ORDERS OF THE DAY**Opposition Day Number 4**

Mr. Runciman – Whereas on March 26, 2009, Dalton McGuinty once again broke his solemn promise to Ontarians and announced a massive McGuinty sales tax; and

Whereas the McGuinty sales tax increase will force homebuyers and sellers to pay more tax on services associated with real estate transactions, including but not limited to: legal fees, moving expenses, real estate commissions, development charges, home inspection fees and other closing costs; and

Whereas the McGuinty sales tax will cause home renovators and builders a massive McGuinty-driven cost increase through increased McGuinty sales tax charges; and

Whereas the McGuinty sales tax will cause vulnerable citizens, including seniors and renters, significant cost increases due to McGuinty sales tax charges; and

Whereas under Dalton McGuinty, Ontario homeowners have already been faced with a barrage of increased costs including skyrocketing property assessments and land transfer taxes; and

Whereas an economic recession is the worst time for Dalton McGuinty to increase taxes and erect further barriers to home ownership; and

Whereas the housing renovation, construction, sale and resale industries are a pillar of the economy in Ontario:

The Legislative Assembly of Ontario calls upon Premier McGuinty to acknowledge that, due to the current economic downturn, this is the wrong time to move forward with his ill-advised plan to yet again increase taxes on all people of this province. Addressed to the Premier of Ontario.

G173. Second Reading of Bill 173, An Act to amend the Mining Act. Hon. Mr. Gravelle. (*The Lieutenant Governor's recommendation, pursuant to S.O. 57, has been received.*)

G173. Deuxième lecture du projet de loi 173, Loi modifiant la Loi sur les mines. L'hon. M. Gravelle. (*La recommandation du lieutenant-gouverneur a été reçue conformément à l'article 57 du Règlement.*)

11. Resuming the debate adjourned on October 23, 2008 on the amendment to the amendment to the motion by Mr. McGuinty to acknowledge the economic challenges facing the province and continuing to implement an economic plan, as follows:-

Mr. McGuinty moved:-

That the Legislative Assembly of Ontario acknowledges our province faces economic challenges created by the high dollar, high international oil prices, the US economic slowdown, international economic turmoil, and increased global manufacturing competition from China and India especially;

That just as Ontario families do when finances get tight at home, the Ontario government should make adjustments as necessary to its finances while protecting our shared priorities, such as health care, education, the environment and public safety;

That the investments made over the last five years in vital public services and Ontarians' key priorities like skills training, infrastructure, education, and health care will help Ontario weather the economic challenges in the short term and emerge stronger than ever;

And affirms our strongest possible support for Ontario workers, and families, and for a healthy, growing economy by continuing to implement the five-point economic plan that includes: investing in the skills of our people, making targeted tax cuts, investing in research and innovation, investing in infrastructure, and partnering with businesses, while also expanding trade ties within Canada and internationally and seeking fairness from the federal government for Ontarians.

Mr. Runciman moved:-

That the motion be amended as follows:-

7. Suite du débat ajourné le 22 septembre 2008 sur la motion portant adoption des recommandations contenues dans le rapport du Comité permanent des comptes publics concernant le Centre des sciences judiciaires (rapport annuel 2007 du vérificateur général de l'Ontario, section 3.02).

9. M. McGuinty propose:-

M. Runciman propose:-

Striking out all of the text after “That the Legislative Assembly of Ontario acknowledges” and replacing it with the following:

That, instead of seeking legislative approval to run a deficit and/or raise taxes, the government of Ontario take real action to address the province’s economic crisis;

That the taxpayers of Ontario deserve an immediate and comprehensive financial statement that fully opens up the public books, revealing the true state of everything from government revenues to reserve funds, what savings the government has found, and how it plans to handle any financial shortfalls;

That people who have lost their jobs or are worried about their futures deserve a comprehensive and realistic economic action plan designed to save existing jobs, attract new jobs and investment, and help the unemployed find new work here in Ontario;

That businesses struggling to stay afloat deserve competitive taxes, less red tape, sensible apprenticeship ratios, and a genuine customer service approach that welcomes new investment;

That families working to make ends meet deserve to see their government do what they are doing in tough times – discipline their spending and look for value for money – and that this should be reflected in sensible public sector restraint on hiring and wage increases, especially at the top;

That all Ontarians deserve to see their government provide leadership in this crisis, partnership with other levels of government, and accountability for the areas where it has control; and

That, putting partisan politics aside, all parties in the Ontario legislature should work cooperatively to implement these steps and others that will protect people’s jobs and investments, restore Ontario’s competitiveness, and put our province back on the path to prosperity.

