber trade is in a prosperous condition, and the revenue from Woods and Forests continues buoyant, employment being abundant and wages high. The continued investment of capital in the erection of sawmills affords satisfactory evidence of the wisdom of requiring that logs cut on the Crown domain shall be sawn in our own country.

The preservation of our forest wealth continues to engage the attention of my Government, and the recent setting apart of a large forest reserve in the pine region surrounding Lake Temagaming marks another step in this direction. The increasing flow of population of New Ontario is a matter of congratulation.

I congratulate you on the great expansion of the mineral industry. The manufacture of pig iron in the Province is now firmly established and is materially aided by the discovery of large bodies of conveniently situated hematite ore in the Michipicoten region. The making of the first open-hearth steel in the Province, and the establishment on the upper lakes of the first line of steamers to carry the ore from our own mines to the smelters of our own Province, are events significant of substantial progress. Nickel and copper mining is more active than at any previous time, and it is gratifying to know that additional works for treatment of these ores are being erected in different parts of the Province.

Acting on the authority given to the Government by the appropriation made for exploring that part of the Province lying towards Hudson's Bay, exploration parties spent the greater part of the summer in investigating the agricultural, forest and mineral resources of the several districts assigned to them. The results of their enquiries will be laid before you.

During the past year extensive alterations have been undertaken in connection with the buildings at Cobourg to meet the urgent demand for additional accommodation for the insane. I am pleased to inform you that these alterations are well advanced and will, I trust, be completed before the close of the current year, thus providing ample facilities so far as the demands for the accommodation and treatment of this unfortunate class of our population at present require.

Your attention is again invited to the present relative jurisdiction of the Courts of the Province and of their respective Judges, and to the suggestions of experience for further promoting the efficient, prompt and inexpensive administration of justice throughout the Province.
The evidence taken before the Royal Commission appointed to examine and report upon the Assessment Laws of the Province will be laid before you, and legislation dealing with some phases of municipal taxation will be submitted for your approval.

Measures will be submitted for aiding in the improvement of public highways; for the encouragement of the trade in dressed meat for the European market; for abolishing tolls on public highways and bridges; for further encouraging technical education, and for consolidating the laws with respect to Public and High schools and to liquor Licenses.

The Public Accounts and Reports of the several Departments will be submitted to you in due course.

The Estimates for the current year are prepared with as great economy as is consistent with efficient service, and will at an early date be placed before you.

His Honour the Lieutenant Governor was then pleased to retire.

Mr. Speaker reported, That, to prevent mistakes, he had, obtained a copy of His Honour's Speech, which he read.

On motion of Mr. Ross, seconded by Mr. Gibson, a Bill was introduced intituled "An Act to provide for the Administration of Oaths of Office to persons appointed as Justices of the Peace," and the same was read the first time.

TO THE KING'S MOST EXCELLENT MAJESTY.

MOST GRACIOUS SOVEREIGN:—

We, Your Majesty's most loyal and dutiful subjects, the Legislative Assembly of the Province of Ontario, in Parliament assembled, beg leave to approach Your Majesty for the purpose of expressing the deep sorrow felt by this House and by the people of the Province of Ontario, with Your Majesty, with our Gracious Queen Alexandra, and with Their Royal Highnesses, George, Duke of Cornwall and York, and the Duchess of Cornwall and York, and the other Members of the Royal Family, at the irreparable bereavement sustained by you and them in the death of Her Late Majesty Queen Victoria, of
blessed memory, and to express our sincerest condolence with You and them upon the loss which has been sustained not only by Your Majesty and the Royal Family, but by Your subjects throughout the British Empire.

In extending to Your Majesty our profound sympathy, we cannot but recall the fact that Her late Majesty's Reign extended over the most important period in the history of this Province, and that nearly every measure for the extension of our constitutional privileges, or for the development of our national prosperity, was assented to in Her late Majesty's name. And if this Province is governed, as we believe it is, according to the best precedents of the British Constitution, and thus enjoys the inestimable advantages of Responsible Government, it is owing largely to the far-sighted and beneficent legislation enacted by the Lords and Commons of the United Kingdom, and to which Her late Majesty gave Her Gracious assent.

Your Majesty will, we sincerely trust, accept our assurance that we consider it a great privilege to have lived under Your Gracious Mother's beneficent reign, and therefore feeling the more keenly the greatness of Your bereavement, we the more earnestly pray Almighty God that He may send Your Majesty comfort in Your affliction. We trust, even in the hour of Your deepest sorrow, Your Majesty will derive some consolation from the knowledge that You have the deepest sympathy of Your loyal and dutiful subjects in this Province.

And although we feel that it is hard for Your Majesty to turn away Your thoughts from the deep sorrow which has come to You, You will, we trust, nevertheless permit us to convey to You the joy and satisfaction which is felt in this Province upon Your Majesty's Accession to the Throne of Your ancestors. Permit us also to assure Your Majesty of our devoted loyalty to Your Person and Your Throne, and to express our fervent hope that Your Majesty's Reign will be marked by a desire to preserve peace, to ameliorate suffering, and to promote the general happiness and prosperity of Your people.

Mr. Speaker informed the House, That he had received from the Judges selected for the Trial of Election Petitions, pursuant to the Controverted Elections Act of Ontario, a Certificate and Report relating to an Election for the Electoral District of

The West Riding of Huron.

The Certificate and Report were then read by the Clerk at the Table, as follows:—

IN THE COURT OF APPEAL FOR ONTARIO.

THE ONTARIO CONTROVERTED ELECTIONS ACT

Election of a Member for the Electoral District of the West Riding of the County of Huron, holden in the 1st day of December, 1898, and the 8th day of December, 1898, Between

Joseph Beck,

Petitioner,

and

James Thompson Garrow,

Respondent.

I, James Strachan Cartwright, Registrar of the Court of Appeal for the Province of Ontario, do hereby certify as follows to the Honourable, the Speaker of the Legislative Assembly of the Province of Ontario:
1. That the Honourable Mr. Justice Osler and the Honourable Mr. Justice Rose, on the 8th day of January, A.D. 1900, did certify to this Court that on the twelfth, thirteenth and fourteenth days of June, 1899, at the Town of Goderich, in the County of Huron, and on the seventeenth and thirtieth days of June, the seventh day of July, the fifth and thirtieth days of September, the thirteenth day of October, the eighteenth day of November, and the twenty-first day of December, 1899, at Osgoode Hall, in the City of Toronto, they held a Court for the trial of, and there tried the Election Petition between the parties above mentioned.

2. That at the said trial they found and determined that the said James Thompson Garrow, the person whose election and return was complained of by the said Petitioner, was not duly elected and returned, and that the said election was void, and they accordingly allowed the said petition with costs to be paid by the Respondent.

3. That they further certified and reported that no corrupt practices were proved before them to have been committed at the said election by or with the knowledge and consent of either of the candidates at the said election.

4. That they further certify and report that there was no reason to believe that corrupt practices extensively prevailed at the said election.

5. That they further certify and report that the following persons were shewn at the said trial to have been guilty of corrupt practices, that is to say, bribery, namely:—Walter Vanstone, John T. Linklater, "Cap." Sullivan, John McLeod, John Rogers, Alfred Marriott, Alexander McGregor, John Whyte, Leander Morden and Theophilus Finnen.

6. And I do further certify that an appeal was taken to this Court on behalf of the above named respondent from the judgment of the said trial Judges on the ground that the same was contrary to law and evidence and against the weight of evidence for the reasons following:—

(a) That Walter Vanstone was not an agent of the respondent and that the evidence did not establish such agency, and that none of the other persons found guilty of corrupt practices were agents of the respondent.

(b) That no illegal act was committed by one Alexander Smith or one Hugh Guthrie.

(c) That the corrupt acts proven at the said trial to have been committed at the said election were of such trifling nature that the result of the election could not have been affected thereby, and that the Petition should, upon that ground, as well as upon other grounds, have been dismissed.

7. And I further certify that the said appeal came on for hearing on the 30th day of November, 1900, when the Court was pleased to direct that the same should stand over for judgment; and the same having come on this day for judgment, it was ordered and adjudged that the said determination of the said trial Judges should be affirmed and the said appeal was dismissed with costs.

In witness whereof I have set my hand and affixed the seal of the Court of Appeal this 12th day of March, 1901.

That an humble Address be presented to His Excellency, the Governor-General of Canada, in the words following:—

To His Excellency, the Governor-General of Canada.

The memorial of the Legislative Assembly of the Province of Ontario humbly sheweth:

(1) That for many years prizes have been awarded for horses of different grades and classes at Exhibitions held in the principal centres of the Province, resulting in a great improvement in the horses now placed on the market, and that for several years army remounts and artillery horses have received the special attention of the Canadian Horse Breeders’ Association.
(2) That the experience of the officials of the British Government in selecting horses in Ontario for army purposes warrants the belief that the quality of our Canadian horses is of the highest order, and that for strength, endurance and sound constitution they are not excelled in any country. That by actual trial in the field, during the conduct of the war in South Africa, it was seen that these qualities were characteristic of Canadian horses.

(3) That the establishment of a Remount Station in Ontario would so encourage our horse breeders to produce the best horses for army purposes that large numbers of choice animals would always be easily obtained for use in the British Army in cases of emergency.

Your Memorialists therefore pray that you will be pleased to cause this, their Petition, to be laid before the proper authorities of the United Kingdom, and that in any other way that may be considered expedient by Your Excellency, the attention of the Imperial Government be called to the advantages to the British Service, as well as to Canada, that would be likely to accrue through the establishment of a station in the Province of Ontario for the purposes herein set forth, and your Memorialists, as in duty bound, will ever pray.

The Debate was resumed, and after some time,

The Motion, having been again put, was carried, and it was

Resolved, That an humble Address be presented to His Excellency, the Governor-General of Canada, in the words following:—

To His Excellency, the Governor-General of Canada.

The memorial of the Legislative Assembly of the Province of Ontario humbly sheweth:—

(1) That for many years prizes have been awarded for horses of different grades and classes at Exhibitions held in the principal centres of the Province resulting in a great improvement in the horses now placed on the market, and that for several years army remounts and artillery horses have received the special attention of the Canadian Horse Breeders' Association.

(2) That the experience of the officials of the British Government in selecting horses in Ontario for army purposes warrants the belief that the quality of our Canadian horses is of the highest order, and that for strength, endurance and sound constitution they are not excelled in any country. That by actual trial in the field during the conduct of the war in South Africa it was seen that these qualities were characteristic of Canadian horses.

(3) That the establishment of a Remount Station in Ontario would so encourage our horse breeders to produce the best horses for army purposes that large numbers of choice animals would always be easily obtained for use in the British Army in cases of emergency.

Your Memorialists therefore pray, that you will be pleased to cause this their Petition to be laid before the proper authorities of the United Kingdom, and that in any other way that may be considered expedient by Your Excellency, the attention of the Imperial Government be called to the advantages to the British Service, as well as to Canada, that would be likely to accrue through the establishment of a station in the Province of Ontario for the purposes herein set forth, and your Memorialists, as in duty bound, will ever pray.
The Address, having been read the second time, was concurred in.

The Committee have carefully considered the Bill to them referred, and have prepared certain amendments thereto.

Mr. Pattullo from the Select Committee to which was referred Bill (No. 90), "For the Improvement of Public Highways," presented their Second Report, which was read as follows: —

The Committee having held six sittings and have examined a number of witnesses being, with a few exceptions, representatives of the municipal bodies of the Province, who have given the Committee much valuable information, and whose opinions have materially aided the Committee in arriving at its conclusions.

The Committee recommends that a full or condensed report of such evidence and opinions be published for the information of the House and of the Province.

The Committee was fortunate in securing the services of Mr. Kenneth W. McKay, of St. Thomas, Secretary of the Ontario Good Roads Association, and a recognized authority on municipal matters, and who consented to act as Secretary.

Referring to the provisions of the Bill the Committee is of the opinion that some of its clauses might be reconsidered and with this view, beg to make the following suggestions: —

In reference to Section 1 the general desire, as represented by those who have appeared before the Committee, is that the Government grant be paid to the municipalities as it is earned, in a lump sum, rather than extended over a period of years. It was thought, however, by some that it would be better that the money should be paid in instalments. The Committee would suggest that the Government might make provision in this respect so as to meet the varied wishes of municipal bodies.

The evidence given before the Committee as to the method of dividing the money has been diverse, the following plans having been suggested, according to acreage, assessed value, county boundaries or population.

Referring to Sections 2 and 3, it is the opinion of the Committee that County Councils should have the power to form systems of County Roads and to raise money therefor, when they can secure the assent of the Township Councils.

In case of the failure of the County Councils to secure the support of such Township Councils, then the Committee recommends that the question of designating and
maintaining a system of County Roads be submitted to the ratepayers of each County in one of two ways—either by a plebiscite vote, or by a by-law designating the roads to be improved and the amount of money to be raised for such purpose, the minority to be bound by the result of such vote.

The Committee would suggest that a clause be inserted in the Bill requiring County Councils, when establishing systems of County Roads, to lay out the mileage of such roads in such a way that it will bear as near a proportion as practicable to the area or assessment of the various township municipalities—or to the advantages that are likely to accrue to them—as the latter might be determined by a competent arbitrator.

The Committee is of the opinion that a single uniform standard for such roads as are, according to the provisions of the Bill, to receive Government aid, cannot be laid down for the whole Province. Such a standard, subject to the approval of the Department of Public Works, should necessarily vary according to local conditions.

