71 ELIZABETH II, 2022

Bill 93

(*Chapter 9 of the Statutes of Ontario, 2022*)

An Act to amend the Building Broadband Faster Act, 2021 and the Ontario Underground Infrastructure Notification System Act, 2012

The Hon. K. Surma
Minister of Infrastructure

1st Reading	March 7, 2022
2nd Reading	March 23, 2022
3rd Reading	April 11, 2022
Royal Assent	April 14, 2022

EXPLANATORY NOTE

*This Explanatory Note was written as a reader's aid to Bill 93 and does not form part of the law.
Bill 93 has been enacted as Chapter 9 of the Statutes of Ontario, 2022.*

SCHEDULE 1 BUILDING BROADBAND FASTER ACT, 2021

The *Building Broadband Faster Act, 2021* is amended. Among the amendments:

1. Subsection 4 (1), section 6, and subsection 7 (1) are repealed and replaced. The new subsection 4 (1) sets out when the Minister may by notice require a distributor or transmitter to complete work necessary for the deployment of a designated broadband project including in circumstances where the Ontario Energy Board has made an order. The new section 6 requires that such notices specify the date by which the notice must be complied with, except in prescribed circumstances, and provides that modifications may be made to orders of the Ontario Energy Board. The new subsection 7 (1) provides that where a notice specifies a date, an application may be made to a judge of the Superior Court of Justice for an order altering the date.
2. New section 10.1 includes new requirements for municipalities in responding to municipal service and right of way access applications from proponents of designated broadband projects.
3. New section 20.1 includes new requirements relating to data sharing for certain persons or entities. If specified persons or entities receive a request from the Minister for data concerning utility infrastructure owned by that person or entity within 10 metres of a designated broadband project, they are required to disclose the requested data within 15 business days of receiving the request. The Minister may use the Broadband One Window platform to make such a request. The data disclosed may be used to enable construction of designated broadband projects.
4. Section 21 of the Act is repealed and replaced. The new section 21 requires a proponent of a designated broadband project who intends to carry out an excavation or dig for the project to comply with section 7 of the *Ontario Underground Infrastructure Notification System Act, 2012*. The new section 21 also sets out timelines within which a proponent and an affected member of Ontario One Call are required to agree to a dedicated locator who would respond to locate requests by the proponent.

SCHEDULE 2 ONTARIO UNDERGROUND INFRASTRUCTURE NOTIFICATION SYSTEM ACT, 2012

The Schedule amends the *Ontario Underground Infrastructure Notification System Act, 2012*. Here are some highlights:

Changes are made to the Minister's powers with respect to the members of the board of the Corporation. For example, the Minister may appoint members to the board as long as the appointed members do not constitute a majority of the board. The Minister may also provide that no more than a fixed percentage of members of the board shall be drawn from among the persons or classes of persons specified in the order.

The Minister and the Corporation are required to enter into a memorandum of understanding, which shall include, at a minimum, terms related to certain specified matters.

Various changes are made with respect to locate requests, including the following:

1. A member may receive a standard locate request or an emergency locate request from the Corporation that has been submitted by an excavator, and the member must respond to each type of request within certain time limits.
2. A project owner who intends to carry out a specified excavation or dig project is required to notify the Corporation of the project. The affected members and the project owner must agree in writing on a locator (the "dedicated locator") who will respond to locate requests, except in respect of transmission infrastructure, by the project owner in respect of the project. Certain requirements are imposed on the affected members, the project owner and the dedicated locator. If a project owner submits a locate request that may affect transmission infrastructure, the member who owns or operates the infrastructure is required to respond to the locate request. The Minister is permitted to make regulations establishing additional requirements, prescribing modifications to the rules or governing the non-application of all or any part of the rules.
3. A locate is valid for a period of 60 days or such other period as may be prescribed, however the member or dedicated locator may specify that it is valid for a longer period. If the markings provided on the ground are no longer visible, the validity period in respect of the locate is deemed to have expired.
4. If a member becomes aware of a change to information that was provided in regards to a locate that is still valid, the member is required to notify certain persons within two business days after becoming aware of the change.
5. Changes are made to the conditions that must be satisfied before an excavator can commence an excavation or dig and new conditions are set out for the continuation of an excavation or dig after the validity period of a locate has expired.
6. Provision is made for excavators to share locate information that they receive with other excavators.

