- A commitment that a carbon tax, or its close cousin, a cap and trade process, not be adopted as it is a cost that Ontario residents and businesses cannot afford;
- A plan to fix homecare by streamlining the system to reduce the number of agencies patients must deal with and by tying CCAC funding to outcomes and clearly defined results;
- A commitment to reduce energy prices so that all people and businesses no longer have to be paying some of the highest energy costs in North America; and
- A serious, credible and detailed plan to balance the budget by 2017-2018.