The Committee agree, with the majority of the municipal representatives who have appeared before it in the opinion that such Government aid, and the municipal funds to be expended with it, should be spent on standard roadways, but not upon road-making machinery.

Resolved, That this House doth concur in the Second Report of the Committee on Bill (No. 90), Respecting Public Highways.

On motion of Mr. Conmee, seconded by Mr. McKay,

Ordered, That Bill (No. 59), Respecting the Town of Rat Portage, be recommitted to the Standing Committee on Private Bills for further consideration and report, and that Order No. 64 relating thereto be discharged.

The following Bills were severally read the third time and passed:—

Mr. McKay, from the Standing Committee on Standing Orders, presented their Twenty-first Report, which was read as follows and adopted:

The Committee have carefully examined the Petition of William John Smith and Edward Smith, Executors and Trustees of the last Will and Testament of John Smith, deceased, and Joseph Smith, and others, beneficiaries under the Will, praying that an Act may be passed to enable the executors of the said estate to sell certain property situate in the City of Toronto and known as "The Byres," or to sell the equity of redemption therein, or mortgage the same upon such terms as they may think best, and find that no notice of the proposed application to this Legislature has been published as required by the Rules of this Honourable House.

The Committee, however, after considering the facts as set forth in the Petition, are of the opinion that it is not a matter in which the interest of any party can be injuriously affected. Legislation in the premises is strongly recommended by the Official Guardian in the interests of the minors under the Will, and the Petition sets forth that, unless legislation in the premises is granted by this Honourable House, all those interested in the estate, amongst whom are several infant children, are liable to lose not only the property known as "The Byres," but such other property also as was devised under the
Will of the said John Smith and all their equity therein, there now being a mortgage against the property known as "The Byres," and a threatened foreclosure thereof.

In view of the foregoing, the Committee recommend that all the Rules of this Honourable House be suspended in this case and that leave be given to introduce the Bill forthwith.

The following Bill was thereupon introduced and read the first time:—

For this purpose the Committee recommend that the Registrar of Loan Corporations require in the annual returns made to him under section 99 of the Loan Corporations Act, all necessary information as to deposits in
respect of which the Statute of Limitations has run against the depositor for a period of five years, or in respect of which the corporation has ceased to credit the deposit with interest, or where for five years or more the depositor's pass book has not been presented to the corporation, or where for five years or more the corporation has not given any written acknowledgment of its indebtedness; also that the Registrar further require the corporation to include in such return (so far as known), the particulars of the persons (representatives or others) then entitled to claim, that in such cases the Registrar take all necessary steps to prevent any moneys on deposit with any loan corporation from being lost either to the depositor or his legal representatives, and for this purpose the Registrar may require the corporation to prove that it has communicated with the depositor or his representatives, or he may require reacknowledgment by the corporation of the debt, or he may require both.

As to dividends (if any), remaining unpaid, the Committee do not see any reason for making any special provisions in the case of loan corporations not applicable to other classes of companies.

"(1c) The assessor or assessors of a municipal corporation shall assess all buildings, sub-structures, areas, superstructures, fixtures and other things existing, erected, or placed upon, in, over, under, or affixed to any highway, road, street, lane, or public place or water within the municipality, and shall value the same, for the purpose of such assessment, as real estate of the person owning, operating or using the same, at the actual value thereof, regard being had to the cost of reproducing and replacing the same for the purpose for which the same are owned, operated or used, and to their state of repair.

(1d) Such assessment and valuation shall also extend to and include all poles, wires, attachments and instruments being the property of or operated or used by any such person, planted in, extending over or under or affixed to or within any land or building belonging to any other person.

(1e) Where any property mentioned in subsection 1c or 1d is in or on a road which lies wholly or partly between two municipalities, although such road may deviate so as in some places to be wholly or partly within either of them, the assessors of the respective municipalities shall make a joint assessment thereof, and one-half of the amount of such assessment shall be inserted in the assessment roll of each municipality.

(1f) In the event of disagreement between the assessors, the assessment shall be determined by an arbitrator to be appointed by the Judge of the County Court of the county within which either of the said municipalities lies; and the expense of any such arbitration shall be paid jointly by the respective municipalities.

In municipalities where the assessment has been made in the year 1900 for the year 1901, but the assessment so made has not been adopted by the Council of 1901 as the basis of taxation for such last mentioned year, the assessors may forthwith upon the passing of this Act add to the assessment roll the values of any assessable property that may be affected, altered, increased or diminished by the operations of this Act, and shall forthwith notify the parties assessable therefor, and they shall have the same right of appeal to the Court of Revision and County Judge as is given in any case by "The Assessment Act."
Mr. McKay moved in Amendment to the Amendment, seconded by Mr. Auld.

That all the words after the word "That" in the Amendment be struck out and the following inserted in lieu thereof: "the Municipal Association of the Province of Ontario, at its last annual meeting, in the City of London, adopted a Resolution declaring that real property belonging to any person, or a corporation, should be valued as a whole, or, as an integral part of a whole, intending thereby to place the Assessment laws of the Province on the same basis as they were understood to be, before the decision of the Court of Appeal disturbed what was considered to be the law with regard to the property of corporations receiving municipal franchises for the last fifty years, and Bill (No. 167), now before the House accepts this principle in its entirety, and restores to municipal corporations the right to assess all property to which the decision of the Court of Appeal applied as it was assessed theretofore, and as the whole question of assessment will be before the House at its next Session on a full Report of the Assessment Commission, it is inexpedient for this House, at the present time, to go farther than to define the law in the above particular, and that the Bill be recommitted to the Committee of the Whole House with instructions to make the following amendments:—After the word "country" in sub-section 18 (b) of section 2 of the Bill (No. 167), there be inserted the words "or Province," and by adding at the end of the said subsection, the following words: "any bridge belonging to, or in possession of any person, or incorporated company between two municipalities in the Province shall also be valued as an integral part of the whole, and on the basis of the valuation of the whole." And also, after the word "town" in the third line of section 18 (a) the words "or situate in any township."

And a Debate having ensued, upon the amendment to the Amendment, and it being One of the Clock p.m., Mr. Speaker left the Chair to resume at 3 p.m.

3 O'Clock P.M.

Mr. Speaker, upon resuming the Chair, addressed the House upon the point of order raised, before Recess, as to the form of the Amendment and amendment thereto, in the matter of Bill (No. 69), South African Volunteers; and, quoting certain decisions of previous Speakers of this Legislature, and other authorities, upon Parliamentary practice, decided that, upon due consideration, he found both in order, and that therefore the Debate might continue.

And, after some time,

May it please Your Honour:

We, His Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to His Majesty's person and Government, and humbly beg to present for your Honour's acceptance a Bill, intituled "An Act for granting to His Majesty certain sums of money to defray the expenses of Civil Government for the year 1901, and for other purposes therein mentioned."

To this Bill the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words:

"His Honour the Lieutenant-Governor doth thank His Majesty's dutiful and loyal subjects, accept their benevolence and assent to this Bill in His Majesty's name."

His Honour was then pleased to deliver the following Speech:
Mr. Speaker and Gentlemen of the Legislative Assembly:

In dismissing you from the arduous labours of the Session, I have to thank you for the attention given to the public duties imposed upon you and for the valuable legislation which I have just sanctioned.

I cordially approve of the measures for connecting the railway system of Ontario by means of the Manitoulin and North Shore Railway with the unsettled districts lying to the east of Lake Superior, the effect of which, I trust, will be to add greatly to the productive area of a hitherto unoccupied part of the public domain.

I have assented with much pleasure to the Act respecting the University of Toronto. The changes made in the organization of the University and the assistance granted for the maintenance and extension of the departments which bear upon the industries of the Province will, I am confident, add materially to the usefulness of the University and to its claims upon the continued confidence of the people. The Acts also for amending and consolidating the laws respecting Public and High Schools have my hearty approval.

Your efforts to facilitate transportation throughout the Province by simplifying the machinery for the abolition of tolls and by granting $1,000,000 for the improvement of public highways, are, I believe, in the public interest. It is of great importance to the farmers of the Province that they should be able to reach, at all seasons of the year, the markets at which they dispose of their produce with reasonable comfort and as cheaply as possible. The advantages which these measures afford will, I trust, prove satisfactory.

The Measure for the encouragement of the manufacture of Beet Root Sugar deserves public favor. The establishment of a new industry so closely connected with advanced methods of agriculture and with the activities of rural life cannot fail to improve the condition of that important class of the people of the Province who depend for their subsistence upon the profits to be made from the cultivation of the soil.

I notice with much satisfaction the recognition so well deserved, which is given to the Volunteers who served in South Africa, as well as to the Volunteer Militia of Ontario who served on the Frontier in 1866 and 1870. The grant of 160 acres of land to each of the volunteers and their families is, I believe, a wise appropriation from the public domain, and will, I am sure, be appreciated by those to whom it is given, and at the same time be regarded by the people of the whole Province as a just tribute to the patriotism of the men who risked their lives in the interests of the Empire and the Province.

The amendments made to the Municipal and Assessment Acts for improving and rendering more effective the government and powers of municipal corporations and to other Statute laws of the Province with a view to improving the administration of justice, will be of material advantage to all classes of the community.

I notice that the private legislation of the Session indicates, as usual, the increasing wants of our people. These measures, some of which are of a very important character, bear evidence of having received careful consideration.

I thank you for the liberal appropriations which you have made for the public service. The supplies which you have granted, will be expended with economy and in the public interest.

The Provincial Secretary then said:

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is His Honour's will and pleasure, that this Legislative Assembly be prorogued; and this Legislative Assembly is accordingly prorogued.

RE DIAMOND DRILLS.

PUBLIC ACCOUNTS COMMITTEE,

March 26th, 1901.

T. W. GIBSON, affirmed:—

Examined by Mr. MATHESON.—Q. What is your full name? A. Thomas William Gibson.

Q. What is your position? A. I am Director of the Bureau of Mines.
Q. Have you any other position in the employ of the Government? A. Yes, sir.
Q. What is it? A. I am Secretary of Parks, as well.
Q. You have a separate salary for that? A. Yes, sir.
Q. Who buys the carbons for the diamond drills? A. I do.

Q. Look at the accounts for the diamond drill expenditures; there were two purchases last year from Mr. Yawger. What purchases were made last year from Mr. Yawger of carbons? A. There was one in February of a little over 32 carats, amounting to $1,258.58, and one in June of 34 carats, amounting to $2,210.
Q. In all, how much? A. $3,469.
Q. Do you receive the diamonds—the carbons? A. Referring to these particular cases?
A. Yes. These appear to have been bought while Mr. Blue was Director of the Bureau of Mines.

Q. Were you in the Department at that time? A. Yes.
Q. Do you understand the method of dealing with them? A. I do.
Q. Who would receive them? A. In the ordinary course of affairs these would be received by Mr. Blue—come addressed to him—he would receive them.
Q. Does anybody weigh them? A. Yes, sir.
Q. Who weighs them? A. They are taken to the School of Practical Science and weighed by the assayer in charge.
Q. Has any receipt been received? A. Receipt to whom?
Q. Is there any receipt to show that the diamonds have been received? A. There are Mr. Blue's initials and my own.

Q. You will notice the memorandum of the Provincial Auditor; read it. A. The Auditor's memorandum is:—"No delivery receipt attached. Please explain system of handling carbons. C.H.S."

Q. What is the answer? A. The answer is:—"Memo for the Provincial Auditor re carbons. Referring to the attached memo, the undersigned begs to state that no delivery receipt exists in connection with the carbons mentioned in the invoice annexed. Carbons are purchased usually in New York and are received here as a rule by registered letter. They are then weighed for the purpose of checking the weights as invoiced, and if found correct are forwarded to the Manager of the Diamond drill for use in the drill. These carbons were bought subject to the approval of the manager of the Government drill. On his report that they were of satisfactory quality the invoice was initialled as correct and the Treasurer requisitioned for payment. A. Blue, Director."

Q. Is there any certificate as to the weight attached to the invoice? A. There are my own initials in my own hand-writing, "Weight O.K., T. W. G."
Q. You did not weigh them? A. No, I saw them weighed.
Q. There is no certificate by the parties actually weighing them? A. That certificate exists; but I may explain: The carbons are weighed in terms of grams, the invoice was in terms of carats. Then we have to transform the weight in grams into grains, and then into carats, and we do that in order to check—
Q. Don't you think the proper way would be to attach the certificate of experts as to the weight and value? A. I have no objection to doing that. We get the certificate of weight from the assayer in the School of Science as so many grams, and when we get that weight we have to reduce it to grains, and then reduce it into carats.

Q. Who does that? A. I do.

Q. Are you an expert at that? A. I am sufficiently expert to do that. It does not require very much mathematical knowledge.

Q. I should think it would require an expert, dealing with a thing that cost so much. I am not supposing there is anything wrong in this particular case. I am advising that the check on the purchase of such valuable articles is not sufficient. There should be a written receipt, and also a certificate? A. I consider the certificate and receipt already existing. The initials of Mr. Blue and myself are sufficient, and they would not be attached if the articles were not received.

Q. I do not think initialling is sufficient in a case like that. There should be a straight receipt or certificate. Look at page 155 of the Public Accounts; the total expenditure there is how much, apart from the refund? A. $11,188.37.

Q. Of that a portion was for a new drill? A. Yes.

Q. About $2,000? A. Yes.

Q. That leaves about $9,000? A. Yes, sir.

Q. How do you account for the fact that the 35 per cent. paid by the mining companies was only $2,000? A. They did not all pay up.

