ORDRE DU JOUR

The Speaker informed the House,

That pursuant to Standing Order 9(g), the Clerk received written notice from the Government House Leader indicating that a temporary change in the weekly meeting schedule of the House is required, and therefore, the Afternoon Routine on Wednesday, October 6, 2021 shall commence at 1:00 p.m. (Sessional Paper No. 6).

10 H 15

Le Président a informé l'Assemblée,

Que, conformément à l'article 9 g) du Règlement, le greffier a reçu un avis écrit du leader parlementaire du gouvernement indiquant qu'une modification temporaire doit être apportée à l'horaire hebdomadaire des séances de l'Assemblée et, par conséquent, les affaires de l'après-midi du mercredi 6 octobre 2021 commenceront à 13 h. (Document parlementaire n^o^ 6).

The Speaker delivered the following ruling:-

On June 14, 2021, the Member for Lanark—Frontenac—Kingston submitted by email notice of his intention to raise a question of privilege. I am now prepared to rule on the matter without hearing further from the Member, as Standing Order 23(d) permits me to do.

In his email, the Member alleges that on June 14, 2021, the Sergeant-at-Arms attempted to prevent him from entering the voting lobby during a recorded division, because he was wearing a face shield and not a face mask, as is required by an Order of the House adopted on February 16, 2021. This, the Member submits, constituted a breach of his parliamentary privilege as it attempted to obstruct and prevent him from taking part in a vote.

The Order in question was adopted by the House almost eight months ago. It reads as follows:

Le Président a rendu la décision suivante :-

> Ordered, That, notwithstanding any Standing Order or Special Order of the House, for the duration of the 42nd Parliament, or until such earlier date as indicated by the Government House Leader, Members be permitted to speak and vote from any Member's desk in the Chamber in order to observe recommended physical distancing; and
>
> That, in addition to any Speaker's directives for the rest of the Legislative Precinct, except when recognized by the Speaker to speak, every Member shall wear a tightly-woven fabric face mask that completely covers the mouth and nose and fits snugly against the sides of the face without gaps, while in the Chamber or either of the Members' lobbies; and
>
> This House acknowledges that every person seeking to enter the Legislative Precinct, including Members of the Assembly, are subject to the Speaker's COVID-19 screening and masking protocols, and further acknowledges that application of these protocols may result in a Member of the Assembly being refused entry to the Legislative Precinct, or any part thereof; and
>
> This House acknowledges that in such instances, the Speaker will personally make this decision, and do so in the interest of the health, safety and well-being of everyone in the Legislative Precinct, and that in doing so the Speaker is acting on behalf of this House and this House authorizes the Speaker to act on its behalf.

On June 14, during Deferred Votes, the House divided on a motion for allocation of time on Bill 307. During the course of that division, which occurred in the Members' lobbies adjacent to the Chamber, the Sergeant-at-Arms reported to me that the Member for Lanark—Frontenac—Kingston had entered the lobby to record his vote without wearing a face mask. I was informed that the Sergeant-at-Arms reminded the Member of the requirement and offered him a proper face mask. After the division, I reported this incident to the House.

The House divided twice more that afternoon, on the motions for second and third reading of Bill 307. The Sergeant-at-Arms reported to me that during each of those divisions, the Member for Lanark—Frontenac—Kingston again disregarded the February 16 Order of the House – which by now he surely understood – by entering the lobby to record his vote without wearing a face mask, which I in turn reported to the House.

I also took the opportunity to inform the House that a similar incident had occurred on May 31, 2021. In total, the Member has blatantly and deliberately disobeyed the Order of the House four times.

Before I consider the substance of the Member's notice, I would like to speak to the requirement that questions of privilege be raised in a timely manner. As Members of this House are aware, an allegation of a breach of parliamentary privilege – which by definition is at the core of Members' ability, both individually and collectively, to carry out their parliamentary duties – is such a serious matter that it should be brought to the attention of the House at the earliest opportunity. According to *House of Commons Procedure and Practice* (Third Edition, page 145):

> "The matter of privilege to be raised in the House must have recently occurred and must call for the immediate action of the House. Therefore, the Member must satisfy the Speaker that he or she is bringing the matter to the attention of the House as soon as practicable after becoming aware of the situation."

I will draw Members' attention to Standing Order 23(c), which sets out the procedure for raising a question of privilege:

> "Any Member proposing to raise a point of privilege, other than one arising out of proceedings in the Chamber during the course of a Sessional day, shall give to the Speaker a written statement of the point at least 1 hour prior to raising it in the House."

Most questions of privilege that are raised arise from events that take place outside of the proceedings of the House. For this reason, the most common process by which Members raise questions of privilege is by providing notice at the first possible opportunity, and then subsequently raising the matter in the House. However, where a question of privilege arises out of the proceedings during the course of a meeting of the House, there is an expectation that it will be raised immediately without notice. A question of privilege arising from the division process in the lobbies meets this criterion.

Because these circumstances are rare and Members are more often required to give notice prior to raising their points in the House, I can understand why the Member's instinct in this case was to first provide notice. Even so, if the Member believed that he had experienced obstruction in his attempt to vote in a division, he should have raised the matter in the House at the first possible opportunity.

He did not.

On June 14, the first incident occurred during the division that took place from 12:45 p.m. to 1:15 p.m. The Member filed his notice shortly after 2:00 p.m. The House then continued to meet until it adjourned at 4:24 p.m. After the first incident, the Member returned to the voting lobbies twice more before the House adjourned that afternoon, yet he chose not to enter the Chamber to raise his question of privilege. As June 14 was the final day of the recall of the House, the next opportunity for the Member to raise his question of privilege was yesterday and again today, yet he has again declined to do so. However, given the gravity of the issues raised by the Member, I am still prepared and willing to address the substance of the question.

In the Member's written notice, he claims that the Sergeant-at-Arms "impeded and obstructed" his attempt to vote, which amounted to a violation of his parliamentary privilege. He also noted that the face mask requirement is not included in the Standing Orders.

In response to these claims, I will remind the Member that the February 16 Order is a duly adopted Special Order of this House. In adopting the Order, the House exercised its right to regulate its internal affairs and settle its own code of procedure, a right that is itself protected by parliamentary privilege. Upon its adoption by the House on February 16, 2021, the requirement for Members to wear the prescribed face masks in the Chamber and lobbies became a rule of the House, carrying the same weight as any other provisional or permanent Order of the House, including the Standing Orders.

The parliamentary authorities offer clear guidance on the individual rights of Members as they relate to the rules and procedures of the House. At pages 13-14 of *Parliamentary Privilege in Canada*, Joseph Maingot states:

> "While it may be seen that the Member enjoys all the immunity necessary to perform his parliamentary work, this privilege or right…is nevertheless subject to the practices and procedures of the House. Thus allegations of breach of privilege by a Member in the House of Commons that amount to complaints about procedures and practices in the House are by their very nature matters of order."

The Sergeant-At-Arms, in reminding the Member of his obligation to wear a face mask, was acting properly and professionally under the authority of the Chair, pursuant to the Order of the House, while the Member for Lanark—Frontenac—Kingston repeatedly, knowingly, and I would submit, carelessly, disregarded that Order. His conduct was reprehensible and should not be repeated. If it is, further corrective measures may have to be taken, as considered necessary and appropriate by the House.

It is for these reasons that I find that no *prima facie* case of privilege has been established.