7. Excavators are prohibited from submitting a standard locate request more than 30 days before an excavation or dig is expected to commence and are prohibited from submitting an emergency locate request that does not satisfy the description of such a request.
8. Members and dedicated locators are required to notify the Corporation after responding to a locate request, and to notify the Corporation if there will be a delay in responding to a locate request.

The Corporation is required to make certain information about members' locate performance available to the public on the Corporation's website.

An excavator may claim compensation against a member for certain losses if the member does certain things, such as failing to provide an accurate locate. Likewise, a member may claim compensation against an excavator for certain losses if the excavator does certain things.

A new offence provision provides that it is an offence for a person or entity, other than the Corporation, to contravene or fail to comply with any section of the Act or the regulations. It is also an offence for the Corporation or its directors, officers, employees or agents to knowingly contravene the Act or the regulations.

An assessor appointed by the Corporation is allowed to impose an administrative penalty against a member or excavator if the assessor is satisfied that the member or excavator has contravened or is contravening a prescribed provision of the Act or of the regulations. The member or excavator can appeal the order to the appeal body prescribed by a regulation made by the Minister or to the Ontario Land Tribunal if the Minister has not prescribed a person for that purpose. The Corporation is required to make information about orders imposing administrative penalties available to the public on the Corporation's website, except for orders that are revoked.

Schedule 1	Building Broadband Faster Act, 2021
Schedule 2	Ontario Underground Infrastructure Notification System Act, 2012

Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Contents of this Act

1 This Act consists of this section, sections 2 and 3 and the Schedules to this Act.

Commencement

2 (1) Except as otherwise provided in this section, this Act comes into force on the day it receives Royal Assent.

(2) The Schedules to this Act come into force as provided in each Schedule.

(3) If a Schedule to this Act provides that any provisions are to come into force on a day to be named by proclamation of the Lieutenant Governor, a proclamation may apply to one or more of those provisions, and proclamations may be issued at different times with respect to any of those provisions.

Short title

3 The short title of this Act is the *Getting Ontario Connected Act, 2022*.

**SCHEDULE 1
BUILDING BROADBAND FASTER ACT, 2021**

1 Section 2 of the *Building Broadband Faster Act, 2021* is amended by adding the following definitions:

“Broadband One Window platform” means the digital platform maintained on behalf of the Minister to support the design, procurement, construction and management of designated broadband projects; (“plateforme Broadband One Window”)

“dedicated locator” has the same meaning as in the *Ontario Underground Infrastructure Notification System Act, 2012*; (“localisateur unique”)

“utility company” means a municipal corporation or commission or a company or individual operating or using communications services, water services or sewage services, or transmitting, distributing or supplying any substance or form of energy for light, heat or power; (“entreprise de services publics”)

“utility infrastructure” means poles, wires, cables including fibre-optic cables, conduits, towers, transformers, pipes, pipelines or any other works, structures or appliances placed over, on or under land or water by a utility company. (“infrastructure de services publics”)

2 Subsection 4 (1) of the Act is repealed and the following substituted:

Notice to distributor and transmitter

(1) The Minister may by notice require a distributor or transmitter to complete work if, in the opinion of the Minister, the work is necessary for the deployment of a designated broadband project, and if,

- (a) the Ontario Energy Board has made an order with respect to any application made by a proponent to the Ontario Energy Board under the *Ontario Energy Board Act, 1998* with respect to the work; or
- (b) no application has been made by the proponent to the Ontario Energy Board under the *Ontario Energy Board Act, 1998* regarding the work and the Minister has,
 - (i) determined that the distributor or transmitter has not met a requirement under the *Ontario Energy Board Act, 1998* or this Act with respect to when something must be done and the requirement is prescribed by regulation under this Act for the purposes of this subsection, or
 - (ii) received written notice from a proponent that there is a disagreement between the proponent and the distributor or transmitter as to whether the distributor or transmitter has met a requirement under the *Ontario Energy Board Act, 1998* or this Act and the requirement is prescribed by regulation under this Act for the purposes of this subsection.