Q. Still some money owing? A. Yes, sir.

Q. Where was the drill working last year—how many drills are there? A. Two. One is working on the Mattawin iron range, west of Lake Superior, and the other near the City of Ottawa, in the County of Carleton.

Q. Who pays for their use? A. The Mattawin Iron Company in the one case, and in the other, near Ramsay's Corners, the British Colonial Mining and Development Company.

Q. What are the latter company boring for? A. Oil.

Q. Then I understand there is still a balance owing for last year by the mining companies? A. Yes, sir.

By Mr. Stratton:—Q. You say there is a receipt in existence as to the diamonds purchased; where is it? A. The certificate of weight is in existence. I think I keep it with my papers relating to the diamond drill, so that we may have a check on the quantity of diamonds used in each operation.

Q. These initials to the account show you have received the goods and certified to them in the ordinary business way? A. Yes, sir.

Mr. Loughrin:—Q. It is your usual way of certifying to it? A. Yes, sir.

WESTERN DAIRY SCHOOL.

A. Smith, sworn:—

Examined by Mr. Matheson—Q. Are you in charge of the Western Dairy School? A. Yes, sir.

Q. Where? A. Strathroy.

Q. How long have you been in charge? A. Two seasons.

Q. That is, two winter seasons? A. Yes, sir.

Q. How many people were in attendance last year? A. You mean last winter?

Q. What is your term? A. From the 1st of December to the 1st of April.

Q. We will take last year, 1900? A. 32.

Q. How long were they there? A. The majority were there an average of about two months or a little more.
Q. The whole course is four months? A. The December course is simply a special creamery course of butter making.

Q. What is the other? A. The full course, including cheese making as well.

Q. And the whole attendance was 32? A. Yes.

Q. What is the shortest term? A. I think there were three only stayed a week, or between one and two weeks. As to the others, some would stay a month, some three months.

Q. This year, how many have been in attendance? A. 48.

Q. How long have they been in attendance? Any of them such a short time as a week? A. Only two, I think.

Q. Any, two weeks? A. There were two that stayed a week, and I think there was either one or two that stayed two weeks. A number stayed for four months, and the majority for three months.

By Mr. Carnegie.—Q. Were there many ladies in attendance? A. I think six or seven this year.

Q. How many last year? A. About the same number.

Q. You do not charge the ladies fees, I understand? A. No.

Q. The other students, however, are charged? A. The home dairy students are not charged.

Q. What is the difference? A. The home dairy course is the system of making butter which is practicable on the farms; the other is making cheese and butter in the factory.

By Mr. Matheson.—Q. What staff have you there? A. We have an instructor in cheese making, one in butter making, one in milk testing, one in cream testing, one in home dairying, and an assistant butter maker as well.

Q. How many altogether? A. Five, besides the engineer.

Q. Don’t you think that is a pretty large staff for a course of 48 pupils? A. It appears so, but it requires quite as much time. The classes have to be divided in the same way with a few students as with a greater number.

Q. Are none of these instructors capable of having two parts? Why should there be an assistant butter instructor? A. I have charge of the butter department, I have to do all the business of the school as well, and cannot devote my whole time to the butter making; that’s why an assistant is employed.

Q. I see last year we had first yourself as Superintendent at $125 per month. Henry Smith was employed as a butter maker, and afterwards as an assistant butter maker. He was employed as a butter maker in December and as assistant next month. Why was that? Why assistant after being the regular instructor? A. My regular instructor could not come in December.

Q. Mr. Johnston was employed as butter maker? A. Yes, starting in January.

Q. Then you had Hearns and Bristow? A. Hearns was last year, but Bristow was not until this year.

Q. Then you have a cheese instructor? A. Yes.

Q. And an instructor in home dairying? A. Yes.

Q. She got $103? A. Yes.

Q. Then you had an engineer? A. Yes.

Q. Don’t you think your staff was pretty large for thirty or forty pupils? A. Well, apparently it is, but I do not see that it could be reduced. You will notice that our school is growing more rapidly than any school in the province, and that although we—

Q. I do not think this is very rapid, from 32 to 48? A. I have looked over the roll of other schools, and think it is pretty good.

Q. How many attend Kingston? A. I do not know.
Q. About 80? A. They have a large number, but not such a large increase.

By Mr. Carnegie: Q. Your average for a number of years has been less? A. No.

Q. How low has it fallen? A. In 1898 some 9 or 10 pupils.

By Mr. Matheson: Q. That means 9 or 10 at a time? A. Yes.

Q. Is the school going now? A. No, we are closed now. There are only 4 students left, who were late coming in; no more practical work.

Q. How many had you last month at a time? A. About 25.

Q. Do you think this school could be managed in connection with the Guelph College to the same advantage? A. You mean the School of Dairying?

Q. Yes. A. Well, as far as my knowledge goes the Guelph School is filled to capacity. I think one disadvantage is to have it too crowded. There is not the same individual attention to the various students.

By Mr. Carnegie: Q. I see you collected a revenue of only $32. You conduct the School in a practical way. You manufacture butter and cheese before the students. From what source do you derive this milk? A. From the farmers.

Q. What is your arrangement with them? A. They deliver it at the school and we make it up free of charge and give it to them.

Q. I see you bought somewhere in the neighborhood of $500 worth of goods in the year. A. $300 last year. When I went there, there was no wood. It is a very difficult matter to get wood in that neighborhood, so we bought last year's wood and this year's wood last year. This year the cost of wood is $150, and I have 60 cords on hand, nearly enough to do us all next winter.

Mr. Stratton: Q. Do you think the same degree of efficiency could be maintained with a smaller staff? A. No, I do not.

Dr. James Mills (with the consent of the Committee): Q. This should be borne in mind, that the statement for twelve months would include most of the officials for two years, because you take in January, February and March of the previous year, and December of this year. It embraces part of the two years? A. Yes.

Q. That makes the number of officials appear larger than at any given session? A. Yes.

Mr. Matheson: It is the rule of the Committee that no one not a member can examine the witnesses.

Dr. Mills: I beg the Committee's pardon. I did it in ignorance.

Mr. Stratton: Then the statement that you will present to the Government for the year's operations would include the salaries of the staff for one term and part of another? A. Yes, sir. We open the 1st of December and close the 1st of April. That makes part of two years in the account.

Mr. Kidd: That occurs each and every year? A. Yes.

The Chairman: The statement you gave embraces the students for 12 months? A. Yes, sir.

By Mr. Stratton: Q. The statement, as I understand it, would include the salaries of the officials for one year, but would necessarily show an increased expenditure that would cover the positions of the two terms? A. Yes, it would for the first part of the session.

Q. It would carry you over the second term, that is the point? A. Yes, sir.
THE REPORT OF THE
1901

COAL FOR PUBLIC INSTITUTIONS.

PUBLIC ACCOUNTS COMMITTEE,
March 27th, 1901.

O. D. WARREN, affirmed.

Examined by Mr. MATHESON: Q. You are president of the Metropolitan Street Railway? A. Yes.

Q. Your company consumes a large quantity of coal? A. About eight tons a day.

Q. I am asking you some questions in advance as a foundation of what I want. I believe you know nothing personally of this other matter. Are you a judge, personally, of coal? A. I am not.

Q. Had your company any relation with the People's Coal Company in supplying coal? A. I do not think we bought any at all from the People's Coal Company. I have no recollection of getting anything from them.

Q. Did you arrange to buy from them? A. No.

Q. Did you test their coal? A. I never had any that I am aware of. We purchase from the Conger Coal Company and the Elias Rogers Company.

Q. Did you purchase any of their coal for yourself? A. Yes; a small lot.

Q. Did you make any arrangement as to taking a further quantity on condition that it was satisfactory? A. It was my brother made the contract for our house purposes. That was all I have had of their coal for purposes of the house this winter.

Q. Was it supposed to be the best anthracite? A. As far as I know.

Q. I do not think I will ask you anything further. I understood that you knew something about it. A. I have only had it in my house, with other coal, this winter. I fancy you have made a mistake, and think it is my brother you want.

DR. CHAMBERLAIN, affirmed.

Examined by Mr. MATHESON: Q. You are one of the inspectors of Asylums! Yes.

Q. Had you charge of obtaining the contracts for coal for the Brantford Institute for the Blind? A. Brantford is in my charge.

Q. Altogether? A. Yes.

Q. Had you any complaints last year from officers of the institution of the quality of coal? A. No. No special complaints; no written complaints.

Q. Who is the coal obtained from? A. This last year from Mr. Hopkins of Brantford.

Q. Do you know at what price he tendered it? A. I think it was $4.50 a ton delivered.

Q. Who did you get tenders from for Brantford? A. I cannot say from memory. I think the information is there in the tenders. I did not look over the tenders except those which were accepted.

Q. Are you a judge of coal? A. I cannot say that I am.

Q. Do you know that the Loyal Socks, the People's Coal Company, the Sullivan State Line, and the Bernice Coal Companies are all the same? A. I do not.

Q. Had you any complaints as to the coal, from the officials, verbally or otherwise? A. No complaints were made to me as inspector.

Q. Did you hear of any complaints to anyone else? A. I cannot say that I did.

Q. Would they have been made to any one else? A. No; I think if there were any serious complaints they would make them to the inspector.

Q. Does Mr. Christie ever go there? A. No, sir. He is not in charge of that special institution.

Q. Is he chief inspector? A. Yes; chief inspector,
Q. He makes the returns? A. Well, the inspection is divided up; asylums looked after by one; part of the public institutions and prisons by another; and part of the prisons and other institutions by another. So far as the statutes are concerned, we are all inspectors, but the work is divided up.

Mr. Stratton: Dr. Chamberlain has charge of the jails, hospitals, and the Deaf, Dumb and Blind Institutes.

Examination continued by Mr. Matheson: Q. Mr. Hopkins tendered for State Line and Sullivan Railway coal at $4.50 a ton of all sizes. Do you know the difference between that and the Scranton? A. No; not from personal knowledge.

Q. It is very extraordinary, Doctor, but I am informed that there were complaints made? A. I am not responsible for what you are informed. I do not remember any correspondence or complaints.

Q. Any complaints at London? A. I do not have anything to do with that. It is under Mr. Christie.

Q. Anything to do with the Hamilton Asylum? A. No, sir.

Q. And you have heard no complaints whatever? A. None.

Dr. Chamberlain then left the room but was recalled at the request of Mr. Matheson, who continued the examination: Q. Dr. Chamberlain, look at this (showing some tender forms). It is the tender of G. Mann & Son's coal for the Institution of the Blind. One tender is for Bernice coal, that is the coal of a certain mine. What is the tender? A. It is $3.82 a ton.

Q. Another tender is for Lehigh Valley or Scranton coal. What is the tender? A. If that is correct, $4.67.

Q. That is also G. Mann & Sons. Now, Edmund Hopkins, who was the successful tenderer at Brantford, offered State Line and Sullivan Railway coal, and what is his price? A. It is marked $4.50.

Q. In the event of State Line and Bernice being the same line, this is supposition of course, G. Mann's tender is $3.82 and Edmund Hopkins $4.50? A. I do not know anything of that.

Q. It is in the tender. In the event of their being the same Mann's tender is $3.82? A. Why, yes. You see it there.

Q. And Hopkins $4.50? A. Yes.

Examined by Mr. Stratton—Q. Do you know whether the Bernice and State Line coal are from the same mine? A. I have been told that they are not. I have never been at the mine. Bernice is soft coal.

Q. Anthracite? A. I don't know.

Q. Hard? A. Yes.

Examined by Mr. Caldwell—Q. For what reason are these different prices asked for these two coals? A. Because one is an inferior coal; a soft coal. We in our department look upon Bernice coal as a soft coal. We were informed that it is so and we rejected it.

Mr. Matheson: And if the State Line is the same as Bernice you have been fooled.

Thomas Bell, affirmed.

Examined by Mr. Matheson.—Q. You are a coal dealer? A. Have been for some years.

Q. Do you understand the various mines? A. No, sir, I do not. I understand the difference between good coal and inferior coal.

Q. Do you know anything about mines called the State Line? A. Yes sir, I do; I have handled their coal for a length of time.

Q. Do you know Bernice coal? A. No; not at all.
Q. Do you know the Loyal Sock? A. Well, that has got another name. It is called the People's Coal Company, and I think it is also called the State Line and Sullivan Railway Company's coal.

Q. What sort of coal is the Sullivan State Line? A. It is considered by a great many people a first class coal. No longer ago than this morning a gentleman told me that he was burning it all winter having burned it for some time. The People's Coal Company have a business in Toronto, and I hear that they are keeping all their coal to themselves. This gentleman I refer to says that he tested a ton of Loyal Stock, and the People's Coal Company's coal lasted five days longer than the other.

Q. What other? A. Anthracite. He said he burned People's coal in the month of January and the others in the month of February. I said that February was colder than January and therefore he would burn more coal.

Q. You are not in the business now? A. Yes, I am in it now. There are a great many people giving evidence about coal who don't know anything about it until they test it themselves.

Q. Do you know any such coal as Bernice coal? A. I do not.

Mr. Stratton.—Q. Do you know it by any other name? A. I do not.

Examined by Mr. Matheson.—Q. Do you know Loyal Sock? A. I have heard of coal of that name.

Q. Do you know Briar Hill? A. According to what I hear there is no such thing now.

Q. I suppose the item for $10,000 for Briar Hill last year must have been some other coal? A. I could not say; I didn't see it and know nothing about it.