Mr. Prue moved:-

M. Prue propose:-

That the amendment to the motion be amended by adding the following:-

That the government needs to immediately respond to current economic instability, the 230,000 jobs lost in the manufacturing sector, and the 40,000 direct and indirect jobs lost in the forest products industry by implementing a strategy that includes:

- An industrial hydro rate so that Ontario’s manufacturing and resource companies can count on stable, competitive hydro policies at a time when many competing jurisdictions have far lower industrial rates.
- A Jobs Protection Commissioner to help at-risk companies overcome financial difficulties – and save jobs.
- A Buy Ontario policy that would ensure that streetcars, subways, and buses continue to be made right here in Ontario resulting in the protection of thousands of good-paying jobs.
- Tougher plant closure legislation that would ensure that everything is done to prevent a profitable plant or mill from closing and enhanced, mandated severance.
- Expansion of severance eligibility and an increase in advance notice in mass layoff situations.
- Pension and wage protection that would make sure that workers get every penny they are owed from their employer when their company becomes insolvent or goes into bankruptcy.
- And finally, a refundable manufacturing and resource investment tax credit that would provide a real incentive for manufacturers and processors to invest in the building, equipment and machinery that leads to high paying, good quality jobs. NOTICES**SPECIAL DEBATES – OPPOSITION DAY**

4. Mr. Runciman – Whereas on March 26, 2009, Dalton McGuinty once again broke his solemn promise to Ontarians and announced a massive McGuinty sales tax; and

Whereas the McGuinty sales tax increase will force homebuyers and sellers to pay more tax on services associated with real estate transactions, including but not limited to: legal fees, moving expenses, real estate commissions, development charges, home inspection fees and other closing costs; and

Whereas the McGuinty sales tax will cause home renovators and builders a massive McGuinty-driven cost increase through increased McGuinty sales tax charges; and

Whereas the McGuinty sales tax will cause vulnerable citizens, including seniors and renters, significant cost increases due to McGuinty sales tax charges; and

Whereas under Dalton McGuinty, Ontario homeowners have already been faced with a barrage of increased costs including skyrocketing property assessments and land transfer taxes; and

Whereas an economic recession is the worst time for Dalton McGuinty to increase taxes and erect further barriers to home ownership; and

Whereas the housing renovation, construction, sale and resale industries are a pillar of the economy in Ontario:

The Legislative Assembly of Ontario calls upon Premier McGuinty to acknowledge that, due to the current economic downturn, this is the wrong time to move forward with his ill-advised plan to yet again increase taxes on all people of this province. Addressed to the Premier of Ontario. To be debated today.

**SPECIAL DEBATES – WANT OF

Whereas, the McGuinty government has ignored a recommendation from the Canadian Medical Association to take immediate action on C. difficile, in light of deaths related to C. difficile several years ago in Quebec; and

Whereas, the McGuinty government, despite repeated calls by the Official Opposition, has failed to appoint an independent investigator to look into the tragic and preventable deaths caused by C. difficile in Ontario and has also refused to allow the Ombudsman to investigate the outbreak; and

Whereas, the McGuinty government, despite repeated calls by the Official Opposition, has failed to call a public inquiry, so that the public would know why these preventable deaths occurred and steps could be taken to prevent further deaths related to C. difficile in hospitals throughout Ontario; and

Whereas, the McGuinty government has failed to reassure the public by providing a comprehensive plan to combat C. difficile, putting the public at further risk of contracting C. difficile in Ontario hospitals; The government no longer has the confidence of this House. Filed on June 18, 2008.
