NOTICES**AVIS****SPECIAL DEBATES – OPPOSITION DAY****DÉBATS SPÉCIAUX – JOUR DE
L’OPPOSITION**

3. Ms. Horwath — Whereas Ontario needs to build one million homes over the next 10 years to keep up with the need for housing, according to the Smart Prosperity Institute; and

Whereas consecutive Liberal and Conservative governments have developed policies geared more to politically connected developers and speculators than regular people; and

Whereas the ability to purchase a home should not depend on how wealthy your parents are, and rising home prices have made it increasingly difficult for working people to afford homes in the province, driving record numbers to leave Ontario in search of places they can afford; and

Whereas housing speculators have only made the crisis worse, creating bubbles that make it harder for low- and middle-income Ontarians to enter the market; and

Whereas speculation and vacancy taxes have proven effective in prioritizing homes as places for people to live, instead of financial commodities for deep-pocketed speculators; and

Whereas the Ontario Real Estate Association has called on the Ford government to end unfair and exclusionary zoning practices to allow more affordable “missing middle” housing options like duplexes and townhouses to be built in urban neighbourhoods close to jobs, services and amenities, and the Ontario Federation of Agriculture has called on the Ford government to protect farmland from needless urban boundary expansions;

Therefore, the Legislative Assembly calls on the Ford government to develop an affordable home ownership plan that: implements speculation and vacancy taxes to help cool the market and fund affordable housing; updates land use planning rules to accelerate the construction of “missing middle” housing and other affordable home ownership options, while protecting farmland and natural heritage from wasteful sprawl; and introduces new, environmentally progressive building standards to make homes greener and more energy-efficient.

Addressed to the Premier. Filed October 27, 2021. To be debated Monday, November 1, 2021.

**PRIVATE MEMBERS’ NOTICES
OF MOTION****AVIS DE MOTIONS ÉMANANT
DES DÉPUTÉES ET DÉPUTÉS**

1. Ms. Berns-McGown — That, in the opinion of this House, the Government of Ontario should require Metrolinx to undertake an independent peer review of environmentally sustainable alternatives for rail corridor expansion in the Small’s Creek and Williamson ravines in conjunction with local efforts to prevent clearcutting and protect the Small’s Creek and Williamson ravines’ ecosystems, and a broader, system-wide commitment to environmental stewardship, ecologically sound transit expansion and meaningful community consultation. Filed October 4, 2021.

2. Mr. Schreiner — That, in the opinion of this House, the Government of Ontario shall immediately declare a climate and housing affordability emergency with a commitment to address both through complementary policies, including a massive expansion of affordable, infill housing development, the creation of a “15-minute neighbourhood” framework to be utilized by communities across the province, freezing urban boundaries to reduce sprawl, and the permanent protection of our farmland, wetlands, and other key environmental features. Filed October 6, 2021.

3. Ms. Karpoche — That, in the opinion of this House, the Ford government should work with the federal government and immediately conclude an agreement to implement \$10-a-day, licensed, not-for-profit childcare in Ontario. Filed October 6, 2021.
 5. Ms. Stiles — That, in the opinion of this House, the Government of Ontario should, as part of an overall strategy to help keep schools open for in-person learning, establish an Ontario Safe Schools plan that includes effective rapid testing for students and education workers; smaller, capped class sizes and adequate spacing on school buses; regular testing and public reporting of classroom air quality; additional learning supports for students adversely impacted by the pandemic; a robust in-school vaccination plan; mandatory COVID-19 vaccinations for eligible students and all education workers; and in-school distribution of masks designed to contain aerosolized particles. Filed October 6, 2021.
 6. Mr. Gates — That, in the opinion of this House, the Ford government should, out of respect for the work done by Ontario’s nurses, PSWs and other public sector workers, immediately repeal Bill 124, *Protecting a Sustainable Public Sector for Future Generations Act, 2019* and allow the negotiation of fair wages for their critically important work on behalf of the people of the province. Filed October 6, 2021.
 7. Mr. Glover — That, in the opinion of this House, the Ontario Government should protect migratory birds and Ontario’s biosphere by mandating the 2019 Canadian Standards Association Bird-Friendly Design standard for all new construction in the province. Filed October 6, 2021.

Filed October 21, 2021.

Filed October 26, 2021.
 11. Ms. Bell — That, in the opinion of this House, the Legislative Assembly of Ontario should work with public health units to establish a provincial maximum temperature standard for rental units to ensure rental units are safe, and a tenants’ right to a reasonable enjoyment of their unit is maintained.