Q. You understand that there is no such thing now? A. That is what I have been informed. Another coal may be used under that name.

Q. Briar Hill number one has been used. I find there was nearly $10,000 worth of Briar Hill coal at the London Asylum last year. A. Yes?

Q. You think it might be some other coal? A. Yes; the people are not all angels who deal in coal.

Examined by Mr. Stratton.—Q. Did you ever have State Line analysed by Government analyst? A. Yes, and it compared favorably with the best of coal. I supplied a certain party and they said it was soft coal. I sent a box to the analyst at Ottawa and he reported very favorably, saying it was number one hard coal. They made me pay duty on it at the Customs House, but refunded the money when they found it was hard coal.

Examined by Mr. Matheson.—Do you know any dealer named McArthur? A. At present I don't.

Q. Is he in town? A. No, he has given up business.

Q. Where does he live? A. I have heard that he was on the other side.

G. E. Macdonald, affirmed.

Examined by Mr. Matheson.—Q. Are you an expert on coal? A. I have been in the business a number of years.

Q. How many? A. Seventeen.

Q. Do you know Bernice coal? A. I don't.

Q. You know it when you see it? A. Yes.

Q. Is it the same as Loyal Sock? A. I would not consider it was.

Q. As good? A. I think it would be better.

Examined by Mr. Stratton.—Q. Which do you say is the best? A. State Line.

Q. Are you certain it is not the same as Bernice? A. I don't know.
Q. How does it compare with Scranton? A. Lehigh or Scranton is better.

Q. How much a ton? A. 50 or 75 cents.

Examined by Mr. Matheson.—Q. Lehigh or Scranton is 50 to 75 cents a ton better? A. I think so.

Q. You think you would be getting better coal on a tender of Lehigh at $4.67 a ton than State Line at $4.50? A. I think so. I would pay the difference if buying coal myself.

Q. The difference between these tenders is $4.67 and $4.50. The higher priced one you say is worth 75 cents a ton more than the other? A. Between 50 and 75 cents.

Q. Would you say that there is fifty cents difference in the coal? A. I would say that there is 50 cents difference.

Q. Have you used People's Coal Company coal? A. No.

Q. You do not sell it? A. No. Do not handle it at all.

Examined by Mr. Stratton.—Q. You handle Scranton and Lehigh? A. Lehigh and Reading.

Q. You do not handle State Line? A. I do not.

Q. You prefer selling those which you handle to State Line? A. Of course.

Q. Did you ever purchase any of what is called Lykens coal? A. Two cars last summer.

Q. Is it the same line as Bernice? A. I don't know.

Q. What did you do with the Lykens coal? A. Sold it to our carters at just what it cost. We could not dispose of it otherwise.

R. Christie, affirmed.

Examined by Mr. Matheson.—Q. You are one of the inspectors? A. Yes.

Q. Would you look up the public accounts. Under supplies on page 54 who is the tenderer for coal for the London Asylum? A. The People's Coal Company.

Q. How much was the total paid them last year? A. $13,348.

Q. Will you just read those three lines shewing the amount of coal supplied? A. Yes. (Reads.) Peoples' Coal Co'y (balance, 1899), coal contract: 793 tons 3,490 lb. Loyal Sock at $4.58, $3,555.98; 49 tons 300 lb. Briar Hill at $4.90, $240.83; (1900) coal contract: 1,976 tons 1,470 lb., egg, at $4.73, $9,348.94; 41 tons 280 lb. Briar Hill, $4.90, $201.59.

Q. Now look on page 62, and you need not read all the technical terms in this case; who gets it there? A. The People's Coal Company.

Q. How much is their whole amount on this page? A. $18,377.06.

Q. Have you anything to do with the Brantford Institute? A. No, sir, I have not.

Q. Have you had any complaints from London or Hamilton about the Coal supplies? A. No; not last year.

Q. Had you previous complaints? A. Some years ago it was alleged before this Committee that there were complaints made. It was not in connection with this company.

Q. You have nothing to do with the Brantford Institution? A. No; I have not.

Q. You could not tell the difference between two different kinds of coal? A. Yes.

Q. But not different mines? A. No; I could not.

Q. If I were to ask you the difference between Bernice and some other you could not tell it. You do not know whether they are different or the same? A. I would know the difference by seeing them.

Q. Which is the best? A. I cannot tell you that.

Examined by Mr. Stratton:—Q. Did you ask for an examination or test to be made in any of your institutions in regard to the quality of coal? A. Yes.
Q. Which one? A. London.
Q. Did you get a report? A. Yes.
Q. What was the value of it? A. It was favorable to the coal supplied.
Q. What was the date of the investigation? A. Well, the date of the letter enclosing the report was the 16th of October, 1900, and it was received on the 17th.

Mr. Christie then read the following letter, and part of the detailed result of the test accompanying it. Mr. Matheson said it was not necessary to read all the figures. They could be included in the report of the Committee.

**INSANE ASYLUM, LONDON, 16th October, 1900.**

*Re Coal.*

Sir,—In reply to yours of the 12th inst. on above subject, I have the honor to enclose the report of the Engineer on three tests made as to relative value of Scranton and State Line coals. We have never used any Lehigh coal at this asylum.

I have the honor to be, Sir,

Your obedient servant,

R. M. Bucke,
Medical Superintendent.

R. Christie, Esq.,
Inspector of Asylums, Toronto, Ont.

Mr. Straton continued the examination: Q. Then I understand you had a test between the State Line and Scranton at London? A. Yes.

Q. And the result of that test was that the State Line coal gave better satisfaction than the Scranton? A. Yes.

Q. That it was freer from clinkers? A. Yes; and I think it banked better.

Examined by Mr. Matheson:—Q. When was that test made? A. In October.

Q. Read the engineer's letter.

Mr. Matheson objected that this was not necessary, but Mr. Straton desired that the letter, which was as follows, should go on record, and accordingly read it to the committee:

**LONDON, ONT., 15th Oct., 1900.**

Sir,—We have made a number of tests of the State Line and Scranton coals. I give you the results of three comparative tests shewing the actual evaporation of water per pound of coal; also evaporation from and at 212°.

Amount of ash produced by the various coals; you will see by the per cent. of ash that the State Line coal is a little higher than the Scranton. I do not think the dif-
ference of ash to be of consequence as the amount of water evaporation shows the gain on both our high and low pressure boilers. We can keep a steady pressure of steam much easier with the State Line coal with all work on high pressure boilers. When using Scranton coal we have had to use soft coal to maintain pressure; whereas with State Line coal we keep a steady pressure without trouble. With low pressure or heating boilers the fires are kept banked when weather permits and when steam is required it can be furnished much quicker with the State Line coal. We have tried both coals and the State Line coal gives much better satisfaction. It is more free from clinker than Scranton.

Your ob'dt servant,

ALEX. MACFIE,
Engineer.

DR. R. M. BUCKE,
Medical Superintendent,
London, Ont.

Mr. STRATTON resumed the examination:—Q. Do you take tests throughout the year at the London Asylum? A. It is frequently done.

Q. Do you not as a matter of fact have tests every week? A. Partial tests but not so conclusive as this.

Q. I think if you refresh your memory you will remember that tests are made every week? A. I have not reports of them.

Q. My recollection of the matter is that tests are made every week? A. Yes; but not reported every week.

G. T. MANN, affirmed:

Examined by Mr. MATHESON:—Q. Where do you live A. London.

Q. Are you a coal dealer? A. Yes, sir.

Q. Do you recall your tender for Bernice coal? A. Yes, sir.

Q. What was your tender? A. $3.82 for all sizes.

Q. And Lehigh Valley and Scranton? A. $4.67.

Q. Do you know State Line and Sullivan coal? A. Yes, sir.

Q. How does it compare with Bernice? A. It is the same coal mined within half a mile of it from the same vein.

Q. This is the tender of Mr. Hopkins; I believe he is connected with the People's Coal Company? A. I think so.

Q. His tender is $4.50 for State Line and Sullivan Railway; is that the same as you tendered at $3.82 under the name of Bernice? A. Yes, sir. State Line and Lykens come from the same site. Some people call it Bernice because that is the name of the station.

Q. How does your Bernice compare with Lehigh Valley or Scranton at $4.67? A. There is a difference of 85 cents in the cost of the two coals.

Q. Lehigh Valley is worth 85 cents more than the other? A. It costs us that much more.

Q. Do you know Loyal Socks? A. Yes, sir. It is another name for Bernice.

Q. People's coal? A. Same thing.

Q. Sullivan State Line? A. Same coal.

Q. You tendered for the London Asylum also? A. Yes, sir.

Q. Have you got your memorandum there? What did you tender at London for Bernice? A. $4.10.

Q. For Scranton? A. $4.90. $4.70 for large egg; $4.90 for egg, stove and chestnut.

Q. The People's Coal Company according to this return (I suppose it is legitimate to use this proof sent to the committee), tendered for what kind of coal? A. State Line and Sullivan Railway mine.
Q. What is their offer for large egg? A. $4.45.
Q. And the others? A. $4.73.
Q. That is for hard coal? A. Yes.
Q. You tendered for Scranton $4.70 for large egg as against their tender for $4.45 for State Line large egg. That is a difference of 25 cents more? A. Yes, sir.
Q. You think your coal is worth 25 cents more? A. Yes.
Q. You tendered for Bernice for egg, chestnut and stove at $4.10? Yes, sir.
Q. And they tendered for the same thing at $4.73? A. Yes.
Q. So that you were practically offering the same coal for at least 63 cents less? A. Yes, sir.
Q. And you offered your Scranton coal at $4.90 as against $4.73 for State Line and Sullivan? A. Yes, sir.
Q. That is, you offered coal worth 85 cents more for only 17 cents more? A. Yes. Examine by Mr. STRATTON:—Q. Did you ever have a contract with the Brantford Institute? A. Yes, sir.
Q. In what year? A. Several years ago.
Q. What coal did you supply in your contract? A. Scranton.
Q. Did you ever have your Scranton refused at the Institute? A. Not to my knowledge.
Q. You should be very careful? A. I live in London and would not hear of anything that happened in Brantford.
Q. You are not certain? A. I am not certain.
Q. You say the Lykens coal is half a mile from State Line and is practically the same thing? A. Yes, sir.
Q. How do you know that? A. We have letters to prove it and the diagram of the location.
Q. Were you ever down the mine? A. Yes, sir.
Q. And you swear that the Lykens mine is only one half mile distant from the State Line mine? A. Yes.
Q. Will you swear that it is not three miles? A. Yes.
Q. That it is not two miles? A. Yes.
Q. You say that when tendering for Bernice that you were practically tendering for State Line coal? A. It come on the State Line Railway and is the same coal.
Q. Is the Bernice coal mine being operated? A. Yes, sir.
Q. Are you certain that it is not abandoned? A. We had coal not long ago.
Q. Are you certain that the men have not been discharged and the mine definitely closed down? A. I don't know about recently. I have not had anything recently. The same people have supplied to the Line Company.

Examined by Mr. PRESTON.—Q. And the same to the People's Coal? A. Yes.
Q. You have seen the coals delivered? A. Yes, sir.
Q. And notwithstanding what Dr. Christie has said as to the report showing the People's Coal Company being superior, you think they are the same? A. I think so.

Examined by Mr. STRATTON.—Q. How many years since you handled State Line coal? A. Five years. There is an agent of the People's Coal Company in London.

Examined by Mr. MATHESON.—Q. How long have you been in the coal business? A. Since 1868.
Q. You consider yourself an expert in all branches? A. I am not a chemist but I have been long enough in the business to tell the different coals. There is no comparison between Scranton and Lehigh and State Line and Sullivan.
Examined by Mr. Straton.—Q. Explain what is anthracite? A. I cannot do that, I am not a chemist. It has no bitumen in it.

Q. What is bitumen?
Mr. Matheson.—That is a mere technicality.

Mr. Straton.—Well, he says he has been in the business for so many years and I am asking him these questions for the information of the committee.

Walter N. Hossie, affirmed.

Examined by Mr. Matheson.—Q You are bursar of the Brantford Asylum? A. Yes, sir.

Q. Any complaints of coal this last year? A. No.
Q. As to quality? A. There have been no complaints.
Q. Any sent to the inspector? A. Not that I am aware of.
Q. Any verbal complaints? A. How do you mean?
Q. To the inspector? A. I don’t think so.
Q. I have been told that there were very strong ones. Were they told that they had to take this coal? A. Who?
Q. You or the officers of the institution? A. I was informed that the tender of Hopkins had been accepted.
Q. At so much a ton for State Line coal? A. Yes.
Q. Well, after being used for some time was any opinion expressed as to the quality? A. I don’t know.
Q. Did you hear any opinions? A. Whose opinions?
Q. Officers or employes of the institution? A. The workmen complained that there was too much ash to take away. That is the only complaint.

A. H. Dymond, Principal of the Institute of the Blind at Brantford, affirmed.

Examined by Mr. Matheson.—Q. Any complaints from employes as to coal last year? They grumbled.

