EXPLANATORY NOTE

SCHEDULE 1 CONNECTING CARE ACT, 2019

The *Connecting Care Act, 2019* is amended to replace references to “integrated care delivery systems” with references to “Ontario Health Teams”.

Ontario Health (“the Agency”) is authorized to provide funding to a health service provider or Ontario Health Team for the purpose of the provider or Team providing funding to or on behalf of an individual to purchase home and community care services.

Ontario Health Teams, health service providers and contracted service providers are prohibited from charging for home and community care services, except as provided for in the regulations.

The Act is amended to include additional investigation powers that would only apply to prescribed home and community care services that include residential accommodation at the premises. These additional powers would allow an investigator to enter a dwelling in specified circumstances. A justice of the peace may issue a warrant to enter a dwelling if the justice of the peace is satisfied on information under oath or affirmation that the investigator was prevented from entering the dwelling.

Section 27 of the Act is amended to provide that the notice requirement before appointing a supervisor does not apply to a health service provider or Ontario Health Team that provides prescribed home and community care services that include residential accommodation, where in the Minister’s opinion, there is an immediate threat to the health, safety, or well-being of persons receiving home and community care services at the premises owned or operated by the provider or Team. This section would also specify that certain provisions of the *Employment Standards Act, 2000*, *Labour Relations Act, 1995* and the *Pay Equity Act* do not apply when a supervisor is appointed under this section.

A new Part V.1 is added to the Act which contains enforcement and penalty provisions. It is prohibited to obstruct or interfere with an investigator, to provide false information, to refuse to provide information as required under the Act and to fail to comply with an order made under this Part. It is also prohibited for a person or entity to represent themselves as an “Ontario Health Team”, unless they have been designated as an Ontario Health Team under section 29 of the Act or have received written authorization from the Minister to use the title “Ontario Health Team”. This Part would also confer authority on the Minister to issue binding compliance orders or to make an application to the Superior Court of Justice for an order directing the person or entity to comply with this Part. It would also set out procedural requirements, offence and penalty provisions and other requirements with respect to issuing compliance orders and prosecuting offences under the Act. This Part also provides that the Minister may publish on a website or make available to the public the name of the person or entity to whom an order is directed or who is convicted of an offence under this Act and a description of the non-compliance or the offence.

A new Part V.2 is added to the Act that sets out the complaints and appeals process for home and community care services. This Part would require a health service provider or Ontario Health Team that provides home and community care services under this Act to establish a process for reviewing complaints in accordance with prescribed requirements. This Part would allow a person to appeal to the Health Services Appeal and Review Board (the “Appeal Board”) a prescribed decision of the health service provider or Ontario Health Team concerning a complaint if the prescribed requirements are met. This Part would also specify the procedural rules that apply to proceedings and decisions of the Appeal Board under the Act, the powers of the Appeal Board, and that a decision of the Appeal Board under this Part is final and binding and not subject to further appeal.

Assorted other amendments are also made to the Act.

SCHEDULE 2 MINISTRY OF HEALTH AND LONG-TERM CARE ACT

The *Ministry of Health and Long-Term Care Act* is amended to maintain the Minister’s power, currently existing under the *Home Care and Community Services Act, 1994*, to enter into agreements with Indigenous organizations to provide for home and community care services for Indigenous communities.

The Act is also amended to continue the Minister’s right of subrogation and direct recovery with respect to costs incurred for home and community care services and long-term care services.

SCHEDULE 3 HOME CARE AND COMMUNITY SERVICES ACT, 1994, REPEAL AND CONSEQUENTIAL

The Schedule provides for the repeal of the *Home Care and Community Services Act, 1994*, and allows for the repeal of select provisions on different dates.

Consequential amendments are made to the *Excellent Care for All Act, 2010* that would continue the jurisdiction of the Patient Ombudsman over certain prescribed home and community care services funded under the *Connecting Care Act, 2019*.

A consequential amendment is made to the *Health Care Consent Act, 1996* that would remove references to the *Home Care and Community Services Act, 1994*.

Consequential amendments are made to the *Health Protection and Promotion Act* that would amend the definition of “health care provider or health care entity” to add a reference to a health service provider or Ontario Health Team that provides a home and community care service under the *Connecting Care Act, 2019*. A reference to a service provider within the meaning of the *Home Care and Community Services Act, 1994* is removed.

Consequential amendments are made to the *Local Health System Integration Act, 2006* that would remove references to community services and service providers within the meaning of the *Home Care and Community Services Act, 1994*, and add references to home and community care services and health service providers or Ontario Health Teams that provide home and community care services within the meaning of the *Connecting Care Act, 2019*. Subsection 20.1 (2) of the Act is amended to maintain that the restriction set out in subsection 20.1 (1) of the Act would not apply to an agreement entered into between a local health integration network and a health service provider that provides home and community care services that requires a health service provider to deliver services in a specified geographic area in Ontario.

A consequential amendment is made to the *Mental Health and Addictions Centre of Excellence Act, 2019* that would add a definition of “Ontario Health Team” within the meaning of the *Connecting Care Act, 2019*. The Act would also be amended by replacing a reference to “integrated care delivery systems” with “Ontario Health Teams”.

Consequential amendments are made to the *Ministry of Health and Long-Term Care Appeal and Review Boards Act, 1998* that would remove a reference to the *Home Care and Community Services Act, 1994* and add a reference to the *Connecting Care Act, 2019*.

Consequential amendments are made to the *Personal Health Information Protection Act, 2004* that would add references to home and community care services and health service providers or Ontario Health Teams that provide home and community care services within the meaning of the *Connecting Care Act, 2019*. The definition of “health information custodian” is amended to maintain that health service providers, Ontario Health Teams and contracted service providers that provide home and community care services pursuant to funding under section 21 of the *Connecting Care Act, 2019* are health information custodians within the meaning of that Act.

Section 1 of the *Private Hospitals Act* is amended to exclude a premises owned or operated by a health service provider or Ontario Health Team that is funded under section 21 of the *Connecting Care Act, 2019* to provide prescribed home and community care services that include residential accommodation from the definition of “private hospital”.