3 Section 6 of the Act is repealed and the following substituted:

Timelines

6 (1) Subject to subsection (2), a notice issued in accordance with section 4 shall specify the date by which the notice must be complied with and the date shall be the date agreed on by the proponent and the distributor or transmitter, or, in default of agreement, shall be at least 60 days after the notice is served, unless a shorter period of time has been prescribed for the purposes of this subsection.

Exception

(2) In the circumstances that are prescribed, a notice issued in accordance with section 4 is not required to specify a date for compliance.

Modifications

- (3) In the circumstances that are prescribed, a notice issued in accordance with clause 4 (1) (a),
- (a) may specify modifications to the order referred to in clause 4 (1) (a); and
 - (b) is subject to any restrictions as may be prescribed.

4 Subsection 7 (1) of the Act is repealed and the following substituted:

Application for additional time

(1) If a notice specifies a date, the distributor or transmitter may apply to a judge of the Superior Court of Justice for an order altering the date specified in the notice to a later date.

5 The Act is amended by adding the following section under the heading “Municipal Service and Right of Way Access”:

Municipal service and right of way access application

10.1 (1) This section applies where a proponent of a designated broadband project makes an application to a municipality for municipal service and right of way access in the form of,

- (a) the use, occupation, modification or temporary closure of a municipal highway, a municipal right of way or real property or an interest in real property that is under municipal ownership or control; or
- (b) the use of, access to or modification of,
 - (i) a municipal highway, a municipal right of way or real property or an interest in real property that is under municipal ownership or control,
 - (ii) infrastructure that is under municipal ownership or control, and
 - (iii) municipal services related to that infrastructure.

Submission on the Broadband One Window platform

(2) For the purpose of subsection (1), an application submitted to the Broadband One Window platform shall be deemed to have been received by the responsible municipality for review on the day it is submitted.

Possible action

- (3) A responsible municipality that receives an application under subsection (1) shall review the application and,
 - (a) permit the required access to municipal service and right of way by issuing the applicable consent, permit or other approval on such conditions as the municipality considers appropriate; or
 - (b) where the municipality believes there is a material deficiency in the submitted application or that there is any material issue preventing the municipality from issuing the required consent, permit or other approval to the proponent, inform the proponent of the deficiency or issue and provide the proponent with an opportunity to address it.

Response

(4) If the application has been submitted to the Broadband One Window platform, the responsible municipality shall take the action described in subsection (3) by submitting the information to the Broadband One Window platform, unless the Minister indicates otherwise.

Timelines

- (5) The responsible municipality shall take the action described in subsection (3) within,
 - (a) 10 business days of receiving the application, where the proponent requires access to 30 kilometres or less of a municipal highway, a municipal right of way or real property or an interest in real property that is under municipal ownership or control for the aggregate of the designated broadband project and any other designated broadband projects proposed by that proponent within the municipality; or
 - (b) 15 business days of receiving the application, where the proponent requires access to more than 30 kilometres of a municipal highway, a municipal right of way or real property or an interest in real property that is under municipal ownership or control for the aggregate of the designated broadband project and any other designated broadband projects proposed by that proponent within the municipality.

Where deficiency, etc.

(6) Where the responsible municipality has informed a proponent of a material deficiency or a material issue under clause (3) (b), the proponent may submit an adjusted application, and this section applies to the adjusted application with necessary modification.

6 The Act is amended by striking out the heading “Location of Underground Infrastructure” and substituting the following heading and section:

DATA SHARING AND UNDERGROUND INFRASTRUCTURE LOCATION PROCESS

Sharing of data

20.1 (1) Any of the following persons or entities that receives a request from the Minister for data concerning utility infrastructure that the person or entity owns or operates within 10 metres of a designated broadband project shall disclose the requested data in the form required by the Minister within 15 business days of receiving the request:

1. A municipality.
2. Hydro One Inc., as defined in the *Electricity Act, 1998*.
3. Ontario Power Generation Inc., as defined in the *Electricity Act, 1998*.
4. A gas distributor or gas transmitter, as those terms are defined in the *Ontario Energy Board Act, 1998*.
5. An operator of a distribution system, as defined in the *Electricity Act, 1998*.
6. A person or entity regulated under the *Oil, Gas and Salt Resources Act*.