Q. What about. Quality? A. Well, the trouble it gave them chiefly.
Q. Not burning well? A. It burns well enough and is splendid to give out heat. It gives them trouble, that is the ground work of their complaint.
Q. Does it burn very fast? A. I would not like to speak positively. I should say it is a free burning coal and no doubt there is a large amount of ash. The workmen have to wheel the ash out up an in-lined plane in the yard. That gives them trouble. It requires more stoking sometimes.
Q. Does it burn more in a given time than any other coal to get the same amount of heat? A. I would speak cautiously as to that because so much depends on the climatic and atmospheric conditions.
Q. Did you mention these complaints to the inspector? A. I may have told him as I have told you that these men were grumbling. I never made any official complaint. I understood that this was coal for economical reasons—especially selected; that they were fully aware of its quality, and that neither an engineer nor inspector was required to tell them more than they knew.
Q. This is interesting; go on? A. We had an article the qualities of which were perfectly well known and had been tested in other institutions.
Q. You were told you had to take it? A. No. I never said anything of this kind. When a government makes a contract we assume that its officers take what they send us. If the wrong article is sent, as has been the case with coal, we reject it without the slightest hesitation.
Q. Suppose authority was given to get your own coal, and you were offered a better coal—some say that Scranton is better than this—at a little higher price, which would
you take? A. I would make a very careful experimentation. I would not like to say which I would take. I have no reason to suppose that it is more expensive or less expensive than Scranton. I assume that money is being saved by this coal, and I understand that that is the reason for its use.

Q. Suppose that the price may be a little cheaper and yet you burn more, it may be more expensive in the end owing to burning more. If there is more ash does it not follow as a result of what you have told us that more tons of coal are burned than other coal—because there is more ash—generally speaking? A. I do not like answering hypothetical questions. You asked me about the present coal, and I have no reason to think that it is worse than any other from an economical point of view. In the first place I think the government certainly goes to work to find out about it.

Q. Do you think you burn a large quantity? A. I do not think that we have. In one instance, in my own house I think we burned less. In regard to what has been burned in the institution I think we burned rather more, probably. It has been a steady winter.

Q. What amount the year before? A. I think we had this amount for three years.

Q. You are not in a position to judge with other coals? A. Not to test it. I never had an experimental test. We have sometimes tested coal when it has come in small quantities.

Q. What coal did you use before this? A. I presume it was Scranton.

Q. Do you recollect what you burned? A. We burn about the same quantity every year.

Q. I suppose you freeze if you burn out? A. No, we don't freeze.

Examined by Mr. Stratton.—Q. As a matter of fact you have all that you require? A. Yes; the buildings are too warm if anything.

Q. I suppose various temperatures make a difference in the quantity? A. Well, in this way; in severe weather, ten or fifteen below zero for instance, we keep up steam until 2 or 3 o'clock in the morning. Generally we shut off steam at about 11 o'clock.

Q. Some seasons are longer? A. Oh, yes. It we had finer weather we should not have to burn more.

Q. Do you remember Mr. Mann having a contract some years ago? A. Yes.

Q. Did you have occasion to reject his coal supplied while under contract? A. Yes. We declined to accept first deliveries in one or two instances. We have done that with other people.

Q. If not satisfactory you reject? A. Yes. For one thing the rejected coal was found to contain considerable quantities of foreign matter. That has been the cause of rejection until it was remedied. In the case of the People's Coal there is nothing of that kind.

Q. Clinkers? A. Yes. The foreign matter I speak of makes clinkers but it is slate or imperfectly formed coal. That is what we look for with the first deliveries. That is why I rejected Mann's coal on the first occasion.

Examined by Mr. Matheson.

Q. When was this? A. Nine or ten years ago.

Q. It might be more? A. Well a year or two. Memory is not so certain. Mr. Mann has contracted two or three times. We regarded him as one likely to supply us, and we always have a little discussion over the first deliveries.

Q. You are not at present making any comparison between his and the People's Coal Co.? A. Not in the least. I simply understand that the People's Coal was selected.

Q. Who selected it?

Mr. Stratton.—He does not know except that the People's Coal Co'ly supply coal there. Coal contracts are advertised for and the tenders accepted of the various coals on their merits. I do not know where he gets his information that the government said so and so.
Mr. Dymond — When I speak of the government I mean of course the department.

Mr. Matheson.—The inspector is the one who you would have any talk with? A. Yes, on various affairs of management. I have not heard one word with regard to the views of the government, as a government. If I used the word government I do not think I used it in that sense. I have never heard one word implying that the government or the minister at the head of the department had any personal views. The coal comes like every other contract approved by the inspector, and when he speaks we suppose he represents the department. You can readily understand that when referring to the department we frequently say the government, though of course the department is meant.

Examined by Mr. Stratton: Q. You say that there was no slate in this coal? A. I have not seen slate in it.

Q. Burns cleanly away? A. Yes, pretty cleanly.

F. V. Clisdel, affirmed.

Examined by Mr. Stratton: Q. What is your occupation? A. Coal merchant.

Q. What coal do you sell? A. State Line.

Q. Are you an officer of State Line as well as People’s Coal? A. Yes, I am general sales agent of State Line as well as an officer in the People’s Coal Co.

Q. What quantity do you sell in Canada? A. Over 100,000 (one hundred thousand) tons per annum.

Q. Where is your mine located? A. In the mining town of Bernice, Pennsylvania.

Q. Do you know the coal called Bernice or Lykens? A. To explain what Lyken’s vein coal is I might have to go into the history of that mine. Some eighteen years ago our company controlled the entire region at Bernice. Our breaker is situated in the heart of Bernice and all the houses in the town are owned by our company. Towards one end we put in a drift mouth and probably expended $40,000 or $50,000 upon it. We also went over about four miles from where we formerly took out coal. Some twelve years ago we began mining coal from the centre of our bed and leased the outerop coal. This burns considerably different and it made a difference in the sales and caused trouble in the selling. Finally it got to such a condition that I simply threatened to resign if that coal continued to be mixed with ours. The company thereupon decided to abandon that work, notwithstanding the $40,000 or $50,000 which had been expended. We then had a law suit in the courts of Pennsylvania over the royalty. We proved the inferior value of the coal and we did not have to pay the royalty. Some two years ago we allowed a man from Yorksboro’ to put a shaft in this piece of property and run it. This is Lyken’s coal, and they call it the Lyken’s Vein Coal Company. They called it Bernice coal and have tried to sell it upon our reputation. It was nothing but an attempt to get our company to buy them out. They only ran two, three or four days in January and February and now they have shut down. Our company is mining four miles away from the Lykens.

Q. You have heard the statement by Mr. Mann that the Bernice coal mine is only half a mile away from the State Line Mine? A. Lykens and Bernice have got to be the same; they are on the same location. We are mining as I have said four miles away. You will notice on this diagram (produced by Mr. Mann), the locations. When we were rushed for orders some four years ago we did get some coal from the location marked Bernice & Lykens, but were compelled, owing to its quality, to sell it at a less price. We mine now exclusively from our own belt and are selling as high as any coal on the market.

Q. What is the price of Scranton? A. Six dollars.

Q. And State Line? A. Six dollars.

Examined by Mr. Oaldwell:—Q. I understand you that the coal considered worthless is out of Bernice? A. The coal often sold as Bernice is out of the mine which we utterly abandoned.

Examined by Mr. Matheson:—Q. Have you any coal which is sold as Bernice? A. No, sir, we do not sell any as Bernice. It may be named Bernice by other parties because
as I have pointed out in comes from the same region. Our coal is State Line and Sullivan. This Lyken's coal comes from the bad part of the region. It is a known fact that there can be a vein of anthracite and bitumen on the same piece of property. You will find on the same piece of ground a vein of bituminous and anthracite and there is a very distinctive difference in the two coals.

Examined by Mr. Stratton:—Q. What is anthracite? A. A coal in which the proportion of volatile matter is less than one-tenth of the fixed carbon in the coal, and in burning it will not smoke. Bituminous coal runs over one-tenth, generally one-fifteenth.

Examined by Mr. Matheson:—Q. Is Mr. Hopkins of Brantford your agent? A. We sell outright to him.

Examined by Mr. Stratton:—Q. The quality of coal supplied by you and your agents is the best quality? A. Yes. We supply State Line coal and none other.

Q. Is Lyken's coal sold in Canada to-day? A. We have never met it in competition and I do not know whether it is being sold here. The representative of that company at Bernice asked me to take it off his hands; asked me to sell it for him. I told him I would like to oblige him but could not think of doing so after our experience with the coal.

Q. What is your opinion in regard to the quantity of ash as to heating qualities? A. The amount of ash has no relative value.

Q. As compared to steam value? A. The value is in the amount of water evaporated to the pound of coal. Some of the coals evaporating the highest amount of water give the largest amount of ash.

Examined by Mr. Matheson:—Q. You say that you sell only State Line coal. Is that the same as Loyal Sock sold last year to the London asylum? A. Some ten or twelve years ago we sold our coal from this bed and termed it Loyal Sock but we have not sold any under that name for years, but the authorities at London having dubbed it that name, I suppose, still call it that. I do not know what our representative at London who sold it called it.

Q. You sold the coal at London? A. No; my brother.

Q. Any at Hamilton? A. Yes, sir.

Examined by Mr. Preston:—Q. Is the coal which Mr. Mann offered as Bernice the same quality as that supplied by Mr. Hopkins? A. It is not the same quality. Mr. Hopkins supplied State Line coal.

H. E. Taylor, New York, affirmed.

Examined by Mr. Stratton:—Q. What is your occupation? A. Manager of the Acme Anthracite Coal Co., New York City.

Q. Do you have full charge, including buying and selling? A. Yes.

Q. Do you purchase State Line coal? A. Yes.

Q. What quantity? A. Last year about 20,000 tons.

Q. Have you ever purchased coal known as Bernice or Lykens? A. Yes. About a year ago I bought from the Lykens Coal Co. what they call Lykens vein coal. I got about 2,000 tons.

Q. How did you come to purchase that? A. Well, the State Line apparently could not furnish us with the coal we wanted. After begging a long time I took a trip to Bernice to see if I could not persuade them to let us have some coal. I could not get it and I took a walk over to the Lykens and saw W. B. Gunton. He wanted orders and had plenty of coal, so I concluded to buy about 2,000 tons, though I know I ran a risk because I was not certain of, it in regard to quality.

Q. What was your experience with it? A. It was bad. I would not buy it again under any consideration or at any price. It hurt my trade.

Q. What price do you get in New York for your State Line coal? A. The regular prevailing prices, $5.75 a ton.

Q. How much do retailers there get for Scranton and Lehigh? A. Same prices.
Q. So that you get the same prices for State Line as the prices for those other coals?  
A. Yes.

Q. What is your opinion of State Line as a steam coal?  
A. We like it very much. So much so that we have handled it exclusively and turned down all others, and made a trade to deal with this.

Q. What is anthracite?  
A. It is a coal whose volatile matter is less than one-tenth of the fixed carbon in the coal. Bituminous coal runs over one-tenth, generally one-fifteenth or over half.

Examined by Mr. Preston:—Q. If you were offered Scranton at $4.67 and State Line at $4.50 which would you buy?  
A. The cheaper coal.

Q. Do you consider the value of State Line at $4.50 as good as Scranton at $4.67?  
A. I certainly do.

Examined by Mr. Stratton:—What is your opinion as to Bernice and Lykens?  
A. They are the same. My experience is that we had to stop delivery of the 2,000 tons we bought, and finally sell it to peddlers at $4 a ton and were glad to get rid of it at that price.

Mr. Clisdell recalled.

Examined by Mr. Stratton.—Q. Is what is termed Lykens and State Line the same?  
A. If you asked me if Bernice and State Line are the same I say it might and might not be true, because as I have several times pointed out the point of shipment is the same, and some people might apply both names when they meant the one coal. State Line, I repeat, is utterly different to Lykens and the latter might be called Bernice because it is also shipped from Bernice station. But Lykens, often called Bernice, does not begin to compare with State Line.

Mr. Matheson.—These long explanations are out of the way; they don't come in at all.

Mr. Clisdell.—You desire information, as I understand it. A number of years ago Mann & Sons had a contract with the Government for Bernice or State Line and Sullivan as coal is generally known now, and they could not get it.

Mr. Stratton to Mr. Mann.—Will you point out on the map the point where the Lykens coal comes from?

Mr. Mann pointed out the spot on the location marked "Number 2," and through which a line was drawn, the left side of the location being marked "Lykens" and the right "Bernice."

The Chairman.—And that is the locality where the Lykens comes from?

Mr. Stratton.—Mr. Mann says that the Bernice and Lykens come from the same spot.

Mr. Matheson to Mr. Clisdell.—You are getting nothing from there (location No. 2)?

Mr. Clisdell.—Nothing; we abandoned that entirely.

Mr. Clisdell at the request of the Chairman again pointed to the spot where the State Line and Sullivan coal is mined, some four miles away from location No. 2.

The Chairman to Mr. Clisdell.—You agree with Mr. Mann as to the location of Lykens and Bernice?

Mr. Clisdell.—Yes.

The Chairman to the Committee.—They have agreed that the site which Mr. Mann calls Bernice, and Mr. Clisdell calls the Lykens is exactly the same place, and it is the
place where Mr. Taylor stated that he had procured two thousand tons of coal which he said was bad and he would not buy it again at any price. He had to dispose of it to peddlers in New York at $4.00 per ton and glad to get rid of it.

Mr. Matheson to Mr. Clis dell.—One of these tenders says Loyal Sock and Briar Hill; is your coal known as that?

Mr. Clis dell.—No, sir. The term as I have said before might be used the same as one might apply the name Bernice to the coal from all over the region, because it is shipped from Bernice Station. But our coal is State Line and Sullivan coal and is sold as that no matter what others may call it.

COLONIZATION ROADS.

Henry Smith, Affirmed:

Examined by the Chairman.—Q. You are a clerk in the Colonization Roads Department? A. Yes.

