SCHEDULE 1 EMERGENCY MANAGEMENT AND CIVIL PROTECTION ACT

The Schedule amends the *Emergency Management and Civil Protection Act*.

Section 5.1 is amended to require emergency management programs to regularly assess hazards and risks to public safety. Emergency management programs must also identify the necessary goods, services and resources that would be required to respond to the identified hazards and risks. This information must be provided to the Chief, Emergency Management Ontario annually and at any other requested time.

New section 6.0.1 requires the Solicitor General to formulate a provincial emergency management plan that describes how Ontario will co-ordinate the response to any emergency that requires co-ordination at the provincial level.

Section 6.1 is amended to consolidate the Lieutenant Governor's authority to appoint both the Commissioner of Emergency Management and the Chief, Emergency Management Ontario into a single section. The Commissioner operates under the direction of the Solicitor General, and the Chief operates under the direction of the Commissioner.

New section 6.1.1 requires the Solicitor General to develop a written framework for accountability and governance during emergencies and make it available to the public. The Solicitor General, Commissioner of Emergency Management and Chief, Emergency Management Ontario and other prescribed ministers are required to operate in compliance with it.

SCHEDULE 2 MINISTRY OF AGRICULTURE, FOOD AND RURAL AFFAIRS ACT

The Schedule amends clause 4 (2) (b) of the *Ministry of Agriculture, Food and Rural Affairs Act* to specify that the Minister of the Ministry may establish policies and provide recommendations, advice, coordination and assistance to the Government respecting a safe and stable food supply. In addition, under a new section 4.2, the Minister is required to report on the safety and stability of Ontario's food supply.

SCHEDULE 3 ONTARIO FOOD TERMINAL ACT

The *Ontario Food Terminal Act* is amended to require the Ontario Food Terminal Board to develop and maintain a contingency plan with respect to the carrying out of its operations and undertakings during emergency situations that may put the continuity of those operations and undertakings at risk.

SCHEDULE 4 PERSONAL HEALTH INFORMATION PROTECTION ACT, 2004

The Schedule amends the *Personal Health Information Protection Act, 2004*. It adds a regulation-making power to authorize the Agency to specify electronic formats to which the right of access to personal health information applies. The Schedule enacts the *Personal Protective Equipment Supply and Production Act, 2022*. The following are some of the highlights of the Act:

The Act requires the Minister to maintain a supply of personal protective equipment and critical supplies and equipment.

The Act authorizes the Minister to provide or support supply chain management in respect of personal protective equipment and critical supplies and equipment on behalf of government entities and public sector entities. The Minister may also provide such supply chain management for other entities and individuals, if certain conditions are met.

The Act prohibits a person from selling or offering to sell any personal protective equipment or critical supplies and equipment that the person obtained as a result of supply chain management provided by the Minister and without charge or payment of a fee. A person who contravenes the prohibition is liable to a fine.

Consequential amendments are made to the *Supply Chain Management Act (Government, Broader Public Sector and Health Sector Entities), 2019*, including providing that that Act does not include activities related to the procurement of personal protective equipment and critical supplies and equipment.

These requirements come into force on a day to be named by proclamation of the Lieutenant Governor.

New regulation-making powers are added to the Act in relation to these new requirements.