7. A person or entity that owns or operates infrastructure that crosses a public right of way or is in the vicinity of a public right of way.

What data may include

(2) For the purposes of subsection (1),

“data concerning utility infrastructure” includes,

- (a) records of the utility infrastructure and associated rights of way,
- (b) records of communications and agreements related to the utility infrastructure,
- (c) data related to the location for all utility infrastructure that may be affected by a proposed excavation related to a designated broadband project, and
- (d) any other information the Minister considers necessary for the purposes of this Act.

Limitation

(3) Data concerning utility infrastructure disclosed to the Minister under this section may only be used to enable construction of designated broadband projects.

Broadband One Window platform

(4) A request under subsection (1) may be made through the Broadband One Window platform.

7 Section 21 of the Act is repealed and the following substituted:

Ontario Underground Infrastructure Notification System Act, 2012

21 (1) A proponent of a designated broadband project who intends to carry out an excavation or dig for the project shall comply with section 7 of the *Ontario Underground Infrastructure Notification System Act, 2012*.

Dedicated locator

(2) Within 10 business days after receiving a notice under subsection 7 (6) of the *Ontario Underground Infrastructure Notification System Act, 2012*, or within a different time limit agreed on in writing by the proponent and the affected members of Ontario One Call,

- (a) the affected members of Ontario One Call and the proponent shall agree in writing on a dedicated locator who will respond to all locate requests by the proponent in respect of the project; and
- (b) the affected members of Ontario One Call shall give to the dedicated locator mapping information, such as the location of the member’s underground infrastructure, and any other information that the dedicated locator considers necessary.

Doing required work

(3) The agreed-upon dedicated locator for a designated broadband project who receives a notification from Ontario One Call about a locate request that may affect underground infrastructure owned or operated by an affected member shall do the work required under subsection 7 (10) of the *Ontario Underground Infrastructure Notification System Act, 2012* within 10 business days after the day the dedicated locator received the notification or within a different time limit agreed on in writing by the proponent and the dedicated locator.

8 Subsection 26 (7) of the Act is repealed and the following substituted:

Not entitled to be compensated

(7) Despite any other Act or law, no person is entitled to compensation, other than compensation under this Act, the *Ontario Energy Board Act, 1998* or regulations under that Act that are prescribed under this Act for the purposes of this subsection, for any loss or damages, including loss of revenues, loss of profit or loss of expected earnings or denial or reduction of compensation that would otherwise have been payable to any person, arising from anything referred to in subsection (1).

Commencement

9 This Schedule comes into force on the day the *Getting Ontario Connected Act, 2022* receives Royal Assent.

Composition of the board — Minister’s order

(4) The Minister may, by order, provide that no more than a fixed percentage of members of the board of directors shall be drawn from among the persons or classes of persons specified in the order.

Change in number of directors

(4.1) The Minister may, by order, increase or decrease the number of members of the board of directors.

Appointed director

(4.2) The Minister may appoint at pleasure members to the board of directors for a term specified in the appointment as long as the directors appointed by the Minister do not constitute a majority of the board.

Same

(4.3) The members of the board of directors appointed by the Minister may include representatives of consumer groups, business, government organizations or such other interests as the Minister determines.

3 The Act is amended by adding the following sections:

Memorandum of understanding

2.1 (1) The Minister and the Corporation shall enter into a memorandum of understanding which shall include, at a minimum, terms relating to the following matters:

1. All matters the Minister considers necessary regarding the Corporation's powers and duties under this Act and the regulations.
2. The governance of the Corporation.
3. The maintenance by the Corporation of adequate insurance against liability arising out of its powers and duties under this Act and the regulations.
4. Any other matter related to the Corporation's objects as set out in section 3.

Transition

(2) Despite subsection (1), a memorandum of understanding that is in effect immediately before the coming into force of this section is not required to include the terms set out in subsection (1) until it is otherwise amended.