Q. You have a statement as to expenditures on Colonization roads. Is it correct A. Yes.

Mr. Smith laid the following statement on the table:

**GAME WARDENS.**

PUBLIC ACCOUNTS COMMITTEE,

March 28, 1901.

E. TINSLEY, sworn:—

Examined by Mr. MATHESON.—Q. Mr. Tinsley, you are Chief Game Warden?

A. Yes, sir.

Q. What position has H. K. Smith?  A. He is one of the four salaried wardens in charge of a district. The Province is divided into four districts, with a salaried warden in charge of each district. Mr. Smith has charge of one of the districts.

18 J.
Q. What counties does it take in? A. It takes so many in that I cannot tell.

Q. Is it from Hastings east? A. Yes, all the eastern counties.

Q. Who is Wesley Huff? A. He is a county constable and deputy game warden.

Q. Under Smith? A. He is in Smith's jurisdiction.

Q. Does Smith make his return of fines to you? A. Yes.

Q. Has he reported any fine against a man named Atkinson Wild for killing deer? A. Mr. Smith does not collect all the fines, you know. There are cases which he has prosecuted before magistrates where the magistrate collects the fine and remits it to the Clerk of the Peace or the Treasury Department.

Q. Has he collected any fine in the case of Wild? A. I cannot tell without looking into it.

Q. Can you tell from the report? A. I have not got the report here.

Q. Do you remember whether he has returned any in the case of a man named Charles Rombough or John Lookridge? A. On what case was that?

Q. The three together, Wild, Lookridge and Reid? Did you get any, were they returned? A. They have been returned by the magistrate to the Government.

Q. That is, the Government's portion? A. Yes.

Q. When were they returned? A. A few days ago.

Q. How much was returned? A. $30.

Q. Had you any trouble getting it? A. I had no trouble getting it. Mr. Smith called my attention to it, asking if it had been repaid into the treasury. I enquired, found out they had not, wrote to the magistrate, got a letter from him, and he has returned it.

Q. Are complaints being made to you about Smith? Was any complaint made that Smith went to these men a second time, after they were fined, for the same offence? A. No complaints have been made direct to me.

Q. Are you aware of complaints being made? A. Yes, I saw copies of some correspondence.

Q. What was the nature of the complaint? A. The complaint was the parties thought they should have the money refunded to them on the second conviction, or having the second information laid against them.

Q. Was it charged by them that Smith got money from them a second time for the same offence? A. He did not.

Q. The second time for the same offence? A. No, that is wrong. You have been misinformed.

Q. Do these men charge that after being once convicted Smith went to them and collected $15 apiece from them? Had you heard that? A. It was on a second information.

Q. Did you hear that he got $15 apiece? A. Yes.

Q. For the same offence for which they had already been fined? A. No, that was a part of the fine for the first offence.

Q. It was the same deer? A. Yes, the same deer.

Q. I understand he says they were out more than one day? A. So it was more than one day, and the fine was for the first day, and he told them that he would prosecute them for the second day.

Q. Start from the beginning? A. These three men were prosecuted, taken before the magistrate, or rather, when it was found that Mr. Smith was getting evidence against them, they went and got one of their friends to lay the information against them, so as to defraud the real informant out of his portion of the fine and get it paid back to themselves. Mr. Smith wrote to me after this was done and asked my advice. He told me that these men had been hunting on four separate days and this offence that they were convicted on was committed on the first day. I instructed him on account of their sharp practice to lay a further information against them.
Q. Was that information prosecuted? A. No, sir. The defendants came and offered to pay Mr. Smith—to refund his portion of the fine that they got paid back to themselves through their sharp practices, and to let the matter drop. And he, wishing to be lenient to them, did that.

Q. Did Mr. Smith go to them, or did they come to him? A. When?
Q. To get this money? A. It is not very likely that he would go to them unless they went to him.
Q. How much did he get, $15 apiece from them? A. I believe so, $45 altogether.
Q. Did the Government get any part of that? A. The Government had no right to it. The Government got their share of the first fine.
Q. That was a fine of $20 apiece, or $60 altogether, and the Government would get $30 of that? A. Yes.
Q. Did the Government get anything of the other $45? A. That according to the Act belonged to the informant.
Q. But there were some costs in connection with the second case, such as the getting of witnesses. The Government got nothing out of the second case? A. We were not entitled to any.
Q. Surely a Government officer cannot go to a man and say, "If you don't pay me $15 I will bring you up again," and then collect this $15; is that what he did? A. No, sir, he has got the receipt of the man, the informant, that he paid his portion of the fine to him. I know what you are working at; Mr. Reid wants to get the informant's name.
Q. I want to stop this blackmailing process. As I understand the case, it is this: These men were prosecuted, at least, the information was laid by one of their friends against these men, and they paid the fine, $20 apiece, and the Government got half of that amount. and the informant the other half? A. Yes.
Q. Then Mr. Smith lays a second information for hunting on a different day, and for that he takes $15 apiece from these three men? A. He took $5 each for the costs, for the extra costs incurred, and the $30 that belonged to the original informant, that they had by their sharp practices contrived to deprive the original informant of.
Q. And he kept that? A. No, sir.
Q. Has he returned it to the Government? A. No, sir, it does not belong to the Government. He paid it to the informant.
Mr. Stratton.—What has he done with it? A. Paid it to the informant.
By Mr. Matheson.—Q. Who was the informant? A. That is something I cannot tell.
Q. Was he the informant himself? A. He was the prosecutor.
Q. Did Huff lay the information? A. I do not think that question is necessary.
Q. This system of blackmail is going on through the whole country, and we want to get at it. We are informed that this Smith and Huff are blackmailing. I want to know who the person was who laid the information? A. That is a thing I cannot get at.
Q. Who laid the information before the magistrate? Was there any information laid before the magistrate? A. Yes.
Q. Which magistrate? A. The magistrate who tried the case.
Q. Do you know who laid the information before the magistrate? A. No, sir.
Q. Do you know where Mr. Smith is? A. I do not, unless he is down somewhere along the Algonquin Park, with Mr. Willmott. I sent them away there a week ago.
Q. He was up here about a week ago, wasn't he? A. No, two weeks ago.
Q. Has Mr. Reid complained to you about this matter? A. Mr. Reid saw Mr. Smith at that time.
Q. And you are aware that some steps were being taken about this matter? A. I was not told any action would be taken. If I had thought you had wanted him here, I would have kept him here no matter what circumstances.
Q. Is Mr. Smith a magistrate? A. He is a Justice of the Peace under the Ontario Game Protection Act.

Q. In that case—if you will look at page 28 of the last Game Commission report, you see the case there against Henry Smith? A. Yes, sir.

Q. Who is reported there as the prosecutor? A. H. K. Smith.

Q. That is the game warden? A. Yes.

Q. What is the name of the magistrate in that case? A. H. K Smith, Justice of the Peace.

Q. Same man? A. Yes.

Q. What is the prosecution for—having game birds in possession? A. Yes.

Q. And what is the result? A. Dismissed on payment of costs.

Q. So that this man practically is the prosecutor and the magistrate and dismisses the action on payment of the costs. Do you think that is proper? A. Mr. Smith never takes any costs. He is not entitled to any. He doesn't take any at all.

Q. You cannot tell from your own knowledge whether he takes them or not? A. Any costs in connection with that case would be for the constable and the serving of the summons.

Q. It might also cover the case of going to the man and making him pay up a certain amount for costs? A. No, sir. He acted very leniently with these other men in trying to prevent any further trouble to them, and this is the reward for it.

Q. Did you hear, Mr. Tinsley, of any man being prosecuted by Mr. Huff or Mr. Smith, and fined $30 for killing a musk-rat in his cellar out of season? A. No, nor anybody else.

Q. Where did you send Mr. Smith? A. I sent him away nearly two weeks ago.

Q. Where to? A. To Madawaska.

Q. Is it possible to get at him there? Is he within a few miles of telegraph? A. I cannot say, he might be, or he might be on his way back again. It was a case of snaring deer that was reported to us. I arranged that Warden Willmott should go down from the north and meet him down there, and they have been there since last Wednesday week.

Q. Have you got the details as to what these fines were? A. I have not got the details except as they appear in Mr. Smith's report.

Q. What is that (producing document) is that a statement of the fines reported by Mr. Smith? A. It is a statement of the amount of fines paid direct to me by Mr. Smith for last year and up to date as asked for by Mr. Reid yesterday.

Q. What is the total of it? A. $286.25.

Q. How much of that was paid in the other day? A. $128.25.

Q. Did you write to him specially to get that in? A. Never have any necessity to do that.

Q. Did anybody? A. No.

Q. Did you write to the Magistrate? A. I wrote to the Magistrate about the $30 that Mr. Smith reported, and which I found had not been paid into the treasury.

Q. Is that part of that? A. No, sir.

Q. When was that paid in—the thirty dollars? A. I ascertained from the Treasury Department yesterday that it had been paid in.

Q. When? Not more than two or three days ago? A. I only wrote ten days ago to the Magistrate.

Q. When was the conviction made? A. It was last fall. I think it was before the open season for the deer.

By Mr. Reid:—Q. You were in your department when Mr. Smith and I had a conversation? A. I do not think I was in the office when you were there.
Q. You say in your evidence that Mr. Smith laid the information against these parties for the second offence? A. Yes, sir.

Q. How do you know? Do you know it for a fact? A. I know it from Mr. Smith’s return, what he reported verbally to me.

Q. Are you aware that about a month ago Mr. Smith and Mr. Huff went to these three parties, who had in time past gone and paid their fine, the information having been laid which covered the week that they were back fishing in this lake, that Mr. Smith and Mr. Huff went to these parties and told them that if they did not give them $45 they would lay the information against them again and have them convicted again? A. The information was not laid against them.

Q. Mr. Smith told me that the papers were all out, that they were served. They simply went to these parties and told them they would have to pay $15 each more. Are you aware of that? A. I think he was right and I think the case was properly withdrawn before the Magistrate.

Q. Do you think that Mr. Smith should go there again and have these parties punished again for the one offence? A. They were not fined the second time for the one offence.

Q. Were not? A. No.

Q. Why was the information laid the second time? A. It did not come to trial.

Q. Do you think Mr. Smith has authority to take money from these people without laying an information, without a trial? A. He certainly has the right to take money from these people who had, by their sharpe practices, deprived the original informant of what was due to him. That is the money that was paid. This was not an additional $10 from each of them; it was just the original $10 that they had returned to them by collusion with some friends of theirs.

Q. And he went to these parties and told them he would have an information laid against them for a second offence? A. Yes.

Q. That had nothing to do with the first offence? A. No.

Q. No connection whatever? A. No.

Q. They were not fined or tried, but Mr. Smith accepted the money from each of the three parties? A. They elected to do this to have the other case withdrawn.

Q. No part of that money came to the Government? A. No, no part belonged to the Government. The magistrate remitted the Government its share of the first fine.

Q. The Attorney General is considering this matter at the present time. There are other cases. Did you hear anything about Mr. Smith and Mr. Huff going to men by the name of Huffman and taking $50 from them last fall during the open season? There was a stray deer came down to the front in my county, and there were several parties took after him. Some of them took shotguns. They did not shoot at the deer, but they took after him for some distance. Are you aware that Mr. Smith and Mr. Huff went to two of these parties and took $25 apiece from them—Wilfred and Levi Huffman? A. Was the case tried?

Q. I do not know. They got the $50. Did you hear anything about that? A. They were hunting deer out of season.

Q. Did you hear anything about the case? A. No. If such a thing was done I feel convinced that the fine was paid into the Treasury, that the Government got a portion of it.

Q. You don’t know whether they were fined or not? A. I can find out in the reports that are received every day nearly from the wardens and deputies all over the Province.

Q. I asked you yesterday for a copy of that report in detail? A. We have not got all the reports in yet from the deputy wardens.

Q. You have received last year’s? A. Last year’s cases won’t appear until next year. We are working on them now. Consequently I say the convictions are so late
getting in that we cannot get them in the report for this year. The cases are one year
back. A clerk is working on them now as fast as they come in.

Q. Your opinion is this: Mr. Smith being a magistrate, can go to a party of men,
and after fining them make a settlement with them, take the money and have no part of
it given to the Government? A. Mr. Smith is not in the habit of doing that, but I think
the Act gives him power to make a settlement without trial.

Q. You think it does? A. Yes.

Q. It doesn't give other magistrates that power? A. A variety of magistrates get
that right under the Act. The accused pay the fine—they elect to pay the fine—without
any other action being taken.

By Mr. Matheson.—Q. In that case they are returned to the Government? A. Yes.

Q. They do not take $15 and keep it? A. Who has taken it? You had better not
talk sharp. I have sufficient confidence in Mr. Smith that he doesn't do it.

Q. You have admitted that he got $15, that he kept $5 for expenses and $5 went
to the informants? A. The informant gets it, and not Mr. Smith.

Q. The Government did not get anything out of that second $15? A. The Govern-
men had no right to it.

By Mr. Reid.—Q. Did you hear anything of a case of Mr. Thomas Clancy, tried
about a month ago? A. Yes.

Q. It was dismissed, wasn't it? A. Yes.

Q. Do you know anything about the evidence Mr. Smith had in laying the infor-
mation against him? A. Yes, they were hunting deer out of season.

Q. Consequently two of them were convicted and two dismissed. You do not
know the kind of evidence he had against these men? You are not aware that he had
no evidence whatever to try these men. He put them to a lot of costs. A. I think
Mr. Smith, if he was prosecutor or informant, would not take them before a magistrate
and incur costs without the evidence was sufficient to get a conviction.

