## EXPLANATORY NOTE

### SCHEDULE 1 HIGHWAY TRAFFIC ACT

Numerous amendments are made to the *Highway Traffic Act* respecting road safety and other matters. Some highlights are as follows:

1. Driving instructors are required to have a blood alcohol concentration of zero and to have no drugs in their body while providing driving instruction. A police officer may demand that a driving instructor provide a sample of breath or oral fluid for analysis by the appropriate equipment.
2. Section 21.1 of the Act provides for a system of administrative penalties. Amendments are made in respect of the involvement in that system of municipalities or persons employed by municipalities.
3. Currently, the Act states that when a sentence is being imposed for careless driving the court may consider as an aggravating factor whether bodily harm was caused to a person who was vulnerable, including a pedestrian or cyclist. The Act is amended to refer to persons working upon the highway in addition to pedestrians and cyclists.
4. The fines for the contravention of certain provisions regarding unnecessary slow driving, slow vehicles failing to travel on the right side and overtaking and passing are increased to be not less than \$150 and not more than \$1,000.
5. Various amendments are made regarding restricted-use lanes on highways to permit the beginning and end of such lanes to be temporarily changed when the lanes are within a construction zone, and providing for the posting of signs to indicate the change.
6. Currently the Act allows regulations and municipal by-laws to be made permitting the operation of off-road vehicles. The Act is amended to specify that such regulations and by-laws may also prohibit the operation of off-road vehicles.
7. Several changes are made to the Act to reflect changes made to the *Criminal Code* (Canada).

### SCHEDULE 2 INSURANCE ACT

Section 267.12 of the *Insurance Act*, which limits the liability of a lessor of a motor vehicle, is amended to provide that the limitation does not apply with respect to certain vehicles unless the lessor or lessors of the vehicle and the lessee are dealing with each other at arm's length.

### SCHEDULE 3 METROLINX ACT, 2006

The Schedule amends the *Metrolinx Act, 2006*. The amendments include the following:

#### **Sole responsibility project**

The Lieutenant Governor in Council may prescribe a rapid transit design, development or construction project as a rapid transit project that is the sole responsibility of Metrolinx. If a rapid transit project is the sole responsibility of Metrolinx, the City of Toronto and its agencies cannot take further action on that project. The Lieutenant Governor in Council may transfer to Metrolinx the assets, liabilities, rights and obligations related to that project.

#### **Direction and approval project**

The Lieutenant Governor in Council may prescribe a rapid transit design, development or construction project as a rapid transit project that is subject to the Minister's direction. If a rapid transit project is subject to the Minister's direction, the Minister may issue directives to the City of Toronto and its agencies about that project. Also, the Lieutenant Governor in Council may require that a specified decision about the project be subject to the Minister's approval.

### SCHEDULE 4 PHOTO CARD ACT, 2008

Currently, the *Photo Card Act, 2008* provides for the issuance and use of three types of photo cards: basic photo cards, enhanced photo cards and combined photo cards. The Act is amended to provide that only one type of card may be issued and used.

### SCHEDULE 5 PUBLIC TRANSPORTATION AND HIGHWAY IMPROVEMENT ACT

The *Public Transportation and Highway Improvement Act* is amended to add definitions of the terms "grading" and "structure". The Act is also amended to provide that earth grading activities in certain circumstances require a permit from the Minister.

**SCHEDULE 6**  
**SHORTLINE RAILWAYS ACT, 1995**

The Schedule amends the *Shortline Railways Act, 1995*. A shortline railway is a railway operated only in Ontario and not under federal jurisdiction, other than urban rail transit systems and railways entirely within industrial sites and mines. The Schedule amends the definition of “railway” to provide that “railway” means a rail service, including the rolling stock that operates on the railway line.

The Schedule authorizes the registrar of shortline railways to add, vary, amend or revoke conditions on shortline railway licences at any time, with a process for notice and submissions. It makes it a condition of every licence to provide operational information on a regular basis. It requires shortline railways to notify the registrar of any changes to the corporate officers of the shortline railway and of any changes to the services provided by the shortline railway.

Currently, the Act requires a shortline railway that intends to discontinue a railway line to go through a process that includes advertising the intended discontinuance and seeking purchasers; if no private purchase occurs, the shortline railway must offer to sell to the Government of Ontario at salvage value. The Schedule repeals these requirements.

The Schedule also permits the registrar to provide certain notices by fax or email.