Powers and duties

2.2 The Corporation shall carry out its powers and duties under this Act and the regulations in accordance with the law, this Act, Minister's orders, the regulations, and the memorandum of understanding under section 2.1.

4 (1) Paragraph 1 of subsection 3 (1) of the Act is repealed and the following substituted:

1. To operate a call system to receive locate requests within Ontario.

(2) Subsection 3 (1) of the Act is amended by adding the following paragraphs:

5. To promote and undertake activities in relation to the matters assigned to the Corporation under this Act and the regulations, including compliance and enforcement.
6. To promote and undertake activities which support timely responses to locate requests.
7. To promote and undertake additional activities in accordance with the memorandum of understanding under section 2.1.

5 Subsection 4 (1) of the Act is repealed and the following substituted:

No fee for request

(1) The Corporation shall not charge a fee to any person submitting a locate request.

6 (1) Sections 6 to 11 of the Act are repealed and the following substituted:

Duties of members re locate request

6 (1) If a member of the Corporation receives a notification from the Corporation about a locate request made with regard to a proposed excavation or dig that may affect underground infrastructure owned or operated by the member, the member shall do either of the following:

1. Mark on the ground the location of its underground infrastructure and provide a written document containing information respecting the location of its underground infrastructure.
2. State in writing that none of its underground infrastructure will be affected by the excavation or dig.

Types of locate requests

(2) The following are the types of locate requests that a member may receive from the Corporation:

1. Standard locate request: A locate request that does not satisfy the description of a locate request described in paragraph 2.
2. Emergency locate request: A locate request that is necessary as a result of a loss of service by a utility that in the circumstances is considered essential, such that the absence of the service can reasonably be expected to result in imminent or significant safety or environmental hazards, or imminent threat to a person or to the public.

Time limit for response, standard locate request

(3) A member who receives a standard locate request shall, subject to subsection (5), do the things required by subsection (1) within five business days after the day the member receives notification about the locate request.

Same, emergency locate request

(4) A member who receives an emergency locate request shall ensure that, within two hours of receiving notification about the locate request,

- (a) a person able to do the things required by subsection (1) on behalf of the member is at the site for which the locate request has been made; or
- (b) the information referred to in paragraph 2 of subsection (1) is provided.

Different time limit

(5) The time limits set out in subsections (3) and (4) do not apply and a different time limit shall apply if,

- (a) the member and the excavator agree in writing to a different time limit; or
- (b) the regulations set out a different time limit applicable to the circumstances.

Same

(6) For the purposes of subsection (5), if the member and the excavator agree to a different time limit and the regulations set out a different time limit applicable to the circumstances, the time limit agreed to by the member and the excavator shall prevail.

Locates for certain excavation or dig projects

7 (1) This section applies with respect to the following excavation or dig projects:

1. A designated broadband project.
2. An excavation or dig project that satisfies such criteria as may be prescribed by the Minister.
3. An excavation or dig project for which the project owner chooses to use a dedicated locator.

Notice to Corporation

(2) Subject to subsections (3) and (4), a project owner who intends to carry out a project referred to in subsection (1) shall notify the Corporation of the project at least 90 days before any excavation or dig is expected to commence.

Notice within 90-day period

(3) The Corporation may permit a project owner to give the notice under subsection (2) less than 90 days before any excavation or dig is expected to commence.

Same, designated broadband project

(4) If so directed by the Minister of Infrastructure, the Corporation shall permit a project owner of a designated broadband project to give the notice under subsection (2) less than 90 days before any excavation or dig is expected to commence.

Notice to include information

(5) The notice under subsection (2) shall include such information as the Corporation may require and the project owner shall update the information 90 days after the notice is given and every 90 days thereafter until the conclusion of the project.

Notification of affected members

(6) If the Corporation receives a notice under subsection (2), the Corporation shall notify all affected members of the Corporation of the notice within three business days, or such other time period as may be prescribed by the Minister, after receiving the notice.

