2	Tyler Watt	Addressed to the Premier/Adressée au premier ministre. **Filed** April 1, 2026/**Déposée** le 1er avril 2026 **To be debated** Wednesday, April 15, 2026/ **À débattre** le mercredi 15 avril 2026.

Motion text/Texte de la motion

Whereas in 2025, 473,000 Ontario students relied on OSAP, leveling the playing field, providing equal opportunity, and rewarding hard work in Ontario, regardless of wealth; and

Whereas the Premier has slashed OSAP grants from 85% of aid to 25%, leaving students with up to an additional $14,000 debt after they graduate a four-year degree; and

Whereas, in 2019, this government eliminated free tuition for lower income families, reduced middle-income eligibility, and canceled the six-month interest grace period, making pursuing higher education a matter of wealth instead of merit; and

Whereas Ontario charges the second highest interest rate on student loans in Canada, with six provinces and the federal government providing interest free loans; and

Whereas burdening students and families with debt lowers graduates' ability to contribute to the economy, and OECD studies have found that public investment in education returns 3 times the cost back to the public; and

Whereas these changes create barriers to Ontarians seeking further education, at a time when Ontario is already facing critical workforce shortages in key sectors, including healthcare, skilled trades, and education; and

Whereas these changes will force some students to abandon their dreams of pursuing post-secondary education completely, and require some parents to tell their children they cannot afford training or a degree; and

Whereas the Government of Ontario has already rejected calls to return the proportion of OSAP aid to 85% grants and remove all interest;

Therefore, in the opinion of this House, the Government of Ontario should fix OSAP ASAP by making tuition free for lower-income families, and giving graduates a 2-year grace period before repayment.

2	Marit Stiles	Addressed to the Premier/Adressée au premier ministre. **Filed** April 1, 2026/**Déposée** le 1er avril 2026 **To be debated** Monday, April 13, 2026/ **À débattre** le lundi 13 avril 2026.

Motion text/Texte de la motion

Whereas the cost of basic groceries has increased by at least 30 per cent in the last five years under this government; and

Whereas surveillance pricing allows corporations to use secret algorithms to take personal data, browsing habits, purchase history, and location to charge different prices to different people for the same product or service; and

Whereas companies like Uber are already taking advantage of surveillance pricing to unfairly inflate fares, and companies like Walmart are lobbying governments to expand the use of surveillance pricing for groceries; and

Whereas the federal government is monitoring the rise of surveillance pricing because of its impact on anti-competitive behaviour, but has not taken any action; and

Whereas the NDP government of Manitoba is leading on consumer protection as the first province in Canada to take action against misuse of personalized data by banning surveillance pricing; and

Whereas Canadians overwhelmingly agree that surveillance pricing should be banned to prevent corporations from gouging consumers at the check out; and

Therefore, the Legislative Assembly calls on the Ford government to ban surveillance pricing practices that misuse personal data to unfairly inflate prices to ensure a fair and affordable price for groceries and other goods and services.