Q. Are you aware that at the trial at Enterprise, after Mr. Smith had produced his
evidence and the case was dismissed, the defendant asked those present, about 200 persons,
if they were dissatisfied with the two officials, and the manner in which they carried out
the law, to stand up? Are you aware that every man in the room stood up? A. I do
not suppose there would be any difficulty in getting twice that number of men in that
vicinity to do the same thing. That is a good deal of the case of

"No rogue e'er felt the halter draw,
With good opinion of the law."

Q. Mr. Tinsley, do you suppose that if they were carrying out the law or the spirit
of the law, that these people would be against them? A. I do not know. It has often
been a conundrum to me that so many of our legislators assist in making the laws, and
when those laws are violated by some of their friends who are brought to time, use every
means possible at their disposal to try and assist the friends.

Q You should not be insinuating. Have you any idea when Mr. Smith can be got
here? A. I have not. You know just as much about it as I do. If you had given me
any hint at the time you brought it up, Mr. Smith would never have left Toronto until
he had been here to vindicate himself. He may be here to-day, or he may be here to-
morrow, or it may be a week before he gets out of the woods.

Q I understand you sent Mr. Smith to some place. Can't you have some communi-
cation with him; don't you know his address; can't you send to him? A. I can tell
to 20 miles where they may be when they get into the woods, but they should be
about through now.

By Mr. Matheson.—Q. Do you check the fines returned here with the receipts in
the Department? A. A great many of these fines never see me at all. They are sent
by the magistrates to the clerks of the peace, who then send them direct to the Treasury Department.

Q. Is there no check made on them just to make sure that the Government are getting their share? A. Yes.

Q. Who does that? A. We check them.

Q. Here is a case: look on page 24 of your last report. Wesley Huff lays an information for killing a moose against Sampson King and Carl Bowbough, and each is fined $20? A. Yes.

Q. That is in the district of Lennox? A. Yes.

Q. $20 each? A. Yes.

Q. Is that the same offence? A. That is the same offence, but it is an error in compiling the statement.

Q. So that there was only one return? A. Yes, only one case.

Q. How is it that Huff is the prosecutor in the one case and Smith in the other? A. Smith sends the report of the case that he is magistrate in and we get the sheet from Huff with the case, as from each of the deputy wardens. The clerk has made a mistake in not eliminating this.

Q. That was only one fine then? A. Yes. We got the proper proportion of it.

By Mr. Latchford:—Q. I suppose you have great difficulty in getting at the men who hunt moose and deer illegally? A. Yes.

Q. And in certain districts, it is not very popular to prosecute them? A. No. We have very great difficulty in getting evidence, and in consequence, in the interests of justice we have to keep quiet the source of evidence, or we would never get that evidence.

Q. When did you know that Mr. Smith had been desired to give evidence before this committee? A. Last night.

Q. And you sent him away when? A. Nearly two weeks ago.

Q. So that his going away had nothing to do with the fact that his attendance was desired here? A. Nothing whatever.

By Mr. Matheson:—Q. You knew about this matter before he went away. You knew it was being complained of before he went away? A. I sent him up to see the Attorney-General in consequence of some correspondence with Mr. Reid.

Q. That was before he went away? A. Yes.

By Mr. Latchford:—Q. This amount of $30 paid in by the magistrate, was that at any time in Mr. Smith's hands? A. In this case?

Q. Yes. A. It never was in his hands at all. He had nothing to do with it at all. Mr. Reid:—Mr. Smith knew that this matter was not settled when he went away. You know by the understanding between us I said that I would bring the matter up in the House. He suggested going to the Attorney General. I said I was willing to go to the Attorney General before going to the House. He was aware that it had been decided what course to pursue in reference to the matter when he went away.

H. K. Smith, sworn.

By Mr. Matheson:—Q. You are game warden in Eastern Ontario? A. Yes, sir.

Q. What territory do you cover? A. All east of the County of York, and sometimes up in the lower edge of Nipissing around the eastern boundary. No limited jurisdiction, but for convenience, if I can get up cases better, I take them.
Q. Who have you under in it? A. A number.

Q. What position has Wesley Huff? A. Deputy Warden.

Q. What pay? A. Half the fines when he lays the information.

Q. There is a charge made in connection with three men, Wild, Lockridge and Reid, that you got $15 from them. Will you explain the circumstances? A. Yes. Late in October, 1900, I had an information given to me that three men had been hunting on Loon Lake.

Q. Where is that? A. In the Township of Anglesea, Addington County.

Q. Whereabouts is that from the St. Lawrence? A. About 44 miles from Napanee.

Q. About 50 miles north? A. Somewhere about that. After receiving that information I went to hunt up evidence. I found they had got there a certain day, remained there a certain length of time, that they had been fishing and hunting deer in the lake, and by some means or other they had found that I was on their track. As a result they had an information laid against themselves and were fined. I did not hear of it for some little time, but when I did I enquired as to the circumstances whether it was so or not, and found it was so. There was strong evidence that it was collusion with their friend the informant, to escape the prosecution I had intended.

Q. Had you actually laid any information? A. No, not at the time. Well, I reported the case, and stated the facts.

Q. To whom? A. To the Chief Game Warden, Mr. Tinsley. I said this sort of thing should not be permitted, that they had escaped from their full responsibility, that there was no investigation to show the extent of their culpability, and that I had information against them for hunting on four or five different days; and that if this thing was allowed to go on, the result would be that everybody, as soon as they knew the warden was after them, would find someone to lay the information against them and get off for half the fine prescribed under the laws. My instructions were to lay a further information against them, which I did. When I got time to go on with the case, it was some time afterward, because I had been busy all winter, I had the summonses issued, put them in the hands of the constable to serve and went out with the constable.

Q. Who was that? A. Wesley Huff. I saw the report that is in the newspapers of yesterday's evidence here, and would like to say here and now that so far as Huff's responsibility is concerned, he was merely acting in the capacity of constable in serving the papers.

Q. What did you do? A. After they were served on one of the parties I said: "You had better go and see the other parties and endeavor to meet them." We had to go to another place, and by taking the opposite two sides of a square we could be at the house of another of these parties, taking in the three men in that way. So we met them at Reid's house. I said: "Gentlemen, the reason I am here is to talk this matter over. We are on our way back to Oloyne to serve the witnesses. The expenses for witnesses and witness fees will be about $28 or $30 which either you or I will have to pay, and I would like to talk the matter over with you. I have a proposition to make." Wild said: "You need not go and serve the witnesses, because we acknowledge we hunted on the four days specified in the summons, and if we are fined it will be on entirely different grounds." I said: "On the ground that you had already been tried on this case and could not be prosecuted again. To show you I am not vindictive, I came out to make a proposition. By the action you took," I said, "You got $10 back which did not belong to you and which ought to have gone to another source, had the case come up properly. And to show you I have no desire to punish you any further than you have already been punished,—that is, the $20 fine,—"if you will pay back the $10 each that you got back and pay the costs of this case as far as gone, I will withdraw." They agreed to do it, and the understanding was that they would go down to Napanee to the Police Magistrate, next morning, and settle the case. Mr. Wild came down, but before going to the magistrate's office, I have reason to know, he consulted a solicitor who came into the magistrate's office, and asked to see the information. I was there expecting Mr. Wild. The information was produced and he looked it over and turned to me, and said: "How are you going to get over the litigation of the past?" I said: "I am not going to try. My
case was only tried for one offence, as against four liable for." He said: "I understand the information specifies the dates you have already mentioned in your information." I said: "No, the original information said that between the 2nd and 3rd they had unlawfully hunted deer. My information is that on the 4th, 6th, 8th and 9th they unlawfully hunted deer." I said: "I am willing to admit they have been fined for one, and they can elect on which one, and will proceed on the other three." He said he would not argue the point. I said I had asked them to return the $10 which did not belong to them, but to the original informant, and by paying the costs so far incurred in this action I would withdraw the case. Mr. Harrington said: "I do not think you have asked anything unreasonable, and I think it ought to be settled at that. I do not like these proceedings myself, and think they ought to be stopped." He went out. Ten minutes afterward Mr. Wild came in and paid the $10 each and the $15 costs on the summonses issued, and the magistrate's fees, and so on.

Q. What case was that on? A. The costs were paid on my information. The case was discharged by the magistrate on the payment of $45, including costs.

Q. How much of that was paid to you? A. Thirty dollars was paid to me.

Q. Who got the $15? A. The magistrate and the constable.

Q. How much did the magistrate get? A. He would be entitled to $2.50, I think. They divided that among themselves.

Q. How much did the constable get? A. His mileage and service and attendance at court after serving the papers.

Q. Have you been in the habit of doing this thing very often? A. Not very often.

Q. Who else did you do it with? A. I have been in the habit often of letting people know I had an information against them, and that while I did not presume they were guilty or anything of this kind, that if they wished to correspond with me, or see me, before costs were incurred, I would give them the opportunity of doing so. Very often they would admit the offence and the minimum fine was imposed without any costs. You understand, Colonel, that in a great many of these cases the witnesses and defendants are a long way apart, involving large expenses for proceedings of trial, which I am not willing to put on the defendants, and which I am not willing to have the government pay if the case is not a good one.

Q. Do you take the money for the informant in these cases where they settle? A. Yes, I pay the informant.

Q. If you lay the information yourself, does the Government get anything out of it where there is no conviction? A. Not unless it is a case which I worked up from the start.

Q. Does the Government get a half? A. Yes, where the informant is not a deputy warden. A deputy warden without salary gets the whole fine.

Q. Under the act? A. Yes, sir. An informant who is not a deputy warden would get half the fine.

By Mr. Stratton:—Q. Where you work up the case and lay the information, does the fine go to the Province? A. Not in all cases. If the case has been sent to me and I go and look up the evidence and prosecute, I pay the informant half the fine.

Q. Where you originate the case? A. The whole fine is returned and goes to the Province.

Q. Where the case is settled by you and you are furnished with the information, then you dispose of the fine how? A. Half to the Province and half to the informant.

Q. You do not retain any portion of it yourself personally? A. Certainly not. The law debar any portion of the fine coming to me. Where the deputy warden is not under salary and he is the informant, and I try the case as a magistrate, he gets the whole fine.

By Mr. Matheson:—Q. In which case does he get the whole fine? A. In any case where he is not paid by salary.

Q. Do you think that is the law? A. Yes.
Q. Would you look at subsection 6 of section 79, page 17, of the act? A. (Reads) "All fines imposed and collected in prosecutions under this act in which game wardens or deputy wardens who may be paid by salary, act as prosecutors, shall be paid to the Treasurer of the Province to be applied in carrying out the provisions of this act.

Q. So that all that is necessary in order to capture the whole of this settlement is that the deputy game warden should give the information? A. I suppose that is right.

Q. If Mr. Huff gives the information in a case you are looking after does he get the whole of the fine? A. If he sends me the information or lays the information before any other magistrate and the result is a successful prosecution.

Q. And if the game warden and the deputy worked together the deputy lays the information and they get the whole fine? A. Well, I suppose you could do it that way if you wanted to.

Q. Practically, you and Mr. Huff work together a good deal do you not? A. No, we do not.

Q. Have you had any complaints about Mr. Huff? A. No.

Q. Do you know of his seizing fishing nets at any time? A. I heard that he was going for some fishing nets last year.

Q. What did he do with them, did he seize them? A. No.

Q. Were you told he did? A. No.

Q. Have you heard any complaints that he seized some nets? A. No, sir, I have not.

Q. Or that he sold nets after seizing them? A. He sold his own nets.

Q. How did he get them? A. He was engaged in fishing operations with somebody down in Napanee, so I am told; I do not know anything about it.

Q. He is no connection of this man Huff who has been acting as informant for him? Was complaint made to you? A. No, sir.

Q. Were you told of his seizing the carcasses of muskrats that an Indian had for the food of his family? A. No.

Q. Had you no complaints as to that? A. I was there.

Q. What is the name of the Indian? A. I think his name was White.

Q. Is that the same as Leblon? A. I don't know that.

Q. These Indians are often called by the French name? A. I know him by no other name than White.

Q. I have come across them often. Frequently a man who has got an Indian or a French name is called by the anglicized title. A. I never heard any other name than White for this family.

Q. Where did this happen? A. Near Enterprise. That is the only case I have any recollection of.

Q. Did you go to this Indian? A. Yes, we drove out.

Q. What did that Indian do for a living? A. I do not know.

Q. Did he make baskets? A. I did not know anything about him, only that there was an information given that he was trapping out of season.

Q. What did you find at his house? A. A quantity of skins, some traps ---

Q. Find any carcasses? A. Yes, we saw them hanging up.

Q. What did you do with the skins? A. Left them with him.

Q. What did you do with the carcasses? A. Left them with him.

Q. Did you undertake to take them with you? A. We went and gathered them up.

Q. Did he chase you with an axe? A. No, sir. We did not know he was an Indian until we got there. I thought he was some lazy white by that name. When we went there we found him in an unoccupied farm-house instead of in the woods. When
we went in the little room there were two Indians, two squaws and some youngsters. They had a cook stove in one room and in the outer room I saw something that looked like a carpenter's work-basket. We asked White if he had any skins to sell. He said yes, he had. I asked where they were. He brought them out and we looked at them and threw them on the floor. Mr. Huff said: "You know it is wrong to trap just now. We are going to seize these skins." Then he reached over and said he was going to seize the traps, too. The old man fired up and tackled Huff, took hold of him, and it looked as if there was going to be a row. The squaws ran out and grabbed the skins and I got between the two. I got hold of the two and said there was no use quarrelling. I said: "White, you have been doing wrong. It is not the season for trapping mu-krats." He said: "We have got to have something to eat." And I saw the carcasses drying above the stove. I asked if he was drying the carcasses to eat, and he said yes. I said: "I am sorry you are so hard up, and although we ought to seize these skins and take them away we won't if you will promise that you won't trap any more until the season commences." He promised he would not and we left him.