Selection of dedicated locator

(7) Within 10 business days after receiving the notice under subsection (6),

- (a) the affected members and the project owner shall agree in writing on a locator who will respond to all locate requests, other than in respect of transmission infrastructure, by the project owner in respect of the project; and
- (b) the affected members shall give to the dedicated locator mapping information, such as the location of the member's underground infrastructure, and any other information that the dedicated locator considers necessary.

Same, different time limit

(8) The time limit set out in subsection (7) shall not apply and a different time limit shall apply if the affected members and the project owner agree in writing to a different time limit. For clarity, the agreed upon time limit may relate to either or both the things required by subsection (7).

Notify Corporation of dedicated locator

(9) After the dedicated locator has been agreed upon in respect of a project, the project owner shall promptly notify the Corporation of the name and contact information of the dedicated locator.

Obligations of dedicated locator

(10) Subject to subsection (13), within 10 business days after a dedicated locator receives a notification from the Corporation about a locate request in respect of a project that may affect underground infrastructure owned or operated by one or more affected members, the dedicated locator shall do either of the following with respect to each affected member's underground infrastructure:

1. Mark on the ground the location of the member's underground infrastructure and provide a written document containing information respecting the location of the underground infrastructure.
2. State in writing that none of the member's underground infrastructure will be affected by the excavation or dig.

Same

(11) The time limit set out in subsection (10) shall not apply and a different time limit shall apply if the project owner and dedicated locator agree in writing to another time limit and, if a different time limit is agreed to, the project owner shall promptly notify the Corporation of the different time limit.

Special rules re transmission infrastructure

(12) For the purposes of subsections (6), (7) and (8), the reference to "affected members" includes a member that owns or operates transmission infrastructure only if the member also owns or operates other underground infrastructure.

Same

(13) If a project owner submits a locate request that may affect transmission infrastructure owned or operated by a member, subsection (10) does not apply with respect to the transmission infrastructure and instead the member that receives a notification from the Corporation about the locate request shall do the things required by subsection 6 (1) and the locate request shall, for the purposes of this Act other than subsection 12 (1), be treated as a standard locate request.

Cost of dedicated locator

(14) The project owner shall bear the costs of the dedicated locator.

Validity period of locate

8 (1) Subject to subsection (2), a locate provided by a member of the Corporation or a dedicated locator is valid for a period of 60 days or such other period as may be prescribed by the Minister.

Member, dedicated locator may provide for longer validity period

(2) The member or dedicated locator, as the case may be, may specify that a locate is valid for a period that is longer than the period referred to in subsection (1).

Markings no longer visible

(3) Despite subsections (1) and (2), if the markings on the ground that were provided under paragraph 1 of subsection 6 (1) or paragraph 1 of subsection 7 (10) are no longer visible, the validity period in respect of the locate is deemed to have expired.

Change in information after locate

9 (1) If, before the end of the validity period in respect of a locate, a member becomes aware of any change to information that was provided under paragraph 1 of subsection 6 (1) or paragraph 1 of subsection 7 (10), the member shall notify the following persons of the change within two business days after becoming aware of the change:

1. The Corporation and the excavator, if the information was provided under subsection 6 (1).
2. The Corporation, the project owner and the dedicated locator, if the information was provided under subsection 7 (10).

Notice deemed part of locate

(2) A notice referred to in subsection (1) is deemed to form part of the locate provided by the member or a dedicated locator, as the case may be.

Commencement of excavation or dig

10 (1) An excavator shall not commence an excavation or dig unless either of the following conditions are satisfied:

1. All of the following apply:
 - i. The excavator has submitted a locate request.
 - ii. Each member that owns or operates underground infrastructure that may be affected by an excavation or dig has done the things required by subsection 6 (1) or, if section 7 applies in respect of the excavation or dig, the dedicated locator has done the things required by subsection 7 (10) and, if applicable, each member who owns or operates transmission infrastructure has complied with subsection 7 (13).

- iii. If locates are provided, the excavator has ensured that the locate markings on the ground do not conflict with the written information provided respecting the underground infrastructure.
2. The excavator,
- i. has received from another excavator the information referred to in paragraph 1 or 2 of subsection 6 (1) pertaining to the same excavation or dig parameters as the excavator's own excavation or dig, including the geographical limits of the area subject to the locate request, in accordance with section 11, and
 - ii. if locates were provided, has ensured that the markings on the ground do not conflict with the written information provided respecting the underground infrastructure.

