6. The Inquiries, Complaints and Reports Committee and its panels may make an order for the interim suspension of a member’s certificate of registration at any time following the receipt of a complaint or report after the appointment of an investigator, instead of only when a matter is referred for discipline or incapacity proceedings.

SCHEDULE 5
SENIORS ACTIVE LIVING CENTRES ACT, 2017

The Elderly Persons Centres Act is repealed and replaced with a new Act. Under the new Act, an operator that is not an individual can obtain funding from the Minister Responsible for Seniors Affairs to establish, maintain or operate a program if a director appointed by the Minister approves both the operator and the program. The director approves a program on being satisfied that its purpose is to promote active and healthy living, social engagement and learning for persons who are primarily seniors by providing them with activities and services.

If the operator operates the program in a municipality, any one municipality is required to make a contribution to the operator. If the operator operates the program in a location that is not in a municipality, the regulations made under the Act can prescribe what entities are required to make a contribution to the operator.

There is broad regulation-making power under the Act, including the power to make regulations governing contributions.
