The Speaker addressed the House as follows:-

I beg to inform the House that a vacancy has occurred in the membership of the House by reason of the resignation of Peter Fonseca as the Member for the Electoral District of Mississauga East–Cooksville, effective March 26, 2011.

Accordingly, I have issued my warrant to the Chief Electoral Officer for the issue of a writ for a by-election.

The Speaker delivered the following ruling:-

Le Président a rendu la décision suivante :-

During Question Period on Thursday, March 24, I interrupted a question being posed by the Member for Thornhill (Mr. Shurman). I did so out of a concern that it was more a not-so-veiled attempt to import the Canadian general election onto the floor of this Chamber, as opposed to a question that related to and dealt with matters of provincial policy and issues within the jurisdiction of this Assembly.

Following Question Period, the House Leader of the Official Opposition (Mr. Yakabuski) raised a point of order. He was followed by the House Leader for the Third Party (Mr. Kormos) and the Government House Leader (Ms. Smith).

I have nothing but a desire to see this place function well. This happens when the House is operating within a band of reasonably acceptable decorum, where Members can hear each other and business actually can be conducted.

This band is actually very broad and I think there is an almost intuitive consensus among us as to where that band usually lies.

Last Thursday, I was asked for my guidance on what is an appropriate exchange between members of this House. My point of view in that regard has never changed nor is it a new perspective.

The purpose of Question Period in this House is to seek and provide information relating to provincial policy. Questions asked of a Minister and answers given, must be relevant to his or her program responsibilities. As I said, this is not new; a cursory glance at the precedents in this regard reveals such rulings going as far back as 1978.

Specifically in a case on point, Speaker Carr had this to say on June 4, 2001:

“To read other people's records during a by-election is not the purpose of question period... I will not allow people to use the questions to turn them into partisan situations.”

Last Thursday, I simply asked the Member for Thornhill to link his question to this government's policy. He attempted to do so and I allowed the question. I do not think it is too difficult a concept to grasp that the executive council is responsible for the policies of this government and not for the comments or opinions of candidates in the federal election and that it is these policies upon which they should be questioned.

Le Président s'adresse à l'Assemblée comme suit:-

I fully expect that the Canadian general election, only a prospect last Thursday but now in full swing, will find its way onto the floor of this Legislature. As the Member for Welland said, politics is what this place is all about; of course national issues are of significance and relevance here. However, it is that relevance to provincial policy that I insist on.

I would ask all members to keep that in mind when crafting their questions and formulating answers so that we can maintain the integrity of Question Period and not succumb to the temptation to wander too far into the political battlefield of a federal election.

I thank the House Leaders all for your submissions on this issue.
