## EXPLANATORY NOTE

The Bill enacts the *Paris Galt Moraine Conservation Act, 2019* and makes related amendments to several other Acts. The major elements of the Bill are described below.

The Bill allows the Minister of Municipal Affairs and Housing to establish a Paris Galt Moraine Conservation Plan. The objectives of the Plan are listed in section 4 and broadly deal with ecological concerns for the Paris Galt Moraine Area. The Act sets out requirements for amending the Plan.

The Plan prevails in the case of conflict between the Plan and an official plan, a zoning by-law or a policy statement issued under the *Planning Act*. Certain municipalities and municipal planning authorities are required to adopt official plan amendments and prepare and pass zoning by-law amendments to comply with the Plan after it has been filed.

The Lieutenant Governor in Council and the Minister are given regulation-making powers with respect to the Plan. The Act prevails in the event of conflict between its provisions and any other general or special Act.

Transitional provisions related to the Act and the Plan are provided. Related amendments are made to several other Acts.

The Act is deemed to have come into force on February 20, 2019.

- (g) restricting the extraction of mineral aggregates that are below the water table; and
- (h) any other prescribed objectives.

  - (b) a zoning by-law; or
  - (c) a policy statement issued under section 3 of the *Planning Act*.

#### **Greater restriction not conflict**

(2) An official plan or zoning by-law does not conflict with the Plan to the extent that its provisions are more restrictive than those in the Plan.

#### **Official plan amendment**

**9** (1) On or before the day that is 18 months after the day the Paris Galt Moraine Conservation Plan was filed under Part III (Regulations) of the *Legislation Act, 2006*, every prescribed municipality or municipal planning authority shall prepare and adopt an official plan amendment to implement the Plan.

#### **Approval process**

- (2) Section 10 governs the approval process for each amendment required by subsections (1) and (4) of this section.

### **Exercise of municipal powers by Minister**

(3) If a municipality or municipal planning authority fails to comply with subsection (1), the Minister may, on giving the municipality or municipal planning authority at least 30 days written notice of his or her intention to do so, exercise any of the municipality or municipal planning authority's powers under this Act or section 17 or 21 of the *Planning Act*.

### **Extension of time**

(5) If a municipality does not prepare and pass the zoning by-law amendment required by subsection (4) until after the expiry of the 18-month period, section 10 nevertheless applies to the amendment if the Minister makes a written declaration to that effect.

- 19 (1) Nothing in this Act or the Plan applies to prevent,

  - (b) the erection or use for a purpose prohibited by the Plan of a building or structure for which a permit has been issued under subsection 8 (2) of the *Building Code Act, 1992* on or before February 20, 2019 if,

    - (ii) the building or structure when erected is used and continues to be used for the purpose for which it was erected.

**Expansion of existing building or structure**

- (2) Nothing in this Act or the Plan applies to prevent the expansion of an existing building or structure on the same lot, if the applicant demonstrates that,

**Exception**

(3) Despite subsection (2), an existing mineral aggregate operation or an existing wayside pit within a natural core area may not be expanded beyond the boundary of the area under licence or permit.

**Expansion of existing institutional use**

(4) Nothing in this Act or the Plan applies to prevent the expansion of an existing institutional use, if the applicant demonstrates that,

**Reconstruction**

(5) Nothing in this Act or the Plan applies to prevent the reconstruction, within the same location and dimensions, of an existing building or structure that is damaged or destroyed by causes beyond the owner's control, and the reconstructed building or structure shall be deemed to be an existing building or structure if there is no change in use and no intensification of the use.

**Conversion to similar use**

(6) Nothing in this Act or the Plan applies to prevent the conversion of an existing use to a similar use, if the applicant demonstrates that the conversion,

- (a) will bring the use into closer conformity with this Act and, if it is in force, with the Plan; and
- (b) will not adversely affect the ecological integrity of the Paris Galt Moraine Area.

**Existing use, adverse effect on ecological integrity**

(7) If an existing use has adverse effects on the ecological integrity of the Paris Galt Moraine Area, any application to expand the building, structure or use or to convert the existing use to a similar use shall be considered with the objective of bringing the use into closer conformity with this Act and, if it is in force, with the Plan.
