That, in the opinion of this House, the Government of Ontario should commit to equitable access to universal health care for Northern Ontarians, particularly those living in underserved communities, by expanding the Northern Health Travel Grant (NHTG) program to include:

- All OHIP-insured services not available within 100km of a patient's area of residence on referral of a health care or dental practitioner, thereby eliminating the current restriction to services performed by a specialist or in hospital;
- The broadening of eligible service locations to include out-of-province facilities, so that patients have the option to access Grant-covered services in locations closer to their place of residence, or for the purpose of accessing OHIP-insured services that are not offered or available in Ontario;
- Increasing the accommodation allowance for Grant-eligible patients to reflect the average cost of accommodation in the host community and adjusting the allowance on an annual basis to reflect market changes;
- Eliminating barriers related to program application, including modifications to the application process to allow for minor revisions and submission of missing information via electronic means such as facsimile or e-mail; and