Q. Well, your practice generally is that Mr. Huff can go and lay these informations and he gets the whole of the fine? A. Yes, but I do not know of one instance where Mr. Huff has done it.

Q. I thought you said that if he would lay the information he would get the whole of the fine? A. Yes, but you must recollect that he lives in Napanee and is other wise engaged and is not looking around for cases under the game law. For information he gets he has to pay his informant. I know for a fact that within the last two months he gave a man ten dollars for an information because the man claimed he was hard up. Mr. Huff looked up the case and I dismissed it, so he is ten dollars out.

Q. I thought this was paid to the informant, the person who lays the information? A. Then we would get no cases practically, because these cases are given to us on the straight obligation of secrecy, and if we did not keep faith we might as well go out of the business.

Examined by Mr. Reid.—Q. Go back to last fall. You went in and laid the information at the same time, and you also say that you did not know there was collusion. You heard about the fine immediately afterwards and about these three parties being fined? A. Some days afterwards

Q. You heard also that there was collusion with Mr. Reid, a friend of theirs? A. I suspected that was the case.

Q. Why did you wait four or five months? Because I had cases in hand in other territories for months that I had to deal with.

Q. You are a magistrate? A. Yes.

Q. Have you more authority than an ordinary magistrate? No, sir.

Q. Don't you know no magistrate has authority to go and settle complaints without a trial and fine? A. When a man comes to them and wants to settle without costs.

Q. You went to them? A. I took it on myself letting them know. I never asked them to settle.

Q. You made a proposition, didn't you? A. I proposed that if they would pay I would take the money and withdraw the case.

Q. You undertook a new case? A. Not exactly.

Q. Served one of the parties, didn't you? A. They were all served, I think. I said we went first to Lockridge, served him, and said he had better see the other parties and arrange with them; that he would go up one way to Reid's and we would go around and serve Wild, and let him know that he was going to Reid's, and we drove to Reid's, and he says:—"Serve Wild, go there and talk it over at Reid's place."

Q. And you made this proposition to them, that if they would give you $45 you would not fine them? A. You are not putting it in the right light. I told them to show that I had no desire to unduly punish them, that they had deprived the proper informant of his share of the fine. That they had got it and were not entitled to it, and if they would give it up I would consent to a dismissal of the case or withdraw the action.
By Mr. Stratton.—Q. One point: You do not retain yourself the fine of $30? A. No, sir; but I have it in my pocket by instruction of the Attorney-General.

Q. And you disposed of that money, how? A. I give it to the people that give me the information.

Q. Under the Act you give one-half to the man who gives the information that leads to conviction? A. I understand that is the meaning of the Act.

By Mr. Matheson.—Q. Have you got it in your pocket now? A. Yes.

Q. The Attorney-General wrote you? A. No, sir.

Q. Somebody wrote? A. No; I saw the Attorney-General.

Q. When was this conviction; what date? A. I cannot exactly tell you.

Q. When was the money collected? A. How long ago?

Q. Yes. A. I don’t really just remember.

Q. About what time?

Wit ness examined his memorandum book and replied—On the 23rd of February.

Mr. Richardson:—This year? A. Yes. The money was collected and paid over to the magistrate at Napanee on the 23rd of February of this year.

By Mr. Matheson.—Q. That was the other conviction. When did the offence take place? A. Between the 2nd and 10th of October last.

Q. Is there any time limit for prosecution? A. Three months; that is three months in which to lay the information.

Q. Wasn’t the time up? A. The information was laid within the time. I took care of that.

Q. When? A. Sometime in January.

Q. When did you go to see these men? A. On the 22nd of February. The next day they came to Napanee.

By Mr. Reid.—Q. These men were respectable men; they don’t deny the charge; they were back fishing in the lake? A. They did not shoot the deer; they think that they were punished severely enough. One of them is an ex-county councillor, Mr. Wild, reeve of the township.

By Mr. Matheson.—Q. I quite understand there are certain cases of men hunting having men that try to get friends to lay information against them. Is there a continual practice of that kind? A. It would soon be so if they were allowed to carry it on.

Mr. Reid.—These people think they should get the $45 back.

The Chairman.—I understand, Mr. Smith, the complaint is—it is not a formal complaint—their complaint is that you as an official of the Government had no right to promise that the men should take $30. I think it was understood in the first place that you got the $30 yourself.

By Mr. Matheson.—Q. Where did you get the $30 you have in your pocket? A. From Mr. Daly, the magistrate at Napanee.

Q. When was the case tried? A. The 23rd of February.

Q. Has Mr. Daly had the money ever since? A. No, sir; I have.

Mr. Dickinson:—Q. Was that the Magistrate who tried the case in the first instance? A. No, sir.

By Mr. Matheson:—Q. You got the money at that time? A. Yes; had it ever since.

Q. Therefore the informant did not get it? A. Not yet.

Q. That is over a month ago? A. Yes.

Q. Have you seen Mr. Huff since? I saw him three weeks ago. The Attorney-General told me to keep it until he had looked into the case.

Mr. Stratton:—Q. To retain it? A. Yes.
By Mr. Matheson:—Q. Practically you have had the money ever since? I suppose if this inquiry had not been raised you would still keep it? A. Your supposition may be very satisfactory to yourself.

Q. Where is the prosecutor? A. The informant is in a lumber shanty and is not getatable.

Q. When did he go there? A. Since probably early in November. I know the last time I had occasion to be in his particular district he was in a shanty.

Q. You did not have him attend in February to press your conviction? A. No, I never use an informant if I can get through a case without making a witness of him. When his desire is for secrecy I do not use him at all. If I cannot make a case out without him I let it go.

The Chairman:—That is the reason he has not got the money? A. Yes, I have not had a chance to give it to him.

By Mr. Reid:—Q. Mr. Huffman lives in Moscow. I understand you got $50 from him for breaking the law in the open season? A. Yes.

Q. Tell us about that? A. They were summoned to trial.

Q. When was it? A. In February.

Q. At what time did this happen? A. Just about the close of the season.

Q. That is last October? A. No; November.

Q. When did you hear about this? A. I heard about it early in the year.

Q. Did you proceed against them? A. I hadn't an opportunity.

Q. Tell us what you did. A. I laid the information, the summonses were served on them, and I think it was on the same trip I saw these other parties. I was up with Huffman. I was not in the house until the summonses were served on the Huffman's. They were away and their mother of course, I suppose, knew they were guilty. She was anxious they should not go to trial.

Q. Hunting where? A. After deer.

Q. Where? A. In the township near their own place.

Q. Their own garden? A. I don't know.

Q. They were deer, I understand, strayed from the back country down to the front; they came from the old township. I do not think they ever saw a wild deer before. I understand they took after the deer. Is that right? A. I believe it is right.

Q. How many were they? A. There were two Huffman's.

Q. There were more in another locality? A. I do not know about that. None of them wanted to go to trial and their mother wanted to know if I could go and see them. I said 'no, I cannot.' She said 'How could they arrange it without going to Napanee or going to trial.' I said I didn't know unless some of them went to Napanee and saw the magistrate. But I happened to say that I had to go to Enterprise the next day. I said that would probably be too far for them to go and see me. However, when I got to Enterprise the next day they were on the platform waiting for me.

Q. Well, what happened then? A. They asked me if I was Mr. Smith, and they said they had come to see me about the charge. I said "What about it?" They said "We do not want to go to court but we suppose we are liable for the costs and the fine." I told them that it was so, and they paid it over.

Q. How much? A. Twenty dollars fine and $5 cost. I gave them a receipt stating that the money would be handed by me to the police magistrate. And it was.

Q. The Government has received their share of the money? Yes.

By Mr. Matheson.—Q. You paid in some money the other day, didn't you? A. The last time I was up.

Q. How much did you pay—$130 about? A. Yes.
Q. About how long ago is that?  A. About three weeks ago.

Q. Was that money part of this?  A. Yes, their share was in that.

Q. What date does that money go back to?  A. About the 23rd of February; you mean the amount of money?

Q. Yes. When did you collect this $130?  A. A good deal of it since January, part of it standing over and part of it which stood over from last year was included in that.

Q. When did you get that part of the money held over from last year?  A. I don't recollect.

Q. October?  A. Yes, it might; one part was in December, I think.

By Mr. Latchford.—Q. The suggestion made here yesterday, Mr. Smith, was that you were avoiding appearing before this committee. Is that so?  A. No, sir.

Q. When did you first hear that you were required to appear?  A. Last night when I came in from Nipissing. I came right on the morning train.

Q. What is the extent of territory over which you have jurisdiction?  A. My commission is provincial, anywhere where I find an offence against the Act.

Q. The extent of the district that you exercise in?  A. From the eastern boundary of the County of York to the eastern end of the Province.

Q. Do you supervise the game laws over the whole of that district?  A. Yes; and the eastern half of Nipissing bordering on the County of Renfrew.

Q. You have a number of deputy game wardens under you?  A. Yes.

Q. About how many?  A. I cannot tell you exactly. Before they were required to take the oath of office I had about 150, but how many have complied with the law and taken the oath I cannot say.

Q. The County of Addington has quite a lot of game in it?  A. I have had quite a good deal of trouble in that county.

Q. And difficulties in enforcing the law there?  A. Difficulties all over. It is not like some offences where everybody would be glad to help you along, but everybody tries to hinder you bringing a case to trial.

Q. Even to members of Parliament?  A. Yes. Even to members of Parliament.

By Mr. Reid:  Q. Do you think that these Hufmans should have been punished for what they did; running after deer just the same as any of us here would do?  A. It is not lawful to follow deer with firearms.

Q. Mr. Clancy was put to a lot of trouble to lay information that you laid yourself. He was pretty sure to have his trial. There were a large number of people summoned and there is quite a feeling in Enterprise. He is a very respectable man. I would like you to tell the Committee what information you had that you went on and proceeded instead of Mr. Clancy?  A. The very best of information, sir. I was going down from Cloney at the foot of the Kaladar Mountains on the 2nd or 3rd of November, early in the hunting season. I met two gentlemen in a buggy with traps and firearms, and hounds tied to the axle-trees. I asked them where they were going and they said "hunting," in a casual way. I said "Does that compose your party?" They said "two more are coming behind." They said "Mr Clancy and Mr. Taylor." I said "Where are you going hunting?" and they said "Up around the station."

Q. What time was that?  A. About the 2nd or 3rd of November. They said, 'If you see those fellows tell them to hurry up.' I got down to that stopping place, put in my horses, fed them, and rested for about an hour and a half. Near there I met this other buggy with two men, blankets, apparently, in a bundle, guns, and another hound tied to the buggy. I said, 'If you fellows don't look out you will lose your mates.' They said, 'Where did you meet them.' I said, 'Just going into the mountains at twelve o'clock.' I had got the name of one of the first ones; he was known at the hotel. The other I did not know. I came on and as usual I got the names of the hunters, where they were going to hunt, and the neighborhood they came from. At the end of
the season when I get the lists of licenses sold from all the localities, I check them over. In checking off these names from different places I found that neither had bought a license at Enterprise, nor had they bought one from any of the surrounding places where they are sold, and I laid an information against them. When I got ready for trial, wanting to wind up the whole thing at the time I had the summons issued. I believe they wrote or telephoned Mr. Harrington, the lawyer. He saw me and asked what case I had against that man. I said, 'hunting without a license.' He said I hadn't a very good case. I said, 'He was hunting and I could not find whether he had a license. But,' I said, 'if he can convince me that they were not hunting I will not go on with the case.' So he was to write a letter. I arranged to go up to Enterprise; the trial was on the next day. I said if Mr. Clancy would give me any explanation I would not press the case. I went out, saw Mr. Clancy, and introduced myself. My reception was not very cordial, I grant; however, I had to put up with that. I said, 'Mr. Harrington is writing you a letter this afternoon, and he intended to get it on this mail, but I think that he did not succeed. However, if you will go down and see if he has been able to mail it I will see you again.' He said he would go down by and by. I said, 'I don't think he would get it in in time for the mail. I know what the purpose of the letter was to be. I arranged with him that I would come and see you. If you can convince a magistrate that there is nothing in this case, you ought to have no trouble in convincing Mr. Smith. I said, 'if you have any explanation to make, that you were not hunting, I would be very glad to hear it. But he didn't have any explanation to make. He wanted the case to go to trial, and I had to let it go to trial.

By Mr. Matheson.—Q. There was no evidence in that case? A. No, sir,—what better evidence would you want to lay an information on? 

Q. Had he any deer? A. I don't know.

By Mr. Reid.—Q. Was it not shot guns they had? A. They acknowledged having rifles.

Q. They didn't acknowledge that to me. A. They had guns as well I guess.

By Mr. Matheson.—Q. Do you know whether they actually saw deer or not? A. I don't know whether they saw any or not.

Q. What township was this? A. Kaladar.

Q. So, Mr. Smith, if you happened to see Mr. Latchford on the Addington road, with a gun you would consider he was breaking the law? A. I would think it just as the Act says, prima facie evidence that he was hunting deer.
