The Speaker addressed the House:-

Le Président s'adresse à l'Assemblée :-

Having been in the Chair for a short period of time now, I have observed that the period of time allocated for the introduction of visitors is sometimes used as an occasion to insert preambles that both take up time and on occasion contain a political message.

I want to take this opportunity to remind Members that there is a short 5 minute time frame for introduction of visitors and it should be used for that purpose only. While I don't want to have to cut any Member off in the course of an introduction, Members who abuse this proceeding in the manner I have described will leave me with no choice. I know that all Members will be mindful of this as we go forward.