Continuation after expiry of validity period

(2) An excavator shall not continue an excavation or dig after the expiry of the validity period of a locate unless any of the following circumstances exist:

- 1. The excavator has submitted a new locate request and subparagraphs 1 ii and iii of subsection (1) of this section have been satisfied in respect of the new locate request. In the case of a locate request by an excavator that is not a project owner, the locate request must be a standard locate request.
- 2. The excavator,
 - i. has received from another excavator the information referred to in paragraph 1 or 2 of subsection 6 (1) pertaining to the same excavation or dig parameters as the excavator's own excavation or dig, including the geographical limits of the area subject to the locate request, in accordance with section 11, and
 - ii. if locates were provided, has ensured that the markings on the ground do not conflict with the written information provided respecting the underground infrastructure.
- 3. Such other circumstances as may be prescribed by the Minister.

Sharing locate information

11 An excavator who submits a locate request is permitted to share with another excavator the information described in paragraph 1 or 2 of subsection 6 (1) that was provided by a member, but only if,

Identification

(3) An assessor shall produce, on request, evidence of his or her appointment.

Administrative penalties

Order

17.2 (1) An assessor may, by order, impose an administrative penalty against a member or excavator in accordance with this section and the regulations made by the Minister if the assessor is satisfied that the member or excavator has contravened or is contravening a provision of this Act that is prescribed by the Minister or a provision of the regulations that is prescribed by the Minister.

To whom payable

(2) An administrative penalty is payable to the Corporation.

Purpose

(3) An administrative penalty may be imposed under this section for one or more of the following purposes:

1. To promote compliance with this Act and the regulations.
2. To prevent a member or excavator from deriving, directly or indirectly, any economic benefit as a result of a contravention described in subsection (1).

Amount

(4) The amount of an administrative penalty shall reflect the purpose of the penalty and shall be determined in accordance with the regulations made by the Minister, but the amount of the penalty shall not exceed \$10,000.

Form of order

(5) An order made under subsection (1) imposing an administrative penalty against a member or excavator shall be in the form that the Corporation determines.

17.3 (1) The member or excavator against whom an order made under subsection 17.2 (1) imposes an administrative penalty may appeal the order to the appeal body by delivering a written notice of appeal to the appeal body within 15 days after receiving the order.

If no appeal

(2) If the member or excavator does not appeal the order in accordance with subsection (1), the order is confirmed.

Hearing

(3) If the member or excavator appeals the order, the appeal body shall hold a hearing and may, by order, confirm, revoke or vary the assessor's order, and the appeal body may attach conditions to its order.

Parties

(4) The assessor, the appellant and the other persons that the appeal body specifies are parties to the appeal.

Non-application of the SPPA

(5) If the appeal body is not the Tribunal, the *Statutory Powers Procedure Act* does not apply to an appeal made under this section.

Immediate effect

(6) Even if the appellant appeals an order of the appeal body, the order takes effect immediately, unless the order provides otherwise, but the Divisional Court may grant a stay until the disposition of the appeal.

Effect of paying penalty

17.4 If a member or excavator against whom an order imposing an administrative penalty is made pays the penalty in accordance with the terms of the order or, if the order is varied on appeal, in accordance with the terms of the varied order, the member or excavator cannot be charged with an offence under this Act in respect of the same contravention on which the order is based.

Enforcement re administrative penalty

17.5 (1) If a member or excavator against whom an order imposing an administrative penalty is made fails to pay the penalty in accordance with the terms of the order or, if the order is varied on appeal, in accordance with the terms of the varied order, the order may be filed with the Superior Court of Justice and enforced as if it were an order of the court.

Date of order

(2) For the purposes of section 129 of the *Courts of Justice Act*, the date on which the order is filed with the court shall be deemed to be the date of the order.

Revocation

8 Ontario Regulation 92/14 (Governance of the Corporation), made under the Act, is revoked.
